REPORT

OF THE

AUDITOR-GENERAL

ON

APPROPRIATION ACCOUNTS

FOR THE

YEAR ENDED 30th JUNE,

1890.

PRINTED BY ORDER OF PARLIAMENT.

OTTAWA:
PRINTED BY BROWN CHAMBERLIN, PRINTER TO THE QUEEN'S MOST EXCELLENT MAJESTY.
1891.

AUDITOR GENERAL'S REPORT, 1889-90.

I have the honour to submit the Appropriation Accounts and the Details of Expenditure for the Fiscal Year 1889–90, and the Revenue Accounts for the same period.

Early Completion of Report.

Since permission was given by Parliament to distribute reports as soon as they are completed, it has been the constant aim of this office to have its report in the hands of Members of Parliament at least two weeks before the meeting of the House, so as to give them an opportunity of referring to its contents before the interruptions of the Session. Hitherto this object has not been attained. For this purpose much benefit would be derived from the shortening of the three months' limit, in the beginning of each fiscal year, allowed for paying the claims which have accrued in the previous fiscal year. In connection with this, I quote part of a letter which was addressed to the Treasury Board, and which appears at page A—5. The letter was sent to the Board for another purpose, which was accomplished. The quotation, however, bears on this question. "While on this subject, I may draw "the attention of the Board to the advisability of shortening the time during which "payments of accounts which accrued in the previous year may be made. Fifteen "years ago it was thought necessary to have until Sept. 30 for such payments. "Since that time the C.P.R. and other railways have brought the most distant "parts of the settled portion of the Dominion within the possibility of receiving a "reply to a communication in less than a month. It appears to me that the three "months might be reduced to two months, or less, without causing any incon-"venience."

It seems quite clear that, with the present easy, and constantly increasing, means of communication between all parts of the Dominion, no serious inconvenience would result to any department by decreasing the three months to one month, and thus stopping all payments for the previous year on the 31st of July. Indeed the departments would no doubt be in a similar position to that of this office, and would find it an advantage to be relieved of that part of the old year's work when preparing a report to Parliament of the past year's transactions, and at the same time carrying on the work of the current year.

Correspondence with Departments.

The correspondence attached to the accounts of each department is generally introduced to indicate that, in the view of this office, there was something in the payments, or in the mode of making them, which should be changed. In several instances, however, the correspondence has been retained to show to others who have the disbursement of public money the readiness to make needed changes which intelligence and business capacity induce. The most of the communications from the Marine department have been introduced for the latter purpose.

As in previous years, I have to acknowledge the courtesy of the departments in replying to enquiries from this office. The only instances in which answers have

not been received in matters of moment are at pages A—8 and A—9, B—404, and E—64.

Voting of Specific Broken Amounts.

On pages C—107 and C—108 will be found references to an example of a system which appears objectionable to this office, and to which attention has been called in previous reports, namely: the voting of specific broken sums for special purposes. This office must accept such a vote as showing that Parliament has taken into its own hands the responsibility of determining the amount payable, and has freed this office from the duty of making the calculations. It does not follow that there was an intention, in framing the estimate, to have the account go through without audit; but, in my view, I cannot claim that the account is subject to examination here. If the next higher round amount were provided, with the qualifying words, "to enable the Government to pay the amount which may be found due," this office would, as in other cases, be required to call for vouchers.

Systematizing the Estimates.

It is hoped that it may be possible, during the Parliamentary term on which we are about to enter, for membersto systematize the Estimates; to determine the amount of detail that should be given in them, and apply the principle uniformly to the Departments; and to define each subhead of appropriation so that there may be no doubt as to the one against which each item of expenditure is to be charged. This would tend greatly to clearness in the accounts of the expenditure.

Railway Subsidies: Ten-mile Limit.

On page B—345, there is a correspondence on the paying of the ten-mile subsidy before the completion of the section, but after the track is in a state to permit the running of trains. It will be understood that enough of the subsidy has in all cases been retained to complete the section according to contract. I have felt justified in passing the application in such cases, because the uncompleted work on the section could only be done at increased cost, unless it were postponed until the rails were laid on a greater length. However, this is a point with which Parliament should deal, if any modification of the strict letter of the law, as it now exists, is to be made in the future.

Contingency Certificates.

There has been discussion in the Public Account Committee during the last two sessions, on the certificates on contingency vouchers. On page B—84 will be found certificates recommended by this office to the Treasury Board. No reply has been received from the Board.

Provincial Accounts.

It is to be hoped that the Accounts with the Provinces of Ontario and Quebec will be settled during the current fiscal year. Every year that settlement is delayed, memory is of less service.

J. L. McDOUGALL,
Auditor General.

Audit Office, Ottawa, Feb. 26, 1891.

TREASURY BOARD CORRESPONDENCE

1890-91.

Date of Closing Appropriation Accounts.

AUDIT OFFICE, OTTAWA, Oct 17, 1890.

SIR,—I am in receipt of the letter of the 13th inst. from you, as Deputy Minister of Finance, concerning the time of closing last year's accounts.

I think it well that there should be a date fixed, up to which transfer and adjusting entries may be made, after the time for making payments has elapsed, so that this office and the Departments may make calculations about their work.

Owing to the regulations under which accounts which matured before June 30 last were chargeable to appropriations of last year, if they were paid before Sept. 30, it has become impossible to close the accounts until after the receipt in this office of the September Departmental Statements of cheques drawn under credits. Many of the monthly statements of cheques drawn do not reach this office until the 10th of the following month, and some not even then.

Connected with the expenditure in the several Departments, even with the greatest vigilance, there are often slips and oversights which may be righted if time be given. Charges are made to one appropriation which examination shows should be made against another. Refunding of advances is neglected until the attention of the persons, in whose hands they are, is called to the matter. A charge which should be in the accounts of one year is entered in the accounts of the other.

It is manifestly desirable in the interest of the Departments that all these accidental errors should be removed, and it is natural that this office should desire to have its Report contain remarks on only such points as are worthy the consideration of Parliament.

I would suggest that the Board sanction the keeping open of the accounts of each fiscal year to Oct. 31 following, for the purpose of bringing refunds to account and making adjusting entries.

While on this subject I may draw the attention of the Board to the advisability of shortening the time during which payments of accounts which accrued in the previous year may be made. Fifteen years ago it was thought necessary to have until Sept. 30 for such payments. Since that time the C. P. R. and many other Railways have brought the most distant parts of the settled portion of the Dominion within the possibility of receiving a reply to a communication in less than a month. It appears to me that the three months might be reduced to two months, or less, without causing any inconvenience.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Treasury Minute, Oct. 28, 1890.—On a memorandum from the Auditor General the Board sanctions the keeping open of the accounts of each fiscal year to the 31st of October following, for the purpose of bringing refunds to account and making adjusting entries, and generally closing the Appropriation Accounts.

J. M. COURTNEY, *Sec.*

Security to be given by Public Officers.

AUDIT OFFICE, OTTAWA, May 21, 1890.

DEAR SIR,—Let me call the attention of the Treasury Board to the Order in Council of Aug. 1869, concerning security to be given by public officers.

Several sections of this Order contain expressions which have since become obsolete, such as "accountable warrants;" and there are now some paymasters who have given no security.

Allow me to suggest that the Order in Council be re-enacted to accord with current systems of receipt and payment, and that lists be made of the classes of officers who do or do not come under it.

The most effective method of preventing wrong-doing would be to exact the security of a Guarantee Company, who are known to experience the minimum both of hesitation and of difficulty, in making collection after forfeiture.

I am, Sir, your obedient servant.

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Position of Extra Clerks paid from Outside Votes.

AUDIT OFFICE, OTTAWA, June 3, 1890.

SIR,—Last year I understood that the Treasury Board had under consideration the question of over-ruling my decision that extra clerks who had not been paid from the Vote for Civil Government Contingencies were neither subject to the restrictions of the Civil Service Act nor entitled to any of the benefits of that Act. Would it not be well to inform the Departments that the question is under consideration, that those who may feel disposed to take the November qualifying examinations may make the required preparation?

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Form of Pay-list for Labour.

AUDIT OFFICE, OTTAWA, June 11, 1890.

DEAR SIR,—I enclose herewith a copy of the blank form on which the Department of Railways and Canals makes out the accounts for wages of temporary Laborers on the Canals. This form has been found convenient, in the exhibition of full details of the work actually performed by each Labourer.

Under Section 24 of the Audit Act, and subject to the approval of the Treasury Board, I beg to "prescribe for the guidance of other Departments," in making up similar pay-lists, a form containing (like the one enclosed) a separate column for each day of the month.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Travel of Civil Government Officers.

AUDIT OFFICE, OTTAWA, Oct. 3, 1889.

DEAR SIR,—Let me acknowledge receipt to-day of your Application No. 131 to repay the Bank of Montreal $94,041.49, for September expenditure on Railways and Canals.

The item of $60 advanced to Mr. Bronskill for travel (cheque 104) is properly a charge against the Contingencies of the Department of State. Please arrange with the Accountant of Contingencies for a transfer of the sum, and ask that officer to audit Mr. Bronskill's account.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

PRINTING AND STATIONERY DEPT., OTTAWA, April 5, 1890.

SIR,—I have the honour to inform you that the question of the proposed transfer of the charges for Mr. Bronskill's journey to Moncton, at the request of the Department of Railways and Canals, has been referred, by order of the Honorable the Secretary of State, to the Treasury Board for its consideration and decision.

I am, Sir, your obedient servant,

The Auditor General. B. CHAMBERLIN, *Q.P. & C.S.*

Treasury Minute, May 23, 1890.—The Board had under consideration a reterenc from the Department of Printing and Stationery submitting a letter from the Auditor General objecting to the charging of the expenses of a journey to Moncton by Mr. Bronskill, Superintendent of Stationery, which was made in the interests of the Railway Department, against the Contingencies of the Department of Railways and Canals.

It appears from the explanations of the Queen's Printer that Mr. Bronskill was granted leave of absence to proceed to Moncton, with an official of the Department of Railways and Canals, to examine into the stationery supplies and accounts at the head office of the Intercolonial Railway, with a view, if possible, of effecting economy in its expenditure for stationery at that place.

Such leave was granted upon that understanding and upon the express promise that the cost would be defrayed by the Department to be benefited. The expenses of its own official and of Mr. Bronskill were accordingly paid as agreed by the Department of Railways and Canals.

The Auditor General holds that the travelling expenses of an officer of a Department should be charged to the Contingencies of that Department, no matter what is the nature of the business on which he travels.

The Board, after due consideration, decide that when an officer of one Department incurs expense for the benefit and at the request of another Department, such expense shall be borne by the Department in whose interest it is contracted.

J. M. COURTNEY, *Secy.*

AUDIT OFFICE, OTTAWA, July 3, 1890.

SIR,—I have the honour to enclose herewith a copy of a letter received from the Deputy Superintendent General of Indian Affairs in reply to my letters dated June 3 and 20 asking to have the amount of $825.55, being for his travelling expenses in British Columbia in the summer of 1889, transferred from the vote for Indians of British Columbia to the vote for Civil Government Contingencies.

I herewith, under section 47 of the Audit Act respectfully ask the Board to determine the appropriation to which these expenses should be charged.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 20, 1890.

SIR,—I beg to acknowledge receipt of your letter of the 11th instant with deposit receipt for $60, being a refund on account of travelling expenses. You have not taken up however the fourth point in my letter of the 3rd inst., viz:—that these expenses should be charged to Civil Government Contingencies instead of to the vote for the Indians of British Columbia. Please make the requisite application for the transfer of the amount in question.

I am, Sir, your obedient servant,

The Deputy Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, June 24, 1890.

SIR,—Referring to your letter of the 20th and your previous communication of the 3rd inst., stating that my travelling expenses to and from British Columbia in 1889-90 should be charged to Civil Government Contingencies, instead of to the vote for the Indians of British Columbia, and that application for a transfer of the amount should be made, I beg to state that the vote for Civil Government Contingencies was not calculated to bear these expenses, which have always hitherto been charged against the vote for general purposes for the Province or Territories in which the travelling took place; and in a previous correspondence which took place on the subject of the propriety of debiting the latter account with similar expenses, as I remember, you expressed an intention of submitting the question to the Honourable the Treasury Board for decision.

I beg to inform you that I am not aware of any decision thereon having been arrived at by the Treasury Board, and consequently no provision was made in the vote for Civil Government Contingencies for 1889-90, to meet such expenses; it being supposed that, until a decision to the contrary had been come to, the appropriation for general purposes for the province travelled in was to continue to bear the charges.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

Treasury Minute, Oct. 22, 1890.—The Treasury Board had under consideration a communication from the Auditor General enclosing correspondence with the Department of Indian Affairs in reference to the transfer of the sum of $825.55, said sum being the amount of travelling expenses of the Deputy Superintendent of Indian Affairs in British Columbia during the summer of 1889, from the vote for Indians of British Columbia to the vote for Civil Government Contingencies. The Auditor General, under the provisions of section 47 of the Audit Act, desires the Treasury Board to determine the appropriation to which these expenses should be charged.

The Board direct that the above amount, viz.:—$825.55 be charged against the appropriation for Civil Government Contingencies.

The Auditor General. J. M. COURTNEY, *Secretary.*

Payment of Money during Session without the Authority of Parliament.

AUDIT OFFICE, OTTAWA, May 21, 1890.

SIR,—I have the honour to enclose, under the provisions of sec. 31 of the Audit Act, for the information of the Hon. the Treasury Board, a copy of correspondence between the Department of Agriculture and this Office with reference to the payment for Seed Barley before there was legislative authority for the expenditure.

I am, Sir, your obedient servant.

The Secy., Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 11, 1890.

SIR,—I observe in the London return of cheques issued for the week ended March 26 that there is one for the sum of $18,250 in favour of Jas. Carter & Co. for seed barley.

As there is no legislative authority for this expenditure, it becomes my duty under section 31 of the Audit Act, to report the case to the Treasury Board.

I am, Sir, your obedient servant,

The Deputy Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, April 11, 1890.

SIR,—I have to acknowledge your letter of this day's date, on the subject of an item of $18,250, which you notice in the London return of cheques, in favour of Messrs. James Carter & Co. for seed barley.

I have to explain that when it had been fully determined by the Government, on the recommendation of the Minister of Agriculture, to submit an item of $25,000 to Parliament, to enable an importation to be made of two-rowed seed barley, for distribution among farmers by the Central Experimental Farm, it became, in the public interest, urgent (the conditions of the purchase in London being cash), to authorize the High Commissioner to issue a cheque for the amount stated. It was, therefore, decided to take the responsibility of such authorization, before the item above referred to, in the Supplementary Estimates, was actually passed, in order to enable the purchase to be made and the barley sent forward in time for this season's operations.

If such responsibility had not been taken, the barley could not have arrived in time to be of any use in Canada during this year. Therefore, in order to save the loss of a year and not to defeat the intention of the vote, the action, as above stated, was taken.

I may add that it is the intention to furnish the barley at actual cost to farmers who apply for it, and that as large an amount as $8,000, at this date, has already been received and deposited to the credit of the Receiver-General on this account, while receipts from farmers are rapidly coming in at the rate of about $250 per day.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, May 17, 1890.

SIR,—In reply to your letter of the 11th ultimo, regarding the cheque of $18,250, drawn by the High Commissioner, on instructions from your Department, for the purchase of seed barley, I beg to point out that my duties are defined by the Audit Act. I am not given discretion to pass expenditure not authorized by Parliament, because the expenditure promises the advancement of the public interest.

If there is no appropriation for an expenditure, a Governor General's warrant may be obtained if Parliament is not in Session, and if there is sufficient urgency to justify the warrant; and a special Bill may be introduced if Parliament is in Session. There is no other means of which I am aware to justify expenditure under similar circumstances.

I may remind you that, during the Session of 1885, I was unable to pass applications for payments on account of the North-West Rebellion until after the close of the Session, because there was no money available until the Supply Bill was passed. Sir S. L. Tilley, Mr. Blake and Mr. Bourinot agreed that nothing, even for that important purpose, could be paid legally until Parliament sanctioned the amount to be used.

I beg to draw you attention to the requirements of Section 31 of the Audit Act, and to state that I am reporting the matter to the Treasury Board as directed by that section.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

British Mail Clerks, Living and Mileage Allowance.

Treasury Minute, Nov. 22, 1890.—The Board had under consideration a communication from the Auditor General enclosing under the provisions of Sec. 31 of the Audit Act, for such action as the Treasury Board may deem proper, a copy of the

correspondence between the Post Office Department and the Auditor General with reference to the payment of living allowance and mileage allowance at the same time to the British mail clerks, A. Walmsley and D. Fairman.

The Board, after consideration, are of opinion and direct that the living allowance referred to should not be paid during the time that these clerks are receiving mileage allowance, but that it should be granted them only for such time as they are actually detained at Rimouski or Halifax awaiting the arrival of mails.

The Auditor General. J. M. COURTNEY, *Secretary.*

NOTE.—For the correspondence regarding the case dealt with above, see page D—119.—J. L. McD.

Change of System of Repaying Savings Bank Deposits.

AUDIT OFFICE, OTTAWA, Jan. 22, 1890.

SIR,—I enclose herewith a copy of my letter to you of June 20, 1888, on Savings Bank repayments.

As you are aware, my suggestions have not been dealt with by the Board. I wish that you would now bring the matter up.

It is my duty to represent to the Board that under the present system, an efficient examination in this office of the Post Office Savings Bank account cannot be made without a considerable addition to the staff, and that by the change proposed in my letter the labour of examination would be much lessened.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 20, 1888.

SIR.—I have the honour to draw your attention to the defects in the system of repaying deposits in the Post Office Savings Bank, and to suggest a method of getting rid of these defects.

You recollect that all the Money Order and Post Office Saving Bank revenues are put to the credit of Money Order revenue, and all repayments are charged to the same account: adjusting entries being made at the end of each month, to close the accounts of the month.

When application is made for the repayment of a Savings Bank deposit, the amount is not determined by the outlying postmaster with whom the deposit was made, or by the one through whom the application is made, but, as might reasonably be expected, by the Post Office Department.

The Post Office Inspector within whose district the applicant for repayment resides, is then instructed to send to the Postmaster through whom the application was made a cheque for the amount. The Postmaster gets this cheque cashed, if he has not enough of funds in his own post office collections to pay the withdrawal. If he has sufficient funds, he is to use them to pay the withdrawal, and the cheque is to be returned to the Inspector, by whom it is cancelled, and a reversal entry made in the Inspector's letter of Credit Book.

It will be noticed that the 350 Post Office Savings Bank agents are also Money Order agents, and that there are 1,100 Money Order agents who are not Savings Bank agents.

I suggest that the Saving Bank Agents, when making deposits, separate, by entries on the back of the deposit receipts, the Money Order from the Savings Bank deposits, as is done by the Customs and other Departments when a deposit belongs to more than one account. The persons who are only Money Order Agents will not require to make any change in their present practice. The Money Order and Savings Bank receipts will thus be returned in a way to enable the Finance Department and Audit Office to keep the accounts distinct.

With reference to Money Order repayments, I have no criticism to offer. It seems to me that it would be difficult to improve upon the existing system, although there are three channels through which repayments are made.

On the other hand, with regard to Savings Bank repayments, it is difficult to account for the continuance of such a complicated method when a manifest, simple means exists.

Take the matter at the point where the amount has been determined by the Post Office Department. Here let a cheque issue to the order of the man who is to receive the money. The cheque should be drawn on the Bank of Montreal, Ottawa, against a Letter of Credit in favour of the Post Office Department. This cheque might be sent to the Postmaster through whom the application for repayment was made. If the Postmaster happened to have Savings Bank, Money Order, or private funds to pay the cheque, he might cash it. In the first two cases, he could endorse the cheque, and sent it to the Bank for deposit on Receiver General's account; in the third case he could consult his own convenience. The cheque should never be cancelled except in case of error.

If my suggestions were carried out, the whole receipts would go at once to their proper accounts, and the Finance Department would know each day, or each week, through the usual repayment applications, the exact amount for which funds would be required in the Bank of Montreal. Then I would be in a position to audit the receipts and expenditure, which it is impossible for me to do now.

The objections against this system which have been urged in my hearing are:—

(1). That as many depositors desire secrecy, it would be improper to have recourse to a mode of repayment which might have the effect of making the transactions known.

(2). That this would not always be as ready a manner as the existing one, to enable the depositor to get cash.

(3). That there would be greater opportunity for irregularity on the part of the Savings Bank Postmasters in depositing their revenue.

With reference to (1), I would remind you that under the proposed change the cheques would be cashed by the Postmaster, if he has the money; and the depositor has his choice of persons to whom he may go for aid, failing the Postmaster.

(2). Departmental cheques go all over the Dominion, and to all classes. The difficulty of obtaining cash, where cash is desired, has scarcely ever been dwelt upon, and I am sure that it has not even been mentioned to me for several years. Moreover, the Government Savings Bank repayments are now made by cheque, without objection.

(3). It seems to me that, instead of loss being likely to occur in this way, greater security would be obtained by removing from the Postmaster the excuse which might under the present system be urged, that money was kept to meet expected payments.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

NOTE,—The suggestions contained in the above have been adopted.—J. L. McD.

Rhodes, Curry & Co's. Contract for Station Buildings, Oxford and New Glasgow Ry.

AUDIT OFFICE, OTTAWA, Jan. 21, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 325 for $3,883.97 in favour of Rhodes, Curry & Co., on account of their contract for station buildings on the Oxford and New Glasgow Railway.

Their tender by items amounted to $43,445, and 10 per cent. was to be thrown off if all the works were executed. The schedule, however, contains three pairs of items for tanks on masonry or on piles, of which only one of each pair was intended to be built. Subtracting $5,220 for the three tanks on piles, the full schedule amounted to $38,225; and 10 per cent. from this would leave $34,402.50.

It appears to me that this is the maximum payment possible on the tendered items. The list for items actually built, amounting to $35,415 when completed, should, I think, be reduced to this figure : a difference of $1,012.50.

Please let me have any further information on this subject at your early convenience.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, Jan. 20., 1891.

SIR,—I have the honor to acknowledge the receipt of your letter of the 22nd November, enclosing a contract between the Government and Messrs. Rhodes, Curry & Co., in connection with certain work upon the Oxford and New Glasgow Railway.

I have now, by direction, to state as follows :—In consequence of the mistake on the part of probably both the contractors and those having charge of the drafting of the contract in permitting the ambiguity under the contract to which you refer, there may necessarily be some doubt as to the construction which a court would put upon the instrument as it at present stands.

I am, however, to call your attention to clause 23 of the contract: "Her Majesty covenants that the contractors will be paid for and in respect of the works hereby contracted for, and in the manner set out in the next clause thereof the several prices or sums following," namely,—(The schedule of prices. The price for which each specific work is to be done being set opposite in figures).

The column of prices is added and amounts to $43,445, and the schedule closes as follows :—

For all the above works.....	$43,445 00
Deduct 10 per cent.....	4,344 50
Net lump sum.....	$39,100 50

It is, I think, upon the construction of the whole of this clause that the result depends. It will be observed that the contract is not to pay a lump sum for all the work, but to pay for each specific work a specific sum. The deduction of 10 per cent. would seem to be a deduction to be made only in the event of a contractor being required to perform all the works specified in the schedule. They have not been required to perform all of those works. The deduction of 10 per cent., I think, therefore, does not take effect, and in my view the conditions of the contract on the part of the Government will be fully complied with, if the contractors are paid for the works done at the prices specified. The result will be that the Government will not be able to have the advantage of the 10 per cent. deduction, while the contractors will not be able to be paid for the sums placed in the schedule opposite the works which were not executed.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. ROBERT SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, Jan. 27, 1891.

SIR,—Since writing to you Jan. 21, I have received the copy of Mr. Sedgewick's letter, concerning the claim of Rhodes, Curry & Co.

After further reflection I am unable to certify any payment in excess of the following calculation :—

1st. Deduct the "tanks on piles" from the lump tender, since at no time could they have been considered otherwise than alternative with the "tanks on masonry." This reduces the $39,100.50 to $34,402.50.

2nd. On the $2,810 for three pumps and a windmill not built, calculate the actual cost to the contractors themselves if these works had been built. Subtract this estimated cost from the $34,402.50 and allow the remainder, making probably something between $32,000 and $33,000.

By this method the contractors receive their profits on the works expected but not ordered; and nothing for the three alternative tanks not expected.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Treasury Minute, Feb. 5, 1891.—The Board had under consideration a memorandum from the Right Honourable the Minister of Railways and Canals representing as follows:—

On the 13th of November, 1888, a contract was made with Messrs. Rhodes, Curry & Co., for certain works on the Oxford and New Glasgow Railway, respecting the erection of stations, freight house, engine houses, tanks and apparatus for water supply.

The tender sent in on the departmental printed form covered all the required works at the several points on the line mentioned in it, a price being given for each item separately. In the case of two items,—tanks and apparatus for raising the water to them,—the printed form called for two sets of prices, namely, (1) in the case of tanks for masonry and for pile foundations, respectively, and (2) in the case of the raising apparatus for wind mill with tower, and for steam pump with boiler, respectively; it not being decided which system would be adopted.

The aggregate of the several items of their tender, as added up by the contractors was $43,455, and they stated in their tender, "should all the above works be awarded to them they agree to deduct 10 per cent. from the total amount—making net lump sum of $39,100.50." This addition of items was purely gratuitous on the part of the contractors.

In adding up the items, however, they included their prices for both the two alternative schemes above mentioned, that is, for tanks with masonry and also with pile foundations, for wind mill pumps and for steam pumps, and the actual value of their contract is not $43,445 but $35,415, or with the 10 per cent. deduction, $31,874.

It must be observed that there has been placed in the hands of the firm the whole of the works specified in the tender, except, of course, the alternative works above indicated, of which only one set of works in each case has been required or called for.

That the contractors have claimed that their offer to deduct 10 per cent. from their prices, if awarded all the works mentioned in their tender, is of no effect because of the exception above stated.

That the Department, in view of the wording of the specification which did not clearly show that the items in question represented alternative schemes, submitted the case for the opinion of the Department of Justice, and such opinion has been given to the effect that, according to the terms and conditions of the contract, the contractors should be paid at their contract prices, without the 10 per cent. deduction for the works executed by them: they not having had, strictly speaking, all the works mentioned in the tender.

That a certificate has been prepared by the Chief Engineer of Government Railways in accordance with the above opinion.

The Auditor General, however, declines to sanction the issue of a cheque in payment on this basis, holding that the 10 per cent. should be deducted.

The Board, after due consideration, direct that a cheque issue for the payment to Messrs. Rhodes, Curry & Co. of their contract prices, without the 10 per cent. deduction, for the works executed by them.

The Auditor General. J. M. COURTNEY, *Secy.*

Power of Promotion in the Audit Office.

AUDIT OFFICE, OTTAWA, Jan. 14, 1891.

DEAR MR. FOSTER,—In July last you asked me to delay putting promotions to the vacant chief clerkships of this Office into effect until there might be an opportunity of laying before a full meeting of Council the opinion of the Deputy Minister of Justice on the right of the Auditor General to promote in the Audit Office. I have not been informed of the result.

May I make the following observations for the consideration of His Excellency in Council, and suggest the early disposal of the matter?

The Audit Office was inaugurated under 41 Vic., cap. 7; section 15, of that Act, following the English Act and giving the Auditor General the right to promote the clerks in the Office. (See the observations of Messrs. Cartwright, Tupper and Blake in the enclosed copy of the discussion in Committee of the Whole, as reported at page 1701 of that year's Hansard.)

The staff of the Office was brought under the Civil Service regulations by the Civil Service Act of 1882, the power to promote being continued to the Auditor General by that Act and by the Civil Service Act of 1885. (See the opinion of the Deputy Minister of Justice, approved by the Minister of Justice, and the observations of Sir H. L. Langevin, at page 1127 of the Hansard of 1882.)

The Commissioners, in reporting to Parliament their Consolidation of 41 Vic., cap. 7, gave no intimation in the analysis at the end of the chapter that any part of section 15 (the one which gave to the Auditor General the promoting power), was being left out of the Consolidation. In the body of the Act itself (section 24) they use words which indicate that the whole of Section 15 is being introduced, "part" referring, one would suppose, to 45 Vic., cap. 4, sec. 35. I mention this as an evidence that the Commissioners did not intend to recommend a material change in the law, a duty which besides they were not expected to undertake. Taking from the Auditor General the power to promote, if it was taken, was evidently then an inadvertence on the part of the Commissioners, the Government and Parliament, which justifies me in calling the attention of the Government to the circumstances, and in suggesting that the law be amended to make it clearly what it was in this respect before the revision.

The object in making the tenure of office of the Auditor General unusual among public servants was not to make one man comfortable, but to secure honest criticism in the Audit Office. A small portion of the Audit Office duties is performed by the Auditor General, the twenty assistants having to do the larger part. It is as necessary that their part of the work should be well done as that his should be. The Auditor General knows the nature and the quantity of the work done by each of the staff, and no other person does. He has appointed none of them, and has no personal interest in any of them. His official life would be unbearable if he allowed himself in making promotions to be moved by anything but the relative merits of the eligible persons.

The power to promote does not extend to giving high salaries to any number of those who are associated with the Auditor General in his daily work. It is confined to putting forward one man instead of another; the number in the different classss being fixed for the Audit Office, as for all other Departments, by the Governor in Council under Sec. 6 of the Civil Service Act, after the money has been voted by Parliament.

Yours respectfully,

The Hon. Minister of Finance. J. L. McDOUGALL, *A.G.*

Deductions to correct previous Overpayments.

AUDIT OFFICE, OTTAWA, Dec 6, 1890.

SIR,—I have received both your letters and note their contents. Any modification of my request about having the overpayments for years previous to 1888-89 refunded must be made on the application of the Department. The subsequent charges have been already arranged for, by with-holding the money on account of your salary.

If I were to allow the overpayments to remain uncollected from you merely because this office had passed the applications covering them, as the Department also did, I do not see how I could possibly justify myself.

In the large expenditure made by the Government, all of which passes through this office, it would be out of the question to look for absolute accuracy in determining what should have been charged and what should not.

If I make the admission, as I shall be compelled to do, that I passed these payments in error, the Public Accounts Committee and Parliament will surely consider that such mistakes must be made not in this case alone but in other cases.

The only thing to do when one has made a mistake is to endeavor to get it rectified as promptly as possible.

I think I can make these remarks and yet sympathize with you under the circumstances.

I shall be glad to consult with the Department as to the means, if any can be taken, to justify the modifying of my request by giving time for repayment should the Department wish to consider the matter with me.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

This account has been examined under my directions and is correct.

Examined,
A. B. HUDSON.

J. L. McDOUGALL,
Auditor General.

Explanations by Deputy Minister of Finance:—*a.* 6 per cent interest on $33,093.33 British Columbia bonds redeemed. *b.* Estimated for in "Amount for other indebtedness." *c.* Part of principal redeemed. *d.* Reduction in rate of interest and decrease in amount of principal. *e.* Principal decreased. *f.* Principal increased. *g.* Owing to the accounts with the Provinces of Ontario and Quebec being unsettled this was unpaid.

This account has been examined under my directions and is correct.

J. L. McDOUGALL,
Auditor General.

Examined,
A. B. HUDSON.

Explanations by the Deputy Minister of Finance:—
a. Owing to the purchase of 3½ per cent. and 4 per cent. bonds the expenditure under this head was greater than was anticipated. *b.* Differences arose owing to the discount on the bonds bought and to the change in the period to which investments were made. *c.* $73,000 New Brunswick 6 per cent. bonds payable in November, 1891, instead of June, 1890. *d.* Not estimated for.

This account has been examined under my directions and is correct.

J. L. McDOUGALL,
Auditor General.

Examined,
A. B. HUDSON.

Explanations by the Deputy Minister of Finance:—
a. Estimates as close as could be made. *b*. Reorganization of staff. *c*. Reduction in number of officers. *d*. Redemption of part of British Columbia 6 per cent. Loan. *e*. More stock bought than estimated for. *f*. Less stock bought than estimated. *g*. Overestimated. *h*. Underestimated. *i*. There is no data on which to make an estimate of the stamp duty on inscribed stock, and this formed about three-fifths of this expenditure.

* The expenditure for this service is included in the contingencies of the various departments, see details.

These accounts have been examined under my directions and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,

J. B. SIMPSON (Salaries).
J. S. STEVENSON (Contingencies).

Explanations by Departments *re* Contingencies :—

a. Strict economy in service ; expenditure for cables less than expected. *b.* Supplementary note ($2,000) not all used, as expenditure of last half of year was less than for first half. *c.* About $4,000 expended for extra help, not estimated for. Travel more than anticipated. Unexpected outlay for advertising. *d.* Expenditure normal, while estimate was made to cover any unforseen necessities. *e.* Telegraphing and other services less than anticipated. *f.* Messenger estimated under salaries, paid from Contingencies. Cost of Herring Report charged to Contingencies—not estimated for.

Carried forward	442,400 00	441,014 07	6,388 52	5,002 59

* Covered by Governor General's warrant.

Explanations *re* Justice under Supply Bills:—
a. Expenditure depends on so many unpredictable possibilities that a closer estimate cannot be made.
b. Unusual number of reports issued. *c*. Printing catalogue and extra pay to messenger were unforeseen.

Explanations by the Accountant, Agriculture Department:—

a. Vote not sufficient for expenditure of service undertaken. *b.* Number of returns paid at a price fixed by Statute did not call for a larger expenditure. *c.* Stock purchased for which no provision was made in the estimates. A Governor General's Warrant obtained for $9,118.36. *d.* Lesser number of societies asked aid under the definitions advertised. *e.* Service less than estimated. *f.* Outstanding claims settled on more advantageous terms than anticipated. *g.* Necessary service cost more than anticipated. *h.* Amount of claims not so much as anticipated. *i.* Sales of seed barley, amounting to $13,054.24, were placed to the credit of the appropriation; and freight charges were lighter than expected. *j.* Salaries of messengers, caretaker, &c., charged in previous years to the "bulk vote," were, in the accounts of 1889-90, charged to contingencies, though not estimated for under that head. *k.* Vacancy not filled. *l.* Caused by additions to the service necessitated by amended regulations. *m.* Amount estimated to be necessary for contingencies not fully used. *n.* Caused by increased activity in the service in consequence of the presence of leprosy in the Island of Cape Breton. *o.* Requirements of the service necessitated the over-expenditure. *p.* Requirements less than estimated for. *q.* Expenditure cannot be accurately estimated. It depends on the number of patients for which the Department pays under the provisions of a general Order in Council.

These accounts have been examined under my directions and are correct.

Examined,
J. W. REID.

J. L. McDOUGALL,
Auditor General.

Explanations by the Deputy Minister of Militia:—

a. Estimate was for 6 Deputy Adjutants-General; 5 only employed. Also, pay of the A. D. C. to the General Officer issued only up to January 31, 1890. *b.* (Three items treated as one by the Militia Dept.) Under-expenditure (on the total of the three) represented by claims not received in time to be included in year's accounts. *c.* Grant not sufficient to meet requirements of the services. *d.* Excess on two items together is owing to the number of men drilled being larger than anticipated. It is not possible to estimate the number of men who will be entitled to pay. *e.* Revenue from Royal Military College, $21,115.48.

This account has been examined under my directions and is correct.

J. L. McDOUGALL,

* Covered by Governor General's warrant. † Governor General's warrant for $14,449.73. § Authorized by Special Act.

Explanations by the Chief Engineer of Government Railways :—

a. Arbitrators sat longer than was calculated for. *b*. Work not completed at close of the year. *c*. Claims not all settled. *d*. Work not proceeded with. *e*. Contractor refused to accept final certificate; land claimants refused to accept amounts awarded them. *f*. Contractor for cars had not delivered any of them at the end of the year. *g*. Work did not progress as rapidly as anticipated. *h*. Caused by judgments in Exchequer Court and attendant costs, together with the fact of $60,000 of the appropriation of 1888 89 for St. Charles Branch having been unexpended in that year.

This account has been examined under my direction and is correct.

J. L. McDOUGALL,
Auditor General.

Examined,
F. HAYTER.

NOTE.—These certificates are subject to the modifications described in the correspondence on page B–331, with reference to the method of charging the wages of extra clerks at Ottawa.

J. L. McDOUGALL,
Auditor General.

Examined,
JOHN GRAHAM.

Note by Auditor General.—Mr. Gobeil states, in his letter on page B—394, concerning extra clerks at "Ottawa, that "it has always been the practice to charge the pay lists of these officers, month about, to "any of the various works upon which they were engaged, as warranted by the state of the appropriation "balances."

I am therefore obliged to exclude the extra clerks' wages from my certificate of examination and correctness, as not having been charged, item by item, to the different votes corresponding to their actual services.

These accounts have been examined under my direction and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,
JOHN GRAHAM.

Note by Auditor General :—Mr. Gobeil states in his letter on page B—394, concerning extra clerks at Ottawa, that "it has always been the practice to charge the pay-lists of these offices, month about, to any "of the various works upon which they were engaged, as warranted by the state of the appropriation "balances."

I am, therefore, obliged to exclude the extra clerk's wages from my certificate of examination and corrections, as not having been charged, item by item, to the different votes corresponding to their actual services.

Explanations by the Deputy Supt.-Gen. of Indian Affairs :—

a. About as near as can be estimated. *b.* Very few Indians emigrated to Gibson during the year. *c.* Over-expenditure caused chiefly by large medical accounts, owing to the prevalence of "La Grippe" amongst the Indians. For the same reason larger supplies of clothing and provisions had to be purchased. *d.* About 300 miles of sub-division was done more than was anticipated. *e.* Over-expenditure in part due to there being $3,000 more expended for medical attendance than was estimated, owing chiefly to the prevalence of "La Grippe." The balance of the over-expenditure, when sub-divided between the 22 agencies in Manitoba and the North-West Territories, is an over-expenditure of only about $500 for each, which is about as close an estimate as can be made.

These accounts have been examined under my directions and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,
J. W. Reid.

Explanations by the Comptroller, North-West Mounted Police :—

a. Due to the failure of crops in certain portions of the Territories. *b*. Caused by extreme severity of the winter. *c*. Balanced by under expenditure for pay of force.

This account has been examined under my directions and is correct.

J. L. McDOUGALL,
Auditor General.

Examined,
H. R. MOORE.

Explanations by Departments :—

a. Quantity of matter in the "Gazette" varies so much that it is impossible to make a closer estimate. *b.* Expenses in connection with sailing boat "Keewatin," and clerical assistance not estimated for. *c.* Fewer elections held than anticipated. *d.* Due to cost of printing. *f.* Estimate to a considerable extent an approximate one, expenditure being largely dependent on the exigencies of the service.

These accounts have been examined under my directions and are correct.

Examined,
J. W. Reid.

J. L. McDOUGALL,
Auditor-General.

Explanations by the Commissioner of Customs :—

a. Local expenditure, being contingent upon conditions wholly beyond the control of the Department, and largely dependent upon the length of the season of open navigation and the inducements held out to importers by various competing freight routes, whereby trade may be diverted from one route to another, and must be met by Customs Officers whenever for the time being existing, thus necessitating unexpected changes in staff and in expenditure, and rendering the estimating of expenditure under the so-called sub-heads impossible beyond an approximation, though as a whole sufficiently exact. In looking over the items of the year in question I find nothing of an unusual nature, or that is not easily accounted for as above, the total expenditure of the year being within the appropriation. *b*. Service is subject to variations which cannot be foreseen; increase is general and caused by the necessity for the employment of special officers for special duty.

Explanations by the Commissioner of Inland Revenue :—

a. Item of $2,000 for increases on result of promotion examinations not used,—vacancies filled at lower salaries. *b.* Estimate necessarily approximate. *c.* Increase due to opening of two new offices. *d.* Saving due to strict economy in administration of the service. *e.* Saving principally due to there having been no analyst for the London district during a considerable part of the year. *f.* Some of the claims for which the vote was taken were found untenable and others have not yet been substantiated.

These accounts have been examined under my directions and are correct.

J. L. McDOUGALL,
Auditor General.

Examined,
J. H. P. GIBSON.

*The difference, $166.25, between this amount and the amount, $133,832.20, shown in Public Accounts, Part II, page 45, is made up of refunds of previous years.

†The difference, $106.55, between this amount and the amount, $7,690.54, shown in Public Accounts, Part II, page 45, is made up of refund of previous years, $1, and transfer of expenditure charged to 1888-89, $105.55.

Explanations by Interior Department :—

a. Grant exceeded owing to two items of salary which were estimated under contingencies. *b.* Over-estimated. *c.* Caused by advances of $8,000 being made to surveyors out of appropriation for this year for work to be done in 1890-91.

These accounts have been examined under my directions and are correct.

J. L. McDOUGALL,
Auditor General.

EXECUTIVE REGULATIONS.

I have thought it advisable to collect for reference several Orders in Council and letters relating to economy in public expenditure, which are frequently quoted in the following pages.

J. L. McDOUGALL, *A.G.*

Powers of Attorney.

Rules prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on Letter of Credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "Duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary.*

Accounts for Advertising.

Order in Council, December 17, 1875.—On a memorandum from the Hon. Mr. Mackenzie, on the subject of Departmental advertising, proposing a scheme for adoption as absolutely necessary to prevent the recurrence of abuses which seem inseparable from isolated action, and an inefficient audit by those Departmental officers who may not have the means of ascertaining facts necessary to an accurate correction of advertising accounts.

Mr. Mackenzie states that if this scheme is adopted, he recommends that the Secretary of State shall at once communicate to each Department information of the mode of proceeding for the future.

The Committee advise that the scheme and recommendation submitted be adopted.

Certified. W. A. HIMSWORTH, *C.P.C.*

Memorandum referred to above.—With a view to similarity of action by the various Departments in respect of orders and accounts for advertising, it is recommended that all such orders as are issued at the Seat of Government be given through the Queen's Printer, and that the Queen's Printer certify to the accounts before payment.

The copy to be sent to the Queen's Printer, accompanied by Ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer to procure the printing by the contractors of a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These to be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him, with a copy of the order attached, and with marked copies of the papers in which advertisements are printed.

The Queen's Printer to ascertain the established tariffs for advertising of the several papers on the list; and on receipt of the accounts, certify to the same in accordance with these rates, and to transmit the accounts for payment to the Departments from which the orders issued, having first satisfied himself that publication has been had as directed.

Accounts for advertising required by the outside services to be also rendered with the orders, and marked copies of the publications, to the Queen's Printer, and

the advertisements to be by him measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer to keep, with each paper, accounts of the advertisements directed to be published in it, under the different Departmental headings, so as at all times to show the state of each account.

A. MACKENZIE.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council:

(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form: "Pay to the order of ———;" and not in either of the forms: "Pay to———or bearer," or "Pay to———or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes: (List not printed).

JOHN J. McGEE, *C.P.C.*

Stationery Office.

Order in Council, June 26, 1889, *as amended by O. C., July* 11, 1889.—His Excellency in pursuance of the powers vested in him by the Revised Statutes, Chap. 27, Sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order:—

1. In every Department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27, of the Revised Statutes, and a clerk, to be named by the Head of the Department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printing work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the Departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O.C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several Departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any Department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence bearing relief stamp, cameo, or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and Members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any Department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief-bags shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and, therefore, not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each Department upon requisition, with the total cost of the supply to such Department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, *C.P.C.*

Pamphlets and Books.

Order in Council, April 16, 1880.—The Committee of Council have had under consideration the subject of advertising in pamphlets, and the question of the subscription by Departments to books, and they recommend:—

(1.) That no advertisements be authorized in connection with the publication of any pamphlet or book whatever, save only that, where any department of the Government causes to be published a pamphlet or book, the Head of such department may cause to be inserted therein such advertisements connected with his own Department as he thinks expedient in the public service.

(2.) That as regards subscription to books, no Department be allowed to subscribe for or purchase any book whatever unless such book be deemed by the Head of the Department one which will be useful for reference in the administration of the Department, and that not more than four copies shall be taken in any such case.

The Committee further recommend that the foregoing Minute be published in the *Canada Gazette* for the information of the public.

Certified. J. O. COTÉ, *C.P.C.*

Order in Council, November 1, 1881.—Ordered that the Immigration Branch of the Department of Agriculture be excepted from the provisions of O. C, April 16, 1880, relative to the purchase of pamphlets, books or other publications, and that the same rule of exception be applied to advertisements.

J. O. COTÉ, *C.P.C.*

Order in Council, July 1, 1889.—The Committee, on the recommendation of the Secretary of State, advise that the Order in Council of April 16, 1880, be interpreted so as not to apply to, or to limit, the number for distribution among Departments of publications purchased by the Government for their use under authority of an Order in Council.

JOHN J. McGEE, *C.P.C.*

Order in Council, December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the Departments, and he recommends that in the future no such authority be granted ; but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal, and that all purchases of books for the use of any Department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee, and to each Department of the Public Service.

JOHN J. McGEE, *C P.C.*

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the Departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the Departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the Departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the Departments of the Government.

Certified. W. A. HIMSWORTH, *C.P.C.*

Order in Council, Oct. 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of $3.50 per diem over and above actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. McGEE, *C.P.C.*

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the Official Staff is not available, be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings and evidence in each case.

That the sum of $3.00 per diem, in addition to actual moving expenses, be allowed to such Reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such Reporters during the last Session of Parliament.

That in all cases when a Reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of $5 per day, he shall be entitled to receive $5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any Reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to, the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. McGEE, *C.P.C.*

Gratuities.

Order in Council, Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of

officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases, deem it necessary that the provisions of the above mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, *C.P.C.*

Salaries.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

Certified. W. A. HIMSWORTH, *C.P.C.*

Order in Council, July 29, 1871.—On a report, dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month, and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved. W. H. LEE, *C.P.C.*

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. McGEE, *C.P.C.*

Order in Council, Jan. 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, *C.P.C.*

Order in Council, March 22, 1887.—The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, April 1, 1887.

SIR,—Please define the meaning which is to be attached to the word "continuous" in the O.C. of March 22, with reference to the time of paying certain extra clerks.

Yours truly,

The Clerk of the Council. J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O.C. of March 22, authorizing payment on the 15th of each month to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

Yours truly,

The Auditor General. JOHN J. McGEE, *C.P.C.*

Order in Council, Feb. 18, 1889.—That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days: Feb. 18, Mar. 21, April 24, May 27 and June 28, 1889; and thereafter on the last day of the month.

JOHN J. McGEE, *C.P.C.*

Order in Council, November 14, 1885.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the Departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several Departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, *C.P.C.*

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several Departments be notified that in future the monthly pay-cheques must not be

issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, *C.P.C.*

———

Order in Council, July 1, 1886.—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council, that, with the following exception, from and after the 1st July, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several Post Office and Government Savings Banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. McGEE, *C.P.C.*

———

Order in Council, October 16, 1886.—That the Order in Council of July 1, 1886, founded on a Minute of the Board dated June 24, 1886, providing that no payment be made for any Extra Service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the Fishing Bounty, and collection of statistics," for which a vote of Parliament is taken.

JOHN J. McGEE, *C,P.C.*

———

Civil Service Act of 1888, 51 *Vic., cap.* 12, *sec.* 12.—Sub-sections 1 and 2 of section 51, of the Civil Service Act (R.S.C., cap. 17), are hereby repealed, and the following substituted therefor:—

"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

———

Superannuation.

Order in Council, Jan. 7, 1884.—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst. it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operations of the Superannuation Act; but that in the cases where officers desire to avail themselves

of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Certified. JOHN J. McGEE, *C. P. C.*

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—"(34.) When any "officer has an official residence or other similar perquisite, his salary shall be "stated at such higher sum as may fairly represent these advantages, and he shall "pay the abatements on such higher salary, otherwise his superannuation allowance "shall only count on the salary on which he has paid abatement;"—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. McGEE, *C.P.C.*

Treasury Board, Ottawa, Dec. 7, 1883.

Sir,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of Public Servants, as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several Departments recommending the postponement of the dates of superannuations as established by Council on the report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

Dept. of Justice. Ottawa, Dec. 12, 1883.

Sir,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See* 38 *Vic., Cap.* 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the

same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (38 *Vic., Cap.* 13).

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Secretary, Treasury Board.

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th sub-section of section 7 of 46 Victoria, chap. 7 (C.S. Act), wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary;" and in connection therewith I have to call your attention to the *Hansard* of last Session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the Service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

J. M. COURTNEY, *Sec. Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to sub-section 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that, "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Deputy Minister of Finance.

Travelling Expenses.

Order in Council, Sept. 8, 1871.—The Commiteee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted:—

"*Removal Allowances.*—No removal allowance can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special eases, and on a report of the Head of the Department. A removal allowance is not to exceed the actual cost on account rendered."

Order in Council, Nov. 29, 1882 (*as amended by O. C. June* 28, 1886).—Ordered, that the Order in Council of May 6, 1876, governing travelling expenses, be modified, and that from July 1, 1882, with the exception of the Major General commanding the Militia, and the judges who are otherwise provided for, there be paid to all officers travelling on public service in the Dominion, except in those parts hereafter specified, over and above the actual moving expenses, a uniform rate of $3.50 per diem—the days of leaving and arriving to be counted as full days—and to those officers who may be called upon to travel in British Columbia, or out of Canada, the rate of $5 per diem.

Certified. JOHN J. McGEE, *C.P.C.*

NOTE.—The Lieutenant Governor of the N.W.T. is allowed $5 a day by O.C. Jan. 12, 1888; and the Registrar of the Exchequer Court $4.50 a day, by O. C. July 5, 1888.

Order in Council, Nov. 10, 1886.—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows:—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor General a detailed statement of such travelling expenses.

JOHN J. McGEE, *C.P.C.*

Order in Council, Dec. 17, 1889.—The Board, having had their attention called by the Auditor-General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows:—"The whole of the expenditure was incurred on Government business;" said certificate to be signed by the officer who has incurred the expense.

JOHN J. McGEE, *C.P.C.*

Insurance.

Order in Council, July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every Department of the Government.

J. O. COTÉ, *C.P.C.*

"Copying."

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several Departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. McGEE, *C.P.C.*

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: "That an Appropriation Account can be kept open for any time fixed by Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a Department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a Department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30 shall lapse and be written off. The proviso does not either expressly or by implication give a Department power to make a new expenditure, and if that power is not contained in the proviso it is nowhere: it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying after June 30, out of the original appropriation, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the Departments, the Auditor General having intimated

that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, *C.P.C.*

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum dated 20 March, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over $5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That with all tenders submitted, a money guarantee, or approved accepted cheque shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent. deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than $1,000, nor more than $5,000. That upon acceptance of a tender, and notification by the Department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent. of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTE, *C.P.C.*

(*Circular.*)

FINANCE DEPARTMENT, OTTAWA, July 4, 1888.

SIR,—I have the honour to enclose herewith a copy of an Order in Council, passed on the 16th June, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

Yours truly,

J. M. COURTNEY, *D.M.F.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. McGEE, *C.P.C.*

Small Balances Due to Estates.

AUDIT OFFICE, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be legally paid to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, JUNE 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

The Auditor General. J. M. COURTNEY, *Sec. T. B.*

Franking Privilege at Ottawa.

Order in Council, Oct. 10, 1870.—That with a view of introducing uniformity of practice in franking letters, and of preventing any improper use of the privilege, the following be adopted :—

Letters may be franked in writing or by a stamp. If by a stamp, it should be kept in possession of and only used by the deputy head, or by a confidential officer intrusted with it.

A printed frank on an envelope can only be used where the direction itself is also printed.

A stamp should be a *fac-simile* of the signature of the franking officer.

The right of franking should be confined to the deputy head of the department, besides the political head.

All letters should be initialed by the sender. No franking of blank envelopes.

All letters received should pass through the hands of the deputy head, or the person he may intrust with the duty.

A pass-book with each department should be kept by the post office, in which postage charged on unofficial letters received, and prepaid on foreign letters sent, shall be entered.

Certified extract. JOHN J. McGEE, *C.P.C.*

Order in Council, Oct. 26, 1875.—1st. That in view of the difficulties which arise in exacting from the general public conformity to particular forms of official address upon letters intended for the public departments, and of the inconvenience to the public service which might ensue if any want of such conformity were suffered to remain a reason for not forwarding directly to destination any part of said correspondence, postmasters in Canada be directed to forward to Ottawa, free of Canada postage, as correspondence intended for the public departments, all mail matter addressed to the respective Ministers and deputy heads, as well as all mail matter on which the name or designation of one of the said departments, or of its branches at Ottawa, forms part of the address.

2nd. The mail matter sent from the several public departments in Ottawa shall be sent under the regulations approved by the Order in Council of Oct. 10, 1870.

Certified extract. JOHN J. McGEE, *C.P.C.*

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, *Sec.* 33—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts, in each case.—J. L. McD.

Audit Office Ottawa, May 21, 1890.

Dear Sir,—You will recollect that members of the Public Accounts Committee drew attention during the last and the previous sessions to the inappropriateness of the certificates made by the Departments in connection with the Civil Government contingency expenditure. I have gone over the leading kinds of expenditure made from the contingency appropriation and have made out a form of certificate for each kind. These forms are enclosed, as they may be of some assistance to the Board in determining the proper certificate for each class. I would suggest that a copy of the newspaper, so as to show the advertised rates, be ordered to be sent to the Accountant of Contingencies with each account for subscription.

I am, Sir, your obedient servant,

The Secy., Treasury Board. J. L. McDOUGALL, *A.G.*

Certificate Objected to by the Public Accounts Committee.

All Contingencies:—"I hereby certify that each item of this account has been incurred upon the requisite authority, and that the expenditure was necessary for the public service. I further certify that the articles and services charged for have been received and performed, and that the prices charged are in my opinion severally fair and just." (Deputy Minister).

Certificates Suggested by Auditor General.

Travelling Expenses.—"I hereby certify that the whole of this expenditure was incurred on public business, and that each item of disbursement is correctly given." (To be signed by the person who incurs the expense). "I certify that this expenditure was necessary for the public service, and I hereby authorize it." (Deputy Minister).

Newspapers.—"I hereby certify that each item of this account has been incurred upon the requisite authority, and that the expenditure was necessary for the public service. I further certify that the newspaper charged for is received, and that the price charged is the advertised rate for payment in advance." (Deputy Minister).

Extra Clerks and Messengers.—"I certify that the applicant has been in attendance at this Department every day, except Sundays and statutory holidays, since the last payment, and that this expenditure was necessary for the public service." (Deputy Minister). Add certificate for special qualifications when required.

Postage.—"I hereby certify that each item of this account has been incurred upon the requisite authority." (Deputy Minister).

Telegrams and Express.—"I hereby certify that each item of this account has been incurred upon the requisite authority, that the expenditure was necessary for the public service, that the details are correctly given, and that the prices are according to the tariff." (Deputy Minister).

Petty Cash and Goods.—"I hereby certify that each item of this account has been incurred upon the requisite authority, and that the expenditure was necessary for the public service. I further certify that the articles charged have been received, that the services have been performed, and that the prices charged are, in my opinion, fair and just." (Deputy Minister).

AUDIT OFFICE, OTTAWA, April 9, 1890.

SIR,—Let me call your attention to the following observations on the vouchers in support of charges against the contingent expenditure of the Departments for the three months ended 30th September, 1889:

In W. J. Gerald's account for travelling expenses the following items for railway fares appear:—

July 8	—Fare Ottawa to Prescott	$2 10
do 10	— do Prescott to Ottawa	2 10
do 15	— do Ottawa to Toronto	7 80
do 17	— do Toronto to Ottawa	7 80
do 24	— do Ottawa to Toronto	7 80
do 27	— do Toronto to Ottawa	7 80
do 25	— do Toronto to London	3 40
do 26	— do London to Toronto	3 40
do 25	— do London to Petrolia	1 55
do 25	— do Petrolia to London	1 55

Please ascertain why return tickets were not purchased.

Mr. A. L. Jarvis charges three trips to London, Ont., July 13, July 25, and Sept. 16, spending $388.32, made up as follows:—

Fares	$ 82 80
Pullmans and porters	26 75
Cab-hire	47 25
Telegrams, postage and newspapers	25 02
Living allowance, 59 days	206 50

I would like to know why Mr. Jarvis did not procure return tickets in the following instances:—

July 13	—Ottawa to Toronto	$7 80
do 21	—Toronto to Ottawa	7 80
do 14	—Toronto to London	3 40
do 21	—London to Toronto	3 40
Aug. 9	—London to Gravenhurst	6 80
do 31	—Gravenhurst to London	6 80
Sept. 10	—Ottawa to Toronto	7 80
do 15	—Toronto to Ottawa	7 80
do 11	—Toronto to London	3 40
do 14	—London to Toronto	3 40

In E. F. E. Roy's travel accounts there should be explanations why return tickets were not obtained on the following trips:—

July 9	—Ottawa to Montreal	4 00
do 30	—Montreal to Ottawa	4 00
do 10	—Montreal to Quebec	6 00
do 29	—Quebec to Montreal	6 00

July 19	—Quebec to Dalhousie	$ 8 25
do 23	—Dalhousie to Quebec	8 25
Aug. 30	—Ottawa to Montreal	4 00
Sept. 2	—Montreal to Ottawa	4 00
Aug. 31	—Montreal to Quebec	6 00
Sept. 2	—Quebec to Montreal	6 00
do 3	—Montreal to Toronto	10 50
do 6	—Toronto to Montreal	10 50
do 5	—Toronto to Niagara	1 45
do 5	—Niagara to Toronto	1 45
do 7	—Montreal to Quebec	6 00
do 9	—Quebec to Montreal	6 00

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

INLAND REVENUE DEPT., OTTAWA, April 21, 1890.

SIR,—In replying to your inquiry why I do not purchase return tickets when travelling, I would state that the nature of my duties is such that I am not always in a position, when starting on an official investigation, to determine what points I may be called upon to visit, or by what route it may be most convenient for me to return to Ottawa. Another reason is, that return tickets do not permit me to stop off at intermediate stations.

I am, Sir, your obedient servant,

The Accountant of Contingencies. W. J. GERALD, *Asst. Comr.*

AGRICULTURE DEPT., OTTAWA, April 11, 1890.

In reply to question, "Why did Mr. Jarvis not procure return tickets when travelling?" I beg to say, that not knowing by what road the Minister may return, I have always deemed it wiser not to do so, but simply to procure a ticket from one station to another, as required.—A. L. JARVIS.

PUBLIC WORKS DEPT., OTTAWA, May 8, 1890.

DEAR SIR,—*Re* accounts for travelling expenses in July, August and September, 1889, I may say that I do not procure return tickets when travelling, for the reason that my movements are dependent upon those of the Minister.

Yours very truly,

The Accountant of Contingencies. ELZEBERT F. E. ROY, *Priv. Secy.*

AUDIT OFFICE, OTTAWA, May 19, 1890.

SIR,—Let me call your attention to the following observations on the petty cash expenditure of the Departments for the six months ended March 31st:—

Privy Council Office.

October 22.—J. B. Samson, to carry the writ for the County of Richelieu to Sorel, three days at $2, $6. This kind of expenditure is not authorized by the Contingencies Act.

During the six months the sum of $31.50 was expended on street car tickets, for which no vouchers are furnished. It would be well if the street railway's receipt for payment of tickets supplied were furnished as a voucher in future, as is the custom of other Departments.

President's cab-hire:—One voucher reads as follows: "Feby. 6, 1890. This is to indemnify R. W. Baldwin $16 for cab tickets required for the President. (Sgd.) J. J. McGee." Please furnish the tickets in support of this voucher.

Kavanagh Bros., goods for lunches, $44.45. Please furnish a certificate that these goods were for the use of the Privy Council.

Miscellaneous.

I observe the following payments to telegraph messengers as gratuities: Interior Department, $5.75; Inland Revenue Department, $2.25; Railways and Canals Department, $5.

If you do not agree with the view of this office that these payments are illegal, you should have obtained a ruling of the Treasury Board on the subject. I shall refer the matter to the Board.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 19, 1890.

SIR,—Let me call your attention to the following remarks on items contained in your contingent expenditure for the three months ended December 31, 1889.

Cheques 1575 for $67.50, 1883 for $58.50 and 2195 for $65.00, are in favour of R. W. Baldwin, to pay "Mrs. Patterson and two other charwomen" for October, November and December. The receipts of the charwomen should be supplied.

Cheque 1656 is for $53.75, in favour of W. D. Le Sueur, secretary, Post Office Department, being balance of his travelling expenses to Victoria B. C. Items and dates should be given for all fares, cab-hire, and sleeping-car charges, and the days for which living allowance is charged should be specified.

The payment of $50 to the Ottawa "Citizen" for advertising "Sale of Statutes" in the Christmas "Citizen" is contrary to the Order in Council of April 16, 1888, referring to advertising in pamphlets. This objection also applies to cheque 2258 charged to Customs Contingencies.

Cheque 1913 is in favour of Mr. R. W. Baldwin, of the Privy Council Office, for $30 for "confidential and special work." This payment is illegal and should be refunded, inasmuch as Mr. Baldwin is a Civil Servant.—See section 51, sub-section 1, Civil Service Act.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, May 31, 1890.

SIR,—I have the honour to acknowledge your letter of the 23rd inst., calling my attention to an extract from a letter addressed to you by the Auditor General, in which, in reference to my account for balance of my travelling expenses to Victoria, B.C., it is stated that the items and dates should be given for all fares, cab-hire and sleeping-car charges, and that the days for which living allowance is claimed should be specified.

In reply I beg to say that when I sent in my account for travelling expenses I was not aware that it was necessary to specify each item of expenditure for fares, cab hire and sleeping car charges; otherwise I could have done it without difficulty.

At this date I cannot recall the separate items and have not preserved any record of them. I may state, however, for the satisfaction of the Auditor General, that my trip covered cab-hire expenses in connection with one visit to Winnipeg, one to Calgary, three (at different dates) to Vancouver and two to Victoria, to which have to be added expenses of departure from and arrival at Ottawa, my residence being at the time two miles out of the city.

There were no charges for railway fares (proper) in my account, except for travel over the Northern Pacific line from Tacoma to Portland, Oregon. On the Canadian Pacific Railway I made use of an official pass. The sleeping-car charges were for sleeping accommodation between Ottawa and Vancouver, Tacoma and Portland, Portland and Tacoma, Vancouver and Calgary, Calgary and Winnipeg and Winnipeg and Ottawa.

Trusting the information now furnished may be satisfactory.

I am, Sir, your obedient servant,

The Accountant of Contingencies. W. D. LE SUEUR, *Secy.*

FINANCE DEPT., OTTAWA, May 26, 1890.

SIR,—When making the payment to the Ottawa "Citizen," referred to in your letter of the 19th inst., for advertisements in the Christmas "Citizen," it did not appear to me that said advertisements came within the meaning of the Order in Council of April 16, 1880, relating to advertising in pamphlets, and being duly certified by the Queen's Printer, they were paid for as newspaper advertisements.

I am, Sir, your obedient servant,

The Auditor General. R. W. BAXTER, *Accountant of Contingencies.*

AUDIT OFFICE, June 7, 1890.

SIR,—Let me call your attention to the following observations on your contingent expenditure for the four months ended April 30:—

Cheques 2715, 3161 and 3648 are in favour of R. W. Baldwin, of the Privy Council Office, for $20 each, to pay two extra messengers, J. Stack and Owen Connell, for the months of January, February and March. It will be necessary to furnish their receipts. Please state why cheques were not drawn in their own names.

Extra work by extra clerks, Privy Council:—

Cheque	2719,	D. Burke,	62	hours in	Jany.	at 50c.	.....	$31 00
do	3088	do	56	do	Feb.	do	.....	28 00
do	3535	do	62	do	Mar.	do	.....	31 00
do	2271	do	27	do	Dec.	do	.....	13 50
do	2268,	Dr. W. Loux	27	do	Dec.	do	.....	13 50
do	2718	do	62	do	Jan.	do	.....	31 00
do	3087	do	56	do	Feb.	do	.....	28 00
do	3534	do	62	do	Mar.	do	.....	31 00
do	2263	J.P. McCarthy	27	do	Dec.	do	.....	13 50
do	3554	do	129	do	(not stated)	at 33⅓c.		43 00

Please furnish a detailed statement specifiying the hours of each day which go to make up the extra time charged for above. The payments are contrary to sec. 12 of the Civil Service Act as amended in 1888.

Cheque 2318 is in favour of Mr. J. Mullin, of the Post Office Department, for confidential copying done for the Privy Council Office. The Privy Council desires to have this and similar payments charged to the vote of $100 for translation. This vote is not available for making extra payments to Civil Servants, since it does not contain an explicit proviso to that effect.

Cheque 3322, Geo. D. Pope, special confidential work (Privy Council Office), $12.50. Please furnish the rate at which Mr. Pope was paid, showing how the amount is made up.

I do not find that Miss A. Simpson and Mr. J. G. Poston, employed as extra clerks in the Post Office Department, have passed the required Civil Service examination. Please inform me of the circumstances which render their employment legal.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPT., OTTAWA, June 16, 1890.

SIR,—Referring to your communication of the 13th inst., enclosing an extract from a letter addressed to you by the Auditor General, calling attention to the fact that Miss A. Simpson and Mr. J. G. Poston, employed as extra clerks in this Department, have not passed the Civil Service examination, and asking to be informed of the circumstances which render their employment legal, I am directed to say that both the persons mentioned were employed prior to the 1st July, 1882.

I am, Sir, your obedient servant,

The Accountant of Contingencies. W. D. LESUEUR, *Secy.*

AUDIT OFFICE, OTTAWA, July 28, 1890.

SIR,—Let me call your attention to the following observations on your contingent expenditure to May 31 last:

Justice Department.

December 20, 1889.—Petty contingencies by order of Minister.$10 00
do 26, 1889 do do . 15 00
Please give the details of this expenditure with the vouchers.

Privy Council.

The following accounts are herewith returned for the certificate of the Deputy Head that the goods were received, and are for the use of the Privy Council:

S. Ashfield & Co., china tea set, 36 glasses, 2 decanters.....$23 00
A. & A. F. McMillan, 1 doz. dessert spoons, 1 doz. knives... 9 50
Ryan & Phelan, 5 doz. towels, 3½ doz. table linen..... 22 25
S. Cassidy, lunches, April and May..... 5[illegible] 50

Extra work by extra clerks during May: W. Loux, $30; D. Burke, $30; M. E. Boland, $36. Please furnish a detailed statement, showing the hours of each day which go to make up the extra time. I have not yet received the detailed statement of extra work by clerks in this Department asked for in my letter of the 9th ultimo. Let me repeat that these payments for extra services are contrary to the Civil Service Act, as amended in 1888.

Cheque 4030, R. W. Baldwin, $20.40, to pay two extra messengers for April, at 40c. a day. Please furnish their receipts and state why cheques were not drawn in their own names. See my letter of the 9th ultimo.

Cheque 4366, R. W. Baldwin, $67.50, to pay Mrs. M. Patterson, and two others (charwomen), for month of May. In my letter of the 19th May last I drew your attention to the fact that the receipts of the charwomen for each month should be obtained. I have not received any to date.

Cheques 4244 and 4037 are in favour of P. Buckley for $53 and $100 respectively for cab-hire for Privy Council Office. The accounts are certified by Mr. Joseph Pope. Please state if it was his cab-hire. If so, it will be necessary to furnish the account in detail.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, Oct. 6, 1890.

SIR,—Referring to your letter of the 2nd instant, calling attention to the following payments charged to the petty contingencies of this Department for the last fiscal year, namely:—

Dec. 20, 1889–Petty Contgcs. by order of Min. of Justice... $10 00
do 26, 1889 do do do ... 15 00

I beg to state that the first item is a payment of 25 cts. each to the telegraph messenger boys, and the second item, $15, is a payment of $5 each to three messen-

gers of this Department. I find that these payments have been made by this Department for many years past. I have, however, looked into the matter, and am of opinion that they are irregular and cannot legally be paid. They will, therefore, be discontinued for the future.

I am, Sir, your obedient servant,

The Accountant of Contingencies. R. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—Let me call your attention to the Order in Council of the 25th ultimo recommending that authority be granted for continuing the employment of Mr. S. E. Gregory, Mr. Geo. Bourret and Mrs. Morency as extra clerks in the Department of Agriculture, at $2, $1.50, and $1.25 respectively. I do not find that Mr. Gregory has passed the Civil Service examination, and no reason has been furnished why he should be exempt. Mr. Bourret and Mrs. Morency appear to have passed the preliminary examination only, which would warrant them in being employed simply as copyists, at a rate not exceeding $400 per annum.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

DEP.T OF AGRICULTURE, OTTAWA, Oct. 3, 1890.

SIR,—I have to acknowledge your letter of the 29th ult., with an enclosure of a copy of a letter to you from the Auditor-General in reference to the salaries of the following named supernumerary clerks in this Department:—Mr. S. E. Gregory, Mr. Geo. Bourret and Mrs. Morency, at $2, $1.50 and $1.25 per day respectively.

The Auditor states that he does not find that Mr. Gregory has passed the Civil Service examination, and that no reason has been furnished why he should be exempt. In relation to this, I have to state that reasons were furnished in an Order in Council dated 25th July, 1888, in which the following paragraph occurs:—

"With respect to Messrs. Gregory, Bourret and Gleason, their services in the Patent Office, in virtue of its particular requirements, have become special, in such way as to bring them within the meaning of section 47 of the Civil Service Act as regards pay."

Mrs. Morency's name was subsequently added to the list by Order in Council, in virtue of the same general order, and for the same reasons. Sub-section 2 of section 47, above referred to, reads as follows:—

"The rate of remuneration to be paid for temporary service shall not exceed the minimum salary of a third class clerk, unless the service to be performed is technical and requires special qualifications; and such temporary employment shall not be considered as giving any claim to permanent employment."

In virtue of this provision, the salaries of the extra clerks above named, on the recommendation of the Minister of Agriculture, were fixed at the rates above stated.

As respects the position of Mr. S. E. Gregory in relation to the Civil Service Examination, I understand that the definition in the extract of Order in Council above recited, of 25th July last, brings him within the provisions of section 37 of the Civil Service Act, and that those provisions apply to any vacancy in the Civil Service, and therefore include extra clerks. Mr. Gregory had for some months been paid from a vote before he was appointed an extra clerk paid from contingencies.

I cannot see that there is any reason furnished by the Auditor-General, in the copy of letter which you have communicated to me, of a nature to over-ride the authority of an Order in Council under the clear definitions of the Civil Service Act, which I have cited.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. LOWE. *D.M.A.*

AUDIT OFFICE, OTTAWA, Oct. 6, 1890.

SIR,—With reference to the letter of the Deputy Minister of Agriculture, dated the 3rd inst., which deals with the positions of S. E. Gregory, Geo. Bourret and Mrs. Morency, extra clerks, I beg to point out that in my opinion extra clerks, whether with special qualifications for their employment or not, are, under the Civil Service Act, obliged to go up to the first qualifying examination after entering upon service, if their employment continues beyond the time of an examination.

Section 37, to which reference is made by the Deputy Minister, does not, in my view, apply to extra clerks.

I think that no payment should be made to any of the three persons named, unless on application to the Treasury Board my decision be overruled.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Accountant of Contingencies.

Order in Council, August 2, 1889.—That Mr. Sedgewick, Q.C., Deputy Minister of Justice, who at the instance of the Minister of Justice proceeded to England in November, 1888, to assist in the argument before the Privy Council of the case of the Attorney-General of British Columbia *vs.* the Attorney-General of Canada, be paid for travelling expenses in connection with such visit at the rate of $10 per day while absent from Canada, and his actual moving expenses.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, 17th Sept., 1889.

SIR,—I observe that Mr. Sedgewick, Q.C., Deputy Minister of Justice, in the details of his travelling expenses during his visit to England in November last, makes a charge of $10 per day for living allowance while absent from Canada, including sixteen days on board steamer. This charge is contrary to the Order in Council of 10th November, 1886. Please ask Mr. Sedgewick for a refund.

The same account contains a charge of $24.33 for a clerk and shorthand writer. For this amount there should be a voucher.

I am, Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A. G.*

DEPT. OF JUSTICE, OTTAWA, Oct. 10, 1889.

SIR,—Referring to your letter of the 18th ultimo, enclosing one from the Auditor General to yourself, respecting two items appearing in my account for travelling expenses in connection with my visit to England last November, I beg to say that the charge of $10 per day made in that account is allowed by the Order in Council dealing with the matter, which must be considered in that particular instance as repealing *pro tanto* the Order in Council of the 10th November, 1886.

In reference to the charge of $24.33 for a clerk, I regret to say that I lost a voucher which I took, with the pocket-book in which it was contained.

I trust that this explanation will be satisfactory to the Auditor-General.

I am Sir, your obedient servant,

The Accountant of Contingencies. ROBERT SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, Oct. 15, 1889.

SIR,—I am in receipt of your letter of the 14th inst., enclosing a copy of one from Mr. Sedgewick regarding his travelling expenses during his visit to England in November last, to which I took exception in my letter of the 17th ultimo.

In reply, I beg to say that it appears to me, inasmuch as the living allowance to those who have occasion to cross the Atlantic on public business has, under Order in Council, been withheld for the time of passage to Europe and back, because there is no outlay during that period, board being included in the passage money, it seems necessary that the Order in Council in Mr. Sedgewick's case should explicitly repeal the general order before there would be ground for concluding that it was intended by Council to make an exception in this case.

To prevent future misunderstanding, it appears proper to say that the payment would, in my view, be illegal under any circumstances.

I am Sir, your obedient servant,

The Accountant of Contingencies. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, Oct. 18, 1889.

SIR,—I have your letter of the 15th instant, enclosing a copy of one from the Auditor General on the subject of my travelling expenses during my visit to England in November last.

I pointed out in my letter of the 10th instant that the charge of $10 per day while absent from Canada, and moving expenses, was authorized by a special Order in Council, and that such special order must be taken in that particular instance to repeal the general order. I note that the Auditor General considers that without an explicit repeal of the general order there would be no ground for concluding that it was intended by Council to make an exception in my case. Such a conclusion is, nevertheless, warranted by the terms of the Special Order, from which, I think, the intention of Council clearly appears.

With reference to the Auditor General's opinion that the payment would be illegal under any circumstances, I beg leave to say that, while such a remark would be correct in respect to any payment calculated to increase the salary or remuneration of any Deputy Head, officer or employé in the Civil Service, it cannot apply to a payment designed to reimburse a public servant for necessary and proper expenditure incurred while travelling on the public service.

In the present case, the allowance of $10 per day for every day absent from Canada was intended to cover all necessary expense during the whole period of my absence. I may say that, as a matter of fact, it did not cover my actual necessary expenditure.

I am, Sir, your obedient servant,

The Accountant of Contingencies. ROBERT SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—I have the honour to inform you that I purpose submitting to the Treasury Board the correspondence we had in September and October last regarding your travelling expenses to Europe in November, 1888.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A. G.*

DEPT. OF JUSTICE, OTTAWA, July 30, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 26th inst., in which you state that you purpose submitting to the Treasury Board the correspondence we had in September and October last regarding my travelling expenses to Europe in November, 1888, and in reply I beg to state that, while I cannot conceive of any possible advantage there may be in the proposed reference, I have not the slightest objection to it.

I desire to repeat that the money received by me for my travelling expenses under the Order in Council in question did not meet my actual disbursements, incurred necessarily, I think, in connection with the public business in which I was engaged.

The Governor in Council having in clear and explicit terms stated the basis upon which my disbursements were to be recouped, I conceive it to be your duty only to see that they are calculated upon that basis and upon no other.

I am, Sir, your obedient servant,

ROBT. SEDGEWICK, *D. M. J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 30, 1890.

SIR,—I beg to enclose for the action of the Treasury Board copy of correspondence in connection with a payment of $835.42 for travelling expenses of Mr. R. Sedgewick, Deputy Minister of Justice, in England.

The principal point in difference between Mr. Sedgewick and this office is whether the general Order in Council, which excludes the days spent on the steamer from the count for living allowance, has been repealed by special order in this case, and if it has whether it would then be legal to pass the allowance for those days.

I am, Sir, your obedient servant,

J. L. McDOUGALL. *A. G.*

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, Oct. 7, 1890.

DEAR SIR,—In the Civil Government Contingencies of your Department for 1889-90, I notice $156.50 paid to Mrs. P. Batterton for carrying mails to and from the Post Office for 313 days at 50c. Similar payments were made in 1888-89, and are continuing in 1890-91. Please let me know why this service is not performed by the messengers, as it is done in the other Departments.

I am, Sir, your obedient servant,

J. L. McDOUGALL,

Auditor General.

The Deputy Minister of Agriculture.

AUDIT OFFICE, OTTAWA, Feb. 5, 1890.

SIR,—On examination of the penitentiary pay-lists of the current year, I find that statutory increases have been given to the following officers from July 1 last, contrary to sub-sections 3 and 4 of section 33, Penitentiary Act, as amended in 1887, which provide that no yearly increase shall be paid until the expiry of a year, at least, from the date of appointment or from the last increase, and that such increase shall be paid from July 1.

St. Vincent de Paul Penitentiary.—O. Segouin appointed to present position May 1, 1889, and B. A. Brissette appointed August 1, 1888. These officers were not entitled to the statutory increase on July 1, 1889.

British Columbia.—C. N. Derrah appointed Nov. 1, 1888; D. C. McGillivray appointed Jan. 1, 1888; and R. J. Robertson appointed Oct. 1, 1887. McGillivray and Robertson have received two increases each since appointment, the former having been paid last year at the rate of $530 per annum from Jan. 1, 1889, and the latter at the same rate from Oct. 1, 1888. The proper yearly salary in these two cases was $500 until July 1, 1889, when they were entitled for the year then commencing to $530. Derrah should not have received any increase.

Please inform the respective Wardens of these overpayments, that the proper salaries may be paid in future and the necessary steps taken to obtain a refund of the amount overpaid.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, May 29, 1890.

SIR,—I wrote you Feb. 5 last relative to the statutory increases which had been made to the salaries of certain penitentiary officers during the current year, pointing out that such increases were contrary to sub-sections 3 and 4 of section 33 of the Penitentiary Act as amended in 1887. I find by the monthly pay-lists sent me since the date of my letter of February last that the officers in question are still paid at the increased rate. Please inform me if any action has been taken in the matter with the object of having the proper salaries paid and the overpayments refunded. As the financial year is now drawing to a close I should be obliged if this matter received your early attention.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 18, 1890.

SIR,—I notice by voucher No. 17, of the Kingston Penitentiary, that you have paid for ink purchased for that institution from Thomas McAulay. With reference to this payment I have the honour to direct your attention to the Act of Parliament respecting the Department of Public Printing and Stationery, Chapter 27, Revised Statutes. According to the provisions of sub-section 2 of section 6 of this Act, all stationery for use in the several departments of the Government of Canada should be obtained through the Stationery Office. I should like also to bring to your notice an amendment to this Act passed in the Session of 1888, respecting the purchase of printed books for the libraries, chaplains or schools of the several penitentiaries. It is enacted by the amendment that books required for the purposes stated may be procured as before June 2, 1886. Prior to that date they were obtained through the Stationery Office in accordance with an Order of the Governor in Council, dated Nov. 17, 1877, and it appears to me that the legislation of 1888 in this respect gives Parliamentary sanction to the Order of the Governor in Council.

I bring this matter to your notice, as it appears that the Penitentiary officers, on the authority of the amendment in question, are purchasing books outside of the Department of Printing and Stationery.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, March 12, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th February, in which you direct my attention to chapter 27, R.S.C., respecting public printing and stationery and to the amendment to that Act of last session respecting printed books for the libraries, chaplains and schools of the several penitentiaries.

You state that prior to the 2nd June, 1886, such books were obtained through the Stationery Office in accordance with the order of the Governor in Council, dated November 17, 1877, and that it appeared to you that the legislation of 1888 in this respect gives parliamentary sanction to that order. You further state that you bring this matter to my notice, as it appears that the penitentiary officers on the authority of the amendment in question are purchasing books outside of the Department of Printing and Stationery.

In reply, I have now to state that, in my view the printed books required for the libraries, chaplains and school libraries of the several penitentiaries are not now to be ordered through the Stationery Office.

As a matter of fact before 1886 the library books for the penitentiaries were not purchased through that office, but in the same way as other goods required for penitentiary use, and the intention of the Act was to give to the authorities of the penitentiaries absolute control of the matter, independently of the Stationery Department.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, June 10, 1890.

SIR,—I beg to bring to your notice an expenditure made by the Warden of Manitoba Penitentiary for the purpose of lunching the Governor General and party on the occasion of His Excellency's visit to that institution. The total of the vouchers furnished in connection with this expenditure is $103.77, and is included in the amounts of vouchers 40 and 56, of September and October last.

It appears to me that an outlay of this character is an improper charge against the vote for the maintenance of the Manitoba Penitentiary.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, June 12, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant, having reference to the expenditure at the Manitoba Penitentiary in entertaining His Excellency the Governor General. In reply, I beg to state that, as His Excellency announced his intention of visiting the Penitentiary, the Warden asked authority to provide a lunch. Under the circumstances the Minister allowed this, and, in my opinion, the amount, $103.77, is a proper charge against the appropriation of the Manitoba Penitentiary.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, June 12, 1890.

SIR,—Please send me a statement showing the names of the convicts discharged from the Manitoba Penitentiary during the current financial year up to April 30 last, the destination in each case to which expenses were paid, and the full amount, including travelling expenses, paid to each.

I find that, up to the date mentioned, of the twenty-two convicts discharged, eleven were paid $25 each in addition, apparently, to travelling expenses. Under sub-section 4 of section 63 of the Penitentiary Act, the maximum amount of cash authorized to be paid to a discharged convict is $20, in addition to his travelling expenses. The receipts sent to me in connection with the payments in the cases in question are not sufficient to show that this section of the Act has been complied with.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, June 30, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, respecting the amounts paid to convicts upon their discharge from the Manitoba Penitentiary. In reply, I send you, herewith, a letter received from Warden Bedson, in explanation, as well as a list showing the amounts paid to discharged convicts to April 30, 1890.

I am, Sir, your obedient servant,

The Auditor General. ROBERT SEDGEWICK, *D.M.J.*

MANITOBA PENITENTIARY, June 20, 1890.

SIR,—In reply to yours of 13th instant, covering a letter from Auditor General of same date, *re* gratuity and travelling expenses of discharged convicts in this institution since beginning of current fiscal year, I have the honour to state as follows:—

That the amount of cash furnished to each convict, and for which he gives a receipt, represents cash for travelling expenses and gratuity. In cases of the eleven convicts who received $25 cash, they were convicts whose conduct merited the maximum gratuity of $20; the remaining $5 was for their travelling expenses.

Referring to the Auditor General's concluding statement in his letter, viz., that the receipts sent him did not give him sufficient information, I beg to state that the receipts bear upon their faces the marks "T. and G.," signifying "Travelling Expenses and Gratuity."

I enclose herewith a statement showing names of convicts discharged up to April 30, with their destinations and cash payments made to each.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. S. L. BEDSON, *Warden.*

AUDIT OFFICE, OTTAWA, July 2, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ult., enclosing a statement prepared by the Warden of the Manitoba Penitentiary in accordance with the particulars asked for in my letter of the 12th ult., respecting the amounts paid to discharged convicts at that institution up to the 30th April last.

I beg to point out with reference to this statement that of the whole amount paid to the date mentioned—$604.55—Mr. Bedson has accounted for $473.50 only, leaving a balance of $131.05 unaccounted for. Please obtain for me the Warden's account of this amount.

I should like also to call your attention to the amount paid to the different discharged convicts for travelling expenses. In every case, whether the destination of the individual was Regina or Winnipeg, a sum of $5 was paid. The section of the Act of Parliament which authorizes the payment of these expenses plainly stated that each convict on his discharge shall be furnished, in addition to other allowances, with such a sum of money as is sufficient to pay his travelling expenses to the place at which he received his sentence. It seems to me, in view of this provision, that the payment of a uniform amount, irrespective of the destinations to which the different convicts were sent, is contrary to the Act.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

DEPT. OF JUSTICE, OTTAWA, August 18, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 2nd ult., having further reference to the amounts paid to the discharged convicts at Manitoba Penitentiary in 1889-90. In reply, I beg to transfer to you, herewith, an explanatory letter from Warden Bedson in regard to the payments made during the last financial year.

I have intimated to the Warden that the payments in question were irregular —that unless a convict actually has credit for earnings for overwork, no amount can be paid to him on account of any work which he may do in the Penitentiary, upon his discharge.

I have further explained to him that the Act does not authorize the payment of money in lieu of clothing, even although it might be as much in the interests of the convict, and without detriment to the revenue, if the cost of the clothing were given to him instead of the clothing itself, and I have directed him that for the future the provisions stated in Cap. 182, Revised Statutes of Canada, 63-4 must be strictly complied with.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D. M. J.*

MANITOBA PENITENTIARY, August 12, 1890.

SIR,—Referring to your letter of July 24 *re* the Auditor General's enquiries on the expenses of discharged convicts, I have the honour to answer the questions proposed as follows:—

1st. By reference to the accounts under head of "Convict Discharge." since the existence of the institution, it will be seen that it has been the custom here to give certain convicts a sum of $5 over and above the maximum amount of $20. This item of $5 I have always been of the opinion is within the meaning of the Act where it is laid down that a sum shall be given to convicts for "overwork." This I construed to mean that a convict whose services, during his imprisonment, had been of practical use to the Institution should be additionally rewarded. Having always viewed the meaning in this light a sum of $5 was awarded by me to such convicts as I deemed worthy.

2nd. *Farrell.*—This convict was most exemplary in his conduct and his work was of a responsible nature, being in charge of the stores under the Storekeeper, and on his discharge, his friends having supplied him with clothes, he was permitted to take the cash value—$23.50 as computed by the Storekeeper—of the outfit that he was entitled to receive from the Penitentiary. This amount included boots and cap—in fact every article he would otherwise have been provided with—therefore as a matter of expense it made no difference to the Penitentiary whether he took the discharge outfit or the value in cash.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. S. L. BEDSON, *Warden.*

AUDIT OFFICE, OTTAWA, July 11, 1890.

SIR,—I have the honour to bring to your notice an expenditure of $1,722, made during the months of April and May last, for erection of stables and boundary wall at St. Vincent de Paul, and charged against the appropriation under your control for the maintenance of the penitentiary at that place. With reference to this expenditure I beg to direct your attention to section 10 of the Penitentiary Act, wherein it is provided that the construction and repairs of buildings and other works at the penitentiaries shall be under the control of the Minister of Public Works.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, July 14, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant, having reference to the $1,722 paid during the months of April and May last, for erection of stables and a boundary wall at St. Vincent de Paul Penitentiary. In reply, I beg to state, that upon the return of the Minister of Justice from England, I will again write you as to the legality of the expenditure above referred to.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, July 14, 1890.

SIR,—I notice by the vouchers sent me in support of the expenditure during last year at the Dorchester Penitentiary that $417.25 was paid for the erection of a stockade from the appropriation for that institution under your control.

With reference to this payment I beg to refer you to my letter of the 11th instant, respecting a similar expenditure at St. Vincent de Paul. I should be glad to have your opinion as to the legality of these payments.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

PENITENTIARY BRANCH, OTTAWA, July 18, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, respecting the expenditure of $417.25 during the financial year ended June 30, 1890, for the erection of a stockade at Dorchester Penitentiary. In reply I beg to state that this matter will have to await the return of the Minister.

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA Sept. 2, 1890.

SIR,—I beg to bring to your notice an expenditure of $8,355.18 during the financial year ended June 30 last at the Kingston Penitentiary for the construction of penal cells. I beg to point out that this expenditure is open to the same objections as the expenditure at St. Vincent de Paul and Dorchester to which I called your attention on the 11th and 14th July last.

Included in the expenditure for maintenance of the British Columbia Penitentiary there is a charge of $1,418.85 for furniture for the Warden's quarters. It appears to me that the articles furnished under this head, carpets, curtains, clocks, and the like, are perquisites not allowed to the Warden or other Penitentiary officers by section 8 of the amendment to the Penitentiary Act, passed in the session of Parliament of 1887.

I am, Sir, your obedient servant,

The Deputy Minister of Justice. J. L. McDOUGALL, *A. G.*

JUSTICE DEPT., OTTAWA, Nov. 15, 1890.

SIR,—Referring to your letters of the 11th and 14th July, and the 2nd September, calling attention to certain expenditures made by this Department at the Kingston, St. Vincent de Paul and Dorchester Penitentiaries, and questioning the legality of such expenditures, I have now to state that this Department has no doubt but that the payments in question are legal. The expenditures referred to were incurred under the authority of the Minister, and the persons to whom the liabilities were incurred had a right to be paid whether the liabilities were incurred in accordance with the Public Works Act or not.

The Public Works Act is considered, as regards this question, as directory merely. If its provisions have not been literally followed the Minister of Justice believes that the following explanation will be sufficient.

The works to which you refer are done by the officers of the Penitentiary to utilize convict labour as much as possible and the services of the trade instructors of our staff.

Full explanation was given to Parliament, and when the funds were voted for these works they were voted at the request of the Minister of Justice and as part of the funds to be expended by the Department of Justice.

The mode in which they were expended was deemed to be decidedly the best in the public interest.

I am, Sir, your obedient servant,

The Auditor General.

ROBT. SEDGEWICK, *D. M. J.*

AUDIT OFFICE, OTTAWA, March 6, 1890.

SIR,—In examining the expenditure of the House of Commons for the six months ended December 31, 1889, I notice that the enclosed accounts for printing, binding and books do not carry evidence that the articles and work charged for were ordered through the Department of Printing and Stationery, as required by 51 Vic., cap. 17, Sec. 2.

Please have these accounts certified by the proper officer of the Department of Printing and Stationery, and in future kindly see that the requirements of the Act referred to are complied with.

J. L. McDOUGALL, *A.G.*

J. G. BOURINOT, Esq.,
Clerk of the Commons.

AUDIT OFFICE, March 31, 1890.

DEAR SIR,—In answer to your memo. of the 20th instant, with reference to the Clerk's signature, I should be glad to have the signature to each account of the House of Commons, whether such account should also be certified by the Sergeant-at-Arms or any other official.

I am, Sir, your obedient servant,

The Accountant, House of Commons. J. L. McDOUGALL, *A.G.*

HOUSE OF COMMONS, OTTAWA, April 1, 1890.

SIR,—I have the honour to acknowledge the receipt of your communication o the 6th ultimo, asking for some explanation why certain accounts you enclosed a the same time had not been certified by the officers of the Printing and Stationer Department.

The facts relating to this matter are briefly as follows:—

That the House of Commons, as you are aware, had for the past twenty-tw years always paid for all books and pamphlets out of the grant for miscellaneous and not out of the stationery grant.

That this practice continued without question until the beginning of the presen financial year, when this Department was duly notified that the new Printing an Stationery Bureau was at last in a position to purchase all books for the Hous Accordingly since then all new orders have been made in due form through th proper office.

It happened, however, there were a number of old accounts unsettled, and tha a number of orders for legal and some other expensive books, chiefly new edition had been ordered previous to the commencement of the new arrangements. Thes accounts have been naturally paid out of miscellaneous, and were not closed until short time since. As these books were not ordered, for the reason stated, throug the Stationery Bureau, they could not, of course, be certified by its officer as w would have wished. All the accounts of this character, which were due to ou agents in Montreal, London, Toronto, and New York, were not finally settled unt February last.

It may be added that through a misunderstanding of the time when th Stationery Department was ready to assume these duties, the stationery grant f the present year was not increased in order to meet these necessary expenditure Under such circumstances the old accounts would have had to be paid out of th miscellaneous grant, even if certified in the form now requested.

As respects the accounts for binding, &c., it is right I should mention that th department had no notification that the new Printing and Stationery Departme was in a position to undertake work for us until some time in October, and ev after that we were given to understand that it would be desirable that the c arrangement should continue until the end of December, which was done. Of cour

now, with the closing of all old accounts, the new system is in complete operation in the Department and is working satisfactorily.

All accounts that properly fall within its purview will be duly certified as you require; and if they have not been in the few cases to which you direct attention, you will see that it arose from circumstances which were exceptional in their nature and could not well be guarded against.

I am, Sir, your obedient servant,

The Auditor General. JNO. GEO. BOURINOT.

AGRICULTURE DEPT., OTTAWA, Dec. 5, 1889.

SIR,—I have to inform you, in reply to your letter of the 2nd instant, on the several points therein referred to, that:—

(1.) Mr. Shepard's employment is not based on the authority of an Order in Council. It is purely temporary, directed and authorized by the Minister of Agriculture.

(2) As respects Mr. Gerald's employment, in virtue of the Order in Council to which I referred in my letter of the 28th ult., I beg to point out that Mr. Gerald has been employed in the same manner as at present for a period of sixteen years, and during the whole of which time no question of clashing of duties has ever arisen. Further, permit me to add that the question of proper performance of his duties is one for which the respective Departments are responsible.

(3.) With reference to the account of Mr. Metcalfe for travelling expenses: It is correct, as you state, that my initials were fixed to that account, which was rendered on a slip of paper before it was pasted on the Departmental form of certificate. It is correct, as you surmise, that my initials in this case were intended, and did carry with them a recognition of the fact that all the requirements of the Audit Act, in respect to this account, had been complied with. I was personally aware of everything in connection with the account. I had, personally, previously obtained the Ministerial authorization for the service, and I was also personally aware that the charges in the account were correct.

In reference to the last remark in your letter, I think it well to add, and this I believe is also perfectly known to you, that, perhaps with the exception of this particular account, all expenditure of this nature is certified to on the printed Departmental forms to which I have previously referred, and that this account forms scarcely an exception, for the reason that it was attached to one of those forms when initialed; my contention in support of this being, in reply to your remarks, that the Audit Act does not bind me to any particular form.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

NOTE BY AUDITOR GENERAL.—This letter is a reply to mine of Dec. 2, 1889, shown on page D–53 of my Report for 1888–89.

AUDIT OFFICE, OTTAWA, Oct. 28, 1890.

SIR,—In the vouchers of Mr. Jas. W. Robertson on account of seed barley there is an item of $7.75 paid to the Queen Fire Insurance Co. through their agent at Montreal, Jas. J. Riley, for premium on Insurance amounting to $5,000 on grain in warehouse, from 5 April to 15 April. There is also a payment of $29.36 to Mr. Riley, which includes an item of $7.75 for $5,000 insurance on grain in warehouse for 10 days. Please inform me if these payments are for different risks, or a double payment on one and the same risk.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 29, 1890.

SIR,—In the expenditure in January by R. Macpherson, Immigration Agent at Kingston, there is a payment, Jan. 1, of $1.50 to M. Hughes and two lads delivering papers during 1889. Kindly inform me if this payment is for actual work performed, or is of the nature of a gratuity. Does not the subscription to the papers include delivery?

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Nov. 7, 1890.

SIR,—In your letter of the 29th ultimo referring to the Kingston Immigration Agency, you asked to be informed whether a payment of $1.50 to M. Hughes and two lads delivering papers in 1889 was for actual work performed or for a gratuity.

I referred the question in your letter to Mr. D. Macpherson, the agent; and he has replied me as follows: "With reference to the item of $1.50 in contingencies "for January, it is made up of $1 paid to Mary Hughes, a young girl who daily dusts "and sweeps my office, also makes the fire in winter, and who is in the employ of "Mrs. Hitchen. One each New Year's morning, for some years past, I have handed "her one dollar on reaching my office, where I spend all of each New Year's Day in "preparing my annual reports. The fifty cents I paid to newspaper delivery boys "for their upwards of 300 visits each during the year. Both of these items have "appeared in contingencies for years, as can be seen by examining previous December "or January accounts."

You will see from this explanation that the payment of $1 to Mary Hughes was for the service stated; and that the 50 cents to the news-boys was a payment in the form of an accustomed gratuity.

I am, Sir, your obedient servant,

The Auditor General. JOHN LOWE, *D.M.A*

AUDIT OFFICE, OTTAWA, Dec. 9, 1890.

SIR,—Referring to your letter of the 7th ultimo, relative to certain payments by the Immigration Agent at Kingston, it appears to me that the payment of $1 to Mary Hughes is of the nature of a gratuity, she being in the employ of Mrs. Hitchen, who is paid $10 a month for cleaning the office. All payments of this nature are illegal, no services having been rendered which were not covered by the regular wages. The payment to the boys who deliver papers is also a gratuity.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 27, 1890.

SIR,—I notice that in October, 1889, Mr. Wm. Blair, of the Nappan Experimental Farm, received a cheque of $750 from Mr. Saunders for the purpose of purchasing cattle. Cattle to the value of $924.73 were purchased in the same month,

and in December a pair of oxen was sold for $210. Of this amount $174.73 was retained to balance the cattle account, while only the remainder, viz., $35.27. was deposited to the credit of the Receiver General and credited to Farm Revenue. This procedure is in contravention of the Treasury Minute of January 14, 1889, which directs that all the proceeds arising from the sale of any cattle or farm produce be deposited to the credit of the Receiver General, and that no part be used to supplement the year's grant. I have therefore to ask that you apply for a transfer, debiting Experimental Farm Expenditure and crediting Farm Revenue with the amount of $174.73.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

CENTRAL EXPERIMENTAL FARM, OTTAWA, Nov. 11, 1890.

SIR,—Referring to the letter of the Auditor General under date of October 27, I would say that instructions were given by me in the autumn of 1889 to Wm. M. Blair, Superintendent of the Experimental Farm, Nappan, N.S., to purchase cattle for the purpose of consuming the food produced on the farm and for making manure, such purchases not to exceed $750. These instructions were exceeded by an over-expenditure of $174.73. On ascertaining this I advised the Superintendent that there were no funds available to meet this excess of expenditure, but that as the Auditor Genera had given me to understand that there was no objection to our effecting exchanges of cattle on the Experimental Farms, his only course to meet this liability, was to turn in as an exchange a pair of steers which he had for sale from a purchase made in 1888. It seems that he did not fully understand my meaning in the instructions given; and instead of handing these steers to the parties to whom the amount was owing and thus making a direct exchange with them, he—finding he could dispose of them to better advantage to another party—adopted that course, paid the money owing from the amount received, and sent the balance forward to be paid to the Receiver General, thus conforming to the spirit of the instructions but not to the letter.

I am, Sir, yours very truly,

The Dy. Minister of Agriculture. WM. SAUNDERS, *Director.*

AUDIT OFFICE, Oct. 31, 1890.

SIR,—With further reference to the payment of $50 to R. J. Wicksteed for a collection of maps for the Archives, I now beg to ask if the maps were mounted when purchased, or if the mounting was done after their purchase. Please give me also a detailed list of the maps in question, showing by whom they were issued.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURAL DEPT., OTTAWA, Nov. 25, 1890.

SIR,—With reference to the enquiry in your letter of the 21st ult., asking for further details in relation to the payment of $50 to Mr. R. J. Wicksteed for a collection of maps for the Archives service; also, whether such maps were mounted when purchased, or whether the mounting was done after their purchase; also, asking for a detailed list: I send you herewith a detailed list of the maps in question, and I have to inform you that they were mounted before they were purchased. Mr. Brymner informs me that the cloth which would have been necessary for the mounting would have cost $60—that is, more than the whole purchase. Mr. Wicksteed having been willing to furnish this collection of maps for the Archives Records for a nominal consideration.

While furnishing you with the above information, I think it well to add that I find that the question of price in this case is a question of the responsibility of the

Minister of Agriculture and not that of the the Auditor General. I do not understand you to say that you have any question as to the propriety of the charge to the appropriation.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D. M. A.*

AUDIT OFFICE, OTTAWA, July 28, 1890.

SIR,—The following items are taken from Dr. Montizambert's "Contingencies" account in connection with the expenditure at Gross Isle Quarantine:—

Season's allowance for horse and conveyance					$200.00
Cab and ferries					12.00

(Please mention the Order in Council which authorizes this allowance, and explain why any extra charge for cabs or ferry should be made.)

Allowance in lieu of rations, June 1889,	30	days at	$1.00...		$30.00
Living allowance " "	4	"	3.50...		14.00
Allowance in lieu of rations, July "	31	"	1.00...		31.00
Living allowance " "	5	"	3.50...		17.50
Allowance in lieu of rations, Aug. "	31	"	1.00...		31.00
Living allowance " "	8	"	3.50...		28.00
Allowance in lieu of rations, Sept. "	30	"	1.00...		30.00
Living allowance " "	1	"	3.50...		3.50
Allowance in lieu of rations, Oct. "	31	"	1.00...		31.00
Living allowance " "	3	"	3.50...		10.50
Living allowance " "	7	"	5.00...		35.00
Allowance in lieu of rations, Nov. "	30	"	1.00...		30.00
Living allowance " "	5	"	3.50...		17.50
Allowance in lieu of rations, April 1890	30	"	1.00...		30.00
Living allowance " "	6	"	3.50...		21.00
Cash accounted for, "expenses"					17.50

Please furnish details for the item designated "expenses."

Be good enough to explain why Dr. Montizambert is entitled to a per diem living allowance of $3.50 for periods which are clearly covered by the "Allowance in lieu of Rations" of $1.00. Dr. Montizambert should refund the over-payment.

In connection with the charges against your vote for Public Health I find a sum of $600 paid to Dr. Montizambert for four months' allowance for services and expenses from 1st December, 1888, to 31st March, 1889, while travelling at his own expense and studying in Europe steam disinfection and quarantine methods, at $150 per month.

As Dr. Montizambert is a permanent officer of the Civil Service, with an annual salary of $2,400, upon which he pays superannuation, any extra remuneration is illegal.

It appears probable, from the dates of Dr. Montizambert's absence, that he made the trip without Departmental instructions, and that he is consequently not entitled either to payment for his services or his travelling expenses. If he had Departmental instructions he is entitled to such portion of his travelling expenses as it was arranged he should receive.

The following charges for "expenses of crew" are to be found in the Contingencies Account:

Anderson, A.	$10 50	Lapointe, A.	$ 8 25
Daucause, G	13 58	Lacroix, W.	41 75
Doherty, J.	48 25	Masson, E.	3 00
Filteau, E.	41 75	Roe, J. P.	1 00
Langlois, C.	78 78	Turcotte, F. X.	25 63
Lapointe, M.	8 75	Turcotte, J. B.	15 23

Would you please ask Dr. Montizambert to obtain hereafter a separate detailed account of any outlay or claim each member of the crew may have?

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Dy. Minister of Agriculture.

AGRICULTURE DEPT., OTTAWA, Nov. 7, 1890.

SIR,—I have to inform you, in reply to your letter of 28th July last, in which you ask explanation in relation to Dr. Montizambert's contingencies in connection with the quarantine expenditure at Grosse Isle, that I referred your letter to him for his remarks. He has replied by a letter dated 3rd of August last, a copy of which I send to you herewith. It contains a categorical answer to your questions.

You further ask me to mention the Order in Council which authorizes the allowance referred to. In reply, I also send you herewith a copy of an Order in Council passed on 27th March, 1867.

You will see from this Order that it authorizes the quarantine station at Grosse Isle to be put on the same footing and under the same regulations as in the year 1864. You will gather from these Orders that the practice which has been followed has been uniform for more than a quarter of a century.

You will further notice from the Order in Council sent to you that the Minister was authorized to make such changes in the regulations as he deemed necessary from time to time, and that he was also authorized, by such Order, to make any change which he might consider advisable in the regulations established by the Order in Council of 29th April, 1864. In other words, the Minister of Agriculture was practically authorized to administer the vote for the Grosse Isle service in such way as he considered advisable.

In virtue of such plenary power I find that the Minister of Agriculture authorised, by Departmental letter, dated the 27th October, 1869, the allowance of $200, to which you refer, for a horse on Grosse Isle, and further, that by a Departmental telegram, dated on 14th October, 1870, he authorized that "lodging and fuel for themselves and their families should be afforded to the wintering parties on Grosse Isle."

The practice as respects allowances, to which you refer, moved by the reasons stated in the letter of Dr. Montizambert, has been uniform since the dates mentioned. But I may add that the administration and practice, authorized by the Minister of Agriculture in virtue of the plenary power above referred to, has been strict within the limits prescribed; and the expenditure, each year, has been carefully looked into.

I am, Sir, your obedient servant,

J. LOWE, *D. M. A.*

The Auditor General.

QUARANTINE STATION, GROSSE ISLE, Aug. 3, 1890.

DEAR MR. LOWE.—I beg to acknowledge the receipt of your letter dated the 27th ult., enclosing copy of a letter from the Auditor General on the subject of my accounts, and asking me to furnish you with specified notes referring to each item.

Our Quarantine Regulations are in force for "the eight months next following the first of April in each and every year." During those eight months only in each and every year are the members of your Grosse Isle staff employed and paid as quarantine officers; and all our salaries are accordingly at so much a month for the eight (or in some cases seven and a-half) months. A few of the staff are also separately employed as caretakers at the station during the winter months; for this they receive separate winter salaries. But the rest of us scatter to our homes in different parts of Canada on the closing of the station at the end of each November, and only re-unite at the re-opening of the next spring. During December, January, February and March our time is at our own disposal, and we receive no

pay. This has been the usage ever since the station became a station in 1832. A reference to our pay-lists will show how our total salaries are made up—so many months, at so much per month—eight for the Medical Superintendent and for the engine-room staff of the steamers, as we have to begin preparations by 1st April, and seven and a-half months for the others who come on duty from 15th April, the day fixed, approximatively, for the annual re-opening of the station. In my own case I receive the same $300 a month during the quarantine season, for work all round the twenty-four hours, that my predecessor, Dr. Douglas, received for work from 8 a.m. to 6 p.m. In the four winter months I am unpaid, and that time, although worthless to me professionally, is my own.

Horse Allowance.—The allowance for horse and conveyance is for use at this station. The detention and hospital divisions are a mile and a-half apart. The Medical Superintendent has to pass on duty constantly between them. This allowance is to help him to keep the horse necessary for this. As the horse has to be maintained all the year around, or else I have annually to buy a horse in spring when horses are dear, and force his sale in autumn when horses are cheap, and as a man has to be kept to attend to him, the allowance of $200 will be seen to be a moderate one. This allowance was always given to my predecessors, and was confirmed to me when I became Medical Superintendent in 1869. The charges for cabs are for an occasional necessary transfer whilst away on duty. The ferry charges are for crossing from Quebec to Lévis in winter and spring, to superintend (gratuitously) repairs, etc., to the quarantine steamers wintering at Lévis. Neither of these items can be obviated by my having a horse at Grosse Isle during the season.

Ration Allowance.—The so-called "allowance in lieu of rations" has come down under that name from the earliest years of the station. It is to cover the extra expense of living here, in the way of the higher rates we have to pay for marketing it by order, instead of personally. The insurance on furniture here (my official residence here, and even my office being furnished at my own expense), the expense of a caretaker for town house vacant during the summer, the frequent loss of meat and other perishable articles brought down on the steamer during the hot weather, the higher wages we have to pay servants to come to a quarantine station, etc.,—in fine, to cover the extra expense of residence here, and have my salary as undiminished by the causes peculiar to this service, as are those of other civil servants living elsewhere. When I leave this for a few days to go to Quebec, Rimouski, Ottawa, or elsewhere on duty, I have the usual hotel bills, etc., to meet, and must therefore draw the usual allowance of $3.50 a day in Canada, or $5 a day in the United States, the peculiar expenses for which the so-called "allowance in lieu of rations" is given being in no degree lessened by such occasional absences.

Travel in Europe.—The answer to this will be found in my introductory explanations. The services for which this payment was made to me were rendered during the period, 1st December to 31st March, during which I am annually unemployed and unpaid.

Expenses of Crew.—When convalescent immigrants or seamen are sent up from here to Quebec the precaution has always been taken of sending up an interpreter or orderly to see that they do not fall into bad hands, but to make them over to the Quebec immigration agent, or to the shipping master as the case may be. As none of our staff are fed by Government, $1 per diem has always been allowed to pay the living expenses of such officer whilst absent on such duty. As regards the crew: when the Minister of Agriculture visited this station, soon after the inauguration of our own steamboat service to Quebec in place of a contract with a market steamboat, the crew submitted to him that they were put to expense for living whilst absent. The Minister thereupon authorized me to charge for this in my contingencies at the rate of $1 per diem when absent on the two days trip, and at the rate of 25 cents for their dinners when they go up and return the same day. The charges at these rates, with the dates of the trips for each man, I have fully detailed in each month's account.

Believe me, yours very truly,

The Dy. Minister of Agriculture. F. MONTIZAMBERT, M. D.

Order in Council, March 22, 1867.—On a memorandum dated 21st March, 1867, from the Honorable the Acting Minister of Agriculture and Emigration, representing that in view of the approaching opening of navigation it is necessary to organize the quarantine station at Grosse Isle; that the intelligence received from the United Kingdom and the European continent speaks favourably of the sanitary condition of those countries: He therefore recommends that the quarantine station be put on the same footing and under the same rules and regulations as in the year 1864, copy of which he submits, and that he be also authorized to make such changes in those rules and regulations as may be deemed necessary from time to time. The Committee advise that an Order in Council be passed enacting regulations similar to those adopted by an Order in Council of 29th April, 1864, and that the Minister of Agriculture be authorized to make such changes therein from time to time as he may deem necessary. Certified. W. HIMSWORTH, *C.P.C.*

AUDIT OFFICE, OTTAWA, Oct. 7, 1890.

SIR,—I notice in the vouchers for Care of Archives that payments were made to W. Pennington for 31 weeks to May 31st, at $12 a week, "for personal services." Please describe the nature of the services performed.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Nov. 14, 1890.

SIR,—In reply to the enquiry in your letter of the 7th ultimo, in reference to payments for services on account of Archives to Mr. W. Pennington, I have to inform you that he is a bookbinder employed in a room of the Department in binding Archives, which, by the terms of a general Order in Council, cannot be removed from the office. The work is done under an arrangement agreed with the Queen's Printer's Department.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, March 14, 1890.

SIR,—Let me call your attention to some remarks upon the vouchers in support of charges made against the following votes under your charge, up to 31st January, 1890:—

Health Statistics.

Washing Towels.—Mrs. Taylor, 8 months to Jan. 31, 1890, at $2, $16.00. This usually appears as a charge against the Departmental vote for contingencies. Please let me know your reasons for including it in your charges against this vote.

Census and Statistics.

Extra Services.—J. Thomson, superintending removal of models, $44.24. In view of section 12 of the "Civil Service Act," as amended in 1888, there is no authority for this payment, and I must ask you to obtain a refund of the amount.

Cheque 4575—C. Charlebois, copying from 13th July to 20th August, 38 days at $1—$38. This account is not certified. The account appears to include payment for copying on Sundays.

Cheque 4963—Automatic Refrigerator Co., ash case for fyles, $3. The Department of Public Works has charge of the furnishing of the public buildings, to which vote this charge belongs.

Cheque 4574—F. C. Chittick, on account travel, $40. This should be made a charge against your vote for Departmental contingencies. Please furnish details.

Accounts for travel should bear the following certificate: "The whole of the expenditure was incurred on Government business," signed by the officer incurring the expense. See Order in Council of Dec. 17, 1889.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 28, 1890.

SIR,—Let me ask your attention to some observations on the vouchers in support of charges against your vote for Immigration contingencies for the seven months ended Jan. 31, 1890.

Hamilton Agency.

R. Rissman, services, July 14, to Dec. 31, at $1.25 per day.	$230	
do do January, at $50 per month.....	50	
do Sunday night-watching, June to Nov. 30.....	32	50

Please state the nature of the service for which this payment is made, and point out the necessity for extra pay for services designated "Sunday night-watching."

Kingston Agency.

R. Macpherson, cheque 12403 for $21 covers a payment of $2 to Mrs. Muckleston's Orphan's Home. Is this not a personal subscription?

Ottawa Agency.

C. A. T. Akerlindh, services July to Jan. at $1.75.....	$ 376	25
do extra night services attending immigrants, 23 at $1.....	23	00

Does the ordinary salary not cover the services for attending immigrants? If not, please state what the payment for services does cover. The accounts for extra services are not certified by the agent.

Ottawa City, Corporation taxes for year 1889..... ..... $63 70

Please inform me if this payment covers the taxes on any portion of the building other than that used for the immigrant office.

Toronto Agency.

A Gaunt, services, July 1 to Nov. 30, at $1.....	$153	
do do Dec. and Jan., at $50.	100	
do do as clerk, and during absence of agent, to Nov. 30, 158 days, at 50 cts.....	78	
do meeting night trains to Nov. 30, 77 nights, at $1.....	77	

If the nature of the services which the ordinary pay covers were shown to be such as not to interfere with the performance of his extra service as clerk in the office during Mr. Donaldson's absence, for which extra pay is allowed, it might be evident that "meeting night trains" was not also covered by his regular pay, and that the extra allowance is thereby necessary. From Mr. Donaldson's accounts for travel it appears that he was absent 54 days in all.

J. A. Donaldson, expenses of office from July 1 to Jan. 31, 1890, $125.87; cleaning sheds, &c., at various times, $13.90; cab-hire, $53; street car fares, $32.15; expenses covered by vouchers, $26.82. If Mr. Donaldson would give the names of the persons to whom he paid $13.90 for "cleaning sheds at various times," with the dates, as well as the calculation of the amount ($53) paid for cab-hire, showing it to be in accordance with the city tariff and to places not to be reached by street cars, together with the dates and amounts of the expenditure on street cars each day, it would relieve his accounts of that vagueness which marks them as they stand.

J. A. Donaldson, travel, $375; fares, $298; hotel, $77. The hotel expenses should be detailed showing the expenditure at each place on the particular date of visit.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 29, 1890.

SIR,—Let me call your attention to some remarks I have to make upon the vouchers in connection with the vote for "Care of Archives."

Travelling.—D. Brymner, from 10th to 26th July, $42.35. This account does not bear the dates on which each item of expenditure was made. The Order in Council of December 17, 1889, requires all officers travelling on Government business to sign the certificate: "The whole of the expenditure was incurred on Government business." A charge for single fare each way was made, while return tickets are good for thirty days. Travel of Civil Servants should be charged to Civil Government Contingencies.

Purchase of Books.—51 Vic. chap. 17, sec. 2, as amended in 1888, directs that all books shall be purchased through the Stationery Office.

R. J. Wicksteed.—Collection of 1,356 maps, $50.00. Please give more minute details of this sum, showing by what calculation the amount was arrived at.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 1, 1890.

SIR,—Cheque 5222 covers a payment of $40.32 to T. H. Morgan for extra services superintending removal of models from Western Block to Langevin Block from 16th July, 1889, to 27th August, 1889, at the rate of 28 cents per hour.

Mr. Morgan is a Civil Servant, being employed and paid under the authority of an Order in Council out of your vote for Civil Government Contingencies. I must therefore point out that the payment for such extra services was illegally made. (See section 12, Civil Service Act, as amended in 1888).

A similar payment was made by cheque 4671 to J. Thomson, amounting to $44.24, to which I called your attention in my letter of 14th March, 1890.

Please obtain a refund of the above amounts. Charges such as the above do not seem to be covered by the vote for "Census and Statistics," nor does there seem to be any connection between them.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 1, 1890.

SIR,—The following payments for advertising were made by the High Commissioner for Canada in London, England:—

Voucher 688—Laughton & Co., in "RoyalAgricultural."	$ 48 67
Voucher 728—Thos. Skinner, in "Canadian Gazette"...	143 35
Voucher 773—Thos. Skinner, in "Canadian Gazette"...	143 35
Voucher 772—Royal Agricultural Hall Co., in Catalogue.	20 44
Voucher 775—C. A. Cooper, in "Emigrant," 4 months...	12 17

Please explain why the certificate of the Queen's Printer does not support these payments. A specimen copy of the advertisment should be attached to each account.

Voucher 721—R. Berns, storage of exhibits "as arranged by Sir Chas. Tupper's letter to me of Oct. 1, 1888.".. $146 00

Please send me a copy of the letter referred to in the above account.

Voucher 727—H. J. Burton & Son, "Mounting moose head on oak shield."..... .... $ 17 03

This is described in the account as the "property of J. G. Colmer, Esq., and delivered to J. H. Hubbard at Colonial and Indian Exhibition." It is not clear why this service was made a charge against the Government. In your explanation please state what disposition was made of the head after exhibition.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Aug. 6, 1890.

SIR,—I have the honour to make the following statements in reply to the enquiries in your several letters respecting the expenditure by this Department for the year 1889-90 under the heads of the several votes administered under the responsibility of the Minister of Agriculture. An answer was not earlier furnished for the reason, first, that it was desired to make the statement as a whole, and, second, because some of your inquiries involved correspondence with the London office and distant agencies of the Department.

Washing Towels.—This item has been apportioned between the ordinary Civil Government Contingencies and the services under the votes for Census and Statistics, and Health Statistics, in consequence of a large number of temporary clerks being paid from the votes under the heads named. The apportionment is made as accurately as possible.

Extra Service, J. Thomson and T. H. Morgan.—The payments to each of these extra clerks, for assisting in removing the records and other property of the Department from the West to the Langevin Block, were $44.24 to Mr. Thomson and $40.32 to Mr. Morgan, each at the rate of 28 cents per hour. You call my attention to section 12 of the amended Civil Service Act of 1888, and you tell me that these payments, being made to Civil Servants, are illegal, the parties being appointed by Order in Council and paid from Civil Government Contingencies. In reply I have to state: it is true Messrs. Thomson and Morgan were appointed by Order in Council, but only to the position of "supernumerary and temporary" clerks, in virtue of section 47 of the amended Civil Service Act. I do not find that section 12, Civil Service Act, to which you refer me, sustains your contention. It states explicitly that no extra pay shall be given to any Civil Servant, or employee, "or to any person permanently employed in the public service." Messrs. Thomson and Morgan are not "permanently employed." On the contrary, sub-section 2 of section 47, above referred to, in virtue of which they are appointed, states in terms that "such temporary employment shall not be considered as giving any claim to permanent employment." (51 Vic., chap. 12, sec. 11). You will see, therefore, that by statutory definition these gentlemen cannot, under their present respective appointments, be other than "supernumerary and temporary" clerks; and thus by the terms of section 12, to which you refer, they are excluded from the provisions of the enactment.

I have to say, in relation to your further remarks on this head, that the extra services which were paid for were necessary in the interest of the public service, and even urgent for the Department at the time of its removal, in order not to prolong unduly the agony of that operation. It was desirable that the Department's own employees should look after its own documentary property. You remark that "models" do not seem to have any connection with "census and statistics." The inference is undoubted. But it is yet a fact that the models, and census and statistics documents, were removed together; and I think you will admit that the Department is the most competent judge of the apportionment of its own services.

C. Charlebois, copying, 38 days at $1 a day, $38.—You remark that this account is not certified, and appears to include payment for copying on Sundays. The absence of the certificate is simply an error in sending to you the account without it. It will be furnished. The work was done outside of the Department under my personal direction. The copying covers 170 large pages of tabular matter of 18½ by 12½ inches each page; and many pages would include three or four ordinary folios. I consider, therefore, that there is a large amount of work for 38 days, including the ruling of the folios in columns.

Automatic Refrigerator Co.—Ash case for fyles, $3.—It was represented by the officer in charge that this was wanted immediately at the time. It was therefore purchased and paid for from the Census vote, as a petty item of Census contingencies, not to be a precedent for any considerable expenditure, but as a short cut in a particular and exceptional case for securing efficiency. The routine of a requisition is sometimes more than a month.

F. C. Chittick.—Travelling expenses, $40.—The details of this item have been furnished. As respects your remark that it should be charged to Civil Government Contingencies, I adhere to the explanation given to you in previous correspondence on this subject. The enumeration of services in the Civil Government Contingencies Act, which may be paid from contingencies, is simply permissive. It establishes only that travelling expenses of Civil Servants may be charged to contingencies. But I am not aware it is anywhere stated, when a Department is charged to give effect to a particular vote of Parliament, that such Department may not authorize any necessary expenses to do so to be charged to that vote. Travelling in the service of this Department is frequently necessary to give effect to votes for public health, quarantine, immigration, census and statistics, archives, international exhibitions, &c.; and its Civil Government Contingencies are not estimated to cover such expenditure. But, as I explained to you before, when travelling is ordered by the Minister for any general service of the Department the expense is always charged to Civil Government Contingencies, in accordance with the permission of the Contingencies Act.

Certificate to be attached to accounts for travelling expenses.—There is no objection to use, and the Department will in future use, the form of certificate to which you refer, it being prescribed by Order in Council. But I may be permitted to point out that the carefully considered printed form of certificate which has been in use by the Department is precisely to the same effect, and, in my opinion, quite as searching. Such certificate is in the following words: "I certify that the above account (the particular service and vote being part of the statement by the printed form), is correct and just in all respects; that the distances as charged have been actually and necessarily travelled; and that the expenses above charged have been actually incurred and paid at the rates therein specified."

Hamilton Agency.—Mr. Rissman's services.—Mr. Rissman is caretaker, messenger and interpreter. He speaks several languages. In addition to his ordinary duties, he attends the Sunday night trains, and was allowed $1.25 extra a day for this service. The item of $50 for January is a re-adjustment, including the extra service.

Kingston Agency.—$2 paid to Mrs. Muckleston's Orphan Home.—You ask if this charge is a personal subscription. It is not such. It is a charge for services; and as a condition of its payment, Mrs. Muckleston allows the immigration agent to send the children of destitute immigrants to the Home, until the parents themselves have work for them.

Ottawa Agency.—Mr. Akerlindh, $23 for extra services.—You ask if Mr. Akerlindh's ordinary pay does not cover this. The answer is, it does not. His ordinary pay, $1.75 per day, covers his ordinary day's service, such payment being very moderate for the efficient services he renders and his special attainments, he being skilled in the Scandinavian and German languages. The extra night services for which $23 were paid, from July to January, cover a charge for meeting special immigrant trains arriving very late at night.

Ottawa City Corporation.—Taxes, $63, for the Immigration Agency.—You ask if this payment covers the taxes on any portion of the building other than that used for the immigration office? The answer is, that it covers the whole building, including the portion used for the dwelling of Mr. W. J. Wills. Both dwelling and taxes have for many years been allowed to Mr. Wills, for the reason that his living at the office ensures his constant attendance, both for night and day services, the night service being of constant recurrence. This form of remuneration for Mr. Wills' night services, not covered by his ordinary salary, is thought to be extremely moderate.

Toronto Agency.—Services of Arthur Gaunt.—The services of Arthur Gaunt have been charged at $1 per day as caretaker; but he is at the same time an interpreter, a telegraph operator, and a clerk assistant in the office. It has been considered better, in order to avoid the extra charges to which you refer, and which have been paid for many years, to make him one payment of $50 per month, to cover all services. This has been done.

Expenses of Toronto Immigration Office.—I communicated to Mr. Donaldson your request to be furnished with details in the particulars stated; and for an answer to your question I think it better to give you his letter in reply. It is hereto annexed.

Mr. J. A. Donaldson's hotel expenses.—You say the details of these should be given. The Department has not asked for details of hotel expenses of agents travelling when it was seen that they were less than the usual living expenses allowed to agents when travelling. All Mr. Donaldson's charges have been checked by this rule.

Mr. Brymner's travelling expenses.—Archives Service.—The remarks in a preceding paragraph of this letter, relating to Mr. Chittick's travelling expenses, are substantially the answer to your question under this head. As respects the single fare ticket to which you refer, Mr. Brymner writes to me to explain as follows: "The reason single tickets were taken in the journey of July, 1889, was that by tak-"ing returns no stop-over is allowed. I was, therefore, obliged to take single tickets, "or to go to one of the places, come home, and return to the other, a waste of time "and money."

Purchase of books for Archives—You call my attention to the Act 51 Vic., cap. 17, section 2, of 1888, which you say "directs that all books should be purchased through the Stationery Office." I cannot see that your reference applies to the case in question, in that the law simply refers to books purchased for the use of the Department. The books purchased by Mr. Brymner for Archives are not ordinary books, which might be purchased by the Comptroller of Stationery in the open market. They are, on the contrary, for the most part, special books, probably out of print, in the hands of private parties, bearing on the history of Canada, and for the purpose of being classified and kept under the special provisions of the Order in Council referring to Archives documents. You will see, therefore, that the section to which you refer has no relation whatever to documents of this nature.

R. J. Wicksteed, Collection of maps for Archives, $50.—You ask for more details, showing by what calculation the amount was arrived at. I have obtained from Mr. Brymner the following report on this head: "With respect to the maps bought from "Mr. Wicksteed, I may state that the mounting alone of this large collection "amounted to $130, exclusive of the value of the maps unmounted. The maps were "wanted, and having due regard for economy, I offered Mr. Wicksteed $50, which "sum was accepted."

Cutting machine, $13.85.—The cutting machine referred to was necessary for the binding of the Archives in the Department. This binding has to be done in the Department, in accordance with the provisions of an Order in Council forbidding any documents whatever to be taken out of the Archives branch, for any reason.

London Office accounts.—Advertising in "Royal Agriculture," "The Canadian Gazette," &c.—You ask why the certificate of the Queen's Printer does not support the payments for advertising in England, specified by you. The general Order in Council having relation to this matter refers to such advertisements as are published in Canada. The conditions that prevail in England are quite different, and the practice is, that the Minister authorizes the High Commissioner to advertise to a certain specific extent, he acting under his responsibility as to making the best terms under the regulations relating to advertising in England. The checking of accounts for English advertisements could not well be done with efficiency in Canada. As respects copies of advertisements with the accounts, a request will be made of the High Commissioner to furnish such as desired by you.

R. Berns, storage of exhibits.—The following is the statement in Sir Charles Tupper's letter to Mr. Berns, of 1st October, 1888, referring to this matter, and with which you desired to be furnished. "Mr. Colmer, on his return to London, informed "me of his conversation with you on the subject of the goods from the Antwerp "Exhibition, now in your warehouse. I confirm the arrangement discussed between "you and Mr. Colmer, and which is mentioned below; but before doing so, I wish "it to be perfectly clear that my action is without prejudice to the position the

"Government have all along taken in the matter. On this understanding I agree "to make you a payment of $146 for your services, and for the supervision you "have exercised in connection with the goods, which amount, I believe, you accept "in settlement of all your charges upon the goods up to the present time. On the "other hand, you undertake to carry out my direction on behalf of the various "exhibitors with regard to the goods, and I now enclose you a list of the exhibits in "your possession, with my instructions written against each case."

Such was the settlement agreed to by Sir Charles Tupper for long claims by Mr. Berns for services extending over the period of the Antwerp Exhibition, and for the storage of exhibits during that period.

Mounting a moosehead on oak shield, $17.03.—I have to state that the explanation furnished to the Department was, that this was a head lent by Mr. Colmer for a characteristic ornamentation of the Canadian Department of the Colonial and Indian Exhibition. The expense incurred had for its object to place this ornament in position, to be made available for the use of the exhibition; and such was the service for which the money was paid. After the exhibition the head was returned to its owner.

I have replied *seriatim* to all the questions you have put respecting the expenditure of the appropriations of this Department for the last fiscal year.

I am Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

IMMIGRATION OFFICE, TORONTO, May 5, 1890.

DEAR SIR,—In reply to yours of 2nd containing complaints from the Audit Office respecting office expenses at that agency, I beg to reply as follows:—

Cleaning sheds, $13.90.—This was disbursed in small sums of 50 cents and upwards. I have generally given the job to any needy immigrant who may be about and willing to earn a trifle in cleaning up after the people have left. As this sometimes occurred three or four times in a week I did not keep names and dates, nor get receipts. Will, however, do so in future, if you think it necessary.

Cab hire, $53.—From the accounts sent in monthly you will see that all dates are given and places to which cabs are taken. Out of this total, the sum of $21.25 was expended in taking Messrs. Colmer, Dyke and Just about the city at various times when they were here. The tariff for cab hire in the city is $1 per hour, and there are few times when an hour and a-half has been exceeded, which is as small an amount of time as can be taken to do business between this place and the city.

Street car expenses.—The distance of the office from the business centre of the city necessitates my using the street cars often, the expenses of which may amount to a little over a dollar a week, and this includes a number of tickets I give to immigrants. Trusting these explanations will be satisfactory,

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. A. DONALDSON.

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—Referring to paragraph 17 of your letter of 6th August last regarding the taxes on Mr. Wills' house and office, I beg to ask for the authority under which the allowance was first made.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 9, 1889.

SIR,—With further reference to the payments for moving models during the last fiscal year from the vote for "Census and Statistics" to Messrs. Morgan and Thomson, two extra employés, charged to Civil Government Contingencies, I under-

stand your view to be that these extra employés do not come under the words of the amended sec. 51 of the Civil Service Act: "Any employé in the Civil Service of Canada or any other person permanently employed."

The extra employés charged to Civil Government Contingencies belong to the Inside Service. This is understood and acted upon by the other Departments. My reading of the section is that "permanently employed" refer only to persons who are not, technically speaking, in the Civil Service. If my reading is correct every person in the Civil Service, whether permanently or temporarily employed, is prevented from legally receiving extra pay.

Please make the refund at your early convenience, or take the other course prescribed by sec. 47 of the Audit Act: an appeal to the Treasury Board against my ruling "that extra clerks charged to Civil Government Contingencies are employees in the Civil Service, and as such are unable to receive extra pay."

I admit your proposition that the Department is the best judge of the distribution of its expenditure; but sec. 44 of the Audit Act, "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide," prevents me from accepting a payment for removing models as a charge against "Census and Statistics." However, this question will lose its immediate importance if the amounts are refunded.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFEICE, OTTAWA, Oct. 30, 1890.

SIR,—Referring to that part of your letter of August 6 in explanation of the direct purchase of an ash case for fyles for the Census Branch, I beg to say that the alleged urgency of the requirement is not a valid excuse for the infringement of an Act of Parliament.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Dy. Minister of Agriculture.

AGRICULTURE DEPT., Nov. 7, 1890.

SIR,—Referring to your letter of the 30th ult. in relation to the direct purchase of an ash case for fyles for the Census Branch, you state that the alleged urgency of the requirement is not a valid excuse for an infringement of an Act of Parliament.

I should feel much obliged if you would kindly indicate the section of the Act to which you refer as authority for this statement.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Nov. 17, 1890.

SIR,—I beg to acknowledge receipt of your letter of the 7th inst., asking me to indicate the section of the Act which would prevent your purchase of an ash case for the Census Branch.

In reply I beg to refer you to Consolidated Statutes, chap. 36, sec. 5, sub-sec. 2, which reads as follows: "The Minister (of Public Works) shall have the management, charge and direction of the heating, maintenance and keeping in repair of the Government buildings at the seat of Government, and any alterations, from time to time requisite therein, and the supplying of furniture and fittings, or repairs to the same."

I understand this to mean that the Minister of Public Works alone has the supplying of furniture and fittings for the Government buildings at Ottawa.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Nov. 20, 1890.

SIR,—I am obliged for your letter of the 17th inst., in reply to mine of the 7th, indicating the section of the Act on which you rely for the statement in your letter of the 30th ult., to the effect that the alleged urgency of a departmental requirement is not a valid excuse for an infringement of an Act of Parliament.

The question has relation to an item for a purchase from the Automatic Refrigerator Company of an ash case for fyles for the Census service, of the value of $3.

I was fully aware of the section of the Act to which you refer (sub-sec. 2, sec. 5, chap. 36, Con. Stat.) I had, previously, carefully considered its provisions. The reason of my question to you was to ascertain if there were any further statutory provisions on which you relied for authority in telling me that my explanation to you relative to an item to which you took exception had only for its basis an "infringement" of law.

I cannot agree with your conclusion, for the following reasons:—

The item in question is a contingency, by every sign by which a contingency is known, and comes under the definition of sub-section (*h*) of section 2 of "The Contingencies Act," which contains a definition in the following words: "Petty expenses, not exceeding, in any Department, a sum apportioned by Order in Council"—that is to say, not exceeding our contingency vote.

The items of "petty expenses" are undefined, and therefore may apply to any petty service for which there is immediate need—such being, by the Act last referred to, a departmental contingency.

While I allege, however, the fact of the item in question being a contingency, as a general answer to the statement in your letter, I think it well to say to you that it was a special provision of law, relating to the Census, on which I relied for my action, and respecting which it appears from this correspondence that you have been unaware.

I beg to call your attention to the provisions of the Census Act, this item of expenditure having been incurred for the service of the Census. Section 26 of chapter 58 of the Consolidated Statutes of Canada contains the following provision:

"All expenses incurred in carrying this Act into effect shall be paid out of such moneys as are provided by Parliament for that purpose."

The administration "of such moneys" and "carrying into effect this Act," under this provision of law, are responsibilities which belong to the Minister of Agriculture. I have only to add that this item of petty contingencies was one considered to be necessary for carrying this Act into effect, and, therefore, has been properly paid.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Dec. 9, 1890.

SIR,—In reply to your letter of the 20th ult., regarding the purchase of an ash case without the sanction of the Public Works Department, I may say that the small sum involved might justify the cessation of the correspondence, but that it seems necessary to obtain a clear appreciation of the principles which should govern this class of expenditure.

The appropriation from which such articles should be paid is one thing: the restrictions on the purchase are a separate and distinct thing.

I do not think that the clause in the Census Act which you quote justifies the charge of the cost of articles of furniture for use in the Department to the Census appropriation; but whatever doubt there may be with reference to this point, there is nothing in the section to warrant the purchase, except through the Public Works Department.

You do not contend that you can procure stationery or get printing done except through the Department of Printing and Stationery, or that you can incur obligations for legal services except through the Department of Justice, although the

payments are charges against appropriations assigned to the Department of Agriculture. Is the Public Works Act less clear in this case than the Printing and Stationery Act, or the Order in Council with reference to legal services?

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Nov. 8, 1890.

SIR,—I have carefully considered the several statements in your letter of the 9th ultimo in reply to mine to you of the 6th of August last, on the subject of a payment for services after office hours from the Census and Statistics vote to Messrs. Morgan and Thomson, two supernumerary and temporary clerks in this Department, their salaries being paid from Civil Government Contingencies, and I do not find the reasons stated in your letter at all conclusive of the questions in issue.

I find the discussion would have been very much clearer if you had used in your letter the exact words of the statute, in place of substitutions which you furnish as equivalents.

For instance, you state that "extra employés" charged to Civil Government Contingencies belong to the Inside Service, by which term I take it that you mean the regular Civil Service. There is no such word in the Civil Service Act as "extra employé." The 47th section, in virtue of which "supernumerary and temporary clerks" are employed defines them throughout in the words "supernumerary and temporary clerks."

You state to me: "I understand your view to be that these extra employés do "not come under the words of the amended section 51 of the Civil Service Act, "'and any employé in the Civil Service of Canada, or any other person employed "'permanently.'"

The word "employé" appears in section 51, but not in the terms of your quotation. You have separated it from its context and altered its shade of meaning, in order to give it that which you wish to enforce. The section reads:—

"No extra salary or additional remuneration of any kind whatsoever shall be "paid to any Deputy Head, officer or employé in the Civil Service of Canada, or any "other person permanently employed in the public service."

I find that there is an ambiguity of definition in these words, but I can only understand the meaning of "employé," in the category of "any Deputy Head, officer or employé," "employé" being used as a generic word to include all the kinds of persons employed in the regular service, as distinguished from "supernumerary and temporary" clerks, afterwards distinctly specified in the Act; and the subsequent clause of the section quoted "or any other person permanently employed in the public service" seems clearly to fix the intention of permanency in this provision.

You say to me that your reading of the section is that "permanently employed" refers only to "persons who are not, technically speaking, in the Civil Service."

I should like to ask how any clerk can be permanently employed in any of the Departments in the Inside Service and not, at the same time, be a Civil Service clerk? And you add:—

"If my reading is correct, every person in the Civil Service that is permanently "or temporarily employed is prevented from legally receiving extra pay."

Much as I generally respect your opinions, I should have considered the value of this one to have been very much greater if it had been supported by any authority from the words of the Act.

Sub-section 2 of section 47 of the Act states in express terms, in reference to the employment of "supernumerary and temporary" clerks, that such temporary employment shall not be "considered as giving any claim to permanent employment." But if, on the other hand, these temporary supernumeraries could be held to belong to the "Inside Service," a term which can only mean the Civil Service, which is perma-

nent, what becomes of the meaning of the express term of the Act, that such "supernumerary and temporary employment as theirs, shall not 'be considered as giving any claim to permanent employment.'"

If, therefore, the disabilities in section 51 refer to the permanent staff of the Service, and I do not see that it can be held to have any other meaning, I cannot at all understand your objections to the payment to Messrs. Morgan and Thomson, referred to in this correspondence.

You further tell me in your letter above referred to that while you admit the proposition that the Department is the best judge of the distribution of its own expenditure, you still hold that the provisions of the Audit Act prevent you from accepting a payment for removing models as a charge against Census and Statistics.

In reply to this I have to say that I stated to you in express terms of my letter of 6th August last that the two supernumerary and temporary clerks referred to were engaged, with other permanent clerks of the Department, to whom no extra pay could be given, out of office hours, in removing the models and records of the Patent Office, and also, at the same time, the very voluminous records connected with Census and Statistics. It was, therefore, an error in making out the accounts to apportion the services referred to to the models. The apportionment ought to have been to Census and Statistics. I therefore ask that the form of the accounts be amended, as an error. I state positively that in the joint services the payment to Messrs. Morg an and Thomson can properly be apportioned to the removal of the heavy records connected with Census and Statistics.

Of course, if you still adhere to the conclusion in your letter of the 9th inst., it will only remain to ask for an appeal from such decision to the Hon. the Treasury Board, in virtue of section 47 of the Audit Act.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—Referring to the correspondence regarding the payment of Messrs. Morgan and Thomson for extra services, I beg to suggest that the question be referred by you to the Treasury Board.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 30, 1890.

SIR,—Referring to that part of your letter of August 6 (paragraph 25), relating to the purchase of books for Archives, I beg to say that I cannot agree with you in your interpretation of the section of the Printing and Stationery Act already referred to by me. You state that "the law simply refers to books purchased for the use of the Department," and that the section in question "has no relation whatever to documents of this nature." A careful reading of this section will show that the purchase of *all* books must be made through the Stationery Office. This refers to books required both directly and indirectly for the use of the Department, as will appear from the exceptions made in the latter part of the section. These exceptions are books required for the Library of Parliament and books required for the chaplains, libraries or schools in the penitentiaries, none of which can be said to be directly for the use of the Departments.

As regards your reference to the Order in Council referring to Archive documents, I beg to remind you that no Order in Council can modify the application of an Act of Parliament. Probably it is inexpedient to buy books for the Archives through the Stationery Office. If so, the Act should be amended.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 13, 1890.

SIR,—Let me call your attention to some irregularities in the details of your cheques issued in payment of Colonial compensation pensions.

1. All cheques should be made out, "pay to the order of ," and not "pay to or bearer," or "pay to or order."

2. The person who signs as witness to pensioners' marks should not be the maker of the cheque (see cheque 19 to C. Cavanagh.)

3. Cheques should be made out in the name of the pensioner, and his signature is necessary as endorser (see cheque 28 to Francis Hughes.)

I am, Sir, your obedient servant,

Capt. JOHN ROBERTS, Hamilton. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 15, 1890.

SIR,—The certificate attached to the accounts of the Government Cartridge Factory, Quebec, is written as follows:—"I certify that the above account is correct as regards the quantities received, the prices of the articles, and the amounts therein mentioned, and that none of the above items have been previously certified for payment." This certificate does not include the necessary declaration that the "prices are fair and just, or according to contract."

No certificate was attached to Voucher 5 of December in favour of Chinic Hardware Co., for 16 casks of iron strips, 13,527 lbs., at 4½ cents, $608.72. The account forwarded to this office appears to be a *copy* only. Please send me the original.

In Voucher 9 of November, in favour of Chinic Hardware Co., for 19 casks of iron strips, 14,893 lbs., at $4.87—$725.29—that portion of the certificate which reads "the prices of the articles" was scored out. Please explain the different rates of 4½ cts. and 4.87 cts. per lb. paid for iron strips in the above accounts.

Payments amounting to $3,394.36 from July to December for *piece work* at the Cartridge Factory are unsupported by the receipts of the persons who received the money. Please obtain a paylist comprising the six months ended 31st December,

1889, with the signatures of the claimants, and I would ask that in future the signatures of the employés, as well as the calculations by which the amounts are made up, be included in the paylist for piece work.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.C.*

MILITIA DEPT., OTTAWA, May 14, 1890.

SIR,—In reply to your letter of April 15, on the subject of expenditure for Government Cartridge Factory, Quebec, 1889-90, I have the honour to state as follows:—

1. The original voucher, No. 5, December account, 1889, Chinic Hardware Co., for 16 casks of iron strips, 13,527 lbs., at 4½ cents, $608.72, asked for by you (copy fyled with the account) was forwarded to the Customs Department at Ottawa for refund of duty, $87.92, to that firm, and the duty, it appears, was refunded to the firm on February 14, 1890. The Superintendent of the Cartridge Factory states that he did not certify the prices of the articles, as the claim contained the charge for Customs duty, and an item of $4.20 for cartage which he did not consider the Department of Militia should pay. Both of these items were deducted by the Militia Department on payment of the account.

2. "Voucher No. 9, November account, 1889, Chinic Hardware Co., 19 casks of iron strips, 14,893 lbs., at $4.87 cents, $725.29 "certificate relative to prices scored out." The Superintendent explains that he scored out that part of the certificate, because he thought the prices appeared a little too high, but there was, however, extra packing, &c., in this case, to secure strips from rust, a previous lot having suffered in this respect, and, he adds, "that may account for advanced prices."

3. Payments for piece work.—I forward herewith the Superintendent's letter of the 28th ultimo., in explanation, in which he points out the impracticability of obtaining receipts, and that most of the piece work operatives are uneducated children, whose receipts would have no practical value; also that the system followed at the Government Cartridge Factory, Quebec, for paying piece work operatives is exactly that of the Royal Arsenal at Woolwich, England, and he adds that the interests of all concerned are protected by his constant personal control.

I am, Sir, your obedient servant.

The Auditor General. C. EUG. PANET, *D.M.M.*

GOVT. CARTRIDGE FACTORY, QUEBEC, April 28, 1890.

SIR,—With reference to your letter *re* expenditure for Cartridge Factory, I beg to reply as follows:—

1. I shall take necessary steps to have a stamp made and use it as my certificate on claims for stores received.

2. I enclose copy of correspondence *a*, dated Nov. 5, 1889, explaining why I withheld my certificate on account of Chinic Hardware Co., dated June 12, 1889; subsequently I received a telegram from the Secretary of Hon. Minister of Militia and Defence to send account not certified (copy of telegram herewith I enclose). Also copy of my correspondence dated Dec. 12, 1889, *b* explaining what had become of the account as far as I knew, which may help to explain why a copy was fyled for payment instead of the original and duplicate, and why I was obliged in answer to your telegram of Dec. 16, 1889, (copy herewith), to send a certificate as to articles being for Militia purposes, on a separate document.

3. I scored out my certificate as to price being correct on the account of Chinic Hardware Co. dated Nov. 4, 1889, $725.29, because the price appeared to me a little high. However, there was extra packing in this case to secure strips from rust, a previous lot having suffered in this respect. That may account for the advance

charged. I would renew my suggestions on the advisability of obtaining from the Chinic Hardware Co. quotations before ordering material. I refer on this subject to my letter of Nov. 5, 1889, copy marked *a* herewith.

4. I answer on this subject by a separate letter reproducing, in the main reasons given on the subject in my letter dated Feb. 3, 1885.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

CARTRIDGE FACTORY, QUEBEC, Nov. 5, 1889.

SIR,—With reference to correspondence dated Nov. 2, 1889, on the subject of a claim from Chinic Hardware Co. of Quebec, being an account for $701.46 for quantities of iron strips supplied to the Government Cartridge Factory, and dated June 12, 1889, I beg to state: (1.) This account was presented to me and I refused to certify it as it contained a charge for cartage, $4.20, which it is unusual to allow; (2. Because there was an amount of $87.93 charged for duty on the iron strips which it was also unusual to pay, as the Department had already refused to pay such duties. If it is thought proper by the Department that these amounts should be allowed on the bill I am quite ready to certify it, as otherwise the account is correct in so far as the quantities are concerned. As regards the price there is an advance of 12½ per cent. over the importation of 1887. I think this cannot be explained by any reasonable fluctuations of the market, and I would again insist upon quotations being obtained from the Chinic Hardware Co. before giving orders for material. I shall await instructions.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

CARTRIDGE FACTORY, QUEBEC, Dec. 16, 1889.

SIR,—With reference to the account of the Chinic Hardware Co. dated June 12, 1889, the amount of which is $697.26, including duties, but no cartage, for iron strips supplied to the Government Cartridge Factory, I sent this account to the Department duly certified in duplicate, Nov. 14 last. The duplicate only was subsequently returned to the Chinic Hardware Co. through me, to get back the amount of Customs duties refunded and deducted from the amount of the account. I further communicated with the Chinic Hardware Co. on the subject, and they had in possession the duplicate account until the 14th inst., when, I am informed by them, they sent it to Ottawa. I am therefore unable to certify on the account itself as your telegram of to-day directs me to do, that the articles were received and required and used for the manufacture at the factory of small arm ammunitien for the Militia of the Dominion. I therefore send a certificate to the above effect as a seperate document, which you will please find enclosed.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

CARTRIDGE FACTORY, QUEBEC, April 28, 1890.

SIR,—With reference to memorandum dated 24th instant, inquiring if the request of the Auditor General can conveniently be met, as regards obtaining receipts from the piece-work operatives employed at Government Cartridge Factory, for sums paid to them, I beg to state that such course is not practicable in an establishment of this kind. The operatives (who are not permanent) must be paid weekly, as this is the custom of the general trade, and we must be governed by it here, when going into this labour market for our employees.

There is a constant changing of hands going on—some leaving after a week or even a few days. There is not a manufacturing establishment anywhere, I believe,

where the signing of receipts of the kind asked for is in force for piece-work operatives. Signing pay sheets would mean several hours waste of time diverted from manufacture every week, which cannot be afforded. As to detaining operatives after hours for this purpose it cannot be done. I may add that most of the piece work operatives are children, uneducated, and their receipts would have no practicable value.

The system followed at this establishment for paying piece work operatives is exactly that of Woolwich Arsenal.

The interests of all concerned are I trust fully protected in this matter by my constant personal control, and I hope the system followed at present may be allowed to be continued as the most conducive to fair returns for expenditure incurred.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. O. C. PREVOST, *Supt.*

AUDIT OFFICE, OTTAWA, April 16, 1890.

SIR,—Payments were made to R. Watson for "work done during month inspecting military clothing," &c., as follows:—

June,	13½	days work at	$10 per diem.....	$135 00
July,	7½	do	do	75 00
August,	6½	do	do	65 00
Sept.,	7½	do	do	75 00
Oct.,	8	do	do	80 00
Nov.,	9½	do	do	95 00

The above accounts are not made out in sufficient detail, inasmuch as they do not show the dates on which the inspections were made. The description of the services is rendered too indefinite by the use of the symbols "&c., &c."

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

MILITIA DEPT., OTTAWA, April 30, 1890.

SIR,—In reply to your letter of the 16th instant, I have the honour to state that the Inspector of Military Clothing has been directed to give the details, as required by you, in future claims rendered by him for services as inspector, in connection with this Department.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D. M. M.*

AUDIT OFFICE, OTTAWA, April 18, 1890.

SIR,—Cheque 327 covers a payment of $85.56, for which the following account has been received:—

Estate late Lt.-Col. Lamontagne to C. A. Dumaine, Undertaker, June, 13, 1889.

B. W. casket extra trimmed and lined with zinc.....	$50 00
Dressing and shaving, corbillard, decorating room.....	15 00
Body cooler and ice, 3 days	5 00
12 candles.....	3 00
52 yards crape at 18 cts.....	9 36
9 yds. ribbon at 10 cts.	0 90
2 pairs kid gloves.....	2 30
	85 56

The above account is "forwarded and recommended for payment" by Lt.-Col. d'Orsennens, D.A.G., and "forwarded" by Major General Sir Fred. Middleton. Please explain why this was made a charge against the Government? The usual gratuity

of two months' salary, $283.32, was paid to the widow of the late Lt.-Col. Lamontagne, and I understand is intended to cover such charges as the above. It would seem that the item was inadvertently included in the Paymaster's accounts. If so, the amount should be refunded.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA DEPT., OTTAWA, April 23, 1890.

SIR,—The account to which my attention is called by your letter of the 18th instant, was not inadvertently included in the Paymaster's accounts. The claim was made by the widow of the late Lieut.-Col. Lamontagne. This officer commanded the district in which he died and was buried with military honours. This account was duly examined and recommended to be paid as a fair and reasonable charge against the public. It was paid upon the order of the Minister.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D. M. M.*

AUDIT OFFICE, OTTAWA, April 26, 1890.

SIR,—In answer to your letter of the 23rd instant, I may ask your attention to the Order in Council of Feb. 1, 1868, which provides that a gratuity of two months' salary be paid to the widow of a deceased permanent officer. The wording of the Order shows that the gratuity is intended "to defray the expenses of illness and funeral." The sum of $283.32, being two months' salary, was paid to the widow of Lieut.-Col. Lamontagne, and in view of this fact I cannot see that the Government is in any way responsible for a second charge for funeral expenses. I would therefore ask that the amount, $85.56, be refunded, having been covered by the gratuity of $283.32. I cannot certify this as a correct charge against any vote of Parliament.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 21, 1890.

SIR,—With reference to previous correspondence regarding the payment of the undertaker's bill in connection with the funeral of the late Lieut.-Col. Lamontagne, I beg to inform you that I shall have to refer the matter to the Treasury Board as required by the Audit Act, Section 31, unless I hear from you soon that the amount has been refunded.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 18, 1890.

SIR,—I have the honour to enclose herewith, under Sec. 31 of the Audit Act, for the information of the Treasury Board, a copy of correspondence with the Militia Department with reference to the payment of the funeral expenses of the late Lieut.-Col. Lamontagne.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—Among the vouchers in support of expenditure for "Drill Sheds and Rifle Ranges, Care and Maintenance" are two covering one year's rent of the Cataraqui

Bridge, Kingston. These vouchers lack certification. I enclose them herewith, and wish that you would request the Commandant of the Royal Military College, or some other competent person, to state that the price charged is fair and just.

The amount of each voucher is $701.91. Please let me have details of the calculation.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITA DEPT., OTTAWA, Dec. 23, 1890.

SIR,—In returning to you the vouchers in support of expenditure for "drill sheds and rifle ranges, care and maintenance," which accompanied your letter of the 10th instant, I have the honour to state, that the payment therein mentioned is for six month rent due to the Cataraqui Bridge Co., of 300 pounds sterling per annum, $1,403.82. This bridge is used for the troops, and the obligation to pay the above rental was transferred from Her Majesty's military authorities in Canada, in 1870, to the Government of Canada, the latter receiving as a compensation the revenue of the Queen's wharf, Quebec.

I am, Sir, your obedient servant,

The Auditor General. C. E. PANET, *D. M. M.*

AUDIT OFFICE, OTTAWA, April 21, 1890.

SIR,—Rev. J. A. K. Laflamme, Quebec, was paid by cheque 384 the sum of $100 for "geological information afforded to Major General Cameron and Major Mayne, and a detailed examination of the land slide in Champlain street."

I presume you are not aware that Abbé J. A. K. Laflamme is allowed $400 per annum by the Geological Survey Branch of the Interior Department, for reporting on the geological features of that district. It would seem that any information in this respect should be at the command of the Government without extra charge.

The account, which is only a copy, does not bear the certificate of Major General Cameron, "that the services were performed and the information afforded."

J. E. Livernois by cheque 305, was paid $40 for photographs of the disaster and views of Quebec. This account is not certified as being "necessary and in the interest of the public service."

Babcock & Sons, Montreal, book and job printers, cheque 291, $8. All printing should be done by the Queen's Printer.

Major W. M. Drennan, K. F. B., claim for injury while at camp—pay of rank, 31 days at $3.90, $120.90; allowance, 31 days at $1.00, $31.

The certificate of the two medical practitioners is not furnished to this office (par. 907, R. & O. 1887). Why is this outlay not charged to "Annual Drill?"

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 27, 1889.

SIR,—I notice in the accounts supporting your application for a Bill of Exchange on London, England, in favor of Wm. F. Stanley, for instruments for the Royal Military College, Kingston, that there are some articles in the account which appear similar to those usually obtained through the Stationery Office. I point this out now, that in future all articles which can be had through the Stationery Office may be obtained through it.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, Feb. 24, 1890.

SIR,—Your application of the 21st instant, for Bills of Exchange on London, England, includes one in favor of Wm. Clowes & Son, for the sum of $170.13, to cover an account for books not purchased through the Stationery Office. Let me call your attention to my letter of Dec. 27, 1889, in which I pointed out the necessity of procuring all stationery and books through the Stationery Office direct. (Sec 51 Vic., Chap. 17, Sec. 2). As I am unable to pass the item referred to, I return the application in order that you may make the necessary change.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

MILITIA DEPT., OTTAWA, March 13, 1890,

SIR,—Adverting to your letter of the 24th ultimo, respecting the account of Messrs. Clowes & Son for $170.13, for books not purchased through the Stationery Office, I have the honor to state that I apprehend the meaning of the clause of the Act referred to (51 Vic., Cap. 17, Sec. 2) to be that, when it specifies "Books and other articles of Stationery," blank books for office use are referred to, which are in effect articles of Stationery; whereas the classification of literary works as "articles of stationery" is, I consider, not a proper interpretation of the Act as it stands.

The books in question at the present moment having been purchased from the firm in England in good faith, for the use of the Government, I would again ask for payment therefor.

I am, Sir, your obedient servant,

The Auditor General. C. E. PANET, *D.M.M.*

AUDIT OFFICE, OTTAWA, March 14, 1890.

SIR,—The interpretation you give to 51 Vic., cap. 17, sec. 2, as amended in 1888, respecting the purchase of "Literary Books" otherwise than through the Stationery Office, does not, I regret to say, agree with my understanding of the intention of that clause of the Act.

The section says that "Books and all other articles of stationery of whatsoever kind" shall be purchased through the Department of Printing and Stationery, "except that books which are procured for addition to the Library of Parliament, and printed books required for the use of chaplains, libraries and schools in the penitentiaries" may be procured as before June 2, 1886.

This "exception" clause appears to leave no doubt as to the meaning of the general enactment.

I regret my inability to pass the item of $170.13 in payment of the account of Wm. Clowes & Son for books for the use of the Military College.

Sec. 32, Sub-sec. 1 [*c*] of the Audit Act, provides for an appeal from my decision to the Treasury Board.

I am, Sir, your obedient servant,

The Dy. Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE OTTAWA, April 12, 1890.

SIR,—The following certificate is attached to the Departmental form for Hotel Expenses of officers travelling on the Public Service, and signed by the claimant: "I certify upon my honor that I was actually and necessarily detained at the above named places on the Public Service; for the periods charged for; that the amount claimed was actually and necessarily expended and paid by me on the Public Service; and that I returned to my fixed residence with the least possible delay consistent with the due performance of the duties on which I was employed."

The account to which this certificate is attached is made out at the rate of $3.50 per day, indicating that the claim was for the allowance for subsistence, and not for

actual outlay. If so, it seems to me that the portion of the certificate which reads "that the amount claimed was actually and necessarily expended and paid out by me on the Public Service" should be scored out by the claimant before his signature is attached. This was properly done by Brigade Major J. K. McShane only. The following Brigade Majors signed the above certificate without alteration for the sums opposite their respective names :—

Lt. Col.	Aylmer	39	days at $3.50		$136 50
do	Gray	43	do	do	150 50
do	Lewis	47	do	do	164 50
do	Mather	18	do	do	63 00
do	Pope	4	do	do	14 00
do	Roy	13	do	do	45 50
do	Hughes	12	do	do	42 00
do	Taschereau	48½	do	do	169 75
do	Irving	15	do	do	52 50

I call your attention to this in order to bring out the necessity of having certificates properly understood before they are signed by any officer in the Public Service.

Cheque 297 covers a payment to G. A. Hughes for travel during the month of October, 1886, amounting to $61.50. Please explain why this was not met at the time the expense was incurred.

The following payments for transport of Brigade Majors were made charges against this vote :—

Grand Trunk Railway	Cheque	392	$30 87
Michigan Central Railway	do	359	80
Richelieu & Ontario Navigation Company.	do	377	4 00
Grand Trunk Railway	do	223	16 93
do	do	288	33 27
Central Vermont Railway	do	56	1 75
Grand Trunk Railway	do	73	18 71
Intercolonial Railway	do	3 N.B.	8 60

Without the requisition for such transport it is impossible to tell from the accounts of the railway company which Brigade Major incurred the charge.

Let me point out that vouchers in support of livery-hire should be furnished, and that the Order in Council of December 17th, 1889, requires that a certificate be attached to accounts for travelling expenses as follows: "The whole of the expenditure was incurred on Government business," to be signed by the officer who incurred the expense.

I am, Sir, your obedient servant,

The Deputy Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA DEPT, OTTAWA, April, 23rd 1890.

SIR,—In reply to your communication of the 12th inst., I have the honour to state that a new form of certificate for transport and personal allowances of militia staff officers travelling on Militia Government Service will be adopted to suit the circumstances referred to in your letter.

The claim of Brigade Major Lieut. Col. Hughes for travelling expenses in October, 1886, $61.50, was received in that month, and returned to the Brigade Major for explanation. The claim was retained by that officer, and only received back in October, 1889, with the explanations, when the claim, being considered satisfactory, was paid.

The transport vouchers for all the services paid on the railway claims as per official cheques, alluded to by you are herewith forwarded.

I am, Sir, your obedient servant,

The Auditor General. C. EUG. PANET, *D.M.M.*

FINANCE DEPT, OTTAWA, May, 12th 1890.

SIR,—In November last a deposit of $5,737.95 reached this Department from the Department of Militia and Defence; on looking at the receipt I was led to enquire into the matter and in answer to a communication to that Department I received a reply of which the enclosed is a copy. From this it appears that the sum of $11,300 was handed over in the year 1880, and that only $4,000 was paid in that year, and $500 in the year 1886, leaving $7,000 unexpended and remaining unused in the paymaster's hands for nearly ten years. Under the circumstances, I think it desirable that you should be made aware of these facts, in order that if any sums are now in the hands of other paymasters, you may be led to enquire into the reasons for their being held.

Yours truly,
J. M. COURTNEY, *D.M.F.*

The Auditor General.

MILITIA DEPT., OTTAWA, Nov. 19, 1889.

SIR,—In returning to you herewith the receipt and draft which accompanied your letter of the 12th instant, respecting a sum of $5,737.95 deposited by me on account of Lt.-Col. de Bellefeuille, I have the honour to state that the amount thus refunded to the credit of the Receiver General is the balance of an account for the conversion of smooth-bore guns, which has been kept open since September, 1880.

The balance at credit of the account should be $7,000.00, the amount refunded is $5,737.95; balance being, deficiency of the late paymaster's account, is $1,262.05.

The account was kept open by instructions from the Minister of Militia and Defence, in connection with legal proceedings in "the Queen *vs.* Gilbert & Son," for failure of contract for conversion of smooth-bore guns into rifled ordinance, Palliser system. The Dept. of Justice has been instructed to collect from the sureties of the late Paymaster the balance of $1,262.05 the deficiency of the late Paymaster's account.

A statement of the account for "Conversion of smooth-bore guns" is herewith attached.

I am, Sir, your obedient servant,
C. EUG. PANET, *D.M.M.*

The Deputy Minister of Finance.

AUDIT OFFICE, OTTAWA, May 16, 1890.

SIR,—From the information I have received through the Deputy Minister of Finance respecting a balance of some $7,500 which was left in the hands of Lt.-Col. de Bellefeuille, late Paymaster of District No. 5, from Sept., 1880, I am led to enquire if any other case is known to you where, so far as accounts have reached you, there remains a balance in the hands of any paymaster. Please send me a statement of such cases, as early as possible.

I am, Sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

MILITIA DEPT, OTTAWA, May 19, 1890.

SIR.—In reply to your letter of the 16th instant, I have the honour to inform you that there are no balances remaining in the hands of the paymasters of Militia, excepting the balances of the present year's accounts which will be closed on the 30th June next.

I am, Sir, your obedient servant,
C. EUG. PANET, *D.M.M.*

The Auditor General.

Trent Canal: Award to George Goodwin.

To all to whom these presents shall come: I, JOHN PAGE, of the City of Ottawa, in the County of Carleton and Province of Ontario, the Chief Engineer of Canals of the Dominion of Canada, send greeting:

Whereas by an instrument in writing under the hand of the Hon. John Henry Pope, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of Her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date March 14, 1887: "Whereas George Goodwin, of Grenville, in the County of Argenteuil, contractor, had entered into a contract with Her Majesty Queen Victoria, represented by the Hon. John Henry Pope, then Acting Minister of Railways and Canals, Sept. 27, 1882, for the construction of three lift-locks, dams, bridge abutments and other works embraced in the Burleigh Falls section of the Trent Valley Canal, in the Province of Ontario, such contract to be fulfilled by July 1, 1885." And after reciting that "Whereas the said George Goodwin had, Feb. 10, 1887, preferred certain claims in connection with his said above mentioned contract, and by his letter of Feb. 8, 1887, had expressed his desire that these claims be referred to the Chief Engineer of Canals for arbitration." And further, after reciting that "Whereas an Order of His Excellency the Governor General in Council, bearing date March 2, 1887, authorized the reference of the said claims to Mr. John Page, the Chief Engineer of Canals of Canada, as sole arbitrator."

It is witnessed that "The Hon. John Henry Pope, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said George Goodwin against Her said Majesty the Queen, for matters arising out of the above-mentioned contract and all matters arising thereunder and in respect of such claims, whether made on the part of the claimant or of Her said Majesty; and the said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation arbitrament and award of me, the said John Page, should be accepted as final, conclusive and without appeal." And whereas the said George Goodwin, the contractor and claimant on the preceding page named, assented to "the reference of his claims arising out of his contract with Her Majesty the Queen for the works connected with the construction of the Burleigh Falls section of the Trent Valley Canal, embraced therein as on the preceding pages stated, to the sole valuation, arbitrament and award of me John Page, Chief Engineer of Canals of Canada, and accepted the appointment of me as sole arbitrator on the part of Her said Majesty the Queen, and did also thereby appoint me, the said John Page, as sole arbitrator on his part, and did further promise and bind himself to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

And whereas by another instrument bearing date Feb. 11, 1889, after alluding to the above recited instrument of March 14, 1887, and after reciting that: "Whereas, on Jan. 18, 1889, the said George Goodwin, after having stated that the work on the contract above mentioned was not completed until December, 1887, and that his claim submitted as hereinbefore mentioned was approximate, and that the

was a large quantity of work performed subsequent to the date of the said claim, did prefer certain additional claims for iron, &c., used in connection with the lock gates, and for certain rock excavation (for which he alleges no allowance was made) to improve the upper entrance to the Burleigh locks, the two items he claims aggregating a total sum of $11,950, and did request that the Honourable the said Minister be pleased to give the necessary authority so that the above additional claims may be considered in conjunction with the claims already referred." It is witnessed that the said Minister thereby referred to the sole valuation, arbitrament and award of me, the said John Page, the aforementioned additional claims made, stated and alleged by the said Mr. George Goodwin against Her said Majesty the Queen in conjunction with the claims already referred as aforesaid, March 14, 1887, and did appoint me, the said John Page, to be the said sole arbitrator, and did agree that the valuation, arbitrament and award of me, said Mr. Page, in respect of such additional claims, be also accepted as final, conclusive and without appeal. And whereas, the said George Goodwin, "did assent to the reference of his additional claims made Jan. 18, 1889, in conjunction with his former claims arising out of his said contract, as on the preceding pages stated to the sole valuation, arbitrament and award of me, said John Page, Chief Engineer of Canals of Canada, and did accept the appointment of me as sole arbitrator on the part of Her said Majesty, and did also appoint me as sole arbitrator on his part in respect of such additional claims, and did bind himself to accept the decision and award of the said sole arbitrator as final, conclusive and without appeal, in respect of such additional claims, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said original and additional claims and matters in question so referred to me as aforesaid, and duly examined the papers, accounts and documents connected with the same, do make and publish this, my award in writing, of and concerning the said original claims, additional claims and matters in question so referred as aforesaid ; and I do hereby award, order and determine that there is due from Her said Majesty the Queen to the said George Goodwin, in respect of the matters so referred to me as aforesaid for all work done by him under his said contract and remaining unpaid, consisting of rock and other excavation, clearing, masonry, timber-work, plank in dams, stone filling in cribs, timber, iron and other works in lock gates at Buckhorn and Burleigh Canals, &c., included in the claims of the said George Goodwin, and in full satisfaction of all claims made, stated or alleged by the said George Goodwin against Her Majesty the Queen for matters arising out of the above mentioned contract and all matters arising thereunder, and in respect of such former claims and additional claims, the sum of $31,332.00.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this Jan. 29, 1890.

JOHN PAGE.

NOTE.—This award is composed of $8,325.92 included in the calculations shown on page B—302, and $23,006.08 for which no calculations were furnished by Mr. Page.—J. L. McD.

Welland Canal: Award to H. J. Beemer.

To all to whom these presents shall come : I, JOHN PAGE, of the City of Ottawa, in the County of Carleton and Province of Ontario the Chief Engineer of Canals of the Dominion of Canada, send greeting :

Whereas by an instrument in writing under the hand of the Honourable John Henry Pope, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of Her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date Jan. 13, 1888, after reciting : "Whereas Horace Janson Beemer, of the City of Montreal, contractor, had entered into a contract with Her Majesty Queen Victoria, represented by Sir Charles Tupper, then Minister of Railways and Canals of Canada, Nov. 3, 1881, for all the work then remaining to be done on Section No. 27 of the enlargement of the Welland Canal, in the Province of Ontario, known as the "Aqueduct," such contract to be fulfilled by May 20, 1884 ;" and after reciting that "Whereas the said Horace Janson Beemer, by letters under dates Oct. 26, Nov. 29 and Dec. 8, 1887, had preferred certain claims for extra work in connection with his said above-mentioned contract, and had requested that his claims be referred to the sole arbitrament of Mr. John Page, Chief Engineer of Canals, by whose decision in the matter he undertook to be bound. And further, after reciting that "Whereas an Order of His Excellency the Governor General in Council, bearing date Dec. 17, 1887, authorized the submission of the said claims to Mr. Page, as sole Arbitrator."

It is witnessed that "The Honourable John Henry Pope, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said H. J. Beemer against Her said Majesty the Queen, for matters arising out of the above mentioned contract and all matters arising thereunder and in respect of such claims, whether made on the part of the claimant or of Her said Majesty ;" and that "The said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitraments and award of me, the said Mr. Page, should be accepted as final, conclusive and without appeal." And whereas, the said H. J. Beemer, the contractor and claimant on the preceding pages named, did thereby "assent to the reference of his claims arising out of his contract with Her Majesty the Queen for the works on Section Number 27 of the Welland Canal Enlargement, known as the Aqueduct, or connected therewith, as on the preceding pages stated, to the sole valuation, arbitrament and award of me, John Page, Chief Engineer of Canals of Canada, and did accept the appointment of me as sole arbitrator on the part of Her Majesty the Queen, and did also thereby appoint me, the said John Page, as sole arbitrator on his part, and did further promise and bind himself to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said claims and matters in question so referred to me as aforesaid, and duly examined the

papers, accounts and documents connected with the same, do make and publish this my award in writing, of and concerning the said claims and matters in question so referred as aforesaid, and I do hereby award, order and determine that there is due from Her said Majesty the Queen to the said Horace Janson Beemer in respect of the matter so referred to me as aforesaid, for all work done by him under his said contract and remaining unpaid, corrected estimates, recutting stone left by former contractors, additional puddling and concrete, cutting additional sheet and bearing piles, pumping, royalty on stone, additional dams and bulkhead, and in full satisfaction of all claims made, stated or alleged by the said H. J. Beemer against Her Majesty the Queen, for matters arising out of the above mentioned contract, and all matters arising thereunder and in respect of such claims, the sum of $62,726.00.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this May 13, 1890.

JOHN PAGE.

NOTE.—This award is composed of $5,102.25 contained in the details shown on page D-17 of my report for 1887-8, and $57,623.75 for which no calculations were furnished by Mr. Page.—J. L. McD.

Welland Canal: Award to C. F. & W. T. Dunbar.

To all to whom these presents shall come; I, JOHN PAGE, of the City of Ottawa, in the County of Carleton and Province of Ontario, the Chief Engineer of Canals of the Dominion of Canada; send greeting:

Whereas, by an instrument in writing under the hand of the Right Honourable Sir John A. Macdonald, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of Her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date Dec. 2, 1889, after reciting: "Whereas, Charles French Dunbar, of Buffalo, in the State of New York, contractor, and William Thomas Dunbar, of Gordon, in the County of Essex, in the Province of Ontario and Dominion of Canada, contractor, carrying on together the business of contractors as partners, under the name, style and firm of 'C. F. & W. T. Dunbar,' had entered into a contract with Her Majesty Queen Victoria, represented by the Honourable John Henry Pope, then Acting Minister of Railways and Canals of Canada, Sept. 27, A.D. 1882, for all the work then remaining to be done on Section No. 34 of the enlargement of the Welland Canal, in the Township of Humberstone, such contract to be fulfilled by August 1, 1884." And after reciting that "Whereas, the said contract contains the following provision: 33. It is hereby agreed that all matters of difference arising between the parties hereto upon any matter connected with or arising out of this contract, the decision whereof is not hereby specially given to the engineer, shall be referred to the award and arbitration of the Chief Engineer for the time being having control over the works, and the award of such engineer shall be final and conclusive; and it is hereby declared that such award shall be a condition precedent to the right of the contractors to receive or be paid any sum or sums on account, or by reason of such matters in difference." And after reciting that "Whereas, the said 'C. F. & W. T. Dunbar,' Dec. 3, 1888, preferred certain claims in connection with their said above mentioned contract, and by their letter of Dec. 4, 1888, had requested that Mr. John Page, the Chief Engineer of Canals, be appointed sole arbitrator to inquire into all the questions in dispute, and had expressed their wilingness to accept his decision as final." And further, after reciting that "Whereas, an Order of His Excellency the Governor General in Council, bearing date Oct. 29, 1889, authorized the Minister of Railways and Canals to place these matters in the hands of the Chief Engineer of Canals for final award and arbitration."

It is witnessed that "The Right Honourable Sir John A. Macdonald, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said Messrs. 'C. F. & W. T. Dunbar' against Her said Majesty the Queen, for matters arising out of the above mentioned contract, and all matters arising thereunder and in respect of such claims, whether made on the part of the claimants or of Her said Majesty;" and that "the said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitrament and award of me, the said Mr. Page, should be accepted as final, conclusive and without appeal." And whereas the said C. F. Dunbar, the surviving partner of the late firm of 'C. F. & W. T. Dunbar,' the contractors and claimants on the preceding pages named (acting as well in his own name as such surviving partner, as in his capacity of sole representative of the late W. T. Dunbar, as having acquired all his interest in the contract above mentioned from C. H. French, the executor of the last will of said W. T. Dunbar, and under the letters testamentary issued May 16, 1884, by the Surrogate's Court, Erie County, State of New York, as appears from the said executor's settlement of account fyled in said court March 5, 1887) did thereby "assent to the reference of their claims arising out of their contract with Her Majesty the Queen for the works embraced in Section No. 34, Welland Canal Enlargement, or connected therewith, as on the preceding pages stated, to the sole valuation, arbitrament and award of me, John Page, Chief Engineer of Canals of Canada, and did accept the appointment of me as sole arbitrator on the part of Her Majesty the Queen, and did also thereby appoint me, the said John Page, as sole arbitrator on his part; and did further promise and bind himself to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said claims and matters in question so referred to me as aforesaid, and duly examined the papers, accounts and documents connected with the same, do make and publish this my award in writing of and concerning the said claims and matters in question so referred as aforesaid, and I do hereby award, order, and determine that there is due from Her said Majesty the Queen to the said "C. F. & W. T. Dunbar" or to the lawful representative or representatives of their said firm, in respect of the matter so referred to me as aforesaid for all work done by them under their said contract, corrected estimates, alteration of cribwork, rebuilding side walls injured by blasting, necessary excavation of rock below grade line

in the channel way, &c., and in full satisfaction of all claims made, stated or alleged by the said "C. F. & W. T. Dunbar" against Her Majesty the Queen for matters arising out of the above mentioned contract, and all matters arising thereunder and in respect of such claims, the sum of $20,237.00.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this March 31, 1890.

JOHN PAGE.

NOTE.—This award is composed of $21,936.41 (page B—303), for which no calculations were furnished by Mr. Page: less a deduction of $1,699.41, the sum previously paid in excess of the calculated items.—J. L. McD.

Welland Canal: Award to C. F. & H. T. Dunbar.

To all to whom these presents shall come: I, JOHN PAGE, of the City of Ottawa, in the County of Carleton, and Province of Ontario, the Chief Engineer of Canals of the Dominion of Canada, send greeting:

Whereas by an instrument in writing under the hand of the Right Honourable Sir John A. Macdonald, the Minister of Railways and Canals for the Dominion of Canada, acting on behalf of her Majesty Queen Victoria, as such Minister, and under the seal of the Department of Railways and Canals, bearing date Dec. 2, 1889, after reciting: "Whereas, Charles French Dunbar, of Buffalo, in the State of New York, America, contractor, and Harris Thomas Dunbar, of Humberstone, in the County of Welland, contractor, carrying on together the business of contractors as partners under the name, style and firm of 'C. F. &. H. T. Dunbar,' had entered into a contract with Her Majesty Queen Victoria, represented by the Honourable John Henry Pope, then Minister of Railways and Canals of Canada, April 3, 1886, for all the works connected with the deepening of that certain part of the Welland Canal embraced in the sections designated as Sections Q, R, S, T, situated between what is known as the Junction and Ramey's Bend, such contract to be fulfilled as follows, that is to say: The eastern half of the channel on the said respective Sections Q, R, S, T, by Nov. 1, 1886, and the whole of the works embraced in the said contract by Nov. 1, 1887;" And after reciting that "Whereas the said contract contains the following provision: 33. It is hereby agreed that all matters of difference arising between the parties hereto upon any matter connected with or arising out of this contract, the decision whereof is not hereby specially given to the engineer, shall be referred to the award and arbitration of the Chief Engineer for the time being having control over the works, and the award of such engineer shall be final and conclusive; and it is hereby declared that such award shall be a condition precedent to the right of the contractors to receive or to be paid any sum or sums on account, or by reason of such matters in difference;" and after reciting that "Whereas the said 'C. F. & H. T. Dunbar,' Dec. 3, 1888, preferred certain claims in connection with their above mentioned contract, and by their letter of Dec. 4, 1888, had requested that Mr. John Page, the Chief Engineer of Canals, be appointed sole arbitrator to inquire into all the questions in dispute, and had expressed their willingness to accept his decision as final;" and further, after reciting that "Whereas an order of His Excellency the Governor General in Council bearing date Oct. 29, A.D. 1889, authorized the Minister of Railways and Canals to place these matters in the hands of the Chief Engineer of Canals for final award and arbitration."

It is witnessed that "The Right Honourable Sir John A. Macdonald, Minister of Railways and Canals, acting on behalf of Her Majesty Queen Victoria, as such Minister, thereby referred to the sole valuation, arbitrament and award of me, the said John Page, all claims made, stated and alleged by the said Messrs. 'C. F. & H. T. Dunbar' against Her said Majesty the Queen, for matters arising out of the above mentioned contract and all matters arising thereunder and in respect of such claims, whether made on the part of the claimants or of Her said Majesty." And that "the said Minister of Railways and Canals, under the authority aforesaid, did thereby appoint me, the said John Page, to be the said sole arbitrator, and did thereby agree that the valuation, arbitrament and award of me, the said Mr. Page, should be accepted as final, conclusive and without appeal." And whereas the said C. F. Dunbar and H. T. Dunbar, the contractors and claimants on the preceding pages named, did thereby "assent to the reference of their claims arising out of their contract with Her Majesty the Queen for the works embraced in the deepening of Sections Q, R, S, T, Welland Canal, or connected therewith, as on the preceding pages stated, to the sole valuation, arbitrament and award of me, John Page, Chief Engineer of Canals, Canada, and did accept the appointment of me as sole arbitrator on the part of Her Majesty the Queen, and did also thereby jointly and severally appoint me, the said John Page, as sole arbitrator on their part, and did further promise and bind themselves to accept the decision, valuation, arbitrament and award of me, the said sole arbitrator, as final, conclusive and without appeal, and to abide by the same."

Now know ye that I, the said John Page, having taken upon myself the burden of the said arbitration, and having heard and duly considered all the allegations and evidence of the respective parties of and concerning the said claims and matters in question so referred to me as aforesaid, and duly examined the papers, accounts and documents connected with the same, do make and publish this my award, in writing, of and concerning the said claims and matters in question so referred as aforesaid, and I do hereby award, order and determine that there is due from Her said Majesty the Queen to the said "C. F. & H. T. Dunbar" in respect of the matter so referred to me as aforesaid, for all work done by them under their said contract and remaining unpaid, corrected estimates, removing piles, stumps, necessary excavation of rock below grade line in the channel way, and in full satisfaction of all claims made, stated or alleged by the said "C. F. & H. T. Dunbar" against Her Majesty the Queen for matters arising out of the above mentioned contract and all matters arising thereunder and in respect of such claims, the sum of $8,310.

In witness whereof I, the said John Page, have hereunto set my hand and seal, in duplicate, this March 31, 1890.

JOHN PAGE.

NOTE.—This award is composed of $1,432.76, included in the calculations shown on page B—304, and $6,877.24, for which no calculations were furnished by Mr. Page.—J. L. McD.

Railways and Canals Dept.: Salaries at Ottawa.

AUDIT OFFICE, OTTAWA, June 10, 1890.

DEAR SIR,—Enclosed please find a list of the payments made by your Department between July 1, 1889, and May 31, 1890, for services at Ottawa, charged to Outside Votes, with a statement of the sums charged to each Vote.

Let me call your attention to Section 44 of the Consolidated Revenue and Audit Act, in which I am instructed to ascertain "whether the money expended has been applied to the purposes for which the grant was intended to provide."

I would like to be informed whether you claim that the division made by you of these wages, among the different Votes, corresponds accurately, and item by item, with the actual work performed.

To illustrate by an example: Is the whole of the work of Mr. F. J. Lynch properly chargeable against the Vote for "Cape Breton Railway," as marked on the vouchers?

I am, Sir, your obedient servant,

The Secy. Dept. of Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 29, 1891.

DEAR SIR,—I send herewith for your consideration a list of the employees in your Department for 1889–90, whose salaries are charged to other Votes than Civil Government, amounting to $40,941.52, and showing the particular Vote charged in each case.

Let me call your attention to Sec. 44, of the Audit Act: "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide."

Unless the Department is able to make an explicit certificate that the salaries charged to each Vote correspond accurately, and item by item, with the services actually rendered, I shall be obliged to append to the Appropriation Account a statement modifying my own certificate of examination and correctness.

This subject was taken up in my letter of June 10, 1890, to which I do not seem to have received any reply.

Would it not be an improvement on the present system, to take a specific vote to cover all these salaries, and to charge none of them on Construction?

I am, Sir, your obedient servant,

The Secy. Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

Railways and Canals Department, 1889–90.

Gray, McManus, Trites & Co.: Cleaning out Culverts.

Audit Office, Ottawa, Feb. 5 1890.

Dear Sir,—Let me acknowledge receipt of your application No. 352, for $3,004.49, in favour of Gray, McManus, Trites & Co., on their final estimate for Contract 7, Oxford and New Glasgow Railway.

In the vouchers for $11,347.56, for wages on items outside of the contract, I notice $10,667.63 for "Cleaning out cuttings, ditches and culverts."

Under Sections 1, 35 and 75 of the specification, I would understand that the contractors are to maintain all parts of the work until final acceptance of the whole.

Please explain why this Section in the contract does not make it a part of the duty of the contractor to do, at his own expense, the work covered by the $10,667.63.

I am, Sir, your obedient servant,

The Secy., Railways and Canals. J. L. McDOUGALL, *A.G.*

Railways and Canals Dept., Ottawa, Feb. 6, 1890.

Sir,—I am instructed to inform you that your letter of the 5th instant requesting explanations with reference to items amounting to $10,667.63 for cleaning out cuttings, ditches and culverts in connection with Messrs. Gray, McManus and Trites' Contract No. 7, Oxford and New Glasgow Railway, has been referred to the Chief Engineer of Government Railways, who reports as follows :—

"When this work was done by day labour, the construction had been completed, "and the material, owing to the extraordinarily wet season, slid from the slopes "into the cuttings in such shape that it could not be measured, but under clause 9 "of the specification it is returned in the Estimates."

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Feb. 25, 1890.

DEAR SIR,—I beg to inform you that your application No. 352 for $3,004.49, in favour of Gray, McManus, Trites & Co., for work on contract 7, Oxford and New Glasgow Railway, was paid at $2,347.08. The deduction of $657.41, as arranged verbally with the Chief Engineer, is made of sub-vouchers 9 and 10, which are described as "Cleaning out cuttings and culverts."

The wording of Section 9 of the contract, "a slide in a cutting after it is formed," while admitting the payment for cleaning out ditches and cuttings will not cover the work of cleaning out culverts.

Several of the other vouchers read "cleaning out cuttings, &c." Please get a calculation made of the part accruing for cleaning out culverts, out of the whole bill for labour of $11,347.56.

I am, Sir, your obedient servant,

The Secy., Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, March 12, 1890.

SIR,—Departmental No. 55135 having been referred to me, I have the honour to report that on looking further into the matter I find that out of the $657.41 of which payment was withheld from the estimate in favour of Messrs. Gray, McManus, Trites & Co., that $579.58 is without question within the terms of the contract. Of the balance of $77.83, I require further to examine into the matter before disposing of it.

I am, Sir, your obedient servant,

The Secy. Rys. and Canals. COLLINGWOOD SCHRIEBER, *Chief Engr.*

RAILWAYS DEPT., OTTAWA, March 27, 1890.

SIR,—Referring to the objections raised by the Auditor General to certain days, labour accounts Nos. 8, 11, 12, 15, 17, and 19 on Contract 7, on the Oxford and New Glasgow Railway, and to the words, *&c.*, placed in the headings of these accounts, I may say that I have referred all these accounts so headed to the engineer in charge, who repeats that the work done is for cleaning out slides from cuttings, that no work cleaning out culverts is included therein, and that the *&c.* has no meaning, unless it was intended by the contractors to cover the hauling of the material and depositing it over the embankments where required.

I am, Sir, your obedient servant,

The Secy. Rys. and Canals. COLLINGWOOD SCHRIEBER, *Chief Engr.*

Murray Canal—T. P. Keeler.

NOTE *by A. G.: This follows the correspondence on page D—169 of my report for* 1888–89.

RAILWAYS AND CANALS DEPT., OTTAWA, June 25, 1890.

SIR,—In reply to your letters of the 19th of August and 10th of September last, with reference to certain payments of salary to Mr. Thomas P. Keeler, as inspector of the Murray Canal, I have the honour by direction to say that Mr. Keeler was appointed Assistant Superintendent of the Canal by an Order in Council dated the 12th of January, 1888. The work, I am to say, is one covering a considerable distance, about 9½ miles, and involves not only the cut through the isthmus, and certain structural works, but also extensive formation of channels through the waters at either end, and it being considered advisable that the Superintendent (the position for which Mr. Keeler was destined and to which he was appointed by an Order in Council of the 11th of July, 1889) should be conversant with the various details of

his prospective charge, the Department has seen fit to place him in a position to acquire this knowledge by inspection of the works during their construction. Mr. Keeler you will see, therefore, does not come under the category of persons as to whom the certificate of the engineer in charge as to the performance of certain specific work could be given, Mr. Keeler having acted under direct orders from head quarters, and the superintending engineer having no control over or cognizance of his action.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Sept. 29, 1890.

DEAR SIR,—Let me acknowledge receipt of your letter stating that the Superintending Engineer had no control over Mr. Keeler, and was not cognizant of his actions.

In asking for the Local Engineer's certificate that the work was done, I was guided by your letter of Aug. 30, 1889, shown on page D–168 of my last report, which, described Mr. Keeler's duties as inspector to be the carrying out of the orders of the Chief Engineer and the Local Engineer.

There is apparently a discrepancy between the two letters, of which I should like to have an explanation.

I am, Sir, your obedient servant,

The Secy., Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 17, 1890.

SIR,—In reply to your letter of the 29th ultimo with reference to Mr. Keeler, I have the honour by direction to say that on reconsideration you will probably perceive that it would be quite possible that the orders of the Chief Engineer, which, you were informed by my letter of the 30th of August last, it was his duty to see carried out, might be of such nature as to render any control over him or cognizance of his actions on the part of the Superintending Engineer unnecessary. By my two several letters you have been informed to the effect: 1st. That Mr. Keeler did receive his orders direct; and 2nd. That the Superintending Engineer was not concerned in his movements. The discrepancy which you appear to have considered to attach to the two statements made by the letters referred to, will it is hoped be found, by the light of the foregoing results, to disappear and that any objection you may have felt to passing the account for Mr. Keeler's salary will thus be removed.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec'y.*

AUDIT OFFICE, OTTAWA, Oct. 21, 1890.

DEAR SIR,—Concerning the discussion about Mr. Keeler's salary, I accept your recent statement that he was in nowise under the direction of the Local Engineer, and accordingly I withdraw my request for the Local Engineer's certificate that the work was performed.

I am, Sir, your obedient servant.

The Sec'y, Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

Ottawa River Canals Office—Ernest Marceau.

AUDIT OFFICE, OTTAWA, Feb. 25, 1890.

DEAR SIR,—Let me bring to your attention the following payments made to Mr. Ernest Marceau, one of the employees in your Outside Service :—

House of Commons expenditure :
Aug. 1.—Translating Interior Report..... $146 00
Queen's Printer's expenditure :—
Aug. 9.—Translating Geological Survey Report..... 210 00
Sept. 27. do do do 400 00

I am, Sir, your obedient servant,
The Sec'y, Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Mar. 5, 1890.

SIR,—In reply to your letter of the 25th ultimo, drawing attention to certain payments made to Mr. E. Marceau, Ottawa River Canals Office, for translations for the House of Commons and Queen's Printer, I am by direction to say that the Superintending Engineer, Mr. Stark, reports that this work was done by Mr. Marceau at home, and did not interfere with his regular office duties.

I am, Sir, your obedient servant,
The Auditor General. A. P. BRADLEY, *Sec'y.*

AUDIT OFFICE, OTTAWA, Feb. 4, 189I.

DEAR SIR,—In my letter of Feb. 25, 1890, I drew your attention to payments made to Mr. Ernest Marceau of the Ottawa Canals Office, for translation, amounting to $756.

Your 127845 of March 5, 1890, reads : "The Superintending Engineer, Mr. Stark, reports that this work was done by Mr. Marceau at home, and did not interfere with his regular office duties."

Mr. Marceau's translation as made up to June 30, 1890, amounts to $1,556, as follows (each payment representing work done before its date) :—

Aug. 1, 1889 :	Translating	Interior	Report.....	$146
Aug. 9, 1889 :	do	Geological	Survey Report.....	210
Sept. 27, 1889 :	do	do	do	400
Oct. 29, 1889 :	do	do	do	300
Dec. 23, 1889 :	do	do	do	500

Mr. Marceau's salary as Assistant Engineer in the Ottawa River Canals Office is $1,440 a year.

Let me refer you to page 354 of my report for 1884, where, in a similar discussion with the Interior Department, these remarks occur : "The controlling principle of all past legislation on the subject of extra pay has been that continuous work after regular hours impairs the efficiency of an officer at the work for which he is paid in the first instance. . . . . My right to make these comments rests on the fact that up to a certain point, I have to accept, as reliable, the technical examination of accounts as made in your Department."

The Carillon and Grenville Canal Accounts were always certified by Mr. Stark, after examination by Mr. Marceau. The irregularities in the pay-lists were first noticed after my report for 1888-89 was published in January, 1890. It seems reasonable to suppose that Mr. Marceau would have been more likely to have found the irregularities at an earlier date in the course of his own examination, if his acumen had not been diverted to extra work for other Departments.

I am, Sir, your obedient servant,
The Sec'y., Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

Welland Canal—Sodding Banks.

AUDIT OFFICE, OTTAWA, April 21, 1890.

DEAR SIR,—Let me call your attention to the following payments to Chas. Johnson for sodding banks on the Welland Canal:—

1887–88, (D— 26):	205,361	sq. yds. at	6 cts.....	$12,321 66
1888–89, (D—141):	153,828½	do	.....	9,229 71
1889–90,	144,899	do	.....	8,693 94
Making up and trimming	144,899	sq. yds. at	1c..	1,448 99
				$31,694 30

Since the total expenditure is over $5,000, I infer that this work was let by public tender and contract, under the Order in Council of March 23, 1880; and I would like to be supplied with a copy of the contract, and of the arrangement for payment of the additional cent per yard in 1889–90.

Voucher No. 1979 of 1889–90 for $5,700.73, being 81,439 yards at 7 cents, is not certified "work performed" and "prices fair and just." I return it herewith for completion.

I am, Sir, your obedient servant,

The Sec'y, Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, May 12, 1890.

SIR,—Replying to your letter of the 21st ultimo with respect to the work of sodding the banks of the Welland Canal executed by Mr. Charles Johnson, I have the honour by direction to say that this work was not let by public tender, nor was there any written contract. It was commenced on a small scale, and from time to time continued in view of the successful issue. It was not a case of a work deliberately planned in full from the outset, such as would be tendered for.

Mr. Johnson is the patentee of a special machine for cutting sods, and is provided with other appliances for handling and laying them. As an experiment he was allowed to do some sodding on the bank, and the result was so satisfactory, and his price, 6 cents per square yard, so low (being less than half the rate heretofore paid in Canada for such work) that in the public interest he was permitted to continue. The additional cost per yard to which you refer was allowed for making up the banks that had been damaged by the high water and storm of January, 1889, preparatory to the work of sodding them.

As this work would, if let in the usual way by public tender and contract, have probably cost double the amount actually involved, the Department feels that the course taken by it is greatly to the public advantage, resulting in the satisfactory execution, at a cost low out of all proportion to the ordinary estimate, of a beneficial work which could not, under other circumstances, in view of the expense to be incurred, have been contemplated.

I return herewith duly certified, in accordance with your request, the voucher sent back by you for that purpose.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec'y.*

Welland Canal—Investigation into Management.

AUDIT OFFICE, OTTAWA, April 23, 1890.

DEAR SIR,—Continuing the remarks in my letter of March 15, 1890, on the Welland Canal Investigation:—

I find in your Voucher No. 3432, dated March 14, (for a balance of $415), the details of the $1,225 advanced to Holland Bros. for reporting.

Please let me have a copy of the Order of the Minister of Justice designating the Holland Bros. as reporters for this Commission under Order in Council, October 9, 1888. To cover the travelling expenses, the two reporters should be stated by the Minister of Justice to have been required.

There is an item of $1,200 for 5 copies of the evidence, at 3¾ cents per folio for each copy. This rate cannot be calculated from the 15 cents for four copies, prescribed by the Order in Council; since the latter rate covers the work of note-taking which does not vary with the number of copies. Any payment in excess of 15 cents should be covered by another Order in Council.

The entries of $25 for travel should be detailed; the names of the persons travelling should be given; they should certify that the expenses were actually incurred and there should be a certificate from some Government officer that the five copies have been received. I return Voucher 3432 herewith, for completion.

I am, Sir, your obedient servant,

The Sec'y., Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, May 1, 1890.

SIR,—With reference to your letter of the 23rd ultimo, enclosing the account rendered by Messrs Holland Bros., for $1,640.00, in connection with their reporting the evidence before the Welland Canal Investigation, and requesting further information, I am instructed, in returning to you the account in question, to enclose a copy of a letter dated the 28th instant received from the Messrs. Holland Bros. giving details of travelling expenses, and of one of the 30th January last from Mr. A. F. Wood, commissioner, giving explanations in regard to the necessity of having five copies of the evidence. An Order in Council of 1st April, 1886, authorizes 5 cents per folio for copying.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec'y.*

MADOC, Jan. 30, 1890.

DEAR SIR—*Re* Welland Canal Investigation and Holland Bros'. account for stenographic work. I reply to yours of January 28th, No. 80462, I beg to state 5 copies were required to be used as follows: 1 copy for Senator McCallum, supplied from day to day; 1 copy for Mr. Ellis, supplied from day to day; 1 copy for C. J. Rykert, Counsel for Mr. Ellis, supplied from day to day; 1 copy sent the Department with my report; 1 copy retained by myself. The copies for Senator McCallum, Mr. Ellis and Mr. Rykert were positively required by them as the investigation went on, and it was desirable I should have a copy, and, of course, one copy at least should go to the Department.

I stated to you that if the Government required my copy I would send it; but it seems essential that I should at least have one.

I am, Sir, your obedient servant,

The Sec'y. Dept. Railways and Canals. A. F. WOOD, *Commissioner.*

OTTAWA, April 28, 1890.

DEAR SIR,—In reply to your request for details of railway, Pullman and cab fares, Ottawa to St. Catharines and return, in our bill for reporting the Welland Canal Investigation, we beg to say that we paid the following rates:—

Cab fare, Ottawa, 50c.; Railway fare, $9.95; Pullman, $2.00; Cab at St. Catharines, 15c; total, $12.60. Of course it cost as much to return as to go, and the same details apply to each of the trips. You are aware of the circumstances under which it became necessary to employ two reporters, and of the fact that the employment

of two was authorized by Sir John Macdonald. Of course, we make no mention of the fact that we had to take, at our own expense, two expert typewriter operators, paying their travelling and other expenses, without any allowance for it from the Government. On the other point, the "designation" of Holland Bros., for such service, we would refer you to the Department of Justice, from which we received an intimation that we were so designated.

The fifth copy of our report was ordered by the Commissioner and paid for at the same rate as the other copies, 3¾ cents per folio. We would have refused to supply it for less had the question of value been disputed. We presume the Auditor General does not question the correctness of the charges, but merely wants details. If he has any idea that the rates are excessive in any particular, we can assure him that the Government of Canada have never had a like service performed for so little money.

Yours truly,

The Sec'y. Dept. Railways and Canals. HOLLAND BROS.

AUDIT OFFICE, OTTAWA, June 14, 1890.

DEAR SIR,—Let me acknowledge receipt of your 81,174 of May 1, covering letters from Mr. A. F. Wood, the Welland Canal Commissioner, and from Holland Bros., the reporters.

I am still obliged to maintain my ruling, that there is no authority for paying 3¾ cents a folio for the 5th copy of the evidence. The General Order in Council mentions 15 cents for 4 copies, as payment for reporting and transcription. The work of reporting is the same for 5 as for 4 copies, and the typewriting-work is not as 5 to 4. An Order in Council will be necessary for the extra copy.

I am, Sir, your obedient servant,

The Sec'y, Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, July 17, 1890.

SIR,—With reference to the matter of the account of Messrs. Holland Brothers of 3¾ cents a folio for a fifth copy of the evidence taken down by them in the case of the recent investigation conducted by Mr. A. F. Wood as to the management of the Welland Canal, I have the honour, by direction, to state that an opinion has been obtained from the Department of Justice to the following effect: That the charge of 3¾ cents a folio is a reasonable charge and less than the market price, and that the remuneration to be paid for this extra copy not having been fixed by the Order in Council, the Department is justified in paying the rate named.

Under the present circumstances, and in view of this opinion of the Department of Justice it is hoped that you may see your way to passing the item in question.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec'y.*

AUDIT OFFICE, OTTAWA, Aug. 7, 1890.

DEAR SIR,—Let me acknowledge receipt of your 129567 concerning the payment of 3¾ cents a folio to Holland Bros. for the fifth copy of the evidence taken at the Welland Canal Investigation.

Please inform me whether the fifth copy was struck off on the typewriter at the same time as the other four; and whether the requisite stationery was supplied by the Holland Bros. or by the Government.

I am, Sir, your obedient servant,

The Sec'y., Dept. Railways and Canals. J, L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Aug. 12, 1890.

SIR,—In reply to your letter of the 7th instant *re* account of the Messrs. Holland Bros., asking whether the fifth copy of evidence at Welland Canal Investigation was struck off at the same time as the other four, and also who supplied the stationery, I am instructed to say that Messrs. Holland Bros. were furnished with typewriting and carbon paper for the work they were engaged in as above.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Sec'y.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 26, 1890.

SIR,—I beg to draw your attention to your letter 129567 concerning the payment of 3¾ cts. per folio for a fifth copy of the evidence taken at the Welland Canal Commission, and the letter of the Deputy Minister of Justice on the same subject which was enclosed in your letter.

In my opinion the reasonableness of a charge is not a question with which the Department of Justice is expected to deal. If I had contended that no payment could be made legally for the fifth copy, your Department would very properly have sought the advice of the Department of Justice. This being the assessing of a claim which is admitted to be legal, so far as I can see, comes in no way under that Department.

I must again remind you of my ground of objection to the amount of the claim. It is that while the Government has determined that 15 cts. a folio is the remuneration which is to be given for taking short-hand notes, transcribing the notes and making 4 copies on a typewriter, your Department has given 3¾ cts. a folio for a fifth copy, there being no reporting, no stationery and, as I am informed, no typewriting in connection with this additional copy, except that the keys have to be struck more strongly than when only 4 copies are required.

If the charge is a reasonable one, not on the basis that a copy of evidence was ordered, but that five copies were ordered when the investigation began,—the price for reporting and supplying 4 copies being fixed at 15 cts.—be good enough to furnish me with the proof of the reasonableness of the charges. It may be that the rate of 15 cts. for reporting and furnishing 4 copies is not very remunerative, but with that we have nothing to do. We must consider the charge for the additional copy alone, and that under the circumstances which I have named.

I am, Sir, your obedient servant,

The Sec'y., Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

Welland Canal—Filling Pond at St. Catharines.

AUDIT OFFICE, OTTAWA, Oct. 10, 1890.

DEAR SIR,—Let me call your attention to Application No. 310 of Jan. 9 1890, for $3,000 in favor of Jas. Murray, charged to "Filling a pond at St. Catharines."

The progress estimate for $3,336.75 reads, "Deepening Shoal Bay above Old Lock No. 2." Please let me have a fuller description of the work done, to show that it was the service for which the grant was intended to provide.

The estimate is dated Dec. 31, 1889, and there has been no payment since. It would be well to have the account closed if possible.

I am, Sir, your obedient servant,

The Sec'y., Dept. of Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 3, 1890.

SIR,—I am passing your application in favour of Jas. Murray for $1,849.75, being the balance of his contract for "Deepening Shoal Bay above Old Lock No. 2," charged against a Governor General's Warrant for the same service.

Let me call your attention to my letter of Oct. 10, 1890, asking for an explanation of the connection befween this work and the vote for "Filling a pond at St. Catharines."

I am, Sir, your obedient servant,

The Sec'y. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 22, 1890.

SIR,—In reply to your letter of the 3rd instant, asking for an explanation of the connection between J. Murray's contract for deepening the Shoal Bay above old Lock No. 2, Welland Canal, and filling pond at St. Catharines, I am by direction to say that the matter was referred to Mr. W. G. Thompson, C.E., who reports as follows:—

"The material for filling a portion of the pond, for which the money was voted, was taken by dredging from other portions of the pond.

"In the specification under which the money was expended, the work was described by the late Chief Engineer of Canals, as 'Deepening and raising parts of Shoal Bay above Lock No. 2. old Canal,' that wording being more explicit.

"The money has been expended at the place and for the purpose intended; and should the more recent description of the locality be objectionable, it might be abandoned and the original wording resumed."

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec'y.*

Chain-Tug "Iroquois" at Cardinal—Charged to "Galops."

AUDIT OFFICE, OTTAWA, July 24, 1890.

DEAR SIR,—Let me call your attention to the payment of $75 a month to John Stitt, as caretaker of the Chain-Tug "Iroquois," at Cardinal.

I would like to have further information concerning this service, to enable me to show in my report that it is a proper charge on the Vote for "Improvement of the works at the head of the Galops Canal."

Please certify the vouchers in the manner prescribed by Section 33 of the Audit Act, namely: "Work performed," and "price fair and just."

I am, Sir, your obedient servant,

The Sec'y. Dept. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Aug. 19, 1890.

SIR,—With reference to your letter of July 24 last, I am by direction to enclose to you J. Stitt's accounts—as caretaker of the Chain Vessel "Iroquois"—which were sent to Mr. S. H. Haycock, the Resident Engineer at Cardinal, and duly certified by him as you requested in your communication above quoted.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec'y.*

Brantford, Waterloo and Lake Erie Railway.

AUDIT OFFICE, OTTAWA, March 12, 1890.

DEAR SIR,—I beg to acknowledge the receipt of your application No. 412 for $11,620, in favour of the Brantford, Waterloo and Lake Erie Railway. This account stands as follows :—

Subsidy on 16¾ miles	$53,600
Work not completed	41,980
Payment applied for	$11,620

The amount of $11,620, certified by the Chief Engineer, is less than 22 per cent. of the subsidy applicable.

Let me call your attention to my letter of January 27, 1890, concerning the Drummond County Railway, in which I suggested that a limit be fixed for the proportion of work to be done before part of a subsidy is paid.

Please inform me of any steps which may have been taken in this direction.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT, OTTAWA, March 31, 1890.

SIR,—Replying to your letter of the 12th instant, with reference to a Departmental application for the payment of the sum of $11,620 to the Brantford, Waterloo and Lake Erie Railway, as the amount of their subsidy earned, and to your suggestion that a limit be fixed for the proportion of work to be done before part of a subsidy is paid, I have the honour, by direction, to say that the Minister does not see how such a limit can be laid down, and, further, that he is of opinion that the amount covered by the present application should be paid.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

Drummond County Railway.

AUDIT OFFICE, OTTAWA, Jan. 27, 1890.

DEAR SIR,—Let me acknowledge the receipt of your application No. 334 for $6,928, in favour of the Drummond County Railway, based on Mr. Ridout's inspection of 35·8 miles.

Referring to Mr. Schreiber's certificate of July 15, 1889, and assuming that the $5,500 there deducted from 12·46 miles is still withheld, the figures may be divided as follows, between the portions of the 34½ miles subsidized:—

	12·46 Miles.	22·04 Miles.
Subsidy, $3,200 a mile	$39,872	$70,528
Withheld for completion	5,500	63,600
Previously paid	34,372	.....
Certified for payment	.....	6,928

It was not anticipated that the practice of making partial payment before completion would be carried so far as to recognize $6,928 on $70,528, or less than 10 per cent.

I beg leave to suggest that the present application be cancelled, and that there be established a general regulation as to the proportion of work to be done before any part of a subsidy is paid.

I am, Sir, your obedient servant.

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, March 31, 1890.

SIR,—With reference to your letter of January 27 last, suggesting that the Departmental application for $6,928 in favour of the Drummond County Railway Company, being the amount of the subsidy earned under the last inspection of that road, be cancelled, and that there be established a general regulation as to the proportion of work to be done before any part of a subsidy is paid, I have the honour, by direction, to say that your suggestion has been laid before the Minister of this Department, who is unable to see how any such regulation can be made, and who is of the opinion that the present application should be granted.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

Joggins Railway.

AUDIT OFFICE, OTTAWA, Sept. 16, 1890.

DEAR SIR,—Let me acknowledge the receipt of your application, No. 88, in favour of the Joggins Railway Company for $1,600, the balance of their subsidy for 12 miles, under 49 Vic., chap. 10.

The engineer's certificate describes the whole 12 miles as made up thus: 11 miles from Maccan to the Prospect Mine, and one mile for the Association Pit Branch.

I do not remember any previous instance of payment for anything but a continuous line, under wording like that for the present subsidy: "12 miles from Maccan to the Joggins." Would it not be well to have the branch explicitly described to Parliament before paying this balance?

Is any part of the subsidy of 1887 ($4,000 for extension to wharf) included in this application?

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, Nov. 12, 1890.

SIR,—Your letter of Sept. 16, acknowledging the receipt of our application No. 88, in favour of the Joggins Railway. for the sum of $1,600, as authorized by Order in Council of Sept. 9, and your remarks thereon, has been received, and has lately been placed before the Minister, who writes as follows: "The subsidy is for 12 miles to the Joggins; now the Joggins is a well-known district, and both mines are in the Joggins district. The subsidy is not to a point in the district, and so it seems to me that under the Act the one mile to the Pit mine can be added to the other 11 miles." No part of the subsidy of 1887—$4,000—is included in the application.

I have therefore to request that a cheque for the $1,600 be issued.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec.*

Montreal and Champlain Junction Railway.

AUDIT OFFICE, OTTAWA, Dec. 13, 1889.

DEAR SIR,—Let me acknowledge the receipt of your application No. 280 for $5,400, in favour of the Montreal and Champlain Junction Railway Company, on account of subsidy for 21·38 miles.

The votes and payments to this company are as follows:—

1887—A subsidy of	$64,000	
1888—For 3 miles of their railway from the end of the present subsidized section, at $3,200.	9,600	
Previous payments		$53,100
Application in hand		5,400
Improvements to be made on line		15,100
	$73,600	$73,600

There is no mention made in the Subsidy Act, in the Order in Council, or in the Chief Engineer's letter, dated Oct. 30, 1889, of the distance covered by the subsidy of 1887.

In the Chief Engineer's letter of Jan. 26, 1888, certifying a payment of $16,400 on 17 miles, under the Act of 1887 (and before the Act of 1888 was passed) the portion of $64,000 applicable to 17 miles is taken as $50,000. This apparently assumes 21¾ miles as the length of the original section subsidized at $64,000.

Please let me know the distance covered by the subsidy of 1887.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT, OTTAWA, Dec. 19, 1889.

SIR,—I am directed to inform you that your letter of the 13th inst., acknowledging the receipt of my application No. 280 for $5,400, in favour of the Montreal and Champlain Junction Railway Company, on account of subsidy for 21·38 miles has been referred to the Chief Engineer, who reports as follows, viz.:—

"It appears that when the subsidy was granted by 50–51 Vic., chap. 25, the distance was supposed to be about 17 or 18 miles from Massena Springs to Fort Covington, but before the contract was entered into, the survey was made, and it proved to be 20¾ miles, and the contract was so drawn, and upon this, I, at the outset, prepared my reports. Subsequently by 51 Vic., chap. 3, the 3 miles shortage of distance was covered, and I have since prepared my reports covering the last subsidy."

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 27, 1889.

DEAR SIR,—I am unable to pass your application for $5,400 in favour of the Montreal and Champlain Junction Railway, on the ground that the sums of $64,000 and $9,600 would provide for 23 miles, unless a shorter distance were mentioned in the Act.

A reference to "Hansard" seems to indicate that 23 miles was to be covered by $64,000, and no mention was made then of the distance of 18·38 miles on which the company now proposes to have that subsidy calculated.

There is another irregularity (which does not enter into my objection) in the fact that the whole 21·38 miles is outside of Canada, whereas it was stated that the vote for $9,600 was not intended for a railway in the United States.

Since, therefore, the terms of the present subsidy are not clearly defined, it would be well to ask for a new vote to cover any payments which you propose to make.

I am, Sir, your obedient servant,

The Secretary, Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS DEPT., OTTAWA, Dec. 30, 1889.

SIR,—Referring to my report of Oct. 30 last, upon the section of the Montreal and Champlain Junction Railway, covered by the two following subsidies, viz.:—

50 and 51 Vic., chap. 24—To the Montreal and Champlain Junction Railway Company, a subsidy of	$ 64,000
51 Vic., chap. 3—To the Montreal and Champlain Junction Railway Company, for 3 miles of their railway from the end of the present subsidized section, a subsidy not exceeding $3,200 per mile, nor exceeding in the whole	9,600
Total	$ 73,600

I find I have not fully covered the section of line embraced by these two subsidies.

It appears that these subsidies covered the section of road from the end of the old Montreal and Champlain Junction Railway, *viâ* Fort Covington to Massena Springs, distance 23 miles.

Total subsidy applicable	$ 73,600
Less estimated value of work remaining to be done	15,100
Subsidy represented by work done	$ 58,500

I am, Sir, your obedient servant,

The Secretary Railways and Canals. COLLINGWOOD SCHRIEBER.

The Audit Office needs Original Vouchers.

AUDIT OFFICE, OTTAWA, May 21, 1890.

DEAR SIR,—I notice that many of the vouchers which you forward to this Office are duplicates made in your own Department.

Let me remind you that the Audit Office, as examining for the House of Commons, needs the original vouchers made out by the creditors themselves, since they are the best evidence of liability.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Dept. Public Works.

AUDIT OFFICE, OTTAWA, July 8, 1890.

DEAR SIR,—I am passing to-day several of your applications for slides and booms expenditure, supported by copies of vouchers made out in Mr. Brophy's office. These copies appear to be abstracts of the originals, rather than literal transcripts.

Let me remind you, however, of my letter of May 21, 1890, asking to be supplied in all cases with the original vouchers made out by the creditors themselves, as the best evidence of liability.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Dept. Public Works.

PUBLIC WORKS DEPT., OTTAWA, July 16, 1890.

SIR,—Having reference to your letter of the 8th instant, stating that you require the original vouchers in connection with payments on account of slides and booms expenditure, I beg leave to say that your wishes in the matter have been communicated to Mr. Brophy.

I am, Sir, your obedient servant,

A. GOBEIL, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 9, 1890.

DEAR SIR,—I beg to acknowledge receipt of your application No. 197, covering an item of $6,879, for coal supplied for the St. Lawrence ship channel by Messrs Kingman, Brown & Co., of Montreal.

The voucher attached is not an original account made out by Kingman, Brown, & Co., but a copy written by an officer of your Department at Sorel.

As mentioned in my letters of May 21 and July 8, I am unable to certify payment on anything but original vouchers made out by the creditors themselves.

I return herewith the copy of Kingman, Brown & Co.'s account, and would like to be supplied with the original voucher from which the copy was made.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Dept. Public Works.

Methods of Paying Wages and Accounts:

AUDIT OFFICE, OTTAWA, April 18, 1890.

DEAR SIR,—I notice that the cheques drawn against Public Works Letters-of Credit in Ottawa and St. John are made out in the form "Pay to..... or order."

Let me call your attention to the Order in Council of June 27, 1888, shown on page C–15 of my Report for 1889, which prescribes the form "Pay to the order of .. .."

I am, Sir, your obedient servant,

The Secretary, Dept. Public Works. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, May 7, 1890.

SIR,—In reply to your letter of the 18th ultimo, I beg leave to inform you that the accountant explains that the reason for his not using the form of cheque prescribed by the Order in Council of 27th June, 1888, was that his new supply was not ready, and he wished to use up his old stock, which is now about exhausted.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, April 30, 1890.

DEAR SIR,—I notice in your receipted pay-lists many cases where the workmen sign by marks, and the paymaster attests the marks by his initials.

Each mark should be witnessed by some third person, who should certify that the cash was paid by the paymaster and the mark made in the presence of the witness, and that the creditor expressed his inability to sign his name in writing.

I am, Sir, your obedient servant.

The Secretary, Dept. Public Works. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, June 20, 1890.

SIR,—Having reference to your letter of the 30th ulto., I beg to inform you that instructions have been given to have a third witness to payments made to workmen who are unable to sign their names to receipts.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 23, 1890.

DEAR SIR,—I find that the pay-list vouchers supplied by your Department for wages of labourers mention only the number of days' work during the period covered by the pay-list.

The pay-lists, in all cases, should give the date of each day on which each man worked. Please see that this change is made as soon as practicable.

I am, Sir, your obedient servant,

The Secretary, Dept. Public Works. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 21, 1890.

DEAR SIR,—Please let me know whether the different officers of your Department who act as paymasters have given security, as required by the Order in Council of August, 1869.

I am, Sir, your obedient servant,

The Secy., Dept. Public Works. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 28, 1890.

DEAR SIR,—I notice that large sums of money to pay monthly accounts for wages and supplies of harbours, rivers and dredges are advanced to employees of your Department: Messrs. Coté, Arnoldi, Dionne, Kingston, St. Laurent and others.

It is a generally recognized principle that no account should be paid in cash if a cheque would answer the purpose as well; and a paymaster should not be asked to carry more cash than is absolutely required.

I am unwilling to continue to share in any way the responsibility for a system involving unnecessary risk. Please draw separate cheques to cover each account for which there is no urgent reason for cash payment. The reasons for exceptions should be given specifically in each case.

The cheque for the wages and the excepted accounts will be in favour of the paymaster as usual, and he can carry or mail the other cheques to the creditors.

I am, Sir, your obedient servant,

The Secy., Dept. Public Works. J. L. McDOUGALL, *A.G.*

Certificates under Sec. 33 of Audit Act.

AUDIT OFFICE, OTTAWA, Oct. 9, 1889.

SIR,—I notice that many of your accounts are not certified in the manner required by Section 33 of the Audit Act.

All accounts for materials supplied should be certified as "received" by the officer who handles the goods. They should also be certified "prices fair and just" by some officer who has examined the supplies, and who is familiar with their value.

All accounts for labour should be certified "work performed," by the local foreman who has personal knowledge of the work.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Department.

AUDIT OFFICE, OTTAWA, April 11, 1890.

DEAR SIR,—I return herewith your application No. 770, in favour of J. D. Potter of London, Eng., for $27.38, to pay for charts of the Fiji Group, Samoa, Sandwich Islands, New Zealand, Fanning Island, and Coast and Harbours of Queensland.

Please certify that the prices are fair and just, and that the expenditure is necessary for the public service.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Department.

PUBLIC WORKS DEPT., OTTAWA, April 15, 1890.

SIR,—I beg leave to send you again application No. 770, in favour of J. D. Potter, for $27.38, to pay for charts of Pacific Islands, &c., also the account which is certified by the Superintendent of Telegraph Service, that the prices are fair and the expenditure necessary.

I am, Sir, your obedient servant,

A. GOBEIL, *Secretary.*

The Auditor General.

NOTE by Auditor General:—Mr. Gisborne's certificate reads: "The prices charged are fair and reasonable, and the same as usual for such charts. The above have been procured for the use and information of this Department."

AUDIT OFFICE, OTTAWA, Sept. 10, 1890.

DEAR SIR,—Your application No. 181 covers a bill from the Alberta Railway and Coal Co., reading "For 15 tons of coal delivered to Winnipeg Post Office, at $7.50." The certificate by Mr. Smith is "Correct, price as per contract."

The Accountant of your Department, in conversation, held that the certificate "Correct" to the Company's description of their claim, fixes Mr. Smith's responsibility for each point of the description, including therefore the delivery.

This view may be legally correct, and I have no doubt, of course, that the coal has been delivered; but I do not think that the requirements of Section 33 of the Audit Act have been filled: "Unless the officer certifies that such materials have been supplied." The spirit of this section is that the officer's certificate shall be evidence that he had in mind the particular question, "Were the materials supplied or not?"

I return the voucher herewith, and would like to have it marked by Mr. Smith, "Materials supplied."

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secy. Dept. Public Works.

AUDIT OFFICE, OTTAWA, Jan. 3, 1891.

SIR,—Let me acknowledge receipt of your Application No. 537 for $780.90 in favour of Messrs. Logan & Rankin, of 36 Toronto Street, Toronto, for working-drawings of pumping-plant for Kingston Dry Dock.

I would like to call your attention to the fact that Mr. Strong, the Resident Engineer, has signed his name under the word "certified," instead of under the words "work performed, prices fair and just." It is not therefore explicitly apparent that he had in mind the necessity of satisfying himself on these two separate requisites, before approving the account for payment.

I return the application and voucher herewith for amendment.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 14, 1891.

SIR,—Having reference to your letter of the 3rd inst., I have the honour to return you the vouchers in favour of Logan & Rankin, amended, as requested, by the Resident Engineer, and to state that the Chief Engineer in returning those vouchers remarks that he cannot see that any importance attaches to where the Resident Engineer's name appears on an account. That, in this case, it happened that the signature of that officer was at some little distance from the printed statement that the "prices were fair and just," and that he considers it only a quibble to return the account, and in keeping with the manner in which accounts from his branch have been treated in your office.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Specifications needed with Timber Accounts.

AUDIT OFFICE, OTTAWA, Oct. 23, 1890.

DEAR SIR,—Let me acknowledge receipt of your Application No. 325 for $1,662.84 in favour of Poupore & Co., for 9,238 feet of squared W. P. timber delivered in Calumet Basin at 18c.

For this, and other timber accounts, I would like to be supplied with the specifications of measurements, in order to be able to check the calculations.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT, OTTAWA, Nov. 5, 1890.

SIR,—Having reference to your letter of the 23rd ultimo, acknowledging application No. 325 for $1,662.84 in favour of Messrs. Poupore & Co., for square timber, and requesting that for this and other timber accounts you would like to be supplied with specifications of measurements, I beg leave to inform you that detailed specifications of measurements would take four or five sheets of foolscap, and that the total measurement as given in the bill has been checked by Mr. Brophy and certified to by him, to amount to 9,238 feet, for which, by agreement, 18c. per foot was to be paid, making a sum total of $1,662.84, and the Chief Engineer has duly certified the account referred to.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 5, 1890.

SIR,—In reply to your communication of the 5th instant, regarding application No. 325 in favour of Messrs. Poupore & Co., for $1,662.84, I beg to say that I regret having to delay passing the certificate until the specification is forwarded, it appearing to me that the specification of timber is exactly similar to the bill of any other supplies, and as such is an essential voucher.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Accounts for Stationery and Printing.

AUDIT OFFICE, OTTAWA, May 1, 1890.

DEAR SIR,—I notice that, among the vouchers forwarded by some of your officers outside of Ottawa, several bills for stationery and printing have been presented and paid. As an instance, I may mention the accounts for the St. Lawrence Ship Channel and Port Arthur Breakwater.

Under 51 Vic., Cap. 17, Sec. 2, all printing and stationery, whether for the inside or outside service, should be ordered from and paid by the Queen's Printer and Controller of Stationery.

Please explain to your officers the law on this subject, and withhold payment on any similar vouchers which may be presented to you in future.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

Extra Payments to Permanent Officers.

AUDIT OFFICE, OTTAWA, April 28, 1890.

DEAR SIR,—Let me call your attention to cheque 48707 in favour of Thos. Anderson, of Edmonton, for $20, for plans and information concerning the site for a bridge over the Saskatchewan River.

Mr. Anderson is employed under Order in Council by the Interior Department as timber agent at Edmonton, and is therefore prevented from receiving any additional pay, under 51 Vic., Cap. 12, Sec. 12.

Please obtain a refund of the amount from Mr. Anderson.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 12, 1890.

DEAR SIR,—In your expenditure for St. Timothy Pier, I notice $250 paid to the foreman, G. B. Denault, for 100 days at $2.50, in August, September, October and November, 1889.

Mr. Denault is the wharfinger at Valleyfield, on the Beauharnois Canal, and holds his position under Order in Council. See my report for 1889, page F–1.

Being a permanent officer he comes under the provisions of 51 Vic., Cap. 12, Sec. 12. Any payment to him, beyond his salary as wharfinger, should be sanctioned by Order in Council, or refunded.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

Extra Clerks Charged to Outside Votes.

AUDIT OFFICE, OTTAWA, Dec. 4, 1890.

SIR,—I beg to acknowledge the receipt of your letter of the 3rd instant *re* transfer of $1,550.65, pay-list Chief Architect's staff for October, from the appropriation "Public Buildings Generally," to appropriation "Ottawa Buildings, Capital."

Also for the month of November, you ask that appropriation "Public Buildings Generally" be credited with $1,414.17, pay-list Chief Architect's staff, and that "Almonte Post Office" appropriation be debited.

Might I ask you to be good enough to explain upon what grounds the pay lists for one month should be charged to one appropriation and the pay-list of the following month to a different appropriation?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 31, 1890.

SIR,—In reply to your letter of the 4th instant, asking upon what grounds the pay-list of one month, for the Chief Architect's Staff, should be charged to one appro-

priation and the pay-lists of the following month to a different appropriation, I have the honour to explain that there is not any appropriation specially intended to cover the salaries of the Chief Architect's Staff and other non-permanent employees of this Department. It has always been the practice to charge the pay-lists of these officers, month about, to any of the various works upon which they were engaged, as warranted by the state of the appropriation balance.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Jan. 3, 1891.

SIR,—In reply to your letter of the 31st ultimo, No. 67494, *re* salaries of non-permanent employees of your Department, I beg to say that an appropriation ought not to be charged with any amount which does not cover a service directly connected with the object for which the appropriation was granted.

I would suggest that in future a separate sum be placed in the Estimates, for the officials at headquarters who have hitherto been charged to votes for works.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 14, 1890.

DEAR SIR,—Let me acknowledge receipt of your application for the transfer of $2,505.60 from "Telegraph Service Generally" to "Telegraph Lines, N. W. T.",—being amounts paid to Extra Clerks in Sept. and Oct., 1889. Please let me have your reasons for asking for the transfer.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, May 20, 1890.

SIR,—In reply to your letter of the 14th inst. asking why the transfer of $2.505.60 from "Telegraph Service Generally" to "Telegraph Lines, N. W. T." was made—being amounts paid to Extra Clerks in Sept. and Oct. 1889, I am directed to inform you that the appropriation "Telegraph Service," being a general one, it is found a more suitable fund from which to pay the salaries of Extra Clerks at Ottawa than the appropriation "Telegraph Lines, N. W. T.," which is intended for expenditure in the North-West Territories.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

Payments to E. F. G. Cowen as an Extra Clerk.

AUDIT OFFICE, OTTAWA, April 30, 1890.

DEAR SIR,—Let me call your attention to the salary cheques issued to Mr. E. F. G. Cowen, formerly an extra clerk in the Public Works Dept. at $1.75 a day.

The latest document which I find dated at Ottawa by Mr. Cowen is a Power of Attorney of March 14, 1889, in favour of the Manager of the Canadian Bank of Commerce here.

Cheque 43203, for March pay, is dated March 21, 1889, and was cashed at the Merchant's Bank in Chatham, Ont., reaching the Bank of Montreal at Ottawa, March 29.

Cheques 43840, 44419, and 45008 for April, May and June respectively, were drawn in favour of the Bank of Commerce at Ottawa under the Power of Attorney of March 14.

Cheque 46395 of Sept. 3, is marked as August pay; and cheque 46547 of Sept. 13, is marked as July pay. These were both cashed at the Bank of Montreal in Chatham, reaching Ottawa Sept. 26, 1889.

Please let me have the date at which Mr. Cowen ceased working in the Department at Ottawa, and the authority for any payments which were made since that date. There should also be an explanation of the fact that his July pay was ten days later than his August pay.

The different months' pay-cheques were charged to the following votes :

March: Land and Cable Telegraph Lines, Maintenance.
April: North-West Mounted Police Buildings.
May: Telegraph Service Generally, Maintenance.
June: Kingston Dry Dock.
July: River St. Lawrence, Deepening.
August: River St. Lawrence, Deepening.

I am at a loss to understand how you discriminated the proper vote against which to charge Mr. Cowen's pay after he left the Department at Ottawa.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A. G.*

Ottawa Buildings.

AUDIT OFFICE, OTTAWA, July 8, 1890.

DEAR SIR,—Let me acknowledge receipt to-day of your application in favour of Mr. A. Charlebois for $25,000 in further payment on the Langevin Block, as by the Chief Architect's certificate.

In view of the fact that the building has been occupied for some time, I would like to know how soon we may expect the Final Estimate to be completed.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, July 25, 1890.

SIR,—In reply to your letter of the 8th instant enquiring when you may expect the final Estimate in favor of A. Charlebois, contractor for the "Langevin" Block, I beg leave to inform you that it is impossible to say at present, but we hope for a final settlement within a reasonable time.

I am, Sir, your obedient servant,

A. GOBEIL, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—In reply to your communication No. 64291 of the 25th instant *in re* final Estimate in favour of Mr. A. Charlebois, contractor for the "Langevin" Block, allow me to say that the object I had in view has been gained. Mr. Charlebois having said that he would apply for no other payment until the settlement of the claim.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary Public Works Dept.

AUDIT OFFICE, OTTAWA, May 14, 1890.

DEAR SIR,—I notice charges for furniture and carpets for the Langevin Block in "New Public Building—Capital," and "Repairs and Furniture—Ottawa Buildings."

Please let me know of any rule you may have had for selecting the Vote against which to charge each item.

I am, Sir, your obedient servant.

The Sec. Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 29, 1890.

DEAR SIR,— I notice in Voucher 48874 a payment of $31 to Mr. Samuel Adams, Clerk of Works at the Langevin Block, for 270 hours extra time from October 9, to December 31, 1889.

Please let me have a calculation of the 270 hours.

I am, Sir, your obedient servant,

The Sec. Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 2, 1890.

DEAR SIR,—Let me acknowledge receipt of your application No. 794 for $225 in favour of Mr. W. Horace Lee, for "Three months' rent of building on Wellington street, Ottawa, occupied by the Indian Department to April 30, 1890.

Please mention the date at which the Department of Indian Affairs moved out of Mr. Lee's building, and the uses to which it has been put by the Government since that time. I return the voucher herewith, for any necessary alteration in the description.

I am, Sir, your obedient servant,

The Sec. Public Works Dept. J. L. McDOUGALL, *A.G.*

CHIEF ARCHITECT'S OFFICE, OTTAWA, May 9, 1890

Memorandum:—Mr. Horace Lee's building was occupied by the Department of Indian Affairs under lease which expired on the 1st May, 1889. Owing to uncertainty as to the time the Indian Affairs could move into their new quarters in 1889, the 6 months notice required by law, to be given previous to the 1st May, 1889, could not be given in time, and the Government therefore continued as tenants for another year. The Indian Affairs moved out in May, 1889, and the building has since been occupied for various public purposes. The Canadian Pacific Railway Commission has held its sittings there, and the translators of the debates have occupied some of the rooms since the opening of the Session, and, by arrangements with Mr. Lee, will continue occupation until prorogation, at same rental as paid under lease, without incurring further responsibility.

The Sec'y. Public Works Dept. THOS. FULLER, *Chief Architect.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 23, 1890.

SIR,—I beg leave to enclose herewith accounts from G. T. Thompson, amounting to $290, for coal delivered at the Experimental Farm, Ottawa. A charge for cartage, amounting to $24.79, is also made and allowed by the Chief Architect as per his explanation on accompanying copy of his memorandum on the matter.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

CHIEF ARCHITECT'S OFFICE, Jan. 18, 1890.

Memorandum.

Re charge for cartage of coal to the Central Experimental Farm, the Auditor General objected to the rate per ton 75cts., charged for the cartage of coal from the Ottawa Sheds to the Central Experimental Farm. This matter has been discussed with Professor Saunders who certified the account as correct; he states that the price paid by the various officers connected with the farm for the cartage of their coal is 50cts. per ton, *i.e.* the rate charged when the roads are good. When the coal charged in the accounts attached was delivered the roads were bad, and the rate charged, 75cts., is a reasonable price.

The Secretary, Public Works Dept. THOS. FULLER, *Chf. Archt.*

AUDIT OFFICE, OTTAWA, Jan. 24, 1890.

SIR,—In reply to your letter of 23nd inst, I would say that Prof. Saunders called on me some time ago with reference to this subject and my recollection is that he said this coal was drawn from the Canada Atlantic Railway Company Station and therefore farther than it is usually taken.

I am, Sir, your obedient servant,

Secy. Public Works Dept. J. L. McDOUGALL, *A. G.*

PUBLIC WORKS DEPT., OTTAWA, Jan. 31, 1890.

SIR,—In reply to your letter of Jan. 24, on the subject of Mr. G. F. Thompson's account for supply of coal to Experimental Farm, Ottawa, I beg to inform you that the Chief Architect reports that the coal was drawn from the Canada Atlantic Railway station; that the roads were very heavy, and that the carts had to pass along the main road through the toll gate.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

Payment of old Accounts.

AUDIT OFFICE, OTTAWA, May 1, 1890.

DEAR SIR,—In the July and August expenditure on Montreal Ship Channel there are several vouchers for arrears of ground rent for beacons, some being for eight years and others for four years. Please let me know why these services were not paid as they accrued.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 24, 1891.

DEAR SIR,—In your expenditure in 1889–90, on "Miscellaneous Works not otherwise provided for," I notice a payment to Augustin Nolin as follows, marked "Red River Route":—

Rent of house from Nov. 1, 1873, to July 1, 1874, 8 months, at $17	$136
Less, paid by S. J. Dawson in 1874–75	100
Paid by cheque 46609, of Sept. 19, 1889	$ 36

Please explain the delay in settlement, and mention the location of the house. It is usual to obtain an Order in Council for payments of old accounts.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

Final Estimate for London Military Buildings.

AUDIT OFFICE, OTTAWA, April 18, 1890.

DEAR SIR,—In Hook & Toll's final estimate for the London Military Buildings, I notice that 20 per cent. is allowed to them on vouchers for extra work performed by other persons.

Pease let me know why this charge is made, in view of the fact that this was apparently work over which Messrs. Hook & Toll exercised no supervision.

I am, Sir, your obedient servant,

The Secretary, Dept. Public Works. J. L. McDOUGALL, *A.G.*

CHIEF ARCHITECT'S OFFICE, OTTAWA, April 18, 1890.

Memorandum.—Re Auditor General's letter of this date addressed to you, and concerning final estimate of Hook & Toll for Infantry School, London, Ont.

Messrs. Hook & Toll being employed by the Department to do the additional work required, employed sub-contractors, supplied all scaffolding and plant, exercised supervision over the work and were held responsible for same, for which services 20 per cent. is claimed; and as such is the usual practice in the trade, and in order to arrive at a settlement, the claim was allowed.

THOS. FULLER, *Chief Architect.*

The Secy., Public Works Dept.

Photographs of New Chaudière Bridge.

AUDIT OFFICE, OTTAWA, May 14, 1890.

DEAR SIR,—Among your charges against the vote of $35,000 for the new iron truss bridge at Ottawa, there is an item of $135.50 paid to the Topley Studio for 24 copies of photographs of the bridge, with 9 frames.

You do not mention the distribution made of the photographs. Please let me have it to attach to the voucher.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Over-Expenditure on Battleford Bridge.

AUDIT OFFICE, OTTAWA, July 31, 1890.

SIR,—Allow me to draw your attention to application No. 935, in favour of the Bank of Montreal for $6,881.45, to cover cheques drawn by Mr. W. F. Gouin during month of June at Winnipeg.

The appropriation "Battle River Bridge" has been over-expended by $5,906.70, and no explanation is offered why Mr. Gouin has been instructed to over-expend this appropriation.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

CHIEF ENGINEER'S OFFICE, Aug. 8, 1890.

SIR,—With reference to the letter from the Auditor General, fyle 110,437, and the question endorsed thereon by you relative to the over-expenditure of $5,906.70 on the Battle River Bridge at Battleford, I have to state as follows:—

On May 2, 1888, Messrs. Kennedy & Heney entered into a contract with the Department for the construction of a highway bridge at Battleford, N. W. T., and agreed therein to complete the same within twelve months from the date of the contract.

The contractors made but little progress with regard to the delivery of materials, the first delivery being a quantity of iron which was shipped from Ottawa, and lay at Swift Current for many months.

The attention of the contractors was called to this delay and negligence on their part to prosecute the work, and at last in February, 1890, so little work had been done that the Department felt itself obliged to take the work out of their hands and do it by day's labour.

The causes, therefore, for this over-expenditure may be briefly summed up as follows:—

The teamsters had to be paid for freighting the iron across the prairies from Swift Current to Battleford. Timber which had been delivered and had not been paid for by the contractors, had to be paid for by the Department. Stone also for

the piers had to be paid for; and the work done by the contractors prior to the Department assuming it was in such a state, that had it not been pushed forward as rapidly as possible, what had been done would have been carried away by the ice in the spring. Further, had the Department not pushed the work the bridge could not have been finished for another year, and the public would thereby have been greatly inconvenienced.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. LOUIS COSTE, *for Chief Engineer.*

Meals for Employees on Survey-Steamer "Joe."

AUDIT OFFICE, OTTAWA, July 25, 1890.

DEAR SIR,—Let me acknowledge receipt of your Application No. 85 for $121.35 in favour of Mr. J. R. Arnoldi, on account of travelling expenses.

There is an item of $29.25 for 117 meals for the Engineer, Assistants and Pilots on the Survey-Steamer between June 28 and July 17, 1890.

Please let me have the name of these persons, and the amount chargeable for each.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, July 31, 1890.

SIR,—I beg leave to inform you that Mr. Arnoldi states that the item of $29.25 on application 85, for $121.35 in his favour, incurred for meals, were supplied to W. Thomson, 51 meals; W. Smith, Foreman of dredges, 51 meals, and J. Howden, Superintendent of Ship Channel, 15 meals.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

Shed for Storing Dredging Plant in Ottawa.

AUDIT OFFICE, OTTAWA, Jan. 16, 1891.

DEAR SIR,—Under "Repairs to Dredge Vessels" in 1889-90, I find two vouchers for $40 each (Nos. 47787 and 51418), representing payment of $80 to F. Merrett, of Ottawa, for 12 months' "Rent of Shed for storage of Dredging Plant."

Please mention the location of the shed, and specify the particular months covered by the vouchers.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, January 24, 1891.

SIR,—Having reference to your letter of the 16th inst., asking for particulars respecting the payment of $80 to F. Merrett for 12 months' rent of a shed used for storing dredging plant, and which appears under the heading "Repairs to Dredge Vessels" in 1889-90, I am directed to inform you that the Chief Mechanical Engineer explains that the months charged for are from July 1, 1889, to June 30, 1890, and that the shed is situated on Vittoria street between Lyon and Kent streets, Ottawa.

I am, Sir, your obedient servant,

The Auditor General. E. F. E. ROY, *Secy.*

Thos. Fitzgerald's Account: Kaministiquia Dredging.

AUDIT OFFICE, OTTAWA, April 30, 1890.

DEAR SIR,—Let me call your attention to Voucher 47344 for $329, in favour of Thos. Fitzgerald, the Inspector of Dredging on the Kaministiquia River.

There should be details of the 588 hours extra work at 35c., and of the item of $44 for travel from Port Arthur to Ottawa in October.

Mr. Fitzgerald's personal account stands thus:

		Cheque.	Voucher.
June 13, 1889:	Advance for travel	$150 00	
June 30, 1889:	Details of travel		$ 50 80
do do	Services in June		63 00
June 28, 1889:	Cheque for last two items	113 80	
July, 1889:	31 days at $3.50	108 50	108 50
Aug., 1889:	do	108 50	108 50
Oct. 31, 1889:	Closing account for season		479 00
Oct. 22, 1889:	Cheque for balance	329	

The voucher for $113.80 should have been charged against the previous advance for travel, instead of being paid by a new cheque; and the advance of $150, made June 13, 1889, should not have been left out of account until October.

Further, since the closing account was settled at Ottawa by a cheque of Oct. 22, which was cashed the same day, the date "Oct. 31" on the voucher is an error. Was Mr. Fitzgerald engaged on work connected with Kaministiquia Dredging from Oct. 22 to Oct. 31, during which interval he was paid for his time in Ottawa?

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

Timber for New Dredging Plant.

AUDIT OFFICE, OTTAWA, Sept. 20, 1890.

DEAR SIR,—Let me acknowledge receipt of your Application No. 219 for $5,999.91 in favour of A. Hurteau & Bro., of Montreal, for pine and oak timber supplied for New Dredging Plant:—

	Over 30 ft.	30 ft. and less.
Pine, 1,182½ cub. feet at $0.78	$296 79	$ 625 56
Oak, 4,978 do 1.02	649 06	4,428 50
Total	$945 85	$5,054 06

It appears to me that the unusually high prices call for some further explanation. I am holding the certificate in the meantime.

I am, Sir, your obedient servant,

The Secy. Dept. Public Works. J. L. McDOUGALL, *A.G.*

MECHANICAL ENGINEER'S OFFICE, Sept. 20, 1890.

SIR,—In reply to the Auditor General's letter of to-day regarding the prices charged for oak and pine timber in account of A. Hurteau et Frère, I may explain that all the timber in this bill is of exceptional clear quality, seasoned, and all cut to dimensions, of which there are seventy-six different sizes.

This quality of oak cannot be obtained here, and the pine, unless ordered a season ahead, cannot be obtained either. Two years ago tenders were asked from the various lumber merchants of Ottawa and Montreal and the only tender received was from Messrs. Hurteau.

The present order was only found to be required last May for use this year, therefore the delay of waiting till 1891 for delivery could not be considered.

Messrs. Hurteau have brought all our special timber for some time past from a distance, and the price includes freight, &c., cartage, and piling in shipyard in Ottawa; therefore, although the prices charged appear high, I consider them only liberal without being excessive, taking into account the quality of the stuff, the labour and the expense attending the execution and delivery of such a detailed dimension order.

Good quality 1½-inch flooring, ordinary short lengths, costs $40 per M. in Ottawa.

I am, Sir, your obedient servant,

The Secy. Public Works Dept. JNO. R. ARNOLDI, *Chf. Mechl. Engr.*

Levis Graving Dock.

AUDIT OFFICE, OTTAWA, April 15, 1890.

DEAR SIR,—Let me acknowledge receipt of your application No. 773 for $9,002.93 in favour of the Quebec Harbour Commissioners, for expenses of the Lévis Graving Dock in 1889.

The vouchers should be certified in the words prescribed by Sec. 33 of the Audit Act, namely: "Work performed" or "Materials received," and "Prices fair and just." Each certificate should be made only by an officer having personal knowledge of the fact which he certifies.

There are charges for advertising amounting to $62.96, which should be taxed by the Queen's Printer. Mr. Coté's bill of $8.50 for printing, and Mr. Miller's bill of $5.22 for Stationery, should be settled by the Queen's Printer, in accordance with the Act of 1888.

The four items for insurance, amounting to $238.50 are shut out by the Order in Council of July 5, 1881, shown on page C—13 of my Report for 1889.

Please let me have the authority fixing the salaries of officers, as given in Voucher No. 69, for $2,674.

There should be items given for Capt. Bernier's travel and postage, $37.88, and for the Harbour Commision's account for cartage, $14.69.

I return the vouchers herewith, to have the necessary certificates attached.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Sept. 27, 1890.

SIR,—In reply to your letter of the 15th April last, having reference to the accounts for the management of the Graving Dock at Lévis, Que., I have the honour to state that upon the transfer of that important work to this Department it was deemed advisable to leave such management for a time in the hands of the Quebec Harbour Commissioners, as agents for the Department, a fact which will at once explain any apparent irregularity in the accounts submitted, the Commissioners having continued to observe the rules followed by them prior to the transfer.

I may add, however, that the attention of the Commissioners will be called to the manner in which you desire the accounts to be certified for their guidance in the future, and that the same will be done as regards travelling and other petty expenses in connection with that work. The Commissioners will also be asked to get any advertising or printing required in the future to be done through this Department.

As regards the question of insurance, the matter will be submitted to the Minister on his return to the city, and his decision in the matter will be duly communicated to you.

With reference to the salaries of the officers employed in connection with the dock, it may be stated that, upon the transfer to this Department, the same staff

which had been appointed by the Harbour Commissioners, and had managed the dock until such transfer, was continued in employment with the same salaries which they had formerly received.

I am, Sir, your obedient servant,

A. GOBEIL, *Secy.*

The Auditor General.

Removal of Chesterville Dam.

AUDIT OFFICE, OTTAWA, Oct. 23, 1890.

DEAR SIR,—Let me acknowledge receipt of your application No 328 for $5,500 in favour of the Treasurer of Stormont, Dundas and Glengarry, described as "Subsidy for removal of Chesterville Dam."

The wording of the vote is "Little Nation River, $5,500; the local authorities providing $5,000."

I construe this as meaning that expenditure may be incurred up to $10,500, to meet which the local contribution must first be used; and that only the excess over $5,000 can be charged against the vote of $5,500.

I return the application for $5,500, to await detailed vouchers for the whole work.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Nov. 5, 1890.

SIR,—In reply to your letter of the 23rd ultimo, returning application No. 328 for $5,500 in favour of the treasurer of the Counties of Stormont, Dundas and Glengar y on account of the removal of the Chesterville Dam, and asking to be supplied with detailed vouchers for the whole work, I beg leave to state that the vouchers asked for by you are not in the possession of this Department, and that the vote of Parliament was a contribution towards the removal of the dam at Chesterville; and the Chief Engineer being satisfied that the work had been done, issued the certificate therefor.

I enclose herewith the papers included in your letter.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 7, 1890.

SIR,—In reply to your communication of the 5th instant with reference to application No. 328 in favour of the treasurer of the United Counties of Stormont, Dundas and Glengarry, for $5,500, I beg to say that the wording of the appropriation, "Little Nation River, the local authorities providing $5,000," does not seem to me to imply that the $5,500 is a contribution.

I am, Sir, your obedient servant,

The Secy., Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 12, 1890.

SIR,—In reply to your letter of the 7th ultimo, respecting the application in favour of the Treasurer of the United Counties of Stormont, Dundas and Glengarry for $5,500 for improvements on the Little Nation River, and stating that the vote of Parliament does not seem to imply that the above mentioned sum is a contribution, I have the honour to inform you that payments to the counties for this work com-

menced in the year 1886-87, and have been from time to time made on the certificate of the Chief Engineer of this Department, and the work for which this application of $5,500 is made is the continuation of the work begun in the year mentioned.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 15, 1890.

SIR,—In reply to your letter of yesterday regarding the application for payment to the United Counties of Stormont, Dundas and Glengarry for improvements on the Little Nation River, I can only repeat what has been already stated in a former letter, that the words of the appropriation do not seem to indicate that any portion of the amount voted can be paid out for work performed before the appropriation came into effect.

I shall be much pleased to pass the application for $5,500 when a certificate is obtained from the Chief Engineer that $10,500 has been spent since the 1st of July last.

It appears to me that paying corporations or private individuals, in fact any person outside the Government itself, for work done before the existence of the appropriation would be illegal, while it might be perfectly justifiable to devote any portion of an appropriation to paying for work which had been undertaken by the Government itself before the appropriation came into existence.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 20, 1890.

SIR,—Having reference to your letter of the 13th inst., I have the honour to enclose herewith the certificate of the Chief Engineer of this Department that $10,500 has been expended since the 1st July last for improvements on the Little Nation River, Ontario.

I am Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secretary.*

Replies wanted to Seventeen Letters.

AUDIT OFFICE, OTTAWA, May 31, 1890.

DEAR SIR,—Let me call your attention to the enclosed statement of correspondence, showing that out of 25 letters written by me to your Department since April, 11, only 8 have received any answer beyond formal acknowledgment.

Please let me have replies to the other 17 letters at your earliest convenience, describing any action you may be going to take thereon.

Also, my letter of Jan. 17, 1889, concerning the accounts of 1887-88 (of which I reminded you July 11, 1889) has not yet been discussed by you, although it raised several questions of importance.

This inaction is, I need scarcely say, a great hindrance to the proper auditing of your Appropriation Accounts.

I am, Sir, your obedient servant,

The Secretary, Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 3, 1891.

DEAR SIR,—Let me call your attention to my letter of May 31, 1890, giving a list of seventeen letters written to your Department between April 11 and May 21, to which no answers had been received by me.

Three of the letters have since been answered, and four have been explained in the course of other discussions. There remain ten, concerning which I would like to be informed, as follows :

"107989 : *The payment to Thos. Anderson was irregular.*"—Mr. Anderson is the Timber Agent at Edmonton, appointed by Order in Council, and contributing to the Superannuation Fund. He is therefore a permanent officer ; and, as such, is prohibited from receiving any addition to his regular salary as Timber Agent. The $20 paid to him by you, for plans for a bridge over the Saskatchewan, should be refunded.

"107990 : *Accounts should be paid by cheques instead of by cash.*"—The unnecessary handling of cash by Government officers should be reduced to the lowest figure. All accounts should be paid by cheques.

"108021 : *Information needed re Thos. Fitzgerald's account.*"—The details are unsatisfactory ; an advance was held too long ; and it has not been proved that "Kaministiquia Dredging" received services from Oct. 22 to Oct. 31.

"108022 : *Information needed re the late E. F. G. Cowen.*"—Mr. Cowen was paid as an extra clerk in the Public Works Department up to Aug. 31, 1889 : but his cheques for March, July and August, 1889, were cashed at Chatham, Ont. ; and those for April, May and June were drawn in favour of the Bank of Commerce at Ottawa, under a Power of Attorney executed at Ottawa March 14, 1889.

"108025 : *Explain delay in paying ground rent for beacons.*"—There should always be an explanation attached to payments for services rendered at a much earlier date. It is usual to have Orders in Council for such payments.

"108377: *The payments to G. B. Denault were irregular.*"—Mr. Denault is the Wharfinger at Valleyfield on the Beauharnois Canal, appointed by Order in Council, and contributing to the Superannuation Fund. He is, therefore, a permanent officer; and, as such, is prevented by 51 Vic., Cap. 12, Sec. 12, from receiving any addition to his regular salary. You paid him $250 between August and November, 1889, for services as foreman on the construction of the St. Timothy Pier. I called your attention to this irregularity May 12, 1890. I now find three more payments to him for the same service, namely: $42.50 in July, 1890, $65 in August, and $55 in September. The Civil Service Act is so clear against these payments that I do not see how you can assume responsibility for them. I would also like to have a statement, for the information of Parliament, that Mr. Denault's two duties—those of foreman at St. Timothy and Wharfinger at Valleyfield—have not interfered with each other.

"108350: *To whom were the 24 photographs of the Chaudière Bridge supplied?*"—This question is in the line of Section 44 of the Audit Act: "The Auditor General shall ascertain whether the money expended has been applied to the purposes for which the grant was intended to provide."

"108365: *How did you determine, in the Langevin Block accounts, which furniture to charge to Capital, and which to Repairs.*"—I have not been able to gather this information from any accounts subsequently rendered.

"108511: *Re Security from Paymasters.*"—Have your paymasters complied with the Order in Council on this subject?

"108517: *All vouchers supplied to the Audit Office should be originals.*"—Experience only strengthens my belief in the necessity of this rule. A voucher should never be made out, for a creditor of the Government, by the officer whose duty it is to examine and certify it. I can recognize only a bill made out by the creditor himself.

I must also call your attention for the third time to my letter of Jan. 17, 1889, shown on page E-296 of my Report for 1887–88. There are several questions asked in that letter to which replies are necessary.

I shall be able to publish in my report for 1889–90, now approaching completion, any correspondence with which you may favour me during the current week; and I hope that you may thus free me from the necessity of referring these letters to the Treasury Board.

I am, Sir, your obedient servant,

The Secretary Public Works Dept. J. L. McDOUGALL, *A. G.*

AUDITOR GENERAL'S OFFICE, OTTAWA, Feb. 14, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant, from which I infer that the authority of Council had not been obtained for the appointments of S. J. B. Leard, Joseph Ganley and Jacob Barry, as light-keepers, because their employment as such was to be of a temporary character. I beg to point out, in reply, that the section of the Act of Parliament to which I directed your attention in my letter of the 23rd ult. empowers the Governor in Council to appoint light-keepers and certain other officers and no other authority for this purpose is recognized in the Act. If your Department is convinced that it is in the interest of the public service, in this respect, that the Minister of Marine should have the power of making temporary appointments to the office of lightkeeper, I would suggest that representations be made to the proper quarter, with the view of having the law amended in this direction. At present, it is clear I am not at liberty to accept as legal any appointments under the Act in question, except those made by Council.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 11, 1890.

SIR,—On glancing over the vouchers forwarded to me in support of the payment of $12,000.00 to the Harbour Commissioners of Montreal last month for the maintenance of the buoys and beacons in the ship channel between Montreal and Quebec, I notice that they are not certified in accordance with the provisions of section 33 of Audit Act. No doubt you ascertained through a responsible officer of your Department that the work had been performed and the materials supplied, and that the prices charged were fair and just. It is necessary that a certificate to this effect should be sent me, in addition to the vouchers.

I am Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT. OTTAWA, Feb. 14, 1890.

SIR,—I have the honor to acknowledge receipt of your letter of the 11th instant, requesting that a certificate might be sent that the buoy service between Montreal and Quebec had been duly performed, that the materials were supplied, and that the prices charged were fair and just.

In reply I have to inform you that by Order in Council of the 18th of March last the Minister of Marine and Fisheries was authorized to enter into a contract with the Commissioners for the sum of $12,000 per annum as a maximum allowance, and this contract was duly made on the 30th March last. The Department considered it advisable that vouchers should be asked for, that the sum of $12,000 had been expended and the Harbour Commissioners accordingly forwarded vouchers, showing that a much larger sum than $12,000 had been expended in carrying out the work. A certificate does not appear to be necessary in this case, the work having been done by contract, and I have no doubt, as regards the vouchers sent, that the prices charged were fair and just. We have no officer in Montreal who could give the certificate asked for.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Feb. 22, 1890.

SIR,—With reference to your letter of the 14th instant, in which you state that the Harbour Commissioners of Montreal maintain the buoys and beacons in the ship channel between that city and Quebec under contract, I have the honour to say that, in such case, the certificate required by section 33 of the Audit Act, as to the

price paid is not necessary; but that portion of the section requiring a responsible officer to certify that the work has been performed should be complied with. I was not aware that the work was performed under contract, as I interpreted the Order in Council, to which you refer, merely to limit the expenditure for the work in question to $12,000. Please send me a copy of the contract.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Feb. 25, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 22nd instant, requesting to be furnished with a copy of the contract for the maintenance of buoys and beacons between Montreal and Quebec, and stating that you were not aware that the work was performed under contract, and in reply I beg to inform you that the agreement referred to was submitted to you June 17 last, and returned in your letter of June 27, but I enclose as requested, herewith, a copy of the contract. With reference to your statement that a certificate is required of the work having been performed, I beg to state that the work was carried out under the supervision of the officers of the Montreal Harbour Commission, and there is no doubt as to its having been done in a satisfactory manner. If you desire a certificate from the Commissioners that the work has been performed I will write for it.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, March 3, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ult., enclosing the agreement entered into with the Harbour Commissioners of Montreal for the maintenance of the buoys and beacons in the ship channel between Montreal and Quebec. I was aware when writing to you on the 22nd ult. that I had seen this document, but my memory of its stipulations was that the Department bound itself to pay the Harbour Commissioners such sum only as was shown by vouchers to have been expended, the total obligation in one year not to exceed $12,000, and on further reference to it I find that such is the case. Let me quote the words: "In consideration whereof, Her Majesty doth hereby agree to pay to the parties of the first part such sum as shall be shown to have been actually expended by the parties of the first part, and to have been necessary for the above mentioned service, not exceeding, however, the sum of $12,000." As the Harbour Commissioners are thus obliged to furnish an account in detail of the expenditure incurred by them, it is evident that such account should be examined by a responsible officer of your Department as to the reasonableness of the prices charged, the due performance of the work, and whether or not the total outlay was necessary for the proper maintenance of the service in question; and a certificate to this effect, signed by such officer, should be forwarded to me with the vouchers. A certificate of this nature by the Commissioners would plainly not meet the requirements of section 33 of the Audit Act, as they would simply be certifying to their own work. The officer who reports to you that the work is being duly attended to is the proper person to certify the accounts.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, March 5, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 3rd instant, in further reference to the account for buoy service between Montreal and Quebec, and with reference to your statement, that the officer who reports to me that the work is being duly attended to is the proper person to certify to the accounts, I beg

to inform you that the work in question was attended to by the Harbour Commissioners and their officers for the past year in the same manner as it has been carried out in previous years, and this Department had no officer attending to the work, and who would be able to certify as to the correctness of the accounts furnished. I may observe, however, that the Commissioners have furnished accounts, showing an expenditure for the service of $14,458.58, instead of $12,000, and I have no doubt that the work was performed in a very efficient manner by the Commissioners during the past season, as in previous years.

I am, Sir, your obedient serrant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, March 10, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th instant, relative to the buoy and beacon service in the ship channel between Montreal and Quebec, stating that the work for which you issued a cheque for $12,000, in favour of the Harbour Commissioners of Montreal, was performed in the same manner as it had been carried out in previous years, and that your Department had no officer attending to the work who would be able to certify to the correctness of the accounts furnished. In view of this statement, I beg to be informed if the maintenance of the buoys and beacons in question was paid for by the Government of Canada prior to the date of the agreement entered into with the Harbour Commissioners. I did not understand from the Order in Council authorizing such agreement that the work to be performed under it was an entirely new obligation assumed by your Department, or I should have ascertained, before passing payment, if Parliament had provided the necessary funds to meet such expenditure. It appears to me that the Minister was merely authorized by Council to hand over to one contractor work which previously had been performed by several, and paid for from the appropriation for buoys and beacons upon the certificate of Mr. Gregory.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, April 14, 1890.

SIR,—Referring to your letter of the 10th ultimo, enquiring whether the maintenance of buoys and beacons between Montreal and Quebec was paid for by the Government of Canada prior to the date of the agreement entered into with the Harbour Commissioners, I beg to inform you that the sum of $7,000 was voted by Parliament for a number of years for this service, and this amount paid to the Harbour Commissioners, but no vouchers were required. The Commissioners having represented that they could not perform the service for $7,000, an arrangement was then entered into with them, by which they were to receive the sum of $12,000, it being understood that vouchers were to be produced showing that that amount had been expended in the work. The Harbour Commissioners have attended to this service for many years, and Mr. Gregory, our agent, has had nothing to do with it. This year's service has been given to the Sincennes-McNaughton Line, Montreal, by public tender.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, ORTAWA, MAY 16, 1890.

SIR,—With reference to the payment of $12,000 to the Harbour Commissioners of Montreal for maintaining the buoys and beacons in the ship channel between Montreal and Quebec during the season of 1889, which formed the subject of the letter of this office of the 3rd of March and yours in reply of the 5th March and subsequent letters, I have to state that, unless the certificate of one of your officers is

obtained, showing that the work was performed and that the charges are fair and just, I shall be obliged, as required by the 47th sectionof the Audit Act, to report the matter to the Treasury Board. I beg to point out that the contract with the "Sincennes-McNaughton Line," for what may be presumed to entail the same outlay, is $10,800.

I am, Sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine.

NOTE, by Auditor General.—A certificate in accordance with section 33 of the Audit Act has been sent to this office, signed by Mr. W. P. Anderson, the Engineer of the Marine Department.

AUDIT OFFICE, OTTAWA, March 14, 1890.

SIR,—I return herewith the statement of account from the Imperial Government, showing the expenditure incurred in the survey of the St. Lawrence River to have been $29,286.93 between the 1st of April, 1888, and 2nd May, 1889, one-half of which, it appears, is, according to agreement, a liability of Canada. I beg to say that before I can authorize payment of Canada's portion it will be necessary to furnish me with the original vouchers rendered to the Imperial authorities, including those in support of the amount previously paid, in connection with the service in question. You will notice that the amounts on the statement handed me do not make a total of $29,286.93.

I am, Sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine.

MARINE DEPT., OTTAWA, March 22, 1890.

SIR,—Referring to your letter of the 14th instant, stating that before you could authorize payment of Canada's portion of the expenditure incurred in the survey of the St. Lawrence River it would be necessary to furnish you with the original vouchers rendered to the Imperial authorities, I beg to inform you that it is not probable that the Admiralty would consent to give up the original vouchers, and I have to request you to inform me whether a certified copy would suit your purpose. I am also to draw your attention to the fact that payment is requested to be made before the 31st instant, and I consider that under the circumstances it would be advisable to pay the amount as soon as possible.

I am, Sir, your obedient servant,
WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, March 27, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant, stating that it is not probable the Admiralty would consent to give up the original vouchers rendered in support of the expenditure for the survey of the St. Lawrence River, and asking to be informed if certified copies of them would not be sufficient for the purposes of audit. In reply I beg to say that I am not at liberty to authorize any payments, no matter by whom claimed, unless such payments are supported by vouchers properly certified. It has been required that for this purpose the original accounts as rendered by the parties claiming payment should be sent me, and I am unable to see why exception in the present instance should be made in favour of the Admiralty. If Canada is liable for a portion of the expenditure in question the authorities here are entitled to the same proofs of payment and execution of services as are the authorities in England.

I am, Sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine.

MARINE DEPT., OTTAWA, June 23, 1890.

SIR,—With reference to your letter of March 27 last, and to the interviews which have since taken place between you and the Department on the subject of the payment of the expenditure connected with the survey of the St. Lawrence River, which you did not consider you were warranted in authorizing on copies of the original particulars rendered in support of the expenditure, which were all the papers obtained from the Admiralty in possession of the Department, and sent to you for inspection, I have the honour, by direction of the Minister of Marine and Fisheries, to inform you that he is of opinion that—a specific amount after completion of the work and rendering of the account having been voted by Parliament for this purpose—such vote is the authority of Parliament for payment of the account, and that the necessary action therefore should forthwith be taken by you to enable the Department to repay the Admiralty for the expenses incurred upon the work in question by Her Majesty's Government for the Government of the Dominion.

I am, Sir, your obedient servant,

JOHN HARDIE, *for D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 25, 1890.

SIR,—Let me acknowledge the receipt of your letter of the 23rd inst., with reference to the expenditure connected with the survey of the St. Lawrence River. I admit the force of your argument that Parliament, having voted a specific sum to be applied to the payment of work which had been performed and the vouchers rendered, had thus taken the audit of the accounts into its own hands, and relieved me of the responsibility of making another audit. Please apply for payment of the amount.

I shall continue to ask for the vouchers in similar cases, as Parliament cannot, from the important nature of its duties, make a minute examination. I shall leave it to the Department to withhold the vouchers or to furnish them for examination.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine.

MARINE DEPT., OTTAWA, July 7, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 25th ultimo, with reference to the expenses connected with the survey of the St. Lawrence River, and, as requested, have applied for payment of the amount as shown in the account of the Admiralty.

With reference to your statement that you would continue to ask for vouchers in similar cases, and leave it to the Department to withhold the vouchers or to furnish them for examination, I am to point out that this Department has never withheld vouchers in its possession or refused to furnish them to you for examination.

In the case in question the Admiralty transmitted a detailed statement of the expenditure, which was placed before you, and stated that the original cash account and vouchers were open to the inspection of any officer whom the Dominion Government might appoint for the purpose.

I am, Sir, your obedient servant,

JOHN HARDIE, *for D.M.M.*

The Auditor General.

MARINE DEPT., OTTAWA, April 5, 1890.

SIR,—With reference to your letter of the 12th instant, concerning the payments made to Mr. L. W. Hill, I beg to say that Mr. Hill, was employed in this Department from June 26 to November 26 last, an extra or temporary clerk being

absolutely necessary in the interest of the public service during that time. Mr. Hill was employed chiefly in arranging books, contracts and papers relating to the construction of light houses, his services also being utilized in connection with the removal of those documents from the old offices to the quarters now occupied by the Department of Marine. Mr. Hill's services were also available for making out cheques during the absence on leave, on account of sickness, of one of the clerks in the Accountant's Branch and, if it is considered necessary to have the payments made to Mr. Hill, for the comparatively short time in which he was not occupied with the construction books and papers, sanctioned by an Order in Council, I am to add that the Minister will be prepared to make a recommendation accordingly.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 9, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th inst., stating that L. W. Hill was employed in the Department of Marine from June 26 to November 26 last, writing out letter of credit cheques and arranging books and other papers relating to the construction of lights; and further, that you considered the due performance of such services at the time was absolutely necessary in the public interest. Permit me to point out that Parliament has provided, under section 47 of the Civil Service Act, for such an emergency as that which you state in justification of the appointment of Mr. Hill. Under this section the Head of any Department in which there is a temporary pressure of work may select from the qualified candidates for the Civil Service, for whom no vacancies have been found, such number of temporary clerks as are required, and may pay them from the vote for the contingencies of his Department, or from any money voted for the construction of the works upon which they are employed; the remuneration in either case not to exceed $400 per annum, except in cases requiring special qualifications for technical services. I beg therefore to inform you that as Mr. Hill's appointment has not been made subject to the provisions of section 47 of the Civil Service Act, I am not at liberty to pass his salary as a legitimate charge on the vote for the construction of lights.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 24, 1890.

SIR,—I have the honour to bring to your notice vouchers 412 and 4373, both rendered by L. E. Beauchamp, M.D., for medical attendance at Chicoutimi hospital in the year 1887, and from July 18, 1888, to Sept. 30, 1889. As I find from my Reports for 1888 and 1889 that $428 was paid Dr. Beauchamp during these years for his services at Chicoutimi, I should like to have your explanation of the delay in making payment for the services rendered in 1887 and part of 1888.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, July 3, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 24th ultimo, requesting explanations with reference to the delay in payment of Doctor Beauchamp's account for medical attendance at Chicoutimi Hospital for the year 1887 and part of 1888, and in reply I am to inform you that the account in question was handed by Dr. Beauchamp to the Customs officer at Chicoutimi, to be forwarded to this Department; but it appears that the Collector, after detaining it a long time in his office, afterwards lost it in Quebec. When the account eventually reached the Department certain particulars were required before payment could be made, and it

was returned to the Collector of Customs to have them supplied, but the officer of Customs who was then in charge had resigned his position, and another delay occurred before the account was paid.

I am, Sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D.M.M.*

MARINE DEPT., OTTAWA, Aug. 20, 1890.

SIR,—I have the honour to enclose herewith a letter from the Department of Justice with the accompanying papers in reference to a claim made by Mr. T. N. Dancey, wharfinger at Goderich. You will observe that the Deputy Minister of Justice considers that Mr. Dancey is entitled to receive $450 for salary up to July 1 last. It has been customary to pay wharfingers out of the dues and tolls collected by them, but no dues or tolls have been collected at Goderich for some time past; but, as you are aware, Mr. Dancey has collected for the Department rents received from lease of portions of the dock. I have to request that you will be good enough to inform me as to how you consider this claim can be paid, whether from unforeseen expenses, from general revenue derived from wharves and piers, or from the rents received from the Goderich docks. I presume it will be necessary to obtain the authority of the Council for the payment.

I am, Sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D.M.M.*

AUDIT OFFICE, OTTAWA, Sept. 10, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of August 20, enclosing certain papers relating to the appointment, January 1, 1889, of T. N. Dancey as wharfinger at Goderich, and a claim subsequently made by him for $450, salary to June 30, 1890, for which there is no Parliamentary appropriation. The payment may be made under the authority of Council from the vote for Unforeseen Expenses, but in my opinion the better course would be to await the next Session of Parliament and make special appropriation for the amount required. The amount cannot be paid from revenue.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Sept. 2, 1890.

SIR,—I beg to bring to your notice the vouchers sent me in support of the expenditure for the examination of Masters and Mates during the fiscal year ended June 30 last. In scarcely any instance is the proper certificate attached to those vouchers, and in the case of those furnished by Mr. Smith, Chairman, for his travelling expenses—198, 4458 and 7426—the dates are not given, excepting those for the days on which he left Halifax. Mr. Smith should, in addition to giving further dates, certify that the whole amount of the account rendered by him was expended on Government business, and that the prices charged are fair and just. A similar certificate should be appended to the vouchers furnished for postage stamps and telegrams. Please have the duplicates in your possession certified as required, and forwarded to me. I will then return the vouchers for these services originally sent me. With reference to the vouchers sent in by the examiners, Mr. Smith should certify in every case that the services for which payment is claimed have been rendered. I find from vouchers 3568 and 4197 that Thomas Killam and Henry Lewis were paid for examinations held in Yarmouth N. S., Jan. 2 and 3, and Feb. 1 and 2, 1889. I direct your attention to these payments, as it is not usual to pay two examiners for the same sittings at the same place.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Nov. 25, 1890.

SIR,—With reference to your letter of Sept. 2 last, I have now the honour to enclose duplicate vouchers Nos. 198, 4458, 7426, 3568 and 4197, corrected and certified by the Chairman of the Board of Examiners of Masters and Mates. Will you be good enough to return me the originals of the above vouchers sent you? With reference to paying two examiners for the same sittings at the same place: I am to inform you that the practice was discontinued by the Chairman after Feb. 1889. In one case only since that time have two examiners been employed, but this was rendered necessary by the Chairman's compulsory absence on other business connected with the Department.

I am, Sir, your obedient servant,
WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Oct. 1, 1890.

SIR,—I beg to direct your attention to vouchers 7545, 7547 and 7550, the amount of which—$133.75—is included in your application No. 16, of the 30th ult., and to inform you that this sum cannot be charged against an appppropriation for the fiscal year 1889-90, as the vouchers show that the services for which payment was made were rendered during the present year. The parliamentary appropriation for tidal observations was applicable only to services performed to June 30 last, and as there is no provision for such service in the Supply Bill of 1890-91, I shall be obliged to treat the amount as unprovided for, until provision is made by Governor General's Warrant.

I am, Sir, your obedient servant,
The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 13, 1890.

SIR,—Referring to your letter of the 1st inst., calling attention to certain payments for tidal observations, and stating that they could not be charged against an appropriation for the fiscal year 1889-90, as the vouchers show that the services for which payment was made were rendered during the present year: I beg to inform you that, in looking further into the matter, I am of opinion that the items in question are properly chargeable to this appropriation of $2,000 made for tidal observations for the year ended June 30, 1890. On the strength of that appropriation arrangements were made by the Department for the erection of tidal gauges in the Lower St. Lawrence and Nova Scotia, and the expenses of Messrs. Gordon and Carpmael, Nos. 7545 and 7550, were incurred in carrying out these arrangements. The remaining item for $13.80 was for payment of the housing box for the gauge, payment for which was made July 30, voucher No. 337, and to which payment no exception has been taken by you.

I am, Sir, your obedient servant,
The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 16, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th inst., in which you state that in your opinion the amount of cheques 7545, 7547 and 7550, to which I called your attention on the 1st inst., is a proper charge against the appropriation for tidal observations for last year. With regard to this matter, I beg to refer you to the decision of the Treasury Board of June 27, 1888, published in my report of 1889, at page C–13. You will find that by this decision the course which I have taken in reference to these cheques is placed beyond question. As to the item $13.80, to which you say I make no objection, I would refer you to my letter of the 1st inst. calling your attention to voucher 7547. Since I wrote to you on

this subject I have found another voucher—No. 337, for $100— which, if the purchase was made on the date given (July 26), is also an improper charge against the vote for tidal observations. This voucher was not brought to my notice at the time, as it was sent to this office with the vouchers in support of the expenditure for July, 1890.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Dec. 1, 1890.

SIR,—Referring to your letter of Oct. 1 last, drawing attention to the expenditure of certain amounts by this Department on account of tidal observations, amounting in all to the sum of $244.75, and stating that as no provision had been made for tidal observations in the Supply Act of 1890-91 you would be obliged to treat the amount as unprovided for, until provision is made by a Governor General's Warrant, I have the honour to inform you that by Order in Council of Nov. 22, on the recommendation of the Minister of Marine and Fisheries, authority has been given for the issue of a Governor General's Warrant for the sum of $2,000, to cover the above expenditure, the Minister of Finance having reported that there is no parliamentary provision for the expenditure above referred to.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Nov. 13, 1890.

SIR,—I beg to request that you will cause to be sent me Dr. Bayard's account of $200 paid him by cheque 5735, showing the dates on which he was employed and the different items of expenditure which make up the amount. With reference to the expenditure during last year in connection with Marine Hospitals, I notice that in several cases, such as vouchers 5721, 4380, 5706 and 5534, accounts marked in the Department as having no legal claim have nevertheless been paid. The accounts so marked, and some others also paid, were not properly chargeable on the vote for Marine hospitals, as the owners of the vessels from which the sick seamen were taken had not complied with the requirements of section 6 of the Act respecting sick and distressed seamen.

I am, Sir, your obedient servant

The Deputy Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Nov. 20, 1890.

SIR,—I am in receipt of your letter of the 13th instant, and in reply thereto beg to inform you that complaints were made against the management of the St. John Marine Hospital through the press and otherwise, which complaints the Government considered should be formally investigated. It was accordingly decided to appoint, by Order in Council, for the purpose of conducting this investigation, Dr. Bayard, one of the leading physicians of the Maritime Provinces, and a man of very high standing in his profession. After taking a great deal of evidence, Dr. Bayard finally made his report, containing a number of suggestions and recommendations. As he is a professional gentleman of high standing the Department could not ask him to furnish details of the time occupied, nor did he make out any account for his services, but the Minister of Marine recommended to Council that the sum of $200 should be paid him, and an Order in Council was passed accordingly. The cheque was sent to Dr. Bayard in due course, and he gave his receipt for it, but no further information can be afforded in the matter. With reference to the accounts for medical attendance upon sick mariners which have been paid, although marked as having no legal claim, I beg to state that in such cases the doctors were informed that according to the

understanding of the Act by this Department they were strictly not entitled to payment, as the vessels to which their patients belonged had not paid dues at that particular port, but that in view of their services having been rendered in good faith their accounts would be paid in whole or in part *ex gratia*. At the same time, the opinion is held by some legal gentlemen, and was expressed in Parliament last session, that the Department was not right in holding so strict a view of the Act, and the question of interpretation was some time ago referred to the Department of Justice, which still has it under consideration.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Dec. 2, 1890.

SIR,—I find by the vouchers furnished by Messrs. Gunn and McLeod, the two gentlemen who composed the Herring Delegation, that the former was paid for his services at the rate of $4 per day and the latter at $60 per month. As I have not been furnished with any Order in Council in reference to this matter, I will thank you to send me the authority upon which the rates in question were allowed as fair and just compensation for the services rendered.

By cheque 2703 the sum of $173.65 was paid to E. McLeod to pay amount of execution obtained against Fishery Warden Joseph O'Brien, and by cheque 3492 a further sum of $216.53 was paid him as fees for professional services in connection with the said execution. With reference to these payments I beg to request that you will cause to be sent me a letter from the Department of Justice stating whether or not the amounts in question were a liability of Canada within the lines in such cases laid down in the letter of the Acting Deputy Minister published in my Report of 1889 at page A-5.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES, DEPT., OTTAWA, Dec. 19, 1890.

SIR,—In reply to your letter of 2nd instant, asking for the authority upon which the two gentlemen composing the Herring Delegation were paid at the rate of $4 a day and $60 per month respectively for their services, I have the honour to enclose a copy of the Order in Council under which the payments in question were paid.

Also please find enclosed, in reply to your further enquiry, a letter from the Department of Justice, stating that the payment of the sum of $390.18 in the case of Miller & O'Brien was a liability of Canada.

I am, Sir, your obedient servant,

The Auditor General. JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, Dec. 9, 1890.

SIR,—I beg to bring to your notice cheque No. 2 in favour of M. G. McLeod for $150 paid him during the fiscal year 1889–90. The voucher sent me in support of this cheque states that the amount is "in full settlement of claim for damages to dam through defective fishway." It is not certified that the amount paid was a fair and just compensation for the damages sustained, and it is not stated how the Government became liable in the matter. Please inform me in these respects.

I am, Sir, your obedient servant,

The Deputy Minister of Fisheries. J. L. McDOUGALL, *A.G.*

FISHERIES, DEPT., OTTAWA, Dec. 19, 1890.

SIR,—In reply to your letter of 9th instant, asking for explanations of a payment of $150 to Mr. M. G. McLeod for damages to his dam through a defective fishway, I am directed to enclose a copy of a report from Fishery Overseer Sutherland, also a copy of the Minister's decision in this matter.

I am, Sir, your obedient servant,

The Auditor General. JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, May 23, 1890.

SIR,—Mr. Jas. McEvoy, a temporary employee of the Geological Survey, has drawn pay for extra work as follows :—

January, 44 hours at 50 cts.....	$22 00
February, 46½ hours at 50 cts.....	23 25
March, 48 do at do	24 00
April, 26½ do at do	13 25

Please send me a statement, certified by the particular officer in charge of the work performed by Mr. McEvoy, showing the different days on which extra work was done, and the number of hours of extra time on each day.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

KAMLOOPS, B.C., Aug. 31, 1890.

Referring to the payments made during January, February, March and April, 1890, to Mr. J. McEvoy, for overtime, I may state that Mr. McEvoy was employed at compiling and drawing maps, specially under my direction, and was instructed to work over time, as it was necessary to have the maps above referred to completed promptly. I would further state, that no other employee of the Survey possessed the necessary knowledge of the material to be dealt with in the compilation of the maps.

GEORGE M. DAWSON.

AUDIT OFFICE, OTTAWA, Jan. 21, 1891.

SIR,—In A. P. Low's statement of expenditure on account of his exploration for the season of 1889, an item appears of $20 for cash lost by the upsetting of a canoe. Please inform me as to the evidence that Mr. Low had this amount of Government money in his possession at the time, and also as to what evidence there is regarding the circumstances of the accident.

I am, Sir, your obedient servant,

The Director Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 21, 1891.

SIR,—Mr. Amos Bowman, formerly in the employment of your Department, received the following advances on account of his exploration expenses during the season of 1889 :—

April 16, 1889,	Cheque No.	816	$250 00
July 2, do	do	401	440 00
July 9, do	do	413	250 00

This account does not seen to have been settled until November 14, 1890, when a refund of $359.35 was made. Please explain the reason of this great delay in the settlement of Mr. Bowman's account.

I also notice an item in this account of $20.00. Field expenses for 10 days at $2.00. Mr. Bowman explains this " as an average of expenditure for 10 days at $2.00 per day, an estimate made as closely as possible." Only actual expenses based on full details should be allowed in such cases.

I would also ask, since Mr. Bowman has left the service, what steps are taking towards obtaining a refund of the balance against him, amounting to $8.50, which arises out of a few disallowed items.

I am, Sir, your obedient servant,

The Director Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 21, 1891.

SIR,—I have not yet received the accounts of Dr. A. C. Lawson, in connection with his exploration of 1889. The amount of the advances thus unaccounted for is $1,734.66. As Dr. Lawson left the employment of your Department some time ago, I have to ask the reason for the delay in receiving his accounts, and what prospect there is of a speedy settlement.

I am, Sir, your obedient servant,

The Director Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 21, 1891.

SIR,—I beg to ask what steps, if any, have been taken towards obtaining a settlement of the accounts of Messrs. Wallace Broad and A. McArthur, against whom balances of $205.71 and $200, respectively, are standing. If it is impossible to recover these amounts, power to write off the balances should be obtained at the coming session of Parliament.

I am, Sir, your obedient servant.

The Director Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 28, 1890.

SIR,—In glancing over the accounts rendered by your Department for the expenditure on account of the various Indian services during the current year, I notice that several of them are deficient as regards the certificates required by Section 33 of the Audit Act, which section calls upon the officer under whose special charge any particular part of the public service is, to certify that the work has been performed, or the materials supplied, as the case may be, and that the price charged is according to contract, or, if not covered by a contract, is fair and just. In the majority of cases, it is the certificate of the Indian agent that is required. Please see that all vouchers sent me in future are fully certified in accordance with the above section.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, April 11, 1889.

SIR,—Referring to your letter of the 28th ultimo, I have the honour to inform you that this Department and its agents consider the phrase "certified correct" to cover all the points in the correctness of an account as detailed in your letter.

Care will, however, be taken in special cases to furnish a written certificate such as you desire.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D.S.G.I.A.*

AUDIT OFFICE, OTTAWA, April 16, 1890.

SIR,—I beg to acknwledge the receipt of your letter of the 11th instant, in reply to mine of the 28th ultimo, regarding the certificate required on vouchers for your expenditure, and in reply desire to make the following remarks thereon:—

In the first place even if the phrase "certified correct" were sufficient, I beg to remind you that in a number of the vouchers sent me, this printed certificate is not signed by anyone.

In the second place, as I stated in my previous letter, the Audit Act specifically states (*vide* Section 33) that every voucher for material supplied, or for services rendered, must bear the certificate that such materials have been supplied or such services rendered, and that the price charged is according to contract, or, if not covered by contract, is fair and just. The mere phrase "certified correct" is insufficient, in that it does not specifically show what such certificate is intended to cover. The agent or other officer charged with the purchase and receipt of supplies must clearly certify, 1st, that the goods are received; 2nd, that the prices are fair and just. The section of the Audit Act above referred to prevents me from accepting any less comprehensive certificate.

In addition to this I would add that every account should on the face of it bear evidence that it has been examined and passed in your Department. (*Vide* Section 42 of the Audit Act).

I beg to refer you to my correspondence on this subject with the Department of Agriculture, which will be found on page D—53 of my report for 1889.

I would further add that the vouchers for the expenditure on account of the Indian Trust Fund are still more deficient in the matter of certification, the majority of them bearing no certificate whatever. Please see that all vouchers in the future are certified in accordance with the letter and spirit of the Audit Act.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN OFFICE. OTTAWA, May 2, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th ultimo., respecting the certificate required on vouchers for expenditure on Indian account, and in reply, I beg to inform you that your wishes in the matter will be carried out, but it may take some time to bring our agents into the practice of the new rule.

In all cases where contract vouchers have been sent to you, the receipts belonging to them have been retained in this Department, but in future they will be forwarded with the vouchers to you.

After this date the accounts will bear evidence that they have been examined and passed by this Department.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, April 10, 1890.

SIR,—I notice that your agents are in the habit of purchasing ink, mucilage, and, in some instances, especially in British Columbia, other articles of stationery direct from the dealers.

I am aware that such expenditure was authorized by an Order in Council of July 24, 1882, but the Order in Council was tacitly repealed by 49 Vic., chap. 27, sec. 6, sub sec. 2, which provides that the Superintendent of Stationery shall have charge of the purchase of all stationery required for the several Departments of Canada.

I have therefore to request that your agents be instructed to discontinue this practice in the future.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 28, 1890.

SIR,—Included in your expenditure during the first five months of the current fiscal year, on account of the Indians of Nova Scotia, I notice the following payments to medical men for attendance on the Indians of that Province:—

Name.	Period.	Amount.
J. L. Bethune	Jan. to Feb., 1889	$ 43 40
G. A. Smith	Jan. to March, 1889	24 00
C. J. Fox	Dec., 1888	3 00
F. S. Wade	Sept., 1888	11 50
F. A. Rand	Jan. to March, 1889	47 95
H. Lydd	Dec., 1888, to March, 1889	6 50
G. Barnaby	Oct., 1887, to Jan., 1889	82 50
S. Dodge	Sept., 1888	72 00
F. MacMillan	Dec., 1888, to Aug., 1888	47 75
D. H. Muir	Nov., 1888	27 00
W. F, Smith	Oct. to Dec., 1888	25 55
M. A. B. Smith	April, 1888, to Feb., 1889	33 00

The Departmental forms on which the accounts for medical services are made out contain the note that all accounts for medical services are to be rendered quarterly on the following dates: March 31, June 30, Sept. 30, and Dec. 31. If the above accounts had been rendered quarterly, as they accrued, they should have been paid prior to the current year. Please explain the delay in their settlement.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL. *A.G.*

INDIAN AFFAIRS, OTTAWA, April 11, 1890.

SIR,—In compliance with the request contained in your letter of the 28th ult., respecting the payment of the accounts of medical men in the Province of Nova Scotia, for professional services rendered to the Indians of that Province, I beg to inform you that it was not found possible to pay these accounts from the appropriation for 1888–89, and they were transferred to 1889–90, and a sum has been included in the Supplementary Estimates to cover them and any accounts of the current year which the ordinary grant would not cover.

The accounts are rendered quarterly, and the Indian agents have strict instructions not to allow accounts to remain outstanding.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D.S.G.*

AUDIT OFFICE, OTTAWA, Oct. 12, 1889.

SIR,—With reference to your letter of Oct. 10, requesting that $493 of the advances given Agent Martineau be written off, as that amount of annuity money was lost, owing to the capsizing of a boat in which Mr. Martineau was travelling, I beg to ask that the evidence upon which you have deemed it proper that this amount should be written off be forwarded to me.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

WINNIPEG, Sept. 27, 1888.

SIR,—I have the honour to herewith enclose two statements, one from my steersman, George Pottinger, and the other from my boatman, E. J. Martin, who was in charge of the sails, both giving full particulars of the capsizing of the Government yacht on Aug. 5 last, which took place on Lake Winnipegosis, in the bay between Red Deer Point and Pine Creek Indian Reserve.

In this accident I lost the sum of $493, of which no trace could be found. This amount was the balance of the travelling expenses money on hand at the time of the accident, in consequence I had to use the balance of the annuity on hand to pay off my crew, assistant, and the other expenses, as already explained, in my travelling expenses account. I herewith attach a statement showing the standing account.

I am, Sir, your obedient servant,

The Inspr. Indian Agencies, Winnipeg. H. MARTINEAU, *Ind. Agt.*

AUDIT OFFICE, OTTAWA, March 31, 1890.

SIR,—In August last your Department purchased three acres of land at $100 per acre for the St. Paul's Industrial School, from the Isbister Trustees through their solicitors, Messrs. Archibald & Howell. Messrs. Archibald & Howell had this voucher cashed by the Hudson's Bay Company, who, in turn, were recouped for the advance by Departmental cheque No. 25820 in their favour.

I beg to draw your attention to the fact that this mode of payment for land is not in accordance with my circular of Nov. 12, 1888, a copy of which was sent you, stating that when real estate is purchased by the Government, the cheque in payment should be made to the joint order of the owner or incumbrancer, and the agent of the Department of Justice.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, April 14, 1890.

SIR,—Referring to your letter of the 31st ultimo, relative to the manner in which payment was made for the three acres of land purchased for the St. Paul's Industrial School by this Department in August last, I have the honour to inform you that it is regretted that the mistake mentioned by you occurred.

The Indian Commissioner for Manitoba and the North-West Territories has been furnished with a copy of your circular of November 12, 1888, and care will be taken to have all future payments made in the manner designated by the circular.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D.S.G.*

AUDIT OFFICE, OTTAWA, April 1, 1890.

SIR,—Voucher 8, Peace Hill Agency, general expenses, is for a payment of $17.50 to Messrs. Leeson & Scott for the transport of Mr. C. W. H. Sanders from Calgary to Holbrook, on his transfer from Birtle Agency to the Peace Hills Agency. Voucher 12 of the same Vote is for the payment to Mr. Sanders of $69.15 for his removal expenses in connection with the same transfer. Were these removal expenses duly authorized by the Treasury Board as required by Order in Council of Sept. 8, 1871?

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, April 17, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st instant, respecting the removal expenses, $17.50 and $69.15, of Mr. C. W. H. Sanders from Calgary to Holbrook, and in reply I beg to inform you that the payment of these expenses was not authorized by the Treasury Board, as it was not thought that the Order in Council of September the 8th quoted by you was applicable to the removal of clerks in the North-West Territories.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D.S.G.*

AUDIT OFFICE, OTTAWA, April 19, 1890.

SIR,—In reply to your letter of the 17th instant, regarding the question raised by me in connection with the removal expenses of Mr. C. W. H. Sanders, I beg to draw your attention to the fact that the Order in Council of Sept. 8, 1871, applies to all Government employées irrespective of the part of the Dominion in which they may be employed. Please see that in future all accounts for removal expenses are authorized before payment, as required by the Order in Council referred to, and that past expenses of this fiscal year which are not already authorized as required be made the subject of the necessary Orders in Council.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 8, 1890.

SIR,—Voucher 4, farm maintenance, Blackfoot Agency, is for a payment of $18.03 to Farmer W. M. Baker for removal expenses from the Sarcee Agency to the North Blackfoot Reserve. Please inform me if these removal expenses were duly authorized by the Treasury Board before payment, as required by Order in Council of Sept. 8, 1871.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, April 22, 1890.

SIR,—In reply to your letter of the 8th instant, *re* Voucher No. 4, farm maintenance, Blackfoot Agency, I have the honour to inform you that the removal expenses charged in this voucher were not authorized before payment by the Treasury Board, as the Order in Council of the 8th Sept., 1871, to which you refer, was not known to this Department.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D.S.G.*

AUDIT OFFCE, OTTAWA, March 31, 1890.

SIR,—Voucher 31, general expenses of Blood Agency, is for a payment of $30 to Messrs. McCaul & Haultain for counsel fees defending six Indians. If, as it appears, action was brought by the Crown against these Indians, please explain why the Crown is charged with their defence.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, April 12, 1890.

SIR,—Referring to your letter of the 31st ultimo, relative to voucher in favour of Messrs. McCaul & Haultain, amounting to $30, for counsel fees for defending six Indians; I have the honour to inform you that these Indians were arrested by the Police for obstructing them in the discharge of their duty; and as it was doubtful whether the Indians were guilty, the Indian Agent advised that they be tried before Judge Macleod, and Mr. Haultain was retained as counsel. As the Indians in question were unable to pay legal fees themselves, it follows that the Crown had to defend them, even though the case was brought by the Crown, represented by this Department and the North-West Mounted Police.

I am, Sir, your obedient servant,

The Auditor General. R. SINCLAIR, *for D.S.G.*

AUDIT OFFICE, OTTAWA, April 1, 1890.

SIR,—Voucher 1, Regina Industrial School, is for a payment of $194 to Henry Fisher for half cost of a line fence between the Regina Industrial School and the section of land owned by Mr. Fisher. Please state if the land connected with the Industrial School is enclosed by a fence, and if so, when such fence was built. I would also ask for a statement showing the length of the division fence in question, and also showing how the amount paid Mr. Fisher was calculated.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN OFFICE, REGINA, April 22, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter No. 60747 of the 18th instant, referring to voucher No. 7048, and requesting to be advised, for the information of the Auditor General, as to certain matters therein mentioned; and in reply to state that the land connected with the Regina Industrial School, viz., north ½ of section 28, Tp. 17, range 20, west 2nd, is enclosed with a fence, and that said fence is erected on the boundaries of said land, as measured and staked out by Mr. Asst. Surveyor Ponton, of this office. The north boundary forms the line of division between said land and section 33, owned by Mr. Henry Fisher. Mr. Fisher had his whole section surrounded by a good substantial fence, constructed with cedar posts at every rod or 16½ feet, with rail on top, and four rows of barbed wire; and there being no road allowance between the two sections, it became necessary, when fencing the school lands, to make a connection with Mr. Fisher's fence erected

on the southern boundary of his land, entitling him, under the ordinance in that behalf, to the value of one half of such line fence. The total length is 80 chains, and its value was calculated at the rate of $4.85 per chain, viz., $388.00, or $194.00 for one-half.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. A. E. FORGET, *Asst. Com.*

AUDIT OFFICE, OTTAWA, May 27, 1890.

SIR,—Voucher No. 8, William's Lake Agency, is for Agent W. L. Meason's travelling expenses, amounting to $100. In the accounts furnished by Mr. Meason, the times covered by the following payments for board and horse feed appear to overlap each other:—

July 18 and 19, R. Valenzuela, board, lodging and horse-feed	$ 2 00
July 24, Marshall & Smith, 6 days board, lodging and horse-feed	15 00
Aug. 25 and 26, R. Valenzuela, board, lodging and horse-feed	2 00
Aug. 17 to 26, E. Allen, board and lodging, 9 days	13 50
Aug. 14 to 26, do hay and grain, 12 days	12 00

Please explain these apparent discrepancies in this account.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, June 11, 1890.

SIR,—I have the honour to acknowlege the receipt of your letter of the 27th ultimo, asking that explanations may be furnished in regard to certain apparent discrepancies in Mr. Agent Meason's account for travelling expenses in the William's Lake Agency, and in reply I beg to enclose Mr. Agent Meason's diary for the time he was engaged on the trip in question, from which it would appear that the overlapping of the dates seems to have been occasioned by Mr. Meason only remaining a portion of a day at some places. Mr. Superintendent Vowell, has, however, been written to on the subject.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, Oct. 4, 1890.

SIR,—Voucher 148 for the Victoria Indian Office is for a payment of $24 to Dr. I. W. Powell, the late Superintendent for the Province, for one table and letter-press supplied the Victoria Office in 1872. Please inform me how it is that an interval of eighteen years has been allowed to elapse between the time this charge was incurred and its settlement.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, Oct. 22, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th instant, asking for explanations regarding the delay in the payment of voucher No. 148, in favour of Dr. I. W. Powell, for the sum of $24, and in reply, I beg to inform

you that the delay was owing to Dr. Powell's oversight in not sending in his account before. Care was taken by this Department to assure itself that payment had not previously been made.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, Oct. 24, 1890.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd instant, with reference to the delay in the payment of voucher No. 148, in favour of Dr. I. W. Powell, for the sum of $24. In reply I beg to say that in view of the long period that has elapsed since this change was incurred, an Order in Council should now be obtained to authorize its payment.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, Nov. 5, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 24th ultimo, in further reference to the delay in the payment of voucher No. 148 in favour of Dr. I. W. Powell, for the sum of $24.00, and stating that, in view of the long period that has elapsed since this charge was incurred, an Order in Council should now be obtained to authorize its payment.

In reply, I beg to state that, in consideration of the fact that the articles were supplied at his (Dr. Powell's) own expense, and have been ever since, and are still, in the possession and use of the Department, and that the rates charged therefor are certified as fair and just, and no interest is paid thereon, the Order in Council appears unnecessary.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, May 9, 1890.

SIR,—In Agent Boucher's account for travelling expenses (Trust Fund, voucher No. 39305), there is a charge of $545 paid to Captain Jos. Poitras for transport, including meals from May 15 to August 31 inclusive, at $5 a day. There is also a payment, May 18, of $5.33 for 5⅓ days board at Quebec, and one, May 23, of $6, for fare and board from Quebec to Betsiamits. Please explain how it is that these last two items extend over part of the period covered by the first payment.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

INDIAN AFFAIRS, OTTAWA, Sept. 24, 1890.

SIR,—With reference to your letter of May 9, last, taking exception to certain charges in the account of Mr. T. F. Boucher Indian Superintendent at Betsiamits, I have the honour to inform you that Mr. Boucher explains that he engaged Capt. Poitras for the period between May 15 and August 31 to accompany him from Betsiamits on his tour of inspection at $5 a day, including Mr. Boucher's board; but before May 15 he (Mr. Boucher) had to visit Quebec to purchase supplies for the Indians, and owing to unfavourable weather did not get back to Betisamits until May 23, and that Capt. Poitras refused to make any deduction on account of the time so lost and therefore the charges of $5.33 for board at Quebec and $6 for fare at Betsiamits, with board, on May 23 appear to be proper.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, February 12, 1891.

DEAR SIR,—In an Indian Trust Fund voucher of 1889–90 (No. 42629), rendered by Mr. H. J. Wickham, for $3,031.34, for legal services *re* the Cayuga Indians, I find a sub-voucher from the Windsor Hotel, Montreal, made up as follows:— Board, one day, $4.50; wine, $3.95; extra meals, $2; fires, 75 cents; cigars, $1.

Wine and cigars are not paid from public money. Please have the amount refunded.

I am, Sir, your obedient servant,

The Dy. Supt. General Indian Affairs. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, April 28, 1890.

Sir,—I notice that your officers are in the habit of purchasing ink, mucilage and other stationery supplies at the different posts in the Territories where they may be stationed. Although the Order in Council of July 24, 1882, authorized the purchase of ink and mucilage in the outlying provinces, the Act respecting the Department of Printing and Stationery, which is of a more recent date, provides that the Superintendent of Stationery shall have charge of the supply of all articles of stationery required for the several Departments of the Government. (*Vide* 49 Vic., chap. 27, sec. 6.)

Please see that in future all stationery of any kind is procured through the Stationery Office, as required by law.

I am, Sir, your obedient servant,

The Comptroller, N.W.M. Police. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, April 28, 1890.

Sir,—Section 19 of the Act respecting the North-West Mounted Police Force, enacts that all pecuniary penalties imposed on members of the Mounted Police Force shall form a fund, to be managed by the Commissioner, with the approval of the Minister, and shall be applicable to the payment of rewards for good conduct or meritorious service, to the establishment of libraries and recreation rooms, and such other objects for the benefit of the members of the force as the Minister approves.

I have not had a statement of the expenditure. Please furnish one, with such vouchers as the nature of the trust requires.

I am, Sir, your obedient servant,

The Comptroller, N.W.M. Police. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 2, 1890.

SIR,—The enclosed voucher, No. 32, is for a payment to A. T. Russell of $60 for 120 hours' work compiling index to Regulations and Orders for the N.W.M. Police.

As the index in question covers only 34½ pages, 5 inches by 4 inches in size, one column of index to the page, I have to ask for your certificate that the price charged is fair and just.

I might remark that the ordinary rate paid for indexing such books as the Geological Survey Report, or the Labour Commission Report, is only $1 per column for a page of 9 inches. At this rate the cost of the index in question would be only about $17.75.

I am, Sir, your obedient servant,

The Comptroller, N.W.M. Police. J. L. McDOUGALL, *A.G.*

OFFICE OF THE COMPTROLLER, OTTAWA, Jan. 30, 1891.

SIR,—Referring to your letter of October 2 last, respecting Mounted Police voucher No. 32 of the accounts of 1889–90.

Examination of the index of the Mounted Police Regulations would, I think, convince you that the labour involved therein was very much greater than that necessary in the preparation of the index to the Geological Survey Report, the latter being little more than a compilation of the marginal notes, whilst nearly every subject referred to in the Police Regulations is indexed under several different letters or headings. Take, for instance, the word "Discharge," which has eight references under letter "D" and fifteen in other parts of the index. Apart from the actual preparation much time was devoted to checking and cross-checking.

I have no hesitation in certifying that the time charged for was fully occupied on the work, and knowing the care that was taken to make the index complete, I can also certify that the amount was well earned.

I am, Sir, your obedient servant,

The Auditor General, Ottawa. FREDERICK WHITE, *Comptroller.*

AUDIT OFFICE, OTTAWA, June 30, 1890.

SIR,—I beg to ask for explanation of the payment to Dr. Barnhart of $25 by cheques 3558 and 6043 for medical attendance on Commander Boulton, of the Georgian Bay Survey.

It is unusual for the Government to pay the medical expenses in case of illness of one of its employees, and I should like to be made acquainted with circumstances connected with the illness of Mr. Boulton upon which you deemed payment in the present instance proper.

I am, Sir, your obedient servant,

The Deputy Minister of Marine. J. L. McDOUGALL, *A. G.*

OTTAWA, July 4, 1890.

SIR,—I have to acknowledge the receipt of your letter of the 30th ultimo, asking for explanations of the payment to Dr. Barnhard of $25 for medical attendance of Commander Boulton, and in reply I am to inform you that under the terms of the agreement made with Commander Boulton the Government was to bear all expenses in connection with the service, including Commander Boulton's pay and allowances, and Commander Boulton claimed that under the Queen's Naval Regulations he was entitled to payment of medical expenses in case of illness, and the Department admitted the claim.

I am, Sir, your obedient servant,

The Auditor General, Ottawa. JOHN HARDIE, *for D.M.M.*

AUDIT OFFICE, OTTAWA, June 13, 1890.

SIR,—The following statement shows the days during which Lieut. Gov. Royal was absent from Regina in the current fiscal year, as indicated by his accounts for travelling expenses, and also shows the cheques issued during his absence, as shown by the cheque list and the dates on the cheques :—

Absence from Regina.		Cheques Issued.	
May 14 to July 7	Nos.	1 to	14
July 14 to July 19	"	36 to	186
July 28 to Aug. 3	"	257 to	313
Sept. 14 to Sept. 20	"	482 to	492
Oct. 6 to Oct. 9	"	588 to	639
Nov. 9 to Nov. 11	"		
Nov. 25 to Dec. 24	"	996 to	1159
Jan. 17 to Jan. 20	"		
Jan. 26 to Jan. 30	"	1363 to	1411
Feb. 19 to Mar. 5	"	1467 to	1525

Mr. R. B. Gordon also was away from Regina between Nov. 25 and Nov. 31, during which period cheques numbered from 996 to 1026 were issued.

In all these cases these cheques were signed by Lieut. Gov. Roya l and countersigned by Mr. R. B. Gordon.

The inference is that the cheques were signed in blank and were filled in afterwards as they were required. This I need hardly say, besides being a most dangerous system, is in direct contravention to the Order in Council of June 27, 1888, regarding letter of credit cheques.

I have therefore to request that the Lieutenant Governor be notified that this practice should cease and that an Order in Council be obtained authorising other officials to sign in the absence of either or both of those in whose favour the credit is issued.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A. G.*

LIEUTENANT GOVERNOR'S OFFICE, REGINA, July 10, 1890.

SIR,—I have the honour, in the absence of His Honour the Lieutenant Governor, to acknowledge the receipt of your letter of the 3rd instant, enclosing therewith copy of letter from the Auditor General dated 13th ultimo, respecting the signing of letter of credit cheques, which shall be submitted for His Honour's attention immediately on his return to Regina.

In the meantime, I may state, in reference to the Auditor General's remarks regarding myself, that no cheques have ever been, as inferred by the Auditor General, countersigned by me in blank and afterwards filled in as they were required.

I find, respecting the cheques which he enumerates in connection with that inference, that No. 996, dated Nov. 26, for one load of hay to H. Cameron ; No. 997, dated Nov. 29, to D. F. Jelly, M. L. A., for travelling expenses in connection with well-bores ; and Nos. 998 to 1026, dated 30th Novomber, being salary cheques for the month of November, were filled in during my absence in Winnipeg and were countersigned by me and issued on 1st December, the day I returned to Regina

Hoping that, as regards the signature of these particular cheques by me, this explanation may prove satisfactory.

I am, Sir, your obedient servant,

R. B. GORDON, *Secy.*

The Secretary Interior Dept.

INTERIOR DEPT, OTTAWA, Oct. 10, 1890.

SIR,—Referring to your letter of the 4th ultimo, respecting the signing of letters of credit cheques in advance by the Lieutenant Governor of the North-West Territories, I am directed by the Deputy Minister to refer to the conference which you had with him, and in the course of which you expressed the view that the power of signing cheques should be confined, if possible, to one officer in addition to the Lieutenant Governor, and that that officer must in any event be one appointed by the Government of Canada by order of the Governor in Council. The Deputy Minister would be obliged if you would write him a letter to the above effect, provided that is your recollection of the view expressed by you on the occasion referred to.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Oct. 14, 1890.

SIR,—With further reference to our correspondence respecting the signing of letter of credit cheques in advance by the Lieutenant Governor of the North-West Territories, I beg to say:—

1st. That no one has a right to sign cheques unless he is duly authorized by an Order in Council to do so.

2nd. That unless the service is much and frequently delayed by only one person having the power to countersign, it is advisable not to divide the responsibility by giving a second person similar authority.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 19, 1890.

SIR,—Lieutenant Governor Royal's October cheque, No. 760, is for a payment to P. Lamont for moving telephone, and repairing electric bell annunciator at Government House. Please let me know the date on which this service was performed.

My reason for asking this is, that two somewhat similar charges appear in the accounts, viz: Voucher 310 includes a payment for removing telephone at Government House, July 22, and voucher 1222 is for a payment of $2 for work on telephone at Government House.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 21, 1890.

SIR,—In the account of Hon. Jos. Royal's expenses in connection with his visit to Ottawa in November and December last (voucher 1167) there is an item "Paid for clerical assistance while in Ottawa—8 days at $2—$16." The name of the person to whom this was paid should be given and his receipted account supplied. Details should be given of the item cab-hire in Ottawa, $10.

I am, Sir, your obedient servant,

The Deputy Minster of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 21, 1890.

SIR,—I notice from the vouchers for Lieut. Gov. Royal's expenditure on account of Government in the North-West Territories that Mr. D. F. Jelly has drawn board allowance at the rate of $3.50 a day when attending the meeting of the Advisory Council on the following days: June 26, July 13 and 15, August 12, 13 and 14, September 11 and 18—8 days in all, amounting to $28.

Mr. Jelly is a member of the Legislative Assembly for North Regina, and appears to reside in Regina. If such is the case he cannot claim the board allowance on the dates above mentioned, as his presence was required where he resides. The amounts so drawn should be refunded by Mr. Jelly.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 9, 1890.

SIR,—Lieutenant Governor Royal's May voucher, No. 1829, is for a payment of $35 to Mr. John Secord for 10 days' allowance attending meetings of the Advisory Council and sub-committees.

Mr. Secord is the member of the Legislative Assembly for South Regina and resides at Regina. His attendance at the above meetings accordingly did not take him away from his place of residence. The per diem allowance, however, can only be claimed when actual absence from home is necessitated. The amount in question therefore should not have been paid Mr. Secord, and should be refunded at as early a date as possible.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

LIEUTENANT GOVERNOR'S OFFICE, REGINA, Aug. 15, 1890.

SIR,—In continuation of my letter of the 25th ultimo, in acknowledgement of yours of July 18, enclosing herewith a copy of a letter from the Auditor General, dated 9th July, respecting a payment of $35 to Mr. John Secord, M. L. A., for 10 days' allowance attending meetings of the Advisory Council and sub-committees, I am now directed by His Honour the Lieutenant Governor to state that Mr. Secord, who is a member of the Advisory Council and also of the Territorial Legislature, resides

in Regina, where he practices his profession as a Barrister. His attendance at meetings of the Council takes him away from his business and place of residence, which is distant about one mile and a half from the Lieutenant Governor's office, where the meetings of Council are usually held, and nearly three miles distant from Government House, where there are occasional meetings.

Under these circumstances it is claimed that actual absence from home on Mr. Secord's part is necessitated by his attendance at such meetings and that his account should only differ from that of the other members of the Council in that mileage is not charged by Mr. Secord.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. B. GORDON, *Secy.*

AUDIT OFFICE, OTTAWA, June 13, 1890.

SIR,—Lieut.-Gov. Royal's voucher, No. 386, is for a payment of $35.25 to Victor Palmé, for subscription to "La Revue du Monde Catholique," from July 1, 1888, to June 30, 1889.

It appears to me that there is some mistake in the amount of this account, as the annual subscription to the magazine is 35 francs in Paris. In the absence of the original account it is impossible for me to say definitely what the mistake is, but it appears to me that the most probable error is that, in passing from the original account, which would be rendered in francs, to the copy made out at the Regina office, the amount of 35 francs 25 centimes has been transcribed as $35.25.

I would also draw your attention to voucher No. 339 of 1888-89, which is for a payment of $8.75 to Messrs. Cadieux & Derome, for subscription to the same periodical for the same period, viz.: for one year, to July 1, 1889. Please inform me if the second payment is for a second copy of this publication.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, June 23, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th instant, respecting North-West Government vouchers Nos. 386 and 339, for $38.25 and $8.75, respectively, being for payments for two subscriptions to "La Revue du Monde Catholique," and to say that a copy of your letter has been forwarded to the Lieutenant Governor for his information and explanation.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Feb. 14, 1891.

SIR,—I beg to draw your attention to the fact that no answer has yet been received to my letter of June 13 last, respecting the payment of $35.25, for subscription to "La Revue du Monde Catholique," further than your acknowledgment and the information that you had referred the matter to Lieut.-Governor Royal.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

NOTE BY AUDITOR GENERAL—Two years' subscription was subsequently credited, making $16.10, and $19.15 was refunded in 1890-91.

AUDIT OFFICE, OTTAWA, July 11, 1890.

SIR,—I notice that Mr. Jules A. Royal, a permanent employee in the Outside Service of the Interior Department, has received the following amounts for translating out of the vote for Government in the North-West Territories :—

Cheque 1110, translating 10 copies of "North-West Territories *Gazette*"	$100 00
Cheque 1631, translating 6 copies of *Gazette*	60 00
Total..	$160 00

This is in contravention of section 51 of the Civil Service Act, which enacts that "no extra salary or additional remuneration whatever shall be paid to any person permanently employed in the Public Service."

A refund of the above amount should be obtained from Mr. Royal as soon as possible.

I also notice that Mr. Jules Royal is in receipt of $50 per month as Private Secretary to Lieut.-Governor Royal. An Order in Council authorizing his employment in this capacity is necessary.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Sept. 5, 1890.

SIR,—With further reference to yeur letter of the July 11 last about the payment to Mr. Jules A. Royal for translating copies of the North-West Territories *Gazette*, and also the payment of $50 a month to Mr. Royal as private secretary to the Lieutenant Governor of the Territories, I am now directed to send you the enclosed copy of a letter from Mr. Gordon, Secretary to the Lieutenant Governor, dated the 15th ult., explaining the payments for translation. I have also to inform you that the authority of an Order in Council for the payment of $600 per annum to Mr. Jules Auguste Royal as private secretary to the Lieutenant Governor of the North-West Territories has been secured.

I am, Sir, your obedient servant,

The Auditor General. JOHN R. HALL, *Secy.*

LIEUTENANT GOVERNOR'S OFFICE, REGINA, Aug. 15, 1890.

SIR,—With further reference to your letter of the 23rd ultimo, No. 239635, enclosing, for the information of His Honour the Lieutenant Governor, copy of letter from the Auditor General, dated July 11, in which he calls attention to certain payments for translation made to Mr. Jules A. Royal, I am now directed to state that while it is a fact that the translation of the North-West Territories *Gazette* is done by a person engaged in the permanent service of the Dominion Government, it is assumed that payments made by the North-West Government for work done in connection with the administration of public affairs are in the nature of expenditure made by a Provincial Government for similar objects, and are not therefore subject to the provisions of the Dominion Civil Service Act. The publication of an *Official Gazette* at Regina is in virtue of an Ordinance passed by the Legislature of the Territories, and payments for the printing and translating of the same are made, not by the Dominion, but by the Territorial Government direct.

I am also to add that there is no person in Regina capable of making the translation, apart from a Government official, and His Honour would be only too glad if he could have the service performed by any one not so connected.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. B. GORDON, *Secy.*

AUDIT OFFICE, OTTAWA Sept. 8, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th inst., enclosing copy of a communication from Mr. Gordon, the Secretary of Lieutenant Governor Royal, regarding the payments to Mr. Jules A. Royal for translating and as private secretary to the Lieutenant Governor.

In reply I beg to state that in my opinion the Secretary of tke Lieutenant Governor of the North-West Territories is not correct, in the view that any expenditure charged against the appropriation for Government of the North-West Territories is not subject to the general restrictions made by the Parliament of Canada and the Dominion Government on the spending of appropriations.

As I view the matter, the Lieutenant Governor, notwithstanding his (in other respects high and important) independent functions, is, as far as this expenditure is concerned, responsible to the Minister of the Interior that the expenditure is not contrary to any regulations of the Dominion Parliament, for Government, just as the Minister of the Interior is responsible to his colleagues and to Parliament for the observance of these regulations.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

LIEUTENANT GOVERNOR'S OFFICE, REGINA, Dec. 4, 1890.

SIR,—I am directed by His Honour the Lieutenant Governor of the North-West Territories to acknowledge the receipt of your letter of Oct. 1, last, with further reference to the subject of certain payments made to Mr. Jules A. Royal for translation.

In reply, I am to state that, in view of the opinion expressed by the Auditor General, His Honor proposes to take steps for having this service in future performed otherwise.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. B. GORDON. *Secy.*

AUDIT OFFICE, OTTAWA, Feb. 14, 1891.

SIR,—Referring to your letter of Dec. 24, enclosing a copy of a communication from Lieutenant Governor Royal's secretary respecting payments during the fiscal year 1889-90 to Mr. Jules A. Royal for translation, I am of opinion that a refund should be made of the amounts paid, or a special vote sanctioning such payments be obtained from Parliament at the coming Session.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 7, 1890.

SIR,—I find myself without the necessary information for checking the correctness of the payments of school grants out of the vote for Government in the North-West Territories, and have accordingly to ask for a copy of the regulations in force for determining the amounts of such grants.

I have also to request that in future the vouchers for the payment of these grants bear all necessary information for calculating the amount of such grant, such as (*a*) the number of teachers employed, (*b*) the grade of each teacher, (*c*) the salary paid in each case, (*d*) the average daily attendance.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

REGINA, N.W.T., July 3, 1890.

SIR,—I am directed by His Honour the Lieutenant Governor of the North-West Territories to acknowledge the receipt of your letter of the 17th ultimo, enclosing therewith copy of letter dated 7th ultimo from the Auditor General respecting payments of school grants out of vote for Government in North-West Territories, which I have duly submitted to His Honour.

In reply, I am to state that the additional information requested by the Auditor General will in future accompany the vouchers for payment of these grants.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. R. B. GORDON, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 13, 1890.

SIR,—I observe that Lieutenant Governor Royal has at different times purchased books for the Library of the North-West Government and paid for them out of his Parliamentary appropriation. This is in contravention of section 3 of the Act respecting the Department of Public Printing and Stationery, as amended by 51 Vic., chap. 17. which provides that paper, books and stationery shall be obtained through that Department.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Oct. 18, 1890.

SIR,—I am directed to acknowledge the receipt of your letter of the 13th inst., respecting the purchase of books by Lieutenant Governor Royal for the Library of the North-West Government, and in reply to inform you that a copy of your communication has been sent to the Lieutenant Governor.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, Feb. 14, 1891.

SIR,—Voucher 2124 of Lieutenant Governor Royal's expenditure during the fiscal year 1890-90 is for a payment to Granger Frères of $26.61, as follows:—

Dec. 16, 1889—	2 qrs.	Cordons pour programmes	$ 4 00
do 16, 1889—	2 do	Crayons	6 00
do 16, 1889—	100	Cartes, menus	4 00
do 16, 1889—	300	Programmes assortis	7 20
do 16, 1889—	6	Calendriers	2 25
do 18, 1889—	30	Cartons	0 68
do 18, 1889—	8	Boîtes étoiles	1 00
do 18, 1889—	½	Main papier soie Rose	0 25
do 18, 1889—	6	Rouleaux fil de fer	48
April, 19, 1890—	30	Cordons programmes	0 60
do 19, 1890—	10	Feuilles papier de soie	15
			$ 26 61

Items of this nature should not, I think, be paid out of public money.

I am, Sir, your obedient servant,

The Deputy Minister of Interior. J. L. McDOUGALL, *A.G.*

Carillon and Grenville Canals.

AUDIT OFFICE, OTTAWA, March 8, 1890.

DEAR SIR,—I am passing your applications Nos. 399 and 400 in favour of Mr. Dowker, for February expenses of the Quebec Canals.

In Carillon and Grenville Canals, I notice an item of $35 for the wages of Horatio E. Hartley, the lockmaster at Chute à Blondeau. Please let me have an explanation of the reasons for paying wages at this lock since its submersion by the Carillon Dam.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 30, 1890.

DEAR SIR,—I understand, from conversation with the Deputy Minister that, some of the charges made last session against the late management of the Carillon and Grenville canals have been substantiated; and that some of the names of labourers shown at page F—4 of my report for 1888-89 are fictitious.

Please let me have any information on this subject which may be in your possession, to enable me to establish an amount to report to the Minister of Finance, under section 59 of the Consolidated Revenue and Audit Act.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, July 7, 1800.

SIR,—I am, by direction, to acknowledge the receipt of your letter of June 30 having reference to some of the charges made against the late management of the Carillon and Grenville Canals which have been substantiated, and asking for certain information to enable you to report to the Minister of Finance under the Audit Act. I am by direction to say that this matter is now being enquired into.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 31, 1890.

DEAR SIR,—Let me acknowledge receipt of a copy of the evidence taken at the Carillon Canal investigation, for which please accept my thanks.

I notice that overpayments were made to several officers who are still employed, namely: Mr. Hartley, the overseer, and some temporary lockmen at Nos. 1 and 2.

As soon as an overpayment is ascertained to have been made to any officer or other person, any sums of money falling due to him in succeeding pay-lists or otherwise should be credited to the overpayment, until the account is squared.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

OTTAWA, Feb. 17, 1891.

SIR,—In reply to your letter of Oct. 31, I am instructed to enclose to you herewith, a "statement of overpayments to employees on the Carillon and Grenville Canal, and the amounts deducted from them," by which you will see that deductions have been made from wages in October and November. Mr. Hartley was dismissed by Order in Council on 31 Oct., 1889, but his salary and account for travelling expenses for that month and the portion of November he worked has been deducted ($124.50). C. Poulin, laborer, was not on the staff when the deduction was made, and has not since been employed. The remaining 8 laborers shown were each overpaid $15 for April, 1889, and an additional $5 was overpaid in March, 1889, to 5, marked on the statement, all of which has been deducted.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec.*

Chambly Canal.

AUDIT OFFICE, OTTAWA, April 28, 1890.

DEAR SIR,—Let me call your attention to a payment made by you July 19, 1889, under an Order in Council of June, 1889, of a gratuity of $150 to Mr. Edward Marcoux, of St. Johns, as compensation for cancellation of his appointment as Bridge-keeper at the Langelier bridge in 1880.

I gather from the Order in Council that Mr. Marcoux was paid in 1880 for his actual services—from January 1, the date of his appointment, to June 30, when the work was again thrown on the Langelier estate.

It does not appear to me that there is any authority inherent in the Executive to make payment for any services except those actually rendered. Gratuities or compensations, or other claims which are not based on real service, should be voted explicitly by Parliament, if there is no Act already covering them. The only exception to this rule is the gratuity of two months' pay to the representatives of deceased permanent officers,—which has acquired a quasi-legality from long usage under the full knowledge of Parliament.

The payment to Mr. Marcoux was a gratuity without Parliamentary authority, and I think it should be refunded. In any case it is not a proper charge against a Canal appropriation.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Cornwall Canal.

AUDIT OFFICE, OTTAWA, Aug. 7, 1890.

DEAR SIR,—I am passing the Cornwall Canal accounts for June, 1890, after making the following deductions:—

Bridgetender, Jas. Denneny; rent	$10 00
Lockman 16, L. Degan, 2 days	2 50
Lockman 17, J. Smith, 2 days	2 50
Lockman 17, T. Robinson, 2 days	2 50

The allowance to Mr. Denneny for rent is a new item, and should be accompanied by an explanation of its origin.

Messers. Degan, Smith and Robinson, who are permanent employees, are returned at 32 days in June. The excess of two days appears to be an extra payment coming under the preventive clause of the Civil Service Act of 1888.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

CORNWALL, Aug. 11, 1890.

SIR,—In answer to your letter concerning deductions made by Auditor General from June pay list of Cornwall Canal.

The rent I allowed Jas. Denneny, bridge-keeper, was on account of his house having been taken down by contractors, who gave him very short notice, to give room to work about new bridge. The cheapest house he could get anywhere near the bridge was $10 a month; I satisfied myself that it was the best he could do and I gave it to him in the pay-list.

As to extra time allowed L. Degan, J. Smith and T. Robinson, I may say that we had two gates to put in at lock 19. The only time available was Sunday unless we stopped navigation. It took two Sundays to put them in. I took the men required for the work from among the lock labourers, as they understand what is to be done better

than strangers. As they did this extra work I gave them the time. Had I employed any one else they would have had to be paid, and would not have been as satisfactory as the men who were used to such work.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. A. P. ROSS, *Supt.*

AUDIT OFFICE, OTTAWA, Sept. 11, 1890.

DEAR SIR,—I am passing your applications for August expenses of the Cornwall Canal, after deducting $33.75 for Sunday labour of extra employees, whose wages are charged to "Construction."

This item needs further explanation, in view of the fact that Section 32 of the Contract Form prevents the contractors from working on Sunday.

I am, Sir, your obedient servant,

The Secy., Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 3, 1890.

SIR,—In reply to notification of the 11th September last, of the deduction of $33.75 charged to construction in the pay-lists of the Cornwall Canal for August, I am to inform you that the superintendent offers the following explanation:—

"To give men a chance to get a reasonable amount of unbroken rest the six men on each lock work twelve hours and go off six; two go on and two off every six hours. In this way every man is on an equal length of time. By doing this we get along with six men; otherwise we would require eight men, four for day and four for night."

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 10, 1890.

DEAR SIR,—Let me acknowledge receipt of your 130974 of Oct. 3, containing Superintendent Ross's explanation of the charge for Sunday labour of employees charged to "Construction."

I gather, from the superintendent's statement, that on Sunday (as on the other days of the week), four of the six employees at each lock are working for the nine hours of traffic, while the other two are resting.

The four men who work are drawing $1.25 for the day as regular pay, and 15 cents an hour as extra pay on account of the day being Sunday; making double pay for one piece of work.

But the two men who are off—and sleeping—also claim both $1.25 for the day and 15 cents an hour, making double pay for no work at all.

Neither Mr. Ross nor yourself have discussed my objection, that the contractors cannot legally cause any Sunday work at the locks; and this objection seems to hold against the $1.25 as well as against the 15 cents. Should these two temporary "construction" labourers at each lock be paid for anything but week days?

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 6, 1891.

DEAR SIR,—Let me acknowledge receipt of your application No. 340 for $1,539.23, the January expenses of the Cornwall Canal.

I notice a new fact this month, that labourers have been kept on at all the locks for periods ranging from 7 to 10 days. Please explain the reasons for this change.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

CORNWALL, Feb. 10, 1891.

SIR,—In reply to your letter No. 84027, *re* different length of time that labourers are employed on several locks of Cornwall Canal.

The extra time was employed at locks 18, 19, 20 and 21, in cutting ice around valves and waste weirs on account of extreme cold.

On lock 15-17 on account of high water in river extra care and work was required to keep valves of locks and weirs clear of ice so that there might be no overflow between locks 17 and 18.

The assistant bridgetender was on six days to assist in cutting ice around abutment of bridge and the piles driven in by contractors to guard entrance to bridge. If these piles are not kept free from ice the rise and fall of ice in canal caused by varying quantity of water at different times in 24 hours from mills, &c., would loosen them and disturb the foundation on which the bridge stands. The omission of this explanation was an oversight at time of sending in pay-list.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. A. P. ROSS, *Supt.*

Lachine Canal.

AUDIT OFFICE, OTTAWA, Oct. 10, 1890.

DEAR SIR,—In Lachine Canal Repairs for September, 1890, I notice a payment to the Royal Electric Light Company of $1,840, for a new dynamo and attachments.

Please let me have enough additional information to show that this is a proper charge against "Repairs" instead of against the vote for "Electric Light."

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

MONTREAL, Oct. 17, 1890.

SIR,—With reference to your letter transmitting a communication from the Auditor General, wherein he asks information to show that the payment of $1,840 to the Royal Electric Light Company for a new dynamo and attachment for the Lachine Canal (as entered in the September pay-list) is a proper charge against "Repairs" instead of Vote for "Electric Light."

I beg to state that this spare plant was purchased and placed in position in the canal electric station so as to provide against any accident to one or both of the two dynamos, which are running every night to supply the sixty-five arc lamps distributed on the canal between Locks Nos. 1 and 3.

The charge of this spare plant was made on the same principle as spare gates are built and the cost charged to appropriation for repairs, although the cost of construction of the original gates may have been charged to income. Furthermore, I may remark that a spare dynamo is of absolute necessity, as otherwise, in case of accident, the canal may be left in partial or total darkness.

The vote for electric light, $11,250, only covered the purchase and installation of the two dynamos and plant in connection with them.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. E. H. PARENT, *Supt. Engr.*

Rideau Canal.

AUDIT OFFICE, OTTAWA, Jan. 27, 1890.

DEAR SIR,—Let me request you to call the attention of Mr. Superintendent Wise of the Rideau Canal, to Section 33 of the Audit Act (enclosed), which prescribes the certificates which should be attached to vouchers before payment.

The certificates "Materials received" or "Work performed," and "Prices fair and just," should be made only by officers who have personal knowledge of the circumstances.

When these certificates are made by others, the Superintendent should approve the vouchers for payment.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Welland Canal.

AUDIT OFFICE, OTTAWA, Jan. 11, 1890.

DEAR SIR,—I am passing your application for December expenses of the Welland Canal, after deducting $180 charged by permanent employees for recording vessels, as follows:—

C. B. Hare, lockmaster,		St. Catharines	$60
M. McCarthy	do	Thorold	25
John Henshaw	do	Port Colborne	30
John Cook, assistant		do	30
R. Edgraft	do	Port Dalhousie	15
John Neil, lockmaster,		Thorold	20

There should be an Order in Council sanctioning those allowances, and mentioning whether superannuation tax is to be calculated on them.

I would also like to have a certificate from the Department, that the work is not part of the regular duty of lockmasters and assistants.

I am, Sir, your obedient servant,

The Secretary Railway and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 14, 1890.

DEAR SIR,—I do not find that any answer has been received to my letter of Sept. 11, 1889, concerning the travelling expenses of Superintendent Ellis, of the Welland Canal. This letter is shown on page E–227 of my Report for 1888–89.

Mr. Ellis should refund all the charges made for his horse-hire from the time that he began to receive the allowance of $300 a year to cover all his travelling expenses.

Please calculate the total over-payment, and arrange with Mr. Ellis for a return of the amount by the end of this month, as the accounts must be closed for the printer.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 15. 1890.

SIR,—With referenece to the over-payments to Mr. Ellis, Superintendent of the Welland Canal, prior to the fiscal year 1888–89, I beg to say that I have had an unofficial letter from Mr. Ellis, who complains of the inconvenience which he finds in being kept out of the whole of his salary until the overpayments have been met. I have explained to him that I have no authority to pass his monthly salary while any portion of the overpayments stands against him, unless on application from your Department for modification.

Mr. Ellis's salary for October was retained to cover the overpayments subsequent to June 30, 1888; but his November salary was passed.

I think that, on a statement from you that Mr. Ellis is not likely to be disturbed in his position from anything yet known to the Department, and on your application to give him time for repayment by monthly instalments of a substantial amount, naming it, I would be justified in acquiescing in the application.

You will understand that I am not making any suggestion as to the course which you may think well to adopt; but it seemed to me that the information given herein might assist in enabling you to make a settlement with Mr. Ellis which would relieve him from his present anxiety, and in a manner which Parliament would consider under the circumstances proper.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Dec. 23, 1890.

SIR,—In reply to your letter of the 15th instant, I am, by direction, to say it is not contemplated to interfere with the position held by Mr. Ellis, and that time may be given to him to make refund by monthly instalments of the amounts claimed from him.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Sec.*

AUDIT OFFICE, OTTAWA, Jan. 13, 1891.

SIR,—Let me acknowledge receipt of your application No. 302 for $14,475.13, the December expenses of the Welland Canal.

I notice that while the greater number of the men were employed only for half of December, there were one or two men kept on for the whole month at some of the locks and bridges, although navigation would probably close the same day all along the canal. Please give me any information which the Superintendent may have sent with the pay-list, explaining the necessity at each lock or bridge where part of the staff was kept on after traffic ceased.

On taking up your letter of Dec. 23, concerning Mr. Ellis' charges for horse hire, I find that you have overlooked the naming of a monthly deduction, suggested in my letter of Dec. 15. I would like the Department to fix a sum with which I could agree, to enable the rectification to proceed without further delay. The exact total to be cancelled can only be obtained from the vouchers in your Department, as we have returned to you everything of earlier date than 1888–89.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

ST. CATHARINES, Jan. 17, 1891.

SIR,—In answer to your letter No. 83,797. I say, for the information of the Auditor, that after navigation has closed each year there are eight men who, from long experience, are always selected and kept on until navigation is again opened, watching and regulating the water at the different parts of this canal system, where such duty is and always has been indispensable; and in addition there are twenty-four other men who, in their turn, are each employed half a month in watching the locks and levels, and keeping ice clear from the waste weirs and valves, and in charge of Government property generally.

To further illustrate the practice alluded to above, I enclose herewith an exhibit showing the number of men that were kept on after 15th December, and the localities where they were on duty up to the end of that month. Since that, twenty-four fresh men have been on for the first half month of January, and now twenty-four other men are on duty for this present half month; and by changing every half month each man gets his turn for half a month, and I may say this has always been the rule every season.

I am, Sir, your obedient servant,

The Secretary Railways and Canals WM. ELLIS, *Supt.*

AUDIT OFFICE, OTTAWA, Jan. 20, 1891.

SIR,—I am passing the Welland Canal maintenance accounts for December, 1890, with an interim deduction of $75, the quarterly bill of Superintendent Ellis for his annual travelling allowance of $300, as fixed by Order in Council.

It is understood that the investigation held by Mr. Wood into the management of the Welland Canal established the fact that the actual travel of Mr. Ellis was much less than his living allowance would cover.

I have always held (although respect for their high authority makes me regret an occasion like this, when my duty necessitates expression of the opinion) that it is beyond the power of Council to pay—for expenses capable of determination—a sum in excess of actual outlay.

Mr. Ellis should be asked for detailed accounts of his expenditure, with sub-vouchers for items where they are usually taken. The accounts should be supported by the certificate that "the whole expenditure was incurred on Government business." Although it is outside of the line of my examination, to inquire whether this is an instance in which the exacting of details would interfere with the efficiency of the service, it does not appear to be such a case; but I shall be pleased to receive any communication on this subject from the Departmental point of view.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

NOTE BY AUDITOR GENERAL.—The following Order in Council fixes the re-payment of Supt. Ellis' travel on a basis of actual outlay:—

Order in Council, Feb. 2, 1891.—On a memo. dated Jan. 29, 1891, from the Minister of Railways and Canals, representing that he has had before him a letter from the Superintending Engineer of the Quebec Canals, recommending that the allowance for travelling expenses to the late Superintendent of the Lachine Canal of $300 per year be continued to the present Superintendent; that there has also been brought to his notice the fact that the Superintendent of the Welland Canal, by virtue of Orders in Council dated respectively Dec. 29, 1879, and Jan. 26, 1886, has been permitted to receive $300 per year in lieu of travelling expenses, to which payment, however, exception has been taken by the Auditor General. The Minister recommends (as it appears all the other Superintendents of the several canals are allowed only actual travelling expenses) that the Superintendent of the Lachine Canal be treated in the same manner, and that the Orders in Council, above named, be amended, so far as they relate to travelling expenses, so that the Superintendent of the Welland Canal be paid only actual travelling expenses. The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *C.P.C.*

Williamsburg Canals.

AUDIT OFFICE, OTTAWA, Feb. 6, 1891.

DEAR SIR,—In his report on "Canal Perquisites" on the Williamsburg Canals, Mr. Supt. Reid says: "The lock-masters and lock-labourers get their coal oil from the barrels supplied for use on their locks." He estimates this annual house-consumption of coal oil to be $82.80.

It would be well to notify the Superintendent that the lighting of lock-dwellings is not a public service, and should not be charged on the vote for canal maintenanee.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Quebec Canals Generally.

AUDIT OFFICE, OTTAWA, June 13, 1890.

DEAR SIR,—I am passing your applications, Nos. 834 and 835, in favour of Mr. Shannon to pay the Quebec Canals for May, after withholding sums amounting to $4,837.47, as by the enclosed schedule:—

(*a.*) *Mr. Dowker's Salary.*—As mentioned in previous correspondence, it becomes necessary to set this amount against the overcharges for travelling expenses.

(*b.*) *Lachine Staff.*—The pay-list is not certified by the Superintendent, and was returned to you yesterday for completion.

(*c.*) *Diving dress for Carillon and Grenville Canals.*—This deduction was arranged with you verbally. Earlier accounts show that a diving dress was bought in August, 1887, and another in April, 1888.

(*d.*) *Antoine Poirier.*—This lockmaster was superannuated from May 1, 1890, by an Order in Council of June 5.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 14, 1890.

DEAR SIR,—In the Quebec Canal accounts for October I notice several timber vouchers, which give only the total number of feet supplied, and the rate.

There should be full specifications in all cases, like those furnished by Messrs. Hurteau, Grier, and Shearer & Brown. Otherwise there is not enough material to enable me to check the calculations, as required by sec. 46 of the Audit Act.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

DEAR SIR,—I am passing your applications for November expenses of Quebec Canals, after deducting $115, the salary of Mr. Superintendent Kennedy, for whose appointment I have not yet received an Order in Council.

Please notice that a few of the vouchers are still coming in as copies instead of originals; for instance, the accounts for stone on the Chambly Canal. Vouchers in all cases should be originals, made out by the creditors themselves, or their agents, but never by the Government officers whose duty it is to examine and certify them.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Jan. 14, 1891.

DEAR SIR,—I am passing your applications for December expenses of Quebec Canals, with deductions as follows:—

Chambly—Income.—Rebuilding Lock 8.—"William Findlay, watchman at lock No. 1, 31 days at $1." There should be an explanation given of the connection of this service at St. Johns with that of rebuilding the lock at Chambly Basin.

Beauharnois—Repairs.—Mr. Paul Cartier, the foreman, is entered at 31 days, while none of the other foremen and labourers (except watchmen) are paid for Sundays. I have made an interim deduction of $8 for four Sundays, pending additional information as to the work actually performed by him.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

MONTREAL, Jan. 19, 1891.

SIR,—With reference to a copy of a letter from the Auditor General, requesting explanations in connection with the following items of expenditure on the Quebec Canals, for December, 1890.

1. "Chambly Income, rebuilding Lock 8; William Findlay, watchman at Lock No. 1, 31 days at $1.00." For winters past the water has been kept out of the Chambly Canal, but it is the intention now to retain it in the canal all the time, for the protection of the banks and masonry against the action of the frost. This, of course, necessitates the employment of a water-watchman, to properly regulate the inlet of water in the levels. In this case, however, the regulation of the water being more specially attended to with a view of preventing the works below the long reach, at Lock 8, from being flooded, this service was, I consider, properly charged to Income; but in future, when the works of improvement are completed, and the water kept in all the levels, then this service will be charged to Staff, as it is on the other Canals.

2. *Re* deduction of $8.00 (for 4 Sundays) from the salary of Mr. Paul Cartier, Foreman of Repairs on the Beauharnois Canal. I beg to state that Mr. Cartier's salary is $2.25 per day, including Sundays, but owing to the fact that the men on the Beauharnois Canal are not working full time, during some of the winter months, a deduction of twenty-five (25c.) per day has been made from his salary. When his salary was fixed at $2.25 per day to include Sundays, it was with the object in view of placing him on about the same footing as the foreman carpenter of the Chambly Canal, who is paid $75.00 per month. It is, however, the intention in the future, for regularity's sake, to rate Mr. Cartier per month instead of per day.

I am, Sir, your obedient servant,

The Secy. Railways and Canals. E. H. PARENT, *Supt. Engr.*

AUDIT OFFICE, OTTAWA, Feb. 16, 1891.

DEAR SIR,—Let me acknowledge receipt, through your hands, of Mr. Parent's explanation of the reasons for charging Wm. Findlay's wages on the pay-list for "Rebuilding Lock 8, Chambly Canal."

Is not "regulating the water supply" the work for which the Lockmasters are kept on and paid during the winter? If so, Mr. Findlay's wages should be paid by the Lockmaster, and not by the Government.

I am withholding the January item of $31, and will pay the two months as soon as the explanation is complete.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGAL, *A. G.*

SUPT. ENGR'S OFFICE, MONTREAL, Feb. 18, 1891.

SIR,—I beg to acknowledge receipt of a copy of the Auditor General's letter of 16th instant, asking for further explanation *re* wages paid to Wm. Findlay, for regulating the water supply at lock No. 1, Chambly Canal.

The Auditor asks the following question: "Is not regulating the water supply the work for which the lock-masters are kept on and paid during the winter? If so, Mr. Findlay's wages should be paid by the lock-master, and not by the Government."

The duty of the lock-master during the winter, is to watch the water during the daytime, as is done on other canals, an assistant being furnished to perform same duty during the night.

In this special case, the water has to be watched most carefully, on account of the works below, as stated in my letter of 19th ultimo, and it would be rather exacting to compel the lock-master to perform day and night duty, or defray the expense of an assistant.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. E. H. PARENT, *Supt. Engr.*

AUDIT OFFICE, OTTAWA, Feb. 20, 1891.

DEAR SIR,—Let me acknowledge receipt of Mr. Parent's letter of Feb. 18, concerning Mr. Wm. Findlay, the watchman at St. Johns, P.Q.

I gather from Mr. Parent's statement, that it is necessary to keep a continuous watch on the water, and that this duty is performed in the daytime by Mr. Lockmaster Pinsonneault.

I am therefore passing Mr. Findlay's wages for December and January, amounting to $62.00.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Paymaster Dowker's Accounts.

NOTE BY AUDITOR GENERAL.—This Order in Council follows the discussion at Page E—240 of my Report for 1888-89 :—

Order in Council, Dec. 26, 1889.—On a memorandum dated Dec. 16, 1889, from the Minister of Railways and Canals representing as follows :—

Mr. G. Dowker is paymaster for the canals of the Province of Quebec, namely, Lachine, Chambly, St. Ours, Beauharnois, Ste. Anne and Carillon and Grenville; a work that requires much travelling.

That considerable correspondence has taken place with the Auditor General with reference to Mr. Dowker's travelling accounts, he being required " to separate and describe fully each item for fares and cab-hire, giving the date for each sum charged, and the time of departure and arrival of each train or boat taken. The payments for cab-hire should be shown to agree with any tariffs that may exist."

The Minister with a view to the avoidance of the existing expenditure of the time of public officers in the recording of cab and other petty accounts incidental to constant travelling, and in their preparation, submission, analysis and passing, all (in the present case, the route being an established and regular one) unnecessary, has caused careful estimates (herewith submitted) to be made on a comparison of the expenditure in past years of the cost of travel which should properly be attached to the work each month performed by Mr. Dowker, with the following results :— covering also cost of sustenance.

Lachine	$14 00
Beauharnois	14 50
Chambly	13 25
St. Ours	10 75
St. Anne	7 00
Carillon and Grenville	23 50
Total for month	$ 83 00
Total per annum	$ 996 00

To the above $996 based on residence in Montreal, is to be added the sum of $65, the price of a commutation ticket between Montreal and St. Anne, where Mr. Dowker is permitted to reside, making a total per annum of $1,061. Mr. Dowker is also under the necessity of occasionally using the telegraph and post office on public affairs, the estimated cost being set down as $2.50 a month.

The Minister recommends that authority be given for making Mr. Dowker an allowance of $1,100 per annum, to cover all his travelling and sustenance expenditure for the year, and also covering his telegraph and postal expenditure.

The Committee advise that authority be granted as above recommended.

JOHN J. McGEE, *C.P.C.*

AUDIT OFFICE, OTTAWA, April 26, 1890.

DEAR SIR,—Let me refer you to the correspondence beginning on page E–234 of my last report, and ending on page E–240 with my acknowledgment of Mr. Dowker's paid cheques, Jan. 14, 1890.

I have now completed the examination of the cheques shown in statement "A," and deduce from them the following conclusions, as by sheets attached:

"B."—Mr. Dowker has charged for trips which were not performed at all, and he has given items of fares and cab-hire for them.

"C."—He has charged separate trips for services which were performed on the same trip, giving separate items and dates for each.

"D."—He has charged as his own travel the travel of Mr. A. H. Dowker, who brought cash to him from Montreal, while presumably travelling on his own business.

These three items are additional examples of the statement which I made to you Aug. 29, 1889 (page E–238), that "this officer has not made up his charges on a basis of actual outlay."

Under dates of April 29, July 10, and Aug. 29, 1889, I suggested that steps should be taken to obtain a refund of all previous overcharges; but I do not understand that any action has been taken in this direction. Since the different statements attached to this letter will give you a clear idea of the extent of the irregularities, I trust that you will arrange with Mr. Dowker for a settlement of his arrears before applying to me for further certificates in his favor.

Statement "E" is a comparative summary of Mr. Dowker's charges since July 1, 1886, and of the proposed allowance to him by Order in Council of Dec. 26, 1889. This statement shows that $1,050, the probable total for the current fiscal year, is in excess of the necessary expense by at least $102—being $60 on "Ste. Anne's," and $42 on "Chambly." The allowance of $1,100, as proposed, would, therefore, be too large by $150, on these figures alone. You will notice that the annual total is decreasing as more proof of expenditure is asked.

In the Order in Council of Dec. 26, 1889, it is stated that I asked for unnecessary details. In view of the facts given in this and previous letters, it would be only justice to the Audit Office if this censure were removed by the same high authority which made it.

My attention was first drawn to these accounts by the apparent lack of necessity for the separate "Ste. Anne's" trips; and the cheques show that these trips were not made, although charged every month.

As for the general question of repaying actual travelling expenses by a fixed annual allowance, I beg to point out that there is no difficulty in the paymaster's giving a statement of his actual expenses, and having it certified in such a way as will ensure repayment. I cannot see my way to passing an approximate charge against the Government, when it is easy to determine the exact charge. I venture to ask you to reconsider whether the efficiency of his work might not suffer when, as in this case, the remuneration of an officer, instead of being increased by the time he gives to his work, is decreased by it.

Although on a superficial view of the case the efficiency of this officer might appear to be a matter of interest to your Department alone, it is only necessary to reflect upon the nature of the duties of a paymaster to see that the quality of his service is of much consequence to this office.

The cheques also show that the responsible duty of carrying large sums of money from Montreal to Ste. Anne's has been entrusted by the paymaster to other persons, namely: Mr. Arthur H. Dowker, Mr. Leslie R. Dowker and Mr. Vivian de V. Dowker. If this practice is to continue, it would be well to have it recognized by another Order in Council, to amend the one which appointed Mr. George Dowker paymaster.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

STATEMENT E.—Mr. Dowker's Travelling Charges since July 1, 1886.

—	1886-87.	1887-88.	1888-89.	1889-90.	Allowance by Order in Council.
	$ cts.	$ cts.	$ cts.	$ cts.	$ cts.

NOTE.—The figures for 1889-90 were calculated for 12 months, on the basis of the accounts rendered up to date of this letter, April, 1890.—J. L. McD.

AUDIT OFFICE, OTTAWA, May 19th, 1890.

DEAR SIR,—I have passed Mr. Dowker's April accounts, with an interim deduction of $30 towards previous overcharges. Please ask Mr. Dowker to forward his paid cheques for the current fiscal year.

The irregularities in the accounts of 1888–89, described in my letter of April 26 after examination of the paid cheques recently obtained, show the necessity of re-examining all the accounts rendered by Mr. Dowker since he took office, with special attention to the possible occurrence of similar overcharges.

If, as would seem natural, you desire to make such investigation without delay, I will postpone any action in that direction which might conflict with your own. But if you do not see the necessity for a Departmental investigation, please let me know as soon as possible, so that I may take the steps described in section 56 of the Audit Act.

Among the papers essential to a complete examination are the accounts for travel and expenses, the paid cheques or stubs, and the bank pass-books.

With the facts now on record, I shall be obliged to charge all the proved over-payments against Mr. Dowker's salary account.

I am, Sir, your obedient servant,

The Secy. Railways and Canals. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 20, 1890.

DEAR SIR,—I notice that no reply has yet been made to my letter of May 19, 1890, concerning the necessity of an investigation into Mr. Dowker's accounts for previous years. Please let me have an answer at your earliest convenience.

I am, Sir, your obedient servant,

The Secy. Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, June 25, 1890.

SIR,—I am by direction to acknowledge the receipt of your letter of the 20th instant, asking a reply to that of the 19th ultimo in regard to the accounts of Mr. G. Dowker, Paymaster; and to say that Mr. Dowker has resigned his position.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, June 30, 1890.

DEAR SIR,—Let me acknowledge the receipt of your letter of June 25, stating that Mr. Dowker has resigned his position of paymaster on the Quebec Canals.

Under Sec. 59 of the Consolidated Revenue and Audit Act, it becomes necessary to establish, as accurately as possible, the amount due by him to the Government for overcharges since he assumed office.

It occurs to me that the investigation, which was mentioned in conversation as likely to be made concerning the canals, may possibly take the direction of an inquiry into the working of the canals rather than into the accounts themselves; and that thus it might not interfere with a concurrent examination by this office into Mr. Dowker's accounts. This latter examination I am unable to postpone any longer, as it should be finished before the accounts of the fiscal year are closed.

If, therefore, you are not needing at present the papers mentioned in my letter of May 19, please forward them to this office, namely, Mr. Dowker's accounts for travel and expenses, his paid cheques and stubs, and his bank pass-books; all dating from the time when he took office, or as far back as they can be obtained.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Security from Paymasters.

RAILWAYS AND CANALS DEPT., OTTAWA, May 7, 1890.

SIR,—I am instructed to acquaint you that Mr. Robert Flanagan has been recommended to Council as Collector of Canal Tolls at Cornwall, in place of Mr. J. A. Phelan, deceased, and it is thought best to follow the practice hitherto adopted that the Collector at that place should also be Paymaster for the works on the canal.

Steps will be taken to have a bond from him for the due performance of the latter duty.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, May 19, 1890.

DEAR SIR,—Let me acknowledge the receipt of your No. 81,223 of May 7, stating that a bond will be obtained from Mr. Robert Flanagan, the new Paymaster on the Cornwall Canal.

I understand from conversation with you that Messrs. Dunn and Dowker are the only Paymasters yet under bond, namely, for $8,000 each, one-half being furnished by themselves.

By Sec. 2 of the Order in Council of August, 1869, "every paymaster whose business it is to distribute money handed over to him must give security."

I beg to point out that all your Paymasters should be brought into conformity with this Order.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

Perquisites of Canal Officers.

AUDIT OFFICE, OTTAWA, Oct. 14, 1890.

DEAR SIR,—Let me again call your attention to my letter of Sept. 2, 1889, shown on page E–224 of my Report for 1888–89.

I would like to be supplied with the list of perquisites enjoyed by canal officers at as early a date as possible.

I am, Sir, your obedient servant,

The Secretary Railways and Canals. J. L. McDOUGALL, *A.G.*

RAILWAYS AND CANALS DEPT., OTTAWA, Oct. 28, 1890.

SIR,—I enclose herewith copy of certain documents *re* perquisites, &c., to employees on the several canals as requested in your letter of 2nd Sept. last, viz.:—Welland Canal, Lachine, Beauharnois, Chambly and St. Ours Canals, Cornwall Canal, Williamsburg Canal, Carillon and Grenville, and St. Anne's Canals, Rideau Canal, Trent River Works.

I am, Sir, your obedient servant,

The Auditor General. A. P. BRADLEY, *Secy.*

AUDIT OFFICE, OTTAWA, May 16, 1890.

SIR,—I notice in the examination of the accounts of the Post Office Dept. (outside service), for the six months ended Dec. 31, 1889, that Mr. A. Walmsley was paid $315 and Mr. D. Fairmain $232 for attending to the English mails from Montreal to Halifax and back, the former at the rate of $3 a day for 105 days, and the latter at $2 a day for 116 days.

I respectfully submit that these payments are contrary to sec 51 of the amended Civil Service Act. Messrs. Walmsley and Fairman are permanent railway mail clerks in the Montreal Division, and are paid one-half cent a mile for every mile travelled, besides their ordinary salary, to cover their travelling expenses.

I am, Sir, your obedient servant,

The Dy. Postmaster-General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, May 23, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, on the subject of a *per diem* allowance in the case of Messrs. A. Walmsley and D. Fairman for attending to the English mails from Montreal to Halifax and back, and to say that Messrs. Walmsley and Fairman have charge of the outgoing British mail from Montreal to Halifax in winter, and to Rimouski in summer, and also of the incoming mails from those points to Montreal and Moncton. They are obliged to remain at Halifax and Rimouski, until such time as the mail steamer arrives from Liverpool, and a *per diem* allowance is therefore granted them to cover hotel expenses.

Messrs. Walmsley and Fairman are essentially British mail clerks, and not railway mail clerks; and would have been classified separately in the Civil Service Act, but it was uncertain at the time the Act was framed whether the office of marine mail clerks could be done away with, and whether the services of the British mail officers should be retained; and as there were only two of these latter officers, it was thought scarcely necessary to make special provision for them in the Act. It has since been found that the services of the British mail officers cannot be discontinued, while those of the marine mail officers could, and have since been, dispensed with.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, May 26, 1890.

SIR,—Referring to your letter of May 23 with respect to the British mail clerks Walmsley and Fairman: I have the honor to say that the law which gives a railway mail clerk, in addition to his regular salary, an allowance not exceeding one-half cent a mile for every mile travelled on duty, does not, in my opinion, prevent his getting a living allowance when he is obliged to stay for a certain number of days at the end of the route, which is not his place of living: but nothing in the law, as far as I can see, authorizes payment of the mileage and the living allowance for the same time.

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 8, 1890.

SIR,—Please give me some explanations with respect to the enclosed account. In what capacity was Miss Anna V. Barber sent to Victoria, and why were her travelling expenses paid out of the public money?

I am, Sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, May 16, 1890.

SIR,—Referring to your letter of the 8th ultimo, asking for explanations with respect to an account received from Miss Anna V. Barber, for travelling expenses from Ottawa to Victoria, I have the honour to state that Miss Barber was engaged as a shorthand-writer and type-writer in this city and assigned to duty in the office of the Post Office Inspector at Victoria, B. C. Her travelling expenses were, therefore, paid by this Department.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy.P.M.G.*

AUDIT OFFICE, OTTAWA, April 19, 1890.

SIR,—In examining the accounts of the Post Office Dept. for the quarter ended Dec. 31, 1889, I notice a payment of $21 for expenses incurred by Miss Kate Maybee in going to and returning from Quebec. Please inform me of the grounds on which this expenditure was made. I do not find that Miss Maybee had been previously employed in the Department.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Dy. Postmaster General.

POST OFFICE DEPT., OTTAWA, May 16, 1890.

SIR,—Referring to your letter of the 19th ultimo, asking upon what ground Miss Kate Maybee was allowed her travelling expenses in going to and returning from Quebec, I have the honour to state, that Miss Maybee was engaged as a shorthand-writer and type-writer in this city, and detailed for duty to the office of the Post Office Inspector at Quebec. She was afterwards removed to the Inside Service of this Department. Under these circumstances she was allowed her travelling expenses.

I am, Sir, your obedient servant,

The Auditor General WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, May 21, 1890.

SIR,—In answer to your letter of the 16th instant, with reference to the travelling expenses paid respectively to Miss Kate Maybee and to Miss Anna V. Barber, I have the honour to say that I see nothing in the law authorizing such payments.

On the contrary, there is an Order in Council prohibiting the payment of travelling expenses of permanent clerks on appointment, when the clerks do not reside at the place where they are to be employed. The ladies above-mentioned not having been even extra clerks before the time they were sent, one to Quebec, and the other to Victoria, there can be no ground for the payments to them. I shall have to submit the case to the Treasury Board, under Sec. 31 of the Audit Act.

I am Sir, your obedient servant,

The Dy. Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 20, 1890.

SIR,—Please let me know if the services performed by Mr. C. P. V. Bérouard, a temporary clerk in the Chief Post Office Inspector's office, are technical and require special qualifications. This gentleman has received $2 a day for some time, which is contrary to Sub.-sec. 2 of Sec. 47 of the Civil Service Act as amended by 51 Vic., cap. 13,—unless the qualifications are special.

I am, Sir, your obedient servant,

The Dy. Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, May 21, 1890.

SIR,—I have the honour to acknowledge your letter of the 20th inst., enquiring whether the services rendered by Mr. C. P. Bérouard, a temporary clerk on the staff of the Chief Post Office Inspector, who is receiving pay at the rate of two dollars a day, are of a special character.

In reply I beg to say that Mr. Bérouard's qualifications and services are in the fullest sense of a special character, as through his knowledge of accounts and skill in penmanship and design he is available for a variety of purposes, and is employed in a variety of work beyond the capacity of ordinary temporary clerks.

I am, Sir, your obedient servant,

The Auditor General. WM. WHITE, *Dy. P.M.G.*

AUDIT OFFICE, OTTAWA, May 22, 1890.

SIR,—I notice that Messrs. A. T. Deacon and C. G. Shannon, two temporary clerks on the staff of the Postmaster at Kingston, are paid at the rate of $2 a day. Please let me know if they are employed on special qualifications; and if so, a certificate to that effect should be given in each monthly pay list. The same certificate should be given in the case of Mr. C. P. V. Bérouard, and all other extra clerks who are paid at a higher rate than $400 per annum.

I am, Sir, your obedient servant,

The Dy. Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, May 23, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant, referring to the payment of $2 a day to Messrs. A. T. Deacon and C. G. Shannon, two temporary clerks on the staff of the Kingston Post Office, and to enclose herewith a copy of a Departmental letter dated the 11th February last, addressed to you on this subject. As Messrs. Deacon and Shannon are employed on special qualifications, a certificate to that effect will be given in each monthly pay-list, in their case as well as in that of Mr. C. P. Bérouard.

I am, Sir, your obedient servant,

he Auditor General. WM. WHITE, *Dy. P. M. G.*

AUDIT OFFICE, OTTAWA, April 18, 1890.

SIR,—From the account of Jos. F. Garden, D.L.S., for survey in the Kamloops District during the season of 1888, it appears that on the 18th of September he sold four pack horses, one colt, six aparejos and six pack saddles, for $75, and applied the proceeds towards the expenses of his survey.

I beg to draw your attention to the fact that this is in contravention of sec. 25 of the Consolidated Revenue and Audit Act, which requires all public moneys, from whatever source of revenue derived, to be paid to the credit of the account of the Minister of Finance and Receiver General.

I trust that in future you will see that all proceeds from sale of horses, equipment, &c., are dealt with as required by law.

In all such cases it would also be advisable to obtain a receipt from the purchaser, showing in detail the nature of the purchase and the consideration given in return therefor.

I am, Sir, your obedient servant,

The Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF INTERIOR, OTTAWA, May 29, 1890.

SIR,—In reply to your letter of the 18th ult., having reference to the account of Mr. J. F. Garden, D.L.S., in connection with his survey in Kamloops District in 1888, and dealing with the general question of applying the proceeds of the sale of horses to the expenses of the survey, I have the honour to make the following observations, the effect of which I have already submitted to you verbally, and with which, as I understand, you agree:

The practice of the Department at one time was to hire the horses necessary for survey work during the summer. The system now in force of purchasing horses at the beginning of the season, and either wintering them ourselves or selling them, according to the locality and the circumstances, was, after trial, found to be a much more economical practice, inasmuch as the horses could generally be bought for about the same amount as their hire for the season would cost, and therefore whatever could be obtained by selling them at the close of the season was practically profit. To comply with the requirements of your letter would compel us to resort to the former system, for I submit that Parliament, in appropriating a certain sum for surveys, intends that the whole amount should be available for the work, and that no portion of the money should be regarded as revenue or used in any other way. The money spent in procuring the outfit of a surveyor for the season is really a rent for the use of the outfit during the season, and it appears to me that it is my duty to see that the most economical mode of expending the money appropriated by Parliament is adopted—in other words, if it is cheaper to buy the outfit at the beginning of the season and sell it when the work is over, I think the outfit should be bought, and not hired. The cost of the equipment is made up of the price at which the articles were purchased, less the price at which they were subsequently disposed of. I trust that this explanation will be satisfactory, and that I may hear from you by letter to that effect at your early convenience.

I observe that you say it would be advisable to obtain a receipt from the purchaser, showing in detail the nature of the purchase and the consideration given in return therefor. The instructions issued to surveyors require them to obtain such a receipt, and on reference to the accounts you will observe that it is very seldom omitted. When, however, it is not furnished, the question arises as to whether the surveyor should be charged the cost price for the articles sold or whether his statement of the sale may be accepted as correct. In Mr. Garden's case it was found that the reasons given for the absence of the receipt were satisfactory; the aparejos and pack saddles sold were worn out and worthless, so that in reality he obtained at

Kamloops, in September, $75 for four horses and one colt, which had been used all summer on the survey. This, in my opinion, was a very successful sale, and I accepted Mr. Garden's statement as correct.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D.M.I.*

AUDIT OFFICE, OTTAWA, June 28, 1890.

SIR,—I have the honour to ask your attention to the following remarks on the expenditure by Wm. Ogilvie, D.L.S., in connection with his exploratory survey of the Yukon and Mackenzie Rivers.

On Aug. 30, 1889, Jos. Day was paid 42 days' wages at $1.50; 35 days' ration allowance, at 75 cents; boat fare to Victoria, $30, with interest from May 15, amounting to $2.15. Kindly explain this charge for interest, and also the ration allowance of 75 cents per diem, the regular rate of allowance being 50 cents.

There are 57 days in M. Ogilvie's personal service account, and 110 days in the pay-list for which the ration allowance is not claimed, board for these days being charged in the transport account. Please send me a statement, showing how the number of days in each case is arrived at.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

Memorandum.—The answers to the remarks on the expenditure by Wm. Ogilvie, D.L.S., in connection with his exploratory survey of the Yukon and Mackenzie Rivers, contained in the letter of the Auditor General of the 28th ult., are as follows:—

James Day left Wm. Ogilvie's party at the point where the boundary of Alaska crosses the Yukon River, and the account paid to him is for expenses from that point to Victoria. He was allowed 75 cents per day for rations because this was considered to be a reasonable amount for the purpose. The ration allowance of 50 cents per diem per man to surveyors cannot be compared with the above, as surveyors are also allowed freight on their provisions.

Interest was allowed on James Day's account from the 15th of May to the 30th August, 1889, because, although his claim was admitted on the 15th May, it could not be paid until the 30th of August, the papers having been mislaid.

Approximate statements, prepared from Mr. Ogilvie's accounts, showing the number of days for which ration allowance is not claimed, board for these days being charged in the transport account, are transmitted herewith. It would be well to find out from the Auditor General whether he proposes to ask again for similar information. In that case steps would be taken to procure it from the surveyors when they are fyling their accounts. He will easily understand that when a surveyor has been paid it may sometimes be difficult to obtain further information from him.

Respectfully submitted,

E. DEVILLE, *Surveyor-General.*

AUDIT OFFICE, OTTAWA, December 15th, 1890.

SIR,—Referring to your letter in reply to mine of the 28th of June, regarding Mr. Ogilvie's Exploratory Survey Account, I beg to say that the information referred to by the Surveyor-General as to the days on which the ration allowance is charged will be expected with reference to future accounts.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of the Interior.

AUDIT OFFICE, OTTAWA, March 8, 1890.

SIR,—In looking over the expenditure during the current year on account of the various outside services connected with your Department, I notice that the different officials are in the habit of purchasing ink, mucilage, and in some cases other articles of stationery, without reference to the Stationery Office here.

I am aware that the Order in Council of July 24, 1882, authorized the purchase of ink and mucilage in the outlying Provinces, but this Order is tacitly repealed by the Act respecting the Department of Public Printing and Stationery, which provides that the Superintendent of Stationery shall have charge of the purchase and supply of all articles of stationery required for the employés of the several Departments. (*Vide* 49 Vic., chap. 27, sec. 6, sub-sec. 2).

I trust that you will notify without delay all the officials connected with your Department that the present practice is illegal, and should be discontinued.

I am, Sir,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, April 8, 1890.

SIR,—I am directed to acknowledge the receipt of your letter of the 8th ult., with reference to the purchase of ink, mucilage and other articles of stationery, without reference to the Stationery Office here. The necessary instructions have been given in the matter.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Sec'y.*

DEPT. OF INTERIOR, OTTAWA, Oct. 28, 1889.

SIR,—I am directed to say that some time ago one of the officers of your Department applied verbally for a statement showing how the sum of $300, advanced to Mr. D. J. Waggoner in the spring of 1884, had been expended. I enclose herewith a statement giving this information, and also a copy of my letter to Mr. Waggoner, dated the 25th ultimo, with respect thereto, and his reply of the 19th instant.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

DEPT. OF INTERIOR, OTTAWA, Sept. 25, 1889.

SIR,—I am directed to enclose herewith a copy of a letter dated the 10th of July, 1884, from you to this Department, in which you stated that you thought you would be able to obtain vouchers for most of the expenditure incurred by you in your journey from Winnipeg to Prince Albert. These vouchers have never been received here, although on several occasions you verbally informed Mr. Ryley that you would endeavour to obtain them. The Auditor General is now asking for a statement showing how you expended the amount of $300, for which you received a cheque from Mr. A. Walsh, the late Commissioner of Dominion Lands at Winnipeg. A copy of the statement which accompanied your letter of the 12th of May, 1884, showing how this amount was expended, is enclosed herewith, but in addition to this statement the Auditor General requires vouchers for the different items therein specified. Please state whether or not you have obtained vouchers for any of these items, and, if not, whether there is any likelihood of your being able to procure the same.

I am, Sir, your obedient servant,

D. J. WAGGONER, Esq., Glenburnie, Ont. LYNDWODE PEREIRA, *Asst. Secy.*

TIMBER OFFICE, PRINCE ALBERT, May 12, 1884.

Received from A. Walsh, Commissioner, Winnipeg, $300, expenses from Winnipeg to Prince Albert, July, 1883:

Waiting at Winnipeg 28 days for stationery, at $4 per day	$112 00
Expenses purchasing safe	2 00
Cartage on safe and luggage at Winnipeg	15 00
Express, travelling and meals on C.P.R., from Winnipeg to Qu'Appelle	50 00
Moving from Qu'Appelle to Prince Albert, including express, travelling and meals	103 00
Cartage on luggage at Prince Albert	9 00
Paid for office rent and other expenses at Prince Albert for part of September	9 00
	$300 00

D. J. WAGGONER, *Timber Agent.*

GLENBURNIE, ONT., Oct. 12, 1889.

SIR,—I have the honour to acknowledge the receipt of your letter of the 25th ultimo (letter No. 196,321), and in reply beg to state, on my return to Winnipeg I found it impossible to obtain vouchers asked for by the Auditor General, as changes had taken place in every instance where I remained during my stay there. At present I fear I will be unable to render anything more satisfactory than the statement I forwarded, a copy of which, also a letter, was received with your communication. The late Commissioner, Mr. Walsh, did not, at the time, request me to ask for vouchers.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. D. J. WAGGONER.

DEPT. OF INTERIOR, OTTAWA, Dec. 19, 1889.

SIR,—Referring to your letter of 28th August last, declining to issue a cheque for the gratuity of $600 to Mr. D. J. Waggoner, authorized by the Order in Council of the 2nd of August last, until you receive a reply to your letter of the 18th of June last, I beg to say that the question asked in that letter had already been answered by my letter to you of the 12th of the same month, in reply to yours of the 10th of that month—that is to say, that Mr. Waggoner had been summoned to Ottawa on business connected with his office.

As the gratuity to Mr. Waggoner has been duly authorized by Order in Council, I trust you will cause a cheque to be issued therefor with as little delay as possible.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGEES, *D.M.I.*

INTERIOR DEPT., OTTAWA, March 12, 1890.

SIR,—I have not been favoured with any answer to my letter to you of the 19th December last, further applying for the cheque for $600 gratuity provided for by Order in Council of the 2nd August last, in the name of Mr. D. J. Waggoner. Mr. Waggoner is in urgent need of the money, and I beg to renew the application. You have already been advised that Mr. Waggoner was summoned to Ottawa in July, 1887, for the purpose of having his accounts put in proper order. Between the time when he was instructed to report here, and the date of his arrival I had left Ottawa for British Columbia on Government business, and did not return until the early part of August of that year. Meantime Mr. Waggoner had, according to instructions,

been waiting for me. As soon as I returned from the West I called Mr. Waggoner here, and the work of rectifying his accounts was proceeded with. The work was finished during the month of December. I then reported to the Minister of the Interior that in my opinion the business of the Prince Albert Crown Timber Agency was not sufficient to justify the expenditure necessary for its maintenance, that the Crown Lands Agent could without difficulty perform its duties in addition to those with which he was already entrusted, and it would therefore be desirable to abolish the office and make provision for the retirement of Mr. Waggoner, who, although possessed of many good qualifications, had not had such previous experience of office work as to enable him to keep the books and accounts in very good order. The Minister was naturally unwilling to take this step until he had an opportunity of seeing whether some other employment could not be found in the Government service for Mr. Waggoner, who had not done anything which would justify his dismissal. The Minister's enquiries had not led to any result up to the time when, in April following, he was taken ill and died. The present Minister was not appointed until the following August, and, unfortunately, for the first few months after his appointment I was myself ill and absent on leave; and he did not care to take action upon a recommendation involving such serious consequences to Mr. Waggoner, without consultation with me. In April, 1889, Mr. Waggoner was notified that he would be granted two months' leave of absence from the 1st of May following, and that his services would not be required after the expiry of that leave. This action was ratified by Order in Council on the 22nd June, 1889; and, as you are already aware, at the expiry of the two months Mr. Waggoner's services were dispensed with. On the 2nd August another Order was passed, providing for a gratuity, under the provisions of sec. 11, chap. 18, Revised Statutes, of $600, being one month's pay for each of the six years during which Mr. Waggoner had held the position of Crown Timber Agent.

I may further explain that it was no fault of Mr. Waggoner's that he did not return to Prince Albert when his work here was finished in December, 1887. On the contrary, I observed from the newspapers that he was advertising his farm near Kingston for sale, with a view to removing his family to Prince Albert; upon which I recommended to the Minister that until the question of closing the office and retiring Mr. Waggoner, as I had recommended, had been disposed of, he should be told not to make any arrangements for the removal of his family in the meantime. I telegraphed Mr. Waggoner accordingly, and on his arrival in Ottawa, in response to that telegram, I explained to him the contemplated change, and informed him that as soon as a decision was arrived at I would communicate further with him. He frequently asked authority to return to his office at Prince Albert, which under the circumstances, I declined to give. I trust that after these explanations you will have no further objection to issuing the cheque applied for.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D.M.I.*

AUDIT OFFICE, OTTAWA, April 13, 1890.

SIR,—Referring to your letter of October 28, 1889, enclosing Mr. Waggoner's statement of the expenditure of the $300 advanced him for his expenses from Winnipeg to Prince Albert, I beg to state that, in the absence of vouchers for the several items of expenditure, I am unable to give Mr. Waggoner credit for more than the minimum cost that the trip from Winnipeg to Prince Albert would be at that time, as determined from the accounts of other officials; and moreover that I am unable to pass the item of $112 for 28 days' stay at Winnipeg, unless it be satisfactorily shown that Mr. Waggoner was actually detained at Winnipeg for that length of time, and also that such detention was duly authorized by your Department.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 15, 1890.

SIR,—I beg to acknowledge the receipt yesterday of a letter from you, under the date March 12, 1890, containing an explanation of the continued absence of Mr. Waggoner, late timber agent at Prince Albert, from his post for a period of nearly two years from July 1887.

As this explanation shows that the cause of delay was with your Department, and not with Mr. Waggoner, I see no reason why the payment of the gratuity of $600 should be delayed any longer on this ground. The only matter that now waits settlement is the expenditure under the advance of $300 made to him on his appointment, for his expenses from Winnipeg to Prince Albert.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPT. OF INTERIOR, OTTAWA, April 15, 1890.

SIR,—The Deputy Minister has asked me to reply to your letter to him of the 13th inst., respecting the statement of expenditure furnished by Mr. D. J. Waggoner for the advance of $300 made to him for his expenses from Winnipeg to Prince Albert, and more particularly in regard to the item of $112 for 28 days detention at Winnipeg, which item you say you are unable to pass unless further explanation be given in regard thereto.

With respect to this matter, the Deputy Minister asks me to explain that by his own verbal instructions Mr. Waggoner proceeded to Winnipeg, so that he might be afforded an opportunity, while on his way back to Prince Albert, of observing the working of Mr. Stephenson's method of conducting the Crown Timber business at that point, Mr. Stephenson's office always having been regarded as the model Crown Timber Office of the Department. When giving these instructions to Mr. Waggoner, the Deputy Minister did not anticipate that the former would be detained in Winnipeg for the 28 days, during which his stay was prolonged, but he now remembers that Mr. Howe, who was in charge of the Printing and Stationery Branch of the Department, had forwarded Mr. Waggoner's books and stationery to Winnipeg by freight instead of by express. Had Mr. Waggoner proceeded to Prince Albert in advance of these books he would have been unable to commence work until their arrival, and it was therefore a matter of economy that Mr. Waggoner should have remained in Winnipeg until he could take the books along with him. Under the circumstances, the Deputy Minister instructs me to say that Mr. Waggoner's stay in Winnipeg was, he thinks, not unreasonable, and further, that it was made with the approval of Mr. Walsh, then Commissioner of Dominion Lands, practically on the grounds set forth in this letter.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, April 23, 1890.

SIR,—I beg to inform you that on receipt of your letter on the 15th inst., explaining the reason of Mr. Waggoner's delay in Winnipeg on his way to his post at Prince Albert in July, 1883, and after getting from Mr. Waggoner an affidavit as to the length of time he was delayed and as to the accuracy of the other charges, I authorized the payment to him of $600, being the gratuity allowed him on the abolishment of his office.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 17, 1890.

SIR,—Mr. D. J. Waggoner, late timber agent at Prince Albert, was paid $200 in January last for rent of stable for horses used by Forest Ranger Cook from 1st July, 1887, to 1st July, 1889, at $100 per annum.

Please explain how it is that this liability was allowed to accumulate for so long a period, instead of being settled month by month as the rent fell due.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, June 21, 1890.

SIR,—In reply to your letter of the 17th instant, I beg to say that the accumulation of rent for the stable used by Forest Ranger Cook arose from Mr. Waggoner's unsatisfactory system of doing business. The arrangement was made by Forest Ranger Cook in 1887, at the time he commenced to use the stable for his horse; it was approved by the Deputy Minister at the time, and the account would have been paid regularly had it been rendered by Mr. Waggoner.

I am, Sir, your obedient servant,

The Auditor General. JOHN R. HALL, *Secy.*

AUDIT OFFICE, OTTAWA, June 17, 1890.

SIR,—Mrs. E. M. Sutherland was paid $40 for rent of land office at Calgary for the month of November last by Dominion Lands Income cheque No. 3132. In March cheque No. 3985 was issued in favour of Hon. Jas. Lougheed for $160, being for rent of land office at Calgary for November, December, January and February, 4 months at $40 per month. It would thus appear that Mrs. Sutherland and Mr. Lougheed have both received payment of rent for the month of November. Kindly explain this duplicate payment.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A G.*

INTERIOR DEPT., OTTAWA, June 30, 1890.

SIR,—In reply to your letter of the 17th inst., asking an explanation of the payment of $40 each to Mrs. E. M. Sutherland and to the Hon. Jas. Lougheed for the rent of the Dominion Lands Office at Calgary for the month of November last, I am directed to state that new premises have been rented from Mr. Lougheed for the office in question, and that the tenancy of these premises began before the expiration of the tenancy of the Sutherland premises. It was necessary for the agent to occupy the new quarters before winter set in.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, April 18, 1890.

SIR,—Among the payments made by Mr. E. H. Taylor during December last for petty expenses of the Commissioner's office at Winnipeg, is one of $2 for Christmas gratuity to C. P. R. telegraph messengers. On 27th May, 1889, I drew your attention to the illegality of such payments out of the public moneys. I have therefore to ask that this sum be refunded to the credit of the Receiver General.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, April 28, 1890.

SIR,—I have the honour by direction, to acknowledge the receipt of your letter of the 18th instant, stating that on the 27th May last you drew the attention of the Department to the illegality of the payment of gratuities to C.P.R. messengers out of public moneys, and asking that the sum of $2, paid in December last by the Commissioner of Dominion Lands for this purpose, be refunded to the credit of the Receiver General.

In reply, I am directed to say that by an oversight the Commissioner was not instructed in accordance with the tenor of your letter of the 27th May last, and was therefore not aware of the irregularity of the payment in question. The necessary instructions, however, have been forwarded to the Commissioner to-day, and such payments will not be made in the future.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

LAND BOARD, WINNIPEG, May 6, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 28th ultimo, Ref. 197790, and am directed to say that the Christmas gratuity to C.P.R. telegraph messengers will hereafter be discontinued. It may be mentioned that under the present system the telegraph company supply messengers, who both call for messages which are sent from this office and deliver those which are addressed to the Commissioner and a gratuity is paid to them by all the leading business establishments in the city.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. T. R. BURPÉ, *Secretary.*

AUDIT OFFICE, OTTAWA, April 18, 1890.

SIR,—December voucher No. 28 of Commissioner Smith's special service account is for $101.50 for expenses of C. D. Rickards in connection with Carlyle, Cannington and Minnedosa land offices. Please explain the charge of $32 for amount paid for rooms at Brandon during an absence of 16 weeks.

I notice also that Mr. Rickards omits to give the dates on which the different items were incurred. It is an impossibility to audit an account satisfactorily unless such information is given with regard to each item. I have therefore to ask that you will see that all accounts sent me in future give the different dates on which each separate item of expenditure is incurred.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

DEPT. OF INTERIOR, OTTAWA, Oct. 16, 1890.

SIR,—Referring to your letter of April 18 last, calling attention to the charge of $32 paid for rooms rented by C. D. Rickards during his absence on official business connected with the Dominion Lands Agencies at Carlyle, Cannington and Minnedosa, I am now directed to inform you that the Commissioner of Dominion Lands reports that at the time Mr. Rickards was ordered from his headquarters, as above mentioned, he had engaged rooms for a definite period, for which he was obliged to pay, and that, as a measure of economy, the Commissioner allowed Mr. Rickards the amount of such rental, instead of giving him the usual per diem allowance for the whole period of his absence; such per diem allowance having only been paid to him for the days he was actually engaged in moving from one office to another.

I am, Sir, your obedient servant,

The Auditor General. JNO. R. HALL, *Secretary.*

AUDIT OFFICE, OTTAWA, June 16, 1890.

SIR,—I beg to ask your attention to the vouchers in support of Dominion Lands cheques Nos. 2423 to 2428, and 3649 to 3654 inclusive, being for payment to the members of the Board of Examiners for Dominion Land Surveyors, for services and expenses.

These vouchers appear to be only copies made out by the secretary of the Board, Mr. Symes. An original account made out by the claimant should be furnished in each case, showing in detail the dates on which each item of expenditure was incurred, and supported by the following certificate: "I certify that the whole of the above expenditure was incurred on Government business."

I would also ask why the members of the Board in coming to Ottawa did not purchase return tickets. Their duties at Ottawa require their presence there only a comparatively short time, and return tickets, good for thirty days, can always be procured for a fare and two-thirds.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, July 7, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter, dated the 3rd inst., enclosing a copy of a letter from the Auditor General referring to vouchers for payments to the members of the Board of Examiners for D. L. S.

I beg to say that it has been the practice, at the close of a meeting of the Board, to make out a pay-list giving the number of days for which each member was entitled to pay, and the amount of his travelling and living expenses. In July, 1888, the Surveyor General received a letter from Mr. Burgess enclosing an extract from a letter of the Auditor General, stating that "the Examiners should give the dates of all the days charged, and the details of their travelling expenses." Since that time I have obtained from each member at the meeting a memorandum of the details of his expenses, and embodied these memos. in an account attached to the pay-list, keeping the memos. on my own fyle. I will request the members in future to make out accounts certified as required by the Auditor General, and forward the accounts instead of a pay-list, in which case I presume the Accountant will require a separate voucher for each.

The only advantage I see in the pay-list receipted by the members is that it may save delay. The members sometimes do not know till the middle of a day whether they will conclude their sittings that day, and some of them are generally anxious to, close accounts and leave Ottawa the same evening, in assisting them to do which I am always indebted to the courtesy of the Accountant of our Department in getting the cheques as rapidly as possible. Trusting this explanation may prove satisfactory.

I am, Sir, your obedient servant,

The Secretary, Interior Dept. P. B. SYMES, *Secy. to Board.*

AUDIT OFFICE, OTTAWA, March 11, 1890.

SIR,—Wm. Peart, a temporary employé of your Department, who was transferred to Ottawa from the Indian Commissioner's office in November, 1888, was paid $56.10 in July last for his travelling expenses. One item in Mr. Peart's account is for railway fare from Regina to Ottawa, $52.95. Among the payments made by the Indian Department in 1888-89 to the C.P. Ry. is one of $49.90 for the fare of W. Peart from Regina to Ottawa, on his transfer to Ottawa by the Superintendent General. I have therefore to ask how it is that Mr. Peart has been paid for a service for which the C.P.Ry. has already already been paid. I would also ask whether these removal expenses were duly authorized by the Treasury Board previous to their payment.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Sept. 4, 1890.

SIR,—I notice a voucher for $164.80, being payment to Jas. Taylor of travelling expenses from Winnipeg to Ottawa and return in May last. Please inform me if the days spent on the boat between Port Arthur and Owen Sound on the trip down were deducted from the total number of days during which Mr. Taylor was absent from Winnipeg, in accordance with the O. in C. of November 10, 1886. The information cannot be gathered from Mr. Taylor's account, which does not indicate clearly the dates of departure from Winnipeg and arrival in Ottawa.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 11, 1890.

SIR,—Cheque No. 2214, of July, 1889, is for a payment to A. Bristow of $40 for 80 hours extra work, from July 30, 1888, to July 11, 1889; cheque No. 2342 is for a payment of $108 to B. H. Humphreys for 216 hours extra work during the months of January, February, March and April, 1889; and cheque No. 2546 is for a payment to Mr. Humphreys of $128 for 256 hours extra work during May, June, July and August, 1889.

Considering the length of the periods for which payment is made to the above named gentlemen, I have to ask for statements showing the different dates on which the work was performed, and for an explanation of why this work was not paid each month as it accrued, instead of being allowed to accumulate so long.

I am, Sir, your obedient servant,

The Dy. Minister of Justice. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 14, 1890.

SIR,—During the fiscal year 1888–89 and also during the first six months of the current fiscal year, Miss E. Charbonneau has been paid out of the vote for Dominion Lands $15 a month for copying 300 folios each month, 5 cents a folio. The small chances of a round sum for one month, and of an equality of work for two months, both become impossibilities when the time extends over eighteen month . Please have the vouchers amended if the arrangement is for $15 a month.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A. G.*

DEPT. OF INTERIOR, OTTAWA, May 20, 1890.

SIR,—In reply to your letter of the 14th of March last, in relation to the payments made to Miss E. Charbonneau for copying, I am directed to explain to you that the account is made out for 300 folios each month, as that is the outside limit that this Department will pay in one month, in this case, for copying. The Deputy Minister, it may be added, takes care to assure himself each time that the work done is not less than that limit.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, June 11, 1890.

SIR,—I beg to draw your attention to the following remarks on the expenses of Mr. P. M. Barker, Inspector of Land Intelligence Offices in the North-West Territories. In his July statement there is a charge of $5.25 for Pullman and dining car between Swift Current and Calgary. The probable division, based on regular rates, is $3 for Pullman and $2.25 for dining car. The latter item is supposed to be covered

by the per diem allowance of $3.50, and should therefore be refunded. In the March statement there is a charge of $108.50 for 31 days' living allowance at Ottawa, in addition to charges amounting to $12.05 for travelling expenses from Ottawa to Orangeville. I would ask the date of Mr. Barker's return to Orangeville, as the receipt for his March salary is signed by himself at Orangeville, March 27.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPARTMENT, OTTAWA, June 26, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant respecting certain charges by Mr. Inspector Barker for travelling expenses, and to say that a copy thereof has been sent to Mr. Barker for the necessary explanation.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst. Secy.*

AUDITOR GENERAL'S REPORT

1889-90.

REVENUE AUDIT.

AUDITOR GENERAL'S REPORT

FOR 1889-90.

EXAMINATION AND AUDIT OF THE REVENUE.

Treasury Minute, 21st June, 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

J. M. COURTNEY, *Secy.*

The Auditor General.

FINANCE DEPT., OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found on enquiry that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules enclosed, but only stated what your intentions were in auditing revenue accounts and requesting any directions that the Treasury Board might deem fit to give,—as the Treasury Board had no directions to give, the letter was unanswered; but in order that the law may be complied with, I have now to state that the rules are approved of.

It will be better to have a formal approval of the other rules to which I drew your attention; and in future we had better adhere strictly to the law, *i.e.*, for you to send all rules to the Treasury Board for approval before their issue, and for the Treasury Board to give a decision in due course.

Yours very truly,

The Auditor General. J. M. COURTNEY, *D. M. F.*

RULES AND REGULATIONS *in reference to the Receipt, Entry and Accounting for Public Moneys.*

(1.) Receipt books with printed consecutive numbers should be used.

(2.) A receipt should be given for each payment.

(3.) All receipts should be entered in a Cash Book, and each entry should bear the same number as the receipt.

(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount, a short memo. of the object for which payment was made, and should be signed by the Collector, and when payment is made in person, by the payer.

(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to $25. If the daily receipts do not amount to $25, a deposit should be made whenever that sum or more is on hand.

(6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the Cash Book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May, 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations embodying general principles for the audit of the revenue accounts; also, a copy of the regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration the Board approve of the general regulations for the Outside Service for the audit of the revenue accounts, as follows:—

Revenue Audit—General Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $25; otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper Department a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the Department, when desirable.

3rd. It shall be a copy in detail of the Collector's Cash Book showing the different deposits made in acquittance; and shall be certified by him and mailed to the proper Department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the Department and certified by the Accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary certified by the Deputy Minister and the Accountant.

And they direct that the particular regulations and forms applicable to each Department be submitted to the Board for approval.

J. M. COURTNEY, *Secy.*

The Auditor General.

AUDIT OFFICE, March 27, 1890.

SIR,—I wrote you March 5, 1889, in reference to the question of auditing the Revenue of your Department. I have not received any reply to my letter.

No returns covering the Revenue of the current fiscal year have yet been received at this office. To enable me to carry out the instructions of the Treasury Board, I require the information specified in my letter. The returns of each month should be forwarded before the close of the succeeding month.

The Department of Marine has forwarded the returns of the Steamboat Inspectors. To audit them, I need the returns made by your collectors, of Steamboat Inspection Revenue collected since the 1st of July last. Please send them at your earliest convenience.

I am, Sir, your obedient servant,

The Commissioner of Customs. J. L. McDOUGALL, *A. G.*

CUSTOMS DEPT., OTTAWA, March 29, 1890.

SIR,—Referring to your letter of the 27th instant, in which you state that you wrote me on the 5th March, 1889, in reference to the question of auditing the Revenue of this Department, and that you have received no reply thereto.

I enclose herewith a copy of the letter dated 11th March, 1889, which was sent you in reply to the one referred to.

I am, Sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *Asst. Com.*

CUSTOMS DEPT., OTTAWA, March 11, 1889.

SIR,—Referring to your letter of the 5th instant, asking for additional returns for the purpose of auditing Revenue accounts.

I think we have on various occasions discussed this subject, and I was given to understand that you would personally inspect our system of book-keeping and auditing here at the Department. I think if you would come over some day and spend a few hours, it would be shown to you that our system of auditing is as complete as is practicable, and that some of the returns and certificates asked for by you it would not be judicious to furnish.

Before going into detail, I would be much pleased if you would kindly step over and personally examine into the matter.

I am, Sir, your obedient servant,

The Auditor General. W. G. PARMELEE, *Asst. Com.*

FINANCE DEPT., OTTAWA, April 30, 1890.

SIR,—Referring to the request made recently by the Customs Department to have a counterfeit $5 Bank of B. N. A. note credited their revenue and charged Casual Revenue, I am informed by the Accountant of that Department, to whom I returned the note saying that it should be treated as a loss to Customs, and not charged to Casual Revenue, that, under the circumstances, no other course seems possible for him than to show the amount as a balance at the Port of Amherstburg, in the annual statement, and to obtain authority from the Public Accounts Committee later on to clear off such balance.

I am, Sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D. M. F.*

AUDIT OFFICE, OTTAWA, April 29, 1890.

SIR,—In accordance with the Rules and Regulations in connection with the audit and examination of Revenue Accounts, approved by the Treasury Board, each officer in receipt of Public Moneys should furnish regularly to the Department a certified copy of his cash-book, showing in detail the several amounts received by him, and the deposits made in acquittance.

These returns, having been examined and certified by your Department, should be forwarded to this office, accompanied by a certified summary.

I wrote you on the 5th March, 1889, submitting observations in connection with the audit and examination of Excise Revenue, to which I have not had any official reply.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Inland Revenue.

AUDIT OFFICE, OTTAWA, Sept. 17, 1890.

SIR,—I wrote you on the 5th March, 1889, in reference to the audit of the Revenue Accounts. In that letter I stated my views as to the Collector's Returns, the Departmental Summary, and the Daily Return of Deposit Receipts.

I now enclose a copy of a Treasury Minute dated 23rd May last, and I have to inform you that, in accordance therewith, I purpose forwarding, for the approval of the Board, the Regulations and Forms stated in my letter referred to above.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, Oct. 21, 1890.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 18th inst., in the last paragraph of which you call attention to the fact that in your letter of the 3rd inst. you "also asked for a statement of arrears due by Collectors or other Government officers" as well as (2) "by persons not Collectors or Government officers," and in reply thereto to inform you that there are none.

I am, Sir, your obedient servant,

WM. HIMSWORTH, *Sec.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 17, 1890.

SIR,—I enclose a statement of the receipts and expenditure on account of Crown Seizures of Excise for the year 1889-90, which I purpose publishing in my Report.

In some cases the expenditure of a district is in excess of the receipts, in other cases there is expenditure without any receipts, and the total expenditure exceeds the total receipts. To avoid misconceptions I have to ask you to explain how this arises, and I will publish your reply with the statement.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, Nov. 20, 1890.

SIR,—In reply to your communication of the 17th inst., I have the honour to state that it sometimes occurs that the proceeds of a seizure do not come into the year in which the expenditure was incurred, and a "distribution" is sure to refer to some seizures (often many seizures) that were realized on, in a previous year.

I am, Sir, your obedient servant,

E. MIALL, *Com.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 18, 1890.

SIR,—I have received from your Department a statement of balances due on Post Office account, by ex-Postmasters (retired since the 1st July, 1888), which had not been collected up to 30th September. This statement contains the names of 19 Postmasters, and amounts to $592.56. I have to ask for an explanation of these balances, and a memorandum showing what steps were taken to collect them, particularly the two larger items: St. François du Lac, F. E. N. Boucher, $60; and Tangier, Wm. Hay, $295.40.

I am, Sir, your obedient servant,

The Dy. Postmaster-General. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, May 14, 1890.

Sir,—To enable me to audit the revenue from canal tolls, hydraulic rents, &c., it is necessary that each collector should furnish to the Department monthly a certified copy of his cash book, showing in detail the several amounts received by him, and the deposits made in acquittance. These returns, having been examined and certified by your Department, should be forwarded to this office, accompanied by a certified summary. I have to request that you will give directions to the collectors, in order that these returns may be forwarded regularly, commencing with that for the present month. In the meantime, I should like to have a copy of the cash book of the collector at Lachine for the month of June last.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secy., Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, Nov. 27, 1890.

SIR,—I wrote to you May 14 last in reference to the statements required to enable me to audit the revenue from canal tolls, hydraulic rents, &c. I have not yet had any reply. Please inform me what has been done towards procuring these statements, and when I may expect to commence receiving them. I enclose a copy of a Treasury Board minute of May 23 last, and you will observe that the statements asked for by my letter are similar to those ordered by this minute to be furnished by all collectors of public moneys.

I am, Sir, your obedient servant,

The Secy., Railways and Canals Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 13, 1890.

SIR,—I have the honour to enclose, for the approval of the Treasury Board, a memorandum of returns required from the Department of Railways and Canals, to enable me to examine and audit the railway revenue accounts. I may state, for the information of the Board, that in August last a clerk of this office went to Moncton to examine into the system of audit in operation there, and to determine what returns should be furnished this office. The enclosed memorandum contains a list of the returns deemed necessary. He submitted this list to Mr. Pottinger, Superintendent, Mr. Williams, Treasurer, and Mr. Bruce, Traffic Auditor of the Intercolonial Railway, and left a copy with Mr. Williams, and another with Mr. Huggan, Treasurer and Accountant of the Prince Edward Island Railway.

I am, Sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Memo. of Returns in connection with the examination and audit of Railway Revenue Accounts to be furnished to the Auditor General's Office :—

1. Copy of agent's cash book, showing remittances and other authorized disbursements, to be rendered daily or periodically, as the volume of business would warrant.
2. Copy of cashier's cash-book daily.
3. Summary of do monthly.
4. Copy of statement of cash passed to the cashier through the treasurer.
5. Copy of agent's returns of sundries (storage, demurrage, rents, &c.), certified.
6. Summary of agent's monthly returns certified, showing (1) balance from previous month, (2) revenue accrued, freight, passengers and sundries; the remittances made, the expenses, the amounts to be charged, open or personal accounts, and the balance to next month.
7. Statement of arrears due by agents, &c., showing cash on hand, freight in store, &c. (Note.—If found more convenient, Nos. 6 and 7 might be combined).
8. Statement of all sales of damaged goods, old stores, &c., showing the goods or material sold, the gross receipts. The expenses and vouchers of these should be furnished.
9. Summary of ticket sales and conductors' collections, certified.
10. Copy of balance sheet furnished to treasurer by traffic auditor.
11. Summary of returns from Windsor Branch Ry., certified.
12. Summary of returns of the Canadian Express Co. and Dominion Express Co., certified by the travelling auditor.

AUDIT OFFICE, OTTAWA, June, 23, 1890.

SIR,—I have to call your attention to the following investments on which the interest is in arrears:—

Albert Railway Co.—The interest to December 31st, 1887, was charged to capital. No interest has ever been paid by the company.

Three Rivers Harbour Debentures.—The last payment made on account of interest was on the 13th February, 1888, and it paid only to the 30th June, 1887. The last payment made on account of the Sinking Fund was in July, 1886, and it paid only to the 30th June previous.

St. John Bridge and Railway Co.—The last payment was made on the 24th February last and covered the interest to the 30th June, 1889. No interest was paid on the interest while in arrears. Nothing has been paid on the current year's interest.

Fredericton and St. Mary's Bridge Co.—Nothing has been paid on the current year's interest

Montreal Harbour Commission.—The interest on $76,000 Special Loan is not yet paid. Last year and the year before the whole year's interest was paid in July. The current year's interest will probably be paid next month. Is there any reason why the interest on this sum should not be paid half yearly at the same dates that the interest on the other indebtedness of this Commission is paid?

Quebec Harbour Debentures.—The total amount of this investment is now $3,614,117.20. The only payment yet made on account of the interest for the current year is $14,460 in January last. This sum covers the interest to December 31st, 1889, on $723,000.

North Shore Railway Bond Account.—No interest has ever been paid on this investment.

There are also the following investments on which no interest has been paid for years past:—

Bank of Liverpool	$ 30,000 00
City of Hamilton 5 per cent. coupons	16,781 35
Grand Trunk Preference Stock	121,739 65
Quebec Turnpike	20,000 00
Bank of Upper Canada Stock	750 00
Earl of Selkirk's Account	13,900 00
J. H. Boulton, Mortgage	3,000 00

There are several other investments on which six months interest has been paid, and I assume that the other six months interest will be paid in due course, and to these I do not refer.

I am, Sir, your obedient servant,
J. L. McDOUGALL, *A.G.*

The Dy. Minister Finance.

FINANCE DEPARTMENT, OTTAWA, July 4, 1890.

SIR,—Referring to your letter of June 23, calling attention to certain investments on which the interest is in arrears, I have the honour to state that in the case of items 1, 2, 3, 4, 5 and 6, statements of account have been sent out, asking payment for interest and arrears of interest. In the matter of the Montreal Harbour Commission, I shall look into the nature of the advance. To the best of my belief, however, the interest has always been met by the year. In regard to the North Shore Bonds, by the terms of the agreement no interest is to be paid until the revenue meets the working expenses; thus far this has not been the case with the railway. The Bank of Liverpool is in liquidation and the Bank of Upper Canada Stock is worthless. Correspondence has been entered into with the Ontario Government in regard to the Hamilton 5 per cent. coupons, and it is probable the amount will be charged to that Province as they appear to have received the money. From the Grand Trunk Stock nothing has been received for years as no dividend has been declared. The Quebec Turnpike Trust will be settled with the other

matters outstanding in the accounts between the Province and the Dominion. With regard to the Selkirk and Boulton mortgages correspondence is going on with the Indian Department with the view of arriving at a settlement.

I am, Sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *D.M.F.*

AUDIT OEFICE, OTTAWA, July 10, 1890.

SIR,—Referring to your letter of the 4th instant I have to ask you for the statements rendered by the Canadian Pacific Railway, showing that the revenue of the North Shore does not meet the working expenses.

I am, Sir your obedient servant

The Dy. Minister of Finance. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 3, 1890.

SIR,—Referring to previous correspondence in reference to the non-payment of the interest on the North Shore Railway bonds, I have to say that I have not yet been furnished with the statements for which I asked, showing that the receipts do not equal the expenditure. It appears to me important that a return should be at once furnished by the Canadian Pacific Railway.

I am Sir, your obedient servant,

The Dy. Minister of Finance. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Aug. 1, 1890.

SIR,—I learn from the vouchers furnished with your closing entry in connection with the Silver Coinage of last year, that the work was done at the Birmingham Mint, instead of at the Royal Mint as formerly. The charge of the latter Mint was invariably 3 per cent in dollars on the face value, which covered all charges. The Birmingham Mint charges $\frac{4}{5}$ per cent. in pounds sterling on the face value in dollars, and this covers freight to Liverpool, but there are extra charges for punches, assays, supervision, &c., which bring the cost up to close on 4 per cent. after deducting the probable cost of the freight from Birmingham to Liverpool.

The charge by the Royal Mint on $186,585.25, the amount of the silver coinage of 1888–89, was $5,597.53 or 3 per cent.

The charges on the coinage of 1889–90 were 3·96 per cent., as follows:—

Birmingham Mint, $155,000 $\times \frac{4}{500} \times \frac{73}{15}$	$6,034 67
Leonard Wyon, work on punches	20 44
Royal Mint, punches for coinage	56 21
do assays	129 57
R. A. Hill, supervision of coinage	50 73
	$6,291 62
Less $\frac{1}{100}$ of 1 per cent. for freight from Birmingham to Liverpool	151 27
	$6,140 35

Please let me know if any contract was made. If so, I have to ask for a copy. What were Mr. Hill's duties in connection with this service? As a brokerage of $\frac{1}{8}$ per cent. is paid Messrs. Moccatta & Goldsmid for the purchase of the bullion, I assume they are only the agents, in which case the invoices of the parties furnishing it should be supplied. What means are taken by the agents to procure the bullion at the lowest price? Are tenders asked for?

I am, Sir, your obedient servant,

The Asst. Dy. Minister of Finance. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 7, 1890.

SIR,—Referring to my letter of the 23rd June last, calling your attention to the interest on investments in arrears, and to your letter of the 4th July in reply, I have now to make the following observations.

Nothing has since been received on account of any of the following investments:

Albert Railway Co.
Three Rivers Harbour Debentures.
Fredericton and St. Mary's Bridge Co.
Quebec Harbour Debentures.
North Shore Railway Bond Account.
Bank of Liverpool.
City of Hamilton 5 per cents.
Grand Trunk Preference Stock.
Quebec Turnpike.
Bank of Upper Canada Stock,
Earl of Selkirk's Account.
J. H. Boulton, mortgage.

The St. John Bridge and Railway Co. are yet $4,000 in arrears on the interest to June 30th last. There is also the interest on the arrears of interest.

The Quebec Harbour indebtedness is now $3,614,117.20. $723,000 of this amount represents the old debt of the Commission, the interest on which has generally been paid in cash. On the 10th January last the half-year's interest to the 31st December previous was paid. The half-year's interest to June 30th on this sum and the whole year's interest on the balance of the debt are still unpaid.

North Shore Railway Bond Account: You drew attention in your letter of the 4th July last to the fact that according to agreement no interest is to be paid on this investment until the revenue meets the working expenses, and that thus far this had not been the case. I wrote you on the 10th July asking for the statements showing that the revenue of this line had not met working expenses, but have not yet been furnished with them.

Three Rivers Harbour Debentures.—According to the statement published on page 128 of the supplement to the report of the Department of Marine for 1889, the Commissioners had in bank and on hand on the 31st December last, $3,759.38, and rents and dues outstanding amounting to $544.48.

New Brunswick 6 per cent bonds.—$12,166.67 of this investment matured and was paid on the 1st July. Messrs. Baring Bros. & Co. credited only 3 months interest on this amount. Should it not have been 6 months' interest?

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Dy. Minister of Finance.

FINANCE DEPARTMENT, OTTAWA, Oct. 15, 1890.

SIR,—I am in receipt of your letters of the 3rd and 7th instant in regard to the arrears of interest on investments, and I enclose herewith a statement showing the interest due to June 30 last by:

1. Three Rivers Harbour Commissioners.
2. The Albert Railway Company.
3. St. John Bridge and Railway Extension Company.
4. Fredericton and St. Mary's Bridge Company.
5. Quebec Harbour Commission.

In regard to the other items mentioned in your letter of the 7th instant, I beg to refer you to my letter of August 13, 1889, the remarks therein being still applicable.

I am Sir, your obedient servant,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

PUBLIC WORKS DEPT., OTTAWA, Oct. 9, 1890.

SIR,—I have the honour to acknowledge the receipt of your communication, dated the 3rd inst., asking for statement showing arrears due on June 30 last remaining unpaid on Sept. 30 by collectors or other Government officers, and by persons not officers of the Crown or collectors.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 30, 1890.

SIR,—Referring to the receipts from the Lévis Graving Dock for the year 1889-90, I find that the last vessel the dockage charges of which have come to account, was the SS. "Canopus," undocked Nov. 7, 1889. It is stated in the supplement to the report of the Department of Marine for 1889, page 120, that an agreement was made with the Richelieu and Ontario Navigation Company for the docking of their boat "Quebec" during the winter, and that their vessel took possession on the 24th November. Nothing has yet come to account for the dockage of this vessel, nor for any dockages of the present season.

I am, Sir, your obedient servant,

The Secy. Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 16, 1890.

SIR,—With reference to your letter of the 30th October last, asking for information *re* dockage of steamer "Quebec" in the Lévis graving dock, during the winter of 1889–90, I have the honour to inform you, that upon communicating with the Harbour Commissioners of Quebec to that effect, this Department has received, presumably in answer to that letter, a draft for $10,963.50, being the amount of the graving dock receipts for 1890, and I have no doubt that the dockage of the steamer "Quebec" is included in that draft, which will be sent to you at the end of the month, along with the other deposit receipts made with this Department in December.

I may add that I have communicated with the Harbour Commissioners again, asking them to send me, as soon as practicable, details of the draft above referred to, showing the dates, names of vessels, &c., and I will send a copy of the same to you as soon as received.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Oct. 30, 1890.

SIR,—I have to ask you for a statement of the total receipts during 1889–90 for dockage, &c., at the Esquimalt and Lévis Graving Docks, certified by the respective dockmasters. This statement should give the names of each vessel docked, the date of docking and undocking, and the amount of the charges collected. Please give instructions that a similar statement be prepared each year, immediately after the 30th June, and after examination and approval that it be forwarded to this office.

I am, Sir, your obedient servant,

The Secy. Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA. Nov. 19, 1890.

SIR,—In reply to your letter of the 30th ult., asking for a statement of the total receipts during 1889–90 for dockages, &c., at the Lévis and Esquimalt Graving Docks, I beg leave to inform you that the receipts for 1889–90 were:

Lévis Dock	$19,848 59
Esquimalt Dock	13,563 62

A statement in detail, certified by the dockmasters, can be obtained from the Department of Finance, where they have been sent with the deposit receipts.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Nov. 20, 1890.

SIR,—I have your letter of the 19th in reply to mine of the 30th ult., asking for a statement of the total receipts during 1889-90 for dockages, &c., at the Esquimalt and Lévis Graving Docks, certified by the respective dockmasters.

You state that a statement in detail, certified by the dockmasters, can be obtained from the Department of Finance, where they have been sent with the deposit receipts. Upon enquiry in the Finance Department, I find that the statements received with the deposit receipts from time to time are merely statements of the dockages, &c., that go to make up the amount for which deposits are furnished. As they do not need these statements, and as they are needed in this office for auditing purposes, they should be forwarded here direct. In addition to them, the statement I asked for is required to complete the audit. You state that the total receipts of the Esquimalt Graving Dock for 1889-90 was $13,563.62. That amount has come to account, but I find on compiling the separate statements of the dockmaster that there are many periods, and notably the whole month of August, 1889, for which no earnings came to account. Probably the dock was idle during those periods, but nothing has been furnished to this office to show that it was. Hence arises the necessity of the statement I asked for, which you will please procure and furnish.

I am, Sir, your obedient servant,

The Secy. Public Works Dept. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS, DEPT., OTTAWA, Nov. 26, 1890.

SIR,—Having reference to your letter of the 20th instant, I beg leave to inform you that the dockmasters at the graving docks, will be instructed to furnish monthly statements of the receipts of dockages, &c., and that upon their receipt here they will be forwarded to you.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

PUBLIC WORKS DEPT., OTTAWA, Dec. 4, 1890.

SIR,—With reference to the request made by you that a monthly statement be sent of the amounts received for dockages at the Esquimalt and Lévis Docks, I have the honour to ask you to send to this Department a blank form of the statement required.

I have also to ask that you will please let me know whether this request is based upon the requirements of the Audit Act, and if you consider that the Department is bound by the said Act to furnish the statement in question.

I am, Sir, your obedient servant,

The Auditor General. A. GOBEIL, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 10, 1890.

SIR,—I am in receipt of your letter of the 4th inst., in reference to the Esquimalt and Lévis Graving Dock returns, asking for form of statement, and also if my request for those statements is based upon the requirements of the Audit Act, &c.

In reply I beg to refer you to sec. 50, chap, 29, Revised Statutes, the Consolidated Revenue and Audit Act, and to the Treasury Minutes of the 21st June, 1886, and the 23rd May, 1890. I enclose copies of the Minutes, though you no doubt were furnished with copies by the Treasury Board at the time they were passed.

The form of statement is specified in the 3rd paragraph of the General Regulations, in the Minute of the 23rd May last. The vouchers now furnished are only copies. The originals should be supplied.

I am, Sir, your obedient servant,

The Secy. Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 12, 1890.

SIR,—Referring to the statement of the sale of the old post office building at Montreal, I have to ask for the following information and vouchers:—

1. Why is the statement made up as from May 1, 1877, though the sale is dated Dec. 3, 1873?
2. When was the $10,000, credited as paid by Maurice Cuvillier, forwarded to the Receiver General, and to what account was it credited?
3. When was the $76,666.66, credited as paid June 13, 1881, forwarded to the Receiver General, and to what account was it credited?
4. Why was no interest charged on $15,560.31, balance due on June 13, 1881?
5. Please furnish detailed statements, duly receipted, of the three following items allowed, viz.: Office expenses, $568.35; salary, H. Judah, $455; city taxes, $821.65.

I am, Sir, your obedient servant,

The Secy. Public Works Dept. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 10, 1890.

SIR,—I have received your monthly return of Telegraph Revenue for February last. As several of the lines are in arrears in forwarding returns I enclose for your information a statement showing the last return received from each. Lack of communication accounts in part for the delay in receiving some of the returns. I have to request that you will take steps in such cases, where it is possible, to have returns forwarded with more despatch.

The last return from Manicouagan (new) is that for July, $89.36. Of this amount only $13.09 has come to account.

Is there any reason why the District Superintendent of the North-West Lines should not meet each month's revenue out of the maintenance accounts of the same month, instead of out of those for the succeeding month as he now does?

I am, Sir, your obedient servant,

The Supt. Govt. Telegraphs. J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, April 22, 1890.

SIR,—Having reference to the enquiries made concerning the transmission of Revenue Accounts from the North-West Telegraph Lines, I beg leave to report the receipt of the following from the District Superintendent at Qu'Appelle under date 18th inst.: "Battleford traffic returns for February and March will leave Battleford on Wednesday next, and on arrival here the returns will be forwarded to Ottawa, probably reaching Ottawa by the 3rd May."

In explanation of the above reported delay, I have to state for your information that the business at the Battlefield Office has lately been behind hand owing to the negligence of the agent who has in consequence just now been superseded by an officer transferred from Batoche, and I expect we will have a little more promptitude with the statements hereafter.

I am, Sir, your obedient servant,

The Auditor General. F. N. GISBORNE, *Supt.*

PUBLIC WORKS DEPT., OTTAWA, April 15, 1890.

SIR,—Having reference to your letter of enquiry under date 10th inst., I beg leave to return herewith, extended and endorsed, the memorandum which you enclosed to me, and with it a few notes explanatory of the delays and arrears to which attention has been directed.

In regard to the outstanding of the Manicouagan Agency, I have to state that the manufacturing company, for whose accommodation the second office was opened, stopped their operations in October, and at the time the office was closed the amount of revenue due to us (including the $76.27 for July carried in the statement) was $149.10. The manager of the company, Col. W. P. Rice, wrote me from Quebec on the 13th November, promising an early settlement by remittance from New York. The amount due remains as yet unpaid however, and it is probable we will not have a payment until the company reopens its works next season. In the meantime I have been carrying the balance of $76.27 due on the last statement on which a remittance had been made, leaving those subsequently received on fyle pending their being brought to account.

In connection with the North-West Lines, I believe that as a matter of fact the transfers are made from the maintenance accounts for the month during which the revenue was collected, as the Maintenance Returns for a given month include accounts for the month preceding. I will, however, refer that portion of your letter to the Assistant Superintendent at Qu'Appelle for explanation and will communicate with you immediately upon receipt of his reply.

I am, Sir, your obedient servant,

The Auditor General. F. N. GISBORNE, *Supt.*

Memorandum Referred to Above.

A. There is no mail communication between the offices on Anticosti Island. When the last autumn mails left South West Point the District Superintendent's statement was completed only up to the end of June, 1889. There will be another mail at the end of May or early in June next, when further returns will come to hand.

The mail service with the Magdalen Islands is likewise suspended during the winter season.

B. The business at the Gaspé transfer since November produced balances due to the Great North-Western Telegraph Co., in excess of the amounts collected for Government line. As soon as the balance to a sufficient amount falls the other way, a settlement will be made and the returns sent in.

C. Since the 1st inst., returns to end of February have come to hand for the Cape Sable, Cheticamp, Escuminac, Meat Cove, North Shore (W.B.) and quarantine lines. These will be covered by the Departmental summary for the month of April.

D. Most of the North Shore (E.B.) offices are worked on commission guaranteed to the extent of $50 per year. The business does not yield the amount guaranteed, and settlements are made periodically; the amount of Revenue being deducted from the commission, and deposited. Pending such settlements the returns from time to time sent in are held over, and are finally covered collectively by the Departmental summary for the month in which settlement happens to have been made.

E. Since the 1st inst. returns from Pelee Island have come to hand for December. The District Superintendent reports later statements now preparing for transmission.

F. The returns from the North-West now come to hand about as promptly as those from other sections. The Departmental summary for February included the North-West returns for December, and the one for March included the returns for January.

With the re-establishment of the summer mail service, it is hoped we may be able to get the returns of the lines generally sent in within the month following the one for which they are prepared. In nearly every section where our lines are

operated the stations are outlying from the routes of regular mail service, and that means of communication is interrupted more or less during a great part of the year.

F. N. GISBORNE, *Supt. Tel. Service.*

Qu'Appelle, April 19, 1890.

Dear Sir,—In reply to your letter of the 15th inst. regarding certain questions asked by the Auditor General.

The traffic returns are generally all received by the 23rd of the following month, and are immediately audited by me and forwarded to your office. Several of our office have only a fortnightly mail, *e.g.* Clarke's Crossing, Henrietta, Pitt, Moose, Saddle Lake, Victoria, and Fort Saskatchewan, frequently the mail leaves the above places between the 25th and 31st of a month, and the operator is of necessity obliged to post his returns late. The above returns generally take from 8 to 13 days on transit.

The agents forward with their traffic-returns and remittance-note all the vouchers they have paid out of revenue, and those they have not paid. They usually could not pay and forward the vouchers before the end of the month as the amount collected is too small to pay the account or salary. These accounts I do not receive until generally the middle or latter end of the month, hence I do not know how much to deduct on account of revenue until the latter end of the month.

From these causes you can see that it is not practicable to meet each month's revenue out of the maintenance accounts of the same month, unless I delay sending in the maintenance accounts over a month, and cause some of the accounts to be unpaid for nearly ten weeks.

Of course the unreasonable delay for February and March traffic returns would not occur if Battleford had sent in its returns on time.

Yours faithfully,

HARTLEY GISBORNE, *Dist. Supt.*

F. N. Gisborne, Esq., Supt. Tel. Service.

MARINE DEPT., OTTAWA, Feb. 21, 1890.

SIR,—Referring to the matter of auditing the collections made by Collectors of Customs on account of steamboat inspection, I have to inform you that this Department drafted a report to Council recommending that Collectors of Customs be required to furnish the Department of Marine with a duplicate statement of the sums collected, along with evidence that the amount had been paid to the credit of the Government. The Customs, however, were averse to this plan of auditing the sums collected, and the recommendation was cancelled. I am therefore to inform you that, as the law requires the revenue from steamboat inspection to be collected by Collectors of Customs, and the statements thereof to be forwarded to the Minister of Finance, and as these statements are therefore accessible to you—and as this Department is prepared to send you the statements of certificates of inspection issued by Steamboat Inspectors, along with any other information obtainable by the Inspectors—you will have the material for an efficient audit in your own Department.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, March 3, 1890.

SIR,—I am in receipt of your letter of the 21st ult. in reference to the auditing of Steamboat Inspection Revenue. You state that the Customs Department objects to the Collectors furnishing you with copies of the statements of collections made by them. I still consider that your Department should have the material, and audit and certify this, as all other revenues over which you have control. In the meantime, as no better arrangement can be effected, you will please forward the returns made by your Inspectors, covering the work of last season. Sec. 47, chap. 78, Revised Statutes, provides that the Inspector shall not deliver a certificate till the receipt of the Customs officer is produced. Please send me those receipts with the returns.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, March 8, 1890.

SIR,—In reply to your letter of the 3rd inst. requesting me to forward to you the Customs receipts which are produced by steamboat owners to Steamboat Inspectors as evidence of the dues having been paid, I have to inform you that Inspectors do not retain the receipts referred to. The owners retain the receipts, as the law only requires them to be shown to the Inspectors. I will forward to you the Inspectors' returns for last season.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

MARINE DEPT., OTTAWA, May 1, 1890.

SIR,—In reply to your letter of the 28th inst., I enclose a list of steamboats inspected during the last calendar year, along with a copy of instructions to Inspectors.

I also enclose an improved form, No. 9, issued to Inspectors, which will show the steamboats inspected, as well as the certificates of inspection actually issued. The rate of duty charged at present is 8 cents for every gross ton a steamer measures, and the fee for inspection is fixed by the 46th section of the Act, chapter 78 of the Revised Statutes of Canada.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 11, 1890.

SIR,—I am returning herewith the Steamboat Inspectors' returns for the calendar year 1889. I enclose a list of the vessels inspected during 1889, for which no certificates appear to have been issued and no fees paid. When an inspection is made and no certificate issued, an explanation should be furnished. I also enclose a list of vessels, the fees for the inspection of which have been returned as paid by the Collectors of Customs, but which do not appear on the returns of the Inspectors. The returns should be examined and certified in your Department, and when they are forwarded to this office should be accompanied by a certified summary, as by the Rules and Regulations and forms hereto attached.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 22, 1890.

SIR,—Nothing has come to account during the current fiscal year for the rent of the wharf in Goderich Harbour. I received no reply to my letter of the 9th May, 1889, in paragraph 15 of which I referred to this wharf. Messrs. Bearman & McVicar, the lessees of Sections A, B, and C, wrote on the 12th December, 1888, enclosing payment of the rent of the then current year, and asking for a renewal of the lease. Section D was formerly under lease to Joseph Williams. W. Dyment paid $230 in March, 1889, for one year's rent of this section in advance. Please let me know who the present lessees are, the terms of the leases, why nothing has come to account during the present fiscal year, and any other information you have pertinent to the auditing of the revenue of this wharf.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, May 19, 1890.

SIR,—In reply to your letter of the 22nd ultimo, enquiring who are the lessees of the Government wharf at Goderich, and stating that no account during the current fiscal year for the rent of the wharf has been received by you, I have to inform you that Mr. T. E. McBride is lessee of Lot A, Messrs. Bearman & McVicar of Lots B and C, and the late W. Dyment was lessee of Lot D.

No rent has been paid by these lessees for 1889 and 1890, with the exception of $230 by the late Mr. Dyment for 1889.

The wharfinger has been instructed to take immediate steps to collect the wharfage, which, under the lease of each lessee, is payable in advance. Mr. N. Dyment, executor of the late W. Dyment, has informed this Department that he has no intention of keeping the dock any longer, and the wharfinger has been instructed to rent the wharf, if possible, to some other person. In the event of the wharfinger being unable to let the wharf for the season of 1890, public tenders will be asked for.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, July 28, 1890.

SIR,—With further reference to your letter of the 22nd of April last, requesting that this Department furnish you with any information in its possession pertinent to auditing the Goderich wharf accounts, I have the honour to inform you that Messrs. Bearman & McVicar, lessees of Sections A and B, have settled the rent for the years 1889 and 1890, the period for which they leased the wharf. In closing the account for the year 1889 the sum of $200 was deducted by the Department for expense and inconvenience to which the lessees were put in 1888, owing to the proposed improvements to that section of the wharf occupied by them. The proposed improvements were to be made by the Public Works Department, and Messrs.

Bearman & McVicar were notified to remove their lumber from Section C, which they did. For this expense and the non-use of the wharf the lessees were allowed a deduction of $200 from the yearly rental of $800 required by the lease.

I am, Sir, your obedient seavant,

The Auditor General. JOHN HARDIE, *for D. M. M.*

AUDIT OFFICE, OTTAWA, Oct. 2, 1890.

SIR,—Referring to previous correspondence with reference to the Government wharf at Goderich, I have to ask if Lot D, of said wharf, has been leased for this year. I do not find that any deposit has come to account for the rent of it.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 7, 1890.

SIR,—In reply to your letter of the 2nd inst., enquiring whether Lot D, of the Goderich wharf, was leased for this year, I have to inform you that no lease was given of the wharf this year, as Mr. Dyment, who occupied it last year, refused to sign the lease sent him, and notified the wharfinger last fall that he would no longer require Section D.

As Mr. Dyment occupied the block up to the 15th of July last, he has been requested repeatedly to pay the rent for the year 1890. Up to the present no rent has been paid since 1889, and the matter has been in the hands of the Justice Department for some time past.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, March 11, 1890.

SIR,—I have just received a statement of the earnings of the steamer "Stanley" during the month of December last. Eleven trips were run, and the total earnings amounted to $2,006.23, which was deposited on the 13th January last. I have again to call your attention to the delay in making deposit of this class of revenue. Is there any reason why all the cash on hand should not be deposited on the completion of each trip? I wrote to you previously on this point 13th May and 13th June last.

No deposit or return of the earnings of the steamer "Lansdowne" has yet been received.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, March 24, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 11th inst., enquiring in regard to the deposit of the earnings of the steamer "Stanley," and in reply I am to inform you that instructions were given to our agent at Charlottetown, on the 21st ultimo, that in future, on the arrival of the steamer at Pictou, the moneys received were to be deposited there if the receipts exceeded the sum of $50, and the deposit receipt forwarded. I do not see any necessity for depositing the amount on the completion of each trip, as the trips are often made daily and the receipts but trifling.

The "Lansdowne" has been laid up for some months, which will account for no returns having been received.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Oct. 1, 1890.

SIR,—You wrote on the 24th March last, in answer to my letter of the 11th of the same month, that the steamer "Lansdowne" had been laid up for some months. As nothing has come to account for the earnings of this steamer during 1889–90 I assume she did not earn anything. Please let me know if that is so.

I understand that the steamer "Stanley" carries the mails during the winter between Prince Edward Island and the mainland, but I do not find anything deposited for this service.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 8, 1890.

SIR,—In reply to your letter dated 1st inst., with reference to the earnings of the steamers "Lansdowne" and "Stanley," I have the honour to inform you that the "Lansdowne" earned nothing during the period referred to. With regard to the "Stanley" carrying the mails during winter between Prince Edward Island and the mainland, I beg to inform you that nothing has been received for this service.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, April 24, 1890.

SIR,—On page 89 of your report for 1889 a statement is given of the wharves under the control of your Department. I now enclose a list of wharfingers who have made neither a return, a deposit, nor a remittance, covering the receipts of last season, and shall be glad to have any information you can give me in explanation thereof. As I have stated in previous correspondence, a return should be made by each Wharfinger at the end of the season, whether there were any receipts or not; and if no receipts, an explanation of the cause. This list does not include the wharves which you enter as vacant, nor the six wharves on the St. Lawrence previously entered as leased to the St. Lawrence Steam Navigation Co. Please let me know why these wharves are vacant, and what steps have been taken to collect from the St. Lawrence Steam Navigation Company the arrears of rent due by it.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

LIST *of Wharfingers who have made neither returns, deposits, nor remittances, covering the receipts of the season of* 1889.

Ontario: W. R. Fellows, Rondeau.

Quebec: Louis Leroux, Cascades.

Nova Scotia: Donald Ross, Arisaig; Robert Shaw, Avonport; Ambrose Therieau, Belliveau's Cove; F. T. Gardiner, Brooklyn; W. M. B. Dakin, Centreville; Abram Thurston, Cranberry Head; B. R. McCaul, Delap's Cove; Nathan Leslie, Eagle Head; D. McInnis, East Bay; E. A. McNeil, Grand Narrows, C. B.; J. P. McNeill, Grand Narrows, Victoria Co.; Sydney Roscoe, Hall's Harbour; H. T. Deveau, Meteghan Cove; Alex. McFayden, Militia Point; David Stevenson, Point Brulé; A. Bishop, Picket's Wharf; Christopher Anderson, Port George; Thos Foley, Salmon River; J. M. Hall, Tracadie; Jas. Cothreau, Tusket Wedge; Malcolm McFarlane, West River; Elisha West, White Point.

New Brunswick: Angus Renaud, Buctouche.

Prince Edward Island: Angus McIntyre, Campbell's Cove; W. S. N. Crane, China Point; Percy Palmer, Crapaud and Victoria Pier; Jos. J. Macdonald, Hickey's Wharf; Edward Henderson, Mink River; B. H. Sensabough, Murray Harbour South; E. Harrington, Nine Mile Creek; H. D. Morrison, Pinette; C. H. Llewellyn, St. Mary's Bay; B. McEachern, Souris; Benj. Gaudet, Tignish River; Malcolm H. McMillan, Wood Island.

MARINE DEPT., OTTAWA, May 6, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 24th ult., in which you refer to the statement giving names of wharfingers, &c., in the annual report of this Department, and forwarding a list of those who have not made returns; also suggesting that each wharfinger should be required to furnish a report, and, if no receipts, to give cause.

In reply I have to state that as the wharfingers make their returns for the calendar year, and often complain of the difficulty in collecting the wharfage, with the consequent delay caused, it has been customary to allow a little time in which to forward reports. I was, however, about calling on those who have not yet sent returns, when your communication reached me. A letter will now be sent at once.

I may also observe that the collections of the Wharfingers at Lacolle, Que., and Centreville, N.S., will be accounted for in the next return from this Department; that the wharfinger at Crapaud and Victoria Pier resigned his position, and no successor has yet been appointed; that Jos. J. Macdonald was only appointed wharfinger at Hickey's Wharf last October, previous to which the post had been vacant for over a year; and the wharfinger at Arisaig reports no collections.

As regards the wharves entered "vacant" on list, I have to say that they refer to wharves transferred to this Department for which no wharfingers have been appointed, and that the names of the appointees will appear in statement, as the appointments are made.

With reference to your enquiry as to what steps have been taken to collect from the St. Lawrence Steam Navigation Company the arrears of rent due by it, I am to inform you that the Department of Justice has had the matter under consideration, and it appears that the company repudiates any liability for rent after the autumn of 1879. Enquiries are making with a view to procure evidence that the wharves were used by the company after the date mentioned.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, April 29, 1890.

SIR,—I wrote you on the 23rd inst., in reference to the Goderich Harbour wharf, and on the 24th inst., enclosing a list of wharfingers who had made neither returns nor remittances for the season of 1889. I now call your attention to the following observations in reference to the returns and remittances from the other wharfingers:

(1.) The returns are not certified by the accountant, and only in a few cases by the examining officer.

(2.) The departmental summary furnished each month should contain only the *returns forwarded*, and should be certified by the Deputy Minister and the Accountant. See my letters of 23rd February, 1888, and 7th May, 1889.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPARTMENT, OTTAWA, May 19, 1890.

SIR,—Referring to your letter of the 29th ult., respecting returns and remittances from wharfingers, I have to state, in reply to the respective paragraphs, as under:

(1). The examining officer only certified those returns which he found correct; in other cases the returns were transmitted, with notes appended, showing that the wharfingers had been required to furnish further information.

(2.) In future, the departmental summary forwarded monthly will comprise only the returns transmitted, and will be signed as you direct.

On 1st July, 1890, it is proposed to have monthly returns from wharfingers.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General

AUDIT OFFICE, OTTAWA, June 24, 1890.

SIR,—I have received your letter of the 20th inst. enclosing certain returns about which I wrote to you on the 24th and 29th April last. I observe that the wharfinger at Plympton, who was appointed 25th August, 1888, states that the fees during that season were collected by a local officer and paid over to the Treasurer of the Municipality of Digby. Have you taken any steps towards recovering any of the fees to which the Government of the Dominion is entitled?

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, June 26, 1890.

SIR,—Referring to your letter of the 24th instant, alluding to the statement of the wharfinger at Plympton that the fees during the season of 1888 were collected by a local officer, and enquiring whether application had been made to the Treasurer of the municipality for the collections received after the appointment of the wharfinger, I have the honour to inform you that the wharfinger was put in charge 30th October, 1888 only, owing to the tariff for collection of tolls not being approved by Council until 25th September, 1888, and that as navigation would, at this date, be about over for the season, no collections would be due to the Government for 1888.

I am, Sir, your obedient servant.

The Auditor General. JOHN HARDIE, *for D.M.M.*

AUDIT OFFICE, OTTAWA, Aug. 1, 1890.

SIR,—The Deputy Minister of Finance forwarded to me your letter of the 3rd March last, asking for a refund of $137.37 to Wm. J. Malott, authorized by Order in Council of the 17th February last. As Mr. Malott's salary was fixed at $150 per annum by Order in Council of Sept. 3 last, he was not entitled to $137.37 March 3 last, and is not yet entitled to that amount. I cannot find that Mr. Malott has made any deposits covering his collections of this season. Would it not be advisable, under the circumstances, to withdraw the present application, write Mr. Malott for statement of his revenue to the 30th June, and on receipt of it adjust his salary to that date, and then direct him as to how he shall act in the future?

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 2, 1890.

SIR,—The wharfinger at Iona, Grand Narrows, C.B., includes in his return for 1889 the sum of $433.33 paid by R. G. Reid & Co., which amount, it is stated, was accepted by the Department in settlement of the claim against that firm for wharfage; and he has deducted his commission of 25 per cent. on this, as well as on the balance of his return. No information is given of the nature of the claim, and I have to ask you to explain it.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 24, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 2nd ult., pointing out that the return of the wharfinger at Iona, Grand Narrows, C.B., includes the sum of $433.33 paid by R. G. Reid & Co., requesting an explanation thereof, and of the commission charged by the wharfinger. In reply, I have to inform you that Messrs. R. G. Reid & Co. were the contractors for the building of the railway bridge at Grand Narrows, and that the wharfinger billed them for wharfage on material used in the erection of the bridge, dockage of vessels, and on re-loading of material

removed from wharf—in all, $757.33. The company protested against the claim on plea that being a Government work the material, &c., should be free. The Department could not agree to exempt them altogether; but, considering the dockage of the vessels and the charge for re-loading excessive, intimated that a deduction would be allowed of $324, leaving a balance due of $433.33.

This amount added to $29.75, other wharfage collected, made a total sum of $463.08, which, less the commission of 25 per cent. allowed to the wharfinger as remuneration, left a balance of $347.31 deposited to credit of Receiver Generalin June last.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 28, 1890.

SIR,—I am in receipt of your letter of the 24th instant, in reference to the account of R. G. Reid & Co. for wharfage fees at Iona, C.B., to whom you state a deduction of $324 was allowed. I have not been furnished with an Order in Council authorizing this deduction, as provided by sec. 78, chap. 29, Revised Statutes.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Dec. 1, 1890.

SIR,—Referring to your letter of October 28 last, in regard to the account of Messrs. R. G. Reid & Co. for wharfage fees at Iona, C.B., to whom a deduction of $324 was allowed, and stating that you had not been furnished with an Order in Council authorizing this deduction, I have the honour to inform you that by Order in Council of the 22nd ultimo., on the recommendation of the Minister of Marine and Fisheries, and in accordance with the provisions of sec. 78, chap. 29, Revised Statutes of Canada, the reduction of $324 in the account referred to has been duly sanctioned by His Excellency the Governor General in Council.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1890.

SIR,—I wrote you April 24 last, enclosing a list of wharfingers who had made neither returns, deposits nor remittances covering the receipts of the season of 1889. Your letters of May 6 and 30, and June 20, contained returns and explanations for some on this list, but there yet remain a number not accounted for. Among these I find the following wharfingers who made deposits for the collections of 1888, and who have not deposited anything for the collections of 1889: East Bay, D. McInnis; Pickett's Wharf, A. Bishop; China Point, W. S. N. Crane; Nine Mile Creek, E. Harrington; Pinette, H. D. Morrison; Souris, B. McEachern; St. Mary's Bay, C. H. Llewellyn.

I note a memo. on returns of R. McDougall, wharfinger at Port Hood, pointing out that he charged a commission of 10 per cent., and subsequently a commission of 25 per cent., on $19.76, but do not find that the overcharge was rectified.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1890.

SIR,—I have to call your attention to the following facts in connection with the revenue collected by W. Watt, wharfinger at Digby: During the fiscal year 1886–87 —the first year for which the revenue accounts were furnished to this office for audit —nothing came to account; during 1887–88 $175 was deposited; during 1888–89 $475.71; and during 1889–90 $1,005.24. I learn from your report that this officer was appointed June 25, 1879, and that he is entitled to a commission of 10 per cent.

Since the spring of 1889 deposits have been made at frequent intervals, and seemingly that part of the regulations is now followed. But no return from this wharfinger has ever reached this office, and without a return no audit can be made. I referred to this point in my letters of May 8, 1889, and April 29, 1890.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 4, 1890.

SIR,—Referring to the revenue from harbours for the year 1889, I find that $481.50 has come to account, being the excess of receipts over allowances from seven ports. I have to ask you for a statement covering the returns from these ports, and a certificate that these were the only ports at which the receipts for 1889 were in excess of the allowances.

I observe that the harbour master of Hantsport deducted $225 from his receipts for 1889, while his allowance for 1888 was only $200. Please give me the date of the Order in Council authorizing the increase.

The returns of A. Pinsonneault, St. John's, Que., and Y. H. Barrington, Victoria, N.S., have not been furnished. Please send them, and also the returns from the harbour masters whose receipts do not amount to their allowances.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, Dec. 20, 1890.

SIR,—Referring to your letter respecting revenue derived from harbours during year 1889, I have the honour to forward herewith as requested, a certified statement covering returns from the ports at which the receipts exceeded the remuneration allowed the Harbour Masters, the total being $481.50.

As regards the Harbour Master at Hantsport deducting $225 remuneration, instead of $200, as formerly, I have to observe that his allowance was increased to the former amount from the 1st July, 1888, by an Order in Council of 25th May, 1888, and it was a typographical error in the Supplement to the Departmental Report showing $200.

I forward herewith return received from the Harbour Master at St. Johns, Que., and also the returns from the Harbour Masters whose receipts do not amount to their allowances.

The return from the Harbour Master at Victoria, N.S., was forwarded when draft and receipt for $34.50 was transmitted the Finance Department. If required, a duplicate return will be obtained.

I am, Sir your obedient servant.

The Auditor General. WM. SMITH, *D.M.M.*

MARINE DEPT., OTTAWA, Nov. 3, 1890.

SIR,—Referring to your letter of the 30th ult. respecting the revenue collected by W. Watt, wharfinger at Digby, N.S., I have the honour to forward herewith his returns for the years 1888 and 1889, and have to remark that the Department has had much difficulty in obtaining the desired information from Mr. Watt, and that it has only been by repeated application, and finally an official investigation, that matters have been adjusted. With regard to the investigation, I may state that Mr. Watt admitted irregularity in depositing and making returns, and explained this by difficulty experienced in making collections, partly owing to having to attend to repairs to pier and through sickness; but, since matters have been adjusted, he will, in future, carry out strictly his instructions. With the exception of the above irregularity, his books were in order. The wharfinger has also been directed to give

in his returns the names of vessels, and full description of merchandise and rates charged, for purposes of audit. As you remark, he is now carrying out the regulations relative to depositing money to the credit of the Receiver General. With reference to the commission allowed, his remuneration is 20 per cent. of the collections, and the 10 per cent. alluded to in your communication is a typographical error.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, May 1, 1890.

SIR,—I would call your attention to the following observations in reference to the returns and deposits of fees for engineers' certificates.

(1). As these certificates are issued by the Department, the exact sums to be accounted for by each Inspector can readily be determined; and their returns should be examined and certified accordingly by the Accountant and the examining officer. A statement of all certificates issued by the Department should be furnished to this office.

(2). The departmental summary should be a summary of *returns forwarded*, and should be certified by the Deputy Minister and the Accountant. As now furnished, it is merely a recapitulation of the deposit receipts forwarded to the Receiver General.

(3). Statement No. 61 credits to Steamboat Inspection Revenue a deposit of $14.15 made by E. Adams, 20th August, 1889; $12.15 of this amount was for the second inspection of steamer "Eva" at Lindsay. As it is the practice to credit to expenditure sums paid by owners of vessels for the expenses of the second inspection, this should be treated in the same manner. It will be necessary to make an application for a transfer.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A. G.*

MARINE DEPT., OTTAWA, May 6, 1890.

SIR,—In reply to your letter of the 1st instant, I have to inform you that a statement is preparing, showing the certificates issued to engineers from the 1st of January last, and a similar statement will be forwarded to you monthly.

A similar course will be followed in respect of certificates to masters and mates.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 14, 1890.

SIR,—In connection with the audit and examination of the fees on certificates issued to steamboat engineers and masters and mates, I beg to call your attention to the following observation:

After the close of each year a statement of the revenue for the whole year should be furnished, giving the name of the examining officer and the amount collected by him, and should be certified as follows by yourself and the accountant: (1) that fees were collected on all certificates issued to engineers, masters or mates during the year ended 30th June last; (2) that bank receipts of deposit, covering all the revenue collected, were forwarded to the Receiver General.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Nov. 26, 1890.

SIR,—Referring to your letter applying for a statement of the arrears of revenue due to this Department June 30 last, remaining unpaid September 30, 1890, I have the honour to inform you that the only arrearages are amounts due for some shipping forms, alluded to in my letter of the 28th ult., and $50 fees received by Captain W. H. Smith, Chairman of Board of Examiners of Masters and Mates, in May last, but omitted by oversight to be deposited to credit of Receiver General till October 29, 1890, particulars of which are furnished in returns sent you on the 12th inst.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 8, 1890.

SIR,—L. Catellier, M.D., in charge of the Marine Hospital at Quebec, deposited $2,030.27 to the credit of the Receiver General, February 9, 1889, made up of the following items:—

Grant of Province of Quebec, 1888–89	$1,866 67
Board of patients to Dec. 31, 1888	54 00
Rent beach lot No. 1, to May, 1889	60 00
Rent beach lot No. 2, to May, 1889	48 00
Sale of ashes	1 60

Nothing has since come to account from the Province of Quebec. Were no residents of Quebec treated at the Hospital after the date which the above grant covered?

On 2nd December last $57 came to account from L. Catellier, M.D.—amount received for board of a paying patient. The doctor should certify that this amount was all that he collected.

I do not find that the rent of the beach lots for the year ended May 1 last has been paid in to the credit of the Receiver General. Please explain why.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 22, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 8th instant, making certain enquires in regard to the Quebec Marine Hospital, and in reply I am to inform you:

(1st). No residents of Quebec were treated at the hospital after the date which the grant of the Province of Quebec covers, viz:—to the 30th of June 1889.

(2nd). Doctor Catellier has reported that the sum of $57 was all that was due and collected during the last year the hospital was in operation, on account of board of paying patients.

(3rd). The Agent of this Department at Quebec has been instructed to collect the rent of the beach lots for the year ended the 1st of May last.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Jan. 28, 1890.

SIR,—Mr. H. W. Johnston, the Agent of your Department at Halifax, usually disposes each year of a quantity of cranberries, hides, ponies, &c., from Sable Island, and old material. In 1887–88 these sales netted $1,497.06. The sale which was held on the 19th December last netted $1,241.51. During 1888–89 the only sums that came to account were: Sales of hides, Sable Island, $22.48; sales of old iron, $131.74. Please inform me if there were any more sales during that year; if so, when the proceeds came to account; and if there were not, the reasons therefor.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Jan. 31, 1890.

SIR,—I beg to acknowledge receipt of your letter of the 28th inst., stating that the receipts from sales of stores, &c., from Sable Island for 1888–89 were only $154.22, and enquiring whether there were any more sales accounted for; and if not, the reasons therefor.

In reply I am to inform you there are no periods fixed for disposing of the ponies, cranberries and old stores from Sable Island, but this is done only as the occasion seems to warrant. Consequently, it does not follow that the receipts from these sources should be approximately the same, year by year. Furthermore, in some years, the cranberry crop fails, and no ponies are brought off the Island and sold, so that the receipts may be only for old stores. When the sales are effected it is sought to dispose of the articles to the best advantage, usually by auction, and the results are duly brought to account. I am further to inform you that your letter has been submitted to the Minister, and I am directed to say that while this Department is anxious to afford you all necessary information in connection with the auditing of the accounts, the question now submitted by you would appear to belong more properly to the administration of the Department, and not to require explanations, such as are asked by you, in order to enable you to make a proper audit of the accounts.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 20, 1890.

SIR,—In reference to the sales of shipping forms during the year 1889-90, I have to call your attention to the following observations: The blanks on which to make application for shipping forms, &c., should be furnished to shipping masters. I find applications from the shipping master at Montreal, but nothing has come to account from him, nor from the shipping masters at Halifax and Quebec. Please explain the reason why. After the close of each year a summary should be furnished to this office, showing the total receipts of the year, and giving the name of each shipping master, the port, and the amount paid. It should be certified by yourself and the Accountant as follows: "I certify that the above is a full and complete summary of all the fees received for shipping forms furnished from the Department during the year, and that the fees were collected for all forms, &c. furnished, with the exception of those entered on the application lists to be furnished free."

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 28, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 20th instant respecting the sales of shipping forms, and in reply have to inform you that it is the custom of the Department to supply shipping masters with blank requisition forms, and where such blanks have not been used there has been an interim when stock became exhausted, during which applications have been made and stock replenished, a fresh supply being sent to the shipping masters.

As regards forms supplied the shipping masters at Montreal and Halifax, but for which no deposit receipt has been received, I have to say that requests for the payment of money due had been made prior to receipt of your communication, and that I have again written the shipping masters requiring a settlement.

In regard to the Port of Quebec, while the shipping master was a salaried officer and the fees reverted to the Treasury no charge was made for forms, but now that the shipping master receives the fees, as advised in my letter of the 24th instant, he has been called on to pay for forms supplied.

I am, Sir, your obedient servant,

WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Oct. 21, 1890.

SIR,—Fees amounting to $459.95 were collected at the shipping office, Quebec, during the year 1888-89. Nothing has come to account from this source during the year 1889-90, and I have to ask you for an explanation.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Oct. 22, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 21st instant, enquiring as to the fees of the shipping office at Quebec, and in reply I am to inform you, that since the superannuation of Mr. Trudel, who was shipping master and chief of police, and a salaried officer, the fees have reverted to the shipping master under the Seamen's Act, it having been deemed advisable by the Government to place the Port of Quebec on the same footing as other Ports in the Dominion, where a shipping office had been established.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Oct. 30, 1890.

SIR,—In connection with the receipts from fees for searching ship registers for 1889-90, the collections at six ports, amounting to $19.71, came to account through your Department and were credited to Casual Revenue; and the collections at fifteen ports, amounting to $88.36, came to account through the Department of Customs, and were credited to Customs Revenue. Would it not be advisable that all of the fees collected should be accounted for through some one Department and credited to the same account? I have written a similar letter to the Commissioner of Customs on this subject.

I am, Sir, your obedient servant,

The Dy. Minister of Marine. J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Nov. 5, 1890.

SIR,—I have the honour to acknowledge receipt of your letter of the 30th ult., stating that deposit receipts for fees for searching ships' registers were in the habit of being received by this Department, and also by the Customs Department, and suggesting that only one Department deal with those in future. In reply, I have to inform you that an arrangement has been made whereby the Customs Department will, in future, attend to any revenue derived from the above source, and should any returns be received from this Department they will be transferred to the Department of Customs.

I am, Sir, your obedient servant,

The Auditor General. WM. SMITH, *D.M.M.*

CUSTOMS DEPT., OTTAWA, Dec. 3, 1890.

SIR,—Referring to your letter of the 30th October, suggesting that fees for searching ships' registers be accounted for through one Department only: in reply I beg to state that the registers of shipping are officers of the Marine Department, but the law provides that at registration ports, where there is no regularly appointed register of shipping, the Collector of Customs shall act. It is only in the case of these acting officers that report is made through this Department—all regular officers reporting through their own Department.

I am, Sir, your obedient servant,

The Auditor General. W. G. PARMALEE, *Ass't. Comr.*

Fisheries Dept., Ottawa, Nov. 22, 1890.

Sir,—Referring to your letter of the 3rd ultimo, I beg in reply to state that as the Licenses issued by this Department cover the Calender year, and are issued through Overseers (though sometimes not taken up by the parties applying for them) during the whole fishing season, the Department therefore cannot furnish the statement you desire till after the 31st December.

I am, Sir, your obedient servant,
JOHN TILTON, *D.M.F.*

The Auditor General.

Audit Office, Ottawa, June 26, 1890

Sir,—I am in receipt of your letter of the 28th ult. enclosing a copy of a statement of the inspections of Dr. W. Cox Allan at Fort McLeod, for which a deposit of $662.40 was made 24 April last. I should have been furnished with the original. This amount represents the collections during the summer of 1889. I would like to have a similar statement of the collections during 1887 and 1888. I learn from the statement that the Inspecting Officers were Mr. Wroughton and Mr. Evans. In order to make an efficient audit I should be furnished with the returns made by these officers. I assume that Dr. Allan issues a certificate, and if so the number of each certificate should be entered on his return and the counterfoil forwarded to the Department. I send you herewith a copy of a minute of the Treasury Board approving certain regulations in reference to the depositing and accounting for the Revenue. Dr. Allan should be instructed to comply with these regulations.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, Dec. 10, 1889.

Sir,—Referring to previous correspondence in reference to the amounts in connection with the Grasshopper Relief Advances, I have to remind you that I am still without the information for which I asked. In your letter of May 31 last you stated that the work of analyzing and examining the statements and accounts would be proceeded with at once, and full answers furnished to the several questions asked.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, Dec. 13, 1890.

Sir,—The receipts on account of Seed Grain for 1889–90 were $1,183.21. I have to ask you for the statement rendered by Mr. Smith during the year covering his collections on this account. These statements should be forwarded to this office monthly. I have again to remind you that I have not yet been furnished with the statements and information promised in your letter of May 31, 1889.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Jan. 6, 1891.

SIR,—I have to inform you in reply to your letter of the 13th ult., in reference to the accounts for seed grain advances administered by a committee in Winnipeg in 1876, that an examination of these accounts has been made and the results will be made known to you as soon as possible. You will be furnished with a copy of the original mortgage register at Winnipeg, in which are registered 3,735 mortgages, together with statements of repayments in grain or in money. The accountant of the Department, however, informs me that it will yet take some time to arrange and furnish this voluminous information. He states that he believes he will have the whole of the work completed by the 1st of March next, and that he may be earlier able to furnish a summary of the statements.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Dec. 23, 1890.

SIR,—The following outlay was made out of the receipts by Commissioner Smith at Winnipeg, on account of Seed Grain Mortgages during the past fiscal year:—

John McLeod, teaming relief supplies in 1876.....	$135 24
Postage, $10; Petty items $17.06.....	27 06
	$162 30

Sec. 27, chap. 29, Revised Statutes, provides that the Gross Revenues shall be deposited to the credit of the Receiver General. Any expenditure necessary in connection with the collection of these moneys might be paid out of the Vote for Unforeseen Expenses by procuring a general Order in Council to that effect.

The payment in this manner of $135.24 for services rendered in 1876 is even more objectionable, not having any connection with the collection of the amounts due.

When it was been necessary to make payment some years after the performance of the service, and when there is no Vote out of which it can be properly paid, it has been customary to have a special Vote; though such an item as this might be paid out of Unforeseen Expenses if authorized by an Order in Council.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Dec. 31, 1890.

SIR,—I have to acknowledge your letter of the 23rd inst., in reference to disbursements to the amount of $162.30, made out of receipts by the Land Commissioner at Winnipeg on account of seed grain mortgages.

I quite agree with your statement that Section 27, Chap. 29, Revised Statutes, provides that gross revenues shall be deposited to the credit of the Receiver General, and such rule is strictly observed by this Department in its relations with any agents who may collect fees, even in cases in which the fees are specially levied for the payment of the services.

The case of the administration in relation to seed grain advances and mortgages was, however, quite exceptional. A vote was passed by Parliament for purchasing supplies, in 1876, for the relief of sufferers from an invasion of grasshoppers in Manitoba, and the administration of that distribution was not made by the Department, but was placed in charge of a committee in Winnipeg.

A considerable advance, amounting to about twenty per cent. on the purchase prices, was added to the prices at which such relief supplies were furnished, in order to cover freight, teaming and other expenses.

The item paid for teaming, to which you refer, was incurred in 1876; and, therefore, was held to come within the particular administration decided, in the matter of furnishing the supplies in question. The amount of the item was included in the percentages added in the amounts for which the mortgages were given. The settlement was, therefore, simply a continuation of an administration commenced,

with reference to the time at which it was commenced, and a deduction of an added amount for that particular service among others.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, Dec. 13, 1890.

SIR,—The total receipts on account of Veterinary Inspection Fees for 1889–90 were $1,330.32. Of this sum $662.40 was remitted by W. Cox Allan, Fort McLeod, for Inspections from May 11 to Oct. 26, 1889. His cheque for this amount was forwarded by you to the Finance Dept. on April 9, 1890. I do not find that anything has come to account for the inspections since that date. I wrote you June 26 last in reference to this Agent's returns, but have had no reply,

The balance of the receipts that came to account, $667.92, is made up of deposits from time to time during the year at the Merchants Bank, Winnipeg. Some are in the name of the Collector of Customs, Emerson; others have only the words "Collector of Customs."

In my letter of June 26 last I sent you a copy of a Treasury Board Minute containing regulations in reference to the depositing and accounting for the Revenue. To enable any efficient audit of the Revenue Accounts to be made, it is indispensable that the provisions of this Minute be carried out.

In the meantime I have to ask you to inform me by whom the inspections were made for which $667.92 was deposited in the Merchants Bank, Winnipeg.

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 26, 1890.

SIR,—Referring to the statements furnished to this office of the sales at Experimental Farms during the last fiscal year, I have to make the following observations:—

1. In no case have the counterfoils been furnished, and the numbers of the receipts issued at Ottawa and Indian Head were not entered on the returns of the Farms.

2. Deposits in acquittance were not made in accordance with the Rules and Regulations, which provide that a deposit shall be made whenever $25 or more is on hand.

3. The cost of picking berries at the Central Farm was paid out of the receipts, and no vouchers were furnished. Sec. 27, chap. 29, Revised Statutes (the Audit Act) provides that the gross revenue shall be deposited.

4. Milk, berries, eggs, &c., have been furnished by the Central Farm to employees at prices lower than those current in the vicinity. How were these prices arrived at, and under what authority?

5. Neither quantities nor prices are stated in a large number of entries in April and May last, and occasional entries in other months. In all cases both should be stated.

6. Samuel Anderson and James Helen paid for rent of houses in August, September and October, 1889. Why have no further amounts come to account from this source?

I am, Sir, your obedient servant,

The Dy. Minister of Agriculture. J. L. McDOUGALL, *A.G.*

AGRICULTURE DEPT., OTTAWA, Jan. 7, 1891.

SIR,—In reply to your letter of the 26th ult., in reference to accounts rendered by the Experimental Farm, an official application has been made to the Director for information in detail, under the several heads of your enquiry. I shall furnish you with this information as soon as received.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

AGRICULTURE DEPT., OTTAWA, Nov. 27, 1890.

SIR,—In reply to your letter of the 22nd inst. on the subject of statements of arrears due to this Department, I have to inform you that you have been furnished with all reports of collections received. The accounts of Mr. W. Cox Allan of Fort McLeod, have not, however, yet been balanced. A request was sent to him on the occasion of receiving a former letter from you, to which he has not yet replied. Another more urgent request has been sent him to furnish immediately the information desired.

I am, Sir, your obedient servant,

The Auditor General. J. LOWE, *D.M.A.*

Interior Dept., Ottawa, Dec- 20, 1889.

Sir,—In your letter of February 6 last, you ask for an explanation of the nature of the trust account of this Department with the Merchants Bank of Canada at Winnipeg.

In reply, I have the honour to enclose to you a copy of a letter from the Commissioner of Dominion Lands on the subject, which was written in answer to yours of the 19th June last.

I am to say that the suggestion of the Commissioner that bond fees be dispensed with is not approved.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Asst.-Secy.*

Dominion Lands' Commission, Winnipeg, Aug. 16, 1889.

Sir,—I have your letter of the 6th instant, and in replying to the suggestion of the Auditor General *re* trust account, it might be pointed out that none of the sums which are deposited in this account are in any way a part of the public revenue. Bond fees, which are the principal item, are a deposit required of applicants for inspection of lands under existing homestead and preëmption entries, and are deposited as an evidence of good faith and as a guarantee that the application is not merely frivolous or vexatious. When a decision is arrived at by the Land Board, unless the application proves vexatious or frivolous, the Bond fee is ordered to be returned to the applicant. If cancellation of the entries ensues, the applicant is notified to make entry within twenty days, and he almost invariably asks when he appears at the local office for that purpose, that his bond fee be applied in payment of the entry fees; this application of the bond fee is effected by the issue of a cheque in his favour on the trust account, which the agent cashes and remits to the bank with his deposit to cover the week's return of entries.

If the trust account were abolished and the bond fees refunded by cheques issued from Ottawa, they would not reach the applicant as soon as he desires to make entry; this he wishes to do at the earliest possible date, and I feel assured that any delay in returning the bond fee will create discontent and complaint without procuring any additional check on the accounts, or other material compensating advantage.

Many intending homesteaders possess very small means, and will, in some cases, if the proposed change is inaugurated, be without sufficient funds to make entry until the bond fees are returned; thus delay may entail a second journey of many miles on the part of the intending entrant.

In preference to adopting this change, it would, perhaps, be advisable to abolish the system of bond fees altogether. However, the demand for desirable homesteads is now very keen, and greatly on the increase, and if no penalty can be inflicted on

those who attempt to effect cancellation of entries without good cause, it is only reasonable to look for the occurrence of many vexatious applications, causing much annoyance to settlers.

Since the trust account was established, upwards of three years ago, over $900 has been earned for the Department in interest; a perfect check upon the accounts of the agents has been established, every repayment is properly vouched for, and, which is perhaps the most important point of all, not one single complaint from settlers as to the working of the present system has been made to my knowledge. The other item which with bond fees forms the balance of the trust account is: improvements for benefit of former homesteader. These certainly form no part of the public revenue, and under the existing system, so soon as the agent receives an application from the proper person or ascertains his correct address, he at once issues a cheque.

Surely, this method is more convenient and expeditious for the former homesteader than if application were necessary to be made to Ottawa in each case.

The paid cheques can of course be forwarded to the Auditor General as desired, and they would have been sent from the commencement had a request or instructions to that effect been received.

Please advise me of the decision arrived at.

Yours truly,

The Dy. Minister of Interior. H. H. SMITH, *Com.*

AUDIT OFFICE, OTTAWA, Jan. 16, 1890.

SIR,—I am in receipt of your letter of the 20th ultimo enclosing a copy of a letter from the Commissioner of Dominion Lands at Winnipeg in further reference to the Trust Account. The principal objection made by the Commissioner seems to be the delay that will ensue, if application has to be made to Ottawa for each refund. There is no necessity for making an application to Ottawa (see the last paragraph of my letter of Feb. 21 last). The commissioner can draw his own L. C. cheque for any refunds to be made, and, when making his return of cheques drawn during the month, can specify those drawn on Trust Account. With reference to the account in British Columbia, a special credit could be issued in favor of the agent at New Westminster.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, May 10, 1890.

SIR,—I am directed to say, for your information, that during the last visit here of the Commissioner of Dominion Lands it was arranged that such items in the trust account as have been outstanding and unclaimed for upwards of two years previous to Jan. 1 last, will be transferred to the credit of the Receiver General.

I am, Sir, your obedient servant,

LYNDWODE PEREIRA, *Asst.-Secy.*

NOTE BY AUDITOR GENERAL.—The balances at the credit of the trust account, June 30, 1890, were: in the Merchant's Bank, Winnipeg, $14,343.70; in the Bank of British Columbia, $2,284.50.

AUDIT OFFICE, OTTAWA, Sept. 30, 1890.

SIR,—The vouchers furnished to this office in connection with the refunds of Dominion Lands Revenue are the cheque issued in payment and the receipt of the person paid. In addition to these I should be furnished with the application of the

claimant, stating the grounds of claim, and the date and place of payment; and the certificate of the proper officer that the claim has been examined and the payment made as stated, and that the claim should be paid, giving reasons.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 12, 1890.

SIR,—To enable me to audit the revenue from Ordnance Lands it is necessary that I should be furnished monthly with the following statements:

(1.) A statement of the receipts, showing the date of payment, name of person paying, locality, No. of lot, part paid on interest, part paid on principal, the total, and a memo. of deposits made in acquittance.

(2.) A statement of any new sales made, showing date of Order in Council authorizing the sale, the locality, the lots sold, the names of purchasers, the prices and amounts for which each lot was sold, the amount paid in cash, and the terms for the balance.

(3.) A statement of all accounts closed, showing all the transactions, debit and credit.

(4.) At the close of each year a statement of all arrears due.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Oct. 6, 1890.

SIR,—I wrote to you May 12 last in reference to the audit of the revenue from Ordnance Lands, specifying the statements that should be furnished to this office. I would like to hear from you on the subject. I have now to ask you for a statement showing the arrears, principal and interest, due to your Department, June 30 last, on account of Ordnance Lands, remaining unpaid Sept. 30.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA, Oct. 20, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th instant, asking to be furnished with certain statements having reference to Ordnance Lands, and in reply to forward the enclosed "Return of receipts on account of Ordnance Lands," for the three months ended Sept. 30, 1890, together with a statement of deposits made in acquittance.

I am, Sir, your obedient servant,

The Auditor General. A. M. BURGESS, *D. M. I.*

AUDIT OFFICE, OTTAWA, Oct. 24, 1890.

SIR,—I am in receipt of your letter of the 20th inst., enclosing statements of receipts on account of Ordnance Lands for the three months ended Sept. 30, 1890, together with a statement of deposits made in acquittance. I notice that some of the entries are in payment of balances due on certain transactions. In such cases statements thould be furnished showing all the transactions, debit and credit. The statement of arrears due June 30 last, unpaid Sept. 30, has not yet been furnished.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, June 24, 1890.

SIR,—With your letter of the 18th inst., received yesterday in reply to mine in reference to the Registrar for the South Alberta Registration District, you send me a copy of your Circular to the Registrars dated 12th inst., and of the Order in Council dated June, 1887. Clause 2 of the Order in Council provides that each Registrar shall deposit on the 1st or 2nd day of each month the receipts of the previous month. I have to inform you that the Rules and Regulations, to which I have made reference and which provide for a daily deposit whenever $25 is on hand, or if the daily receipts do not amount to $25, whenever that sum or more is on hand, have been approved by the Treasury Board. Section 27 of Chapter 29, Revised Statutes, provides that the gross revenues shall be deposited at such times and under such regulations as the Minister of Finance and Receiver General prescribe. And Section 50 of the same Act provides that the Revenue Accounts are to be examined in accordance with any regulations prescribed by the Treasury Board. I would also remark that the rule of a daily deposit when the receipts amount to $25, &c., is in force with regard to the Land Agents. In view of all the facts in relation to this class of revenue I have to ask your consideration of the propriety of having the Registrars make a deposit whenever $25 or more is on hand.

I am, Sir, your obedient servant,

The Dy. Minister of Interior. J. L. McDOUGALL, *A.G.*

INTERIOR DEPT., OTTAWA. July 17, 1890.

SIR.—I am directed to inform you, in reply to your letter of the 24th ultimo, that the Deputy Minister decided, before he left for the North-West, that it was advisable to amend the Order in Council of the 13th June, 1887, so that its provisions with regard to the time when Registrars of Land Titles Offices in the North-West Territories should deposit the fees which they respectively receive, will not conflict with the provisions adopted by the Treasury Board on the 11th ultimo, whereby every officer or agent employed in the collection of public moneys shall make daily deposit of his fees, if the same amount to $25, and if less than that amount, then whenever they amount to $25.

As the Order in Council of the 13th June, 1887, has been passed under the provisions of Section 135 of Chapter 51 of the Revised Statutes of Canada, the Registrars will not be instructed to make any change in regard to depositing their fees, until the proposed amendment has been carried out by the necessary Order in Council

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA, *Assist. Secy.*

AUDIT OFFICE, OTTAWA, Dec. 22, 18890.

SIR,—Referring to previous correspondence in reference to the depositing of fees by Registrars in the North-West Territories, I have to state that the practice of making but one deposit after the close of the month, instead of depositing whenever $25 or more is on hand, is still continued. I have also to state that Mr. McLean, Registrar of South Alberta District, did not make a deposit for the fees collected in October till November 27, and so far no deposit has come to account for fees collected in November.

I am, Sir, your obedient servant,

Dy. Minister of Interior. J. L. McDOUGALL. *A. G.*

INTERIOR DEPARTMENT, OTTAWA, Nov. 29, 1890.

SIR,—Referring to your two letters dated Oct. 3 and Nov. 22, asking for statements showing arrears due to this Department, I am directed to say that the delay in replying to your communications was owing to our awaiting explanations from

several of the Agents respecting apparent balances remaining unpaid. After receiving these explanations the following are found to be the only balances remaining to be adjusted:—

Balance of $1.75, due by Mr. J. J. McHugh, late Agent of Dominion Lands for the Coteau District, appears in Monthly Return for September, 1889. This amount will be retained from rent due to Mr. McHugh, with whom the Department is at present adjusting several other matters, and you will be advised when the balance has been settled.

Balance of 50 cents appearing in Monthly Return for June as due by the Agent of Dominion Lands at Brandon, was paid by the Agent on the 19th instant.

Balance of $4.50 appearing in Monthly Return for August as due by the Land Agent at Winnipeg: the Agent instead of remitting this amount to Head Office and obtaining a refund cheque in the usual manner, returned the amount to Mr, James Jones, who had paid it, as is shown by Mr. Jones' receipt enclosed herewith.

I am, Sir, your obedient servant,

The Auditor General. LYNDWODE PEREIRA. *Asst-Secy.*

AUDIT OFFICE, OTTAWA, Dec. 22, 1890.

Sir,—I wrote to you Feb. 7, 1889, asking for certain statements in connection with the amount due by settlers in the North-West Territories for advances of Seed Grain made in 1886–7. and 1887–88. I do not find that I have received the information asked for, or any reply to my letter. Certain sums are coming to account from time to time but the statements showing the details of the collections do not reach me. I have again to ask your attention to this subject. In the meantime please give me a statement in detail of the payments received during the last fiscal year.

I am, Sir, your obedient servant,

The Dpty Minister of Interior. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 8, 1890.

SIR,—A deposit of $131.13 has come to account for sales of Geological Survey Publications, and two statements are furnished giving the details that go to make up this amount. One of these statements is headed "Wm. Foster Brown & Co—Statement of Account for Geological Survey Report—ending Dec. 31, 1890." This statement shows the number of each year's reports and other publications on hand, the number received, the number sold, the number still on hand and the price at which sold, and amounts to $71.23. It is certified by Mr. Whiteaves and Mr. Marshall. Please let me know under what arrangement this firm disposes of these publications. If the words "ending Dec. 1890" should have been Dec. 31, 1889, then the sales since that date are unaccounted for. The other statement is of moneys received by you from July 10, 1889 to Jan. 14, 1890. An explanation should be given if nothing was received after this date.

I am, Sir, your obedient servant,

The Director, Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Dec. 30, 1890.

SIR,—I wrote to you July 8 last in reference to sales of Geological Survey Publications, and I have not received any reply. I shall be glad to hear from you at an early date, in order that my letter may not appear in the next Report without your explanation.

I am, Sir, your obedient servant,

The Director, Geological Survey. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 18, 1890.

SIR,—I have to ask you to inform me what action has been taken towards carrying out the requirements of my letter of March 7, 1889, in reference to the examination and audit of Militia Revenue.

I am, Sir, your obedient servant,

The Dy. Minister of Militia. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, July 26, 1890.

SIR,—I beg to call your attention to the following observations on the Revenue statements, so far as received, for the fiscal year 1889–90.

Sales of Ammunition and clothing.—In my letter of March 7, 1889, I asked that all requisitions should be entered on your Revenue statements and furnished with them to this office; none have been received, and until they are, no efficient audit can be made. Statement No. 25 contains a deposit receipt of $101.59 at Toronto, the proceeds of a sale of condemned stores, for which no vouchers have been furnished. The gross amount of a sale of condemned stores at London is $27.12, from this there has been deducted for advertising $8.50, $4.50 in the Free Press and $4.00 in the Advertiser, $10.00 for the Auctioneer's time and $1.00 for a clerk, leaving as net proceeds $7.62. The Auctioneers at Quebec and St. John only charge a commission of 5 per cent. Statement No. 23 contains an item of $50.60 proceeds of the sale of a horse at Winnipeg which amount you treat as a refund of expenditure. There are several other similar items which have come to account during the year, and which you have credited to revenue. The item referred to above should have been treated in the same manner. Statement No. 11 contains an item of $112.00 for the sale of a drill shed at King, and statement No. 23, an item of $105.00 for the sale of a drill shed at Vankleek Hill; for neither of these sales have vouchers been furnished.

Rents of Military Properties.—As the statements do not specify the respective dates to which each amount pays, and as the counterfoils of Departmental receipts issued are not furnished, I am unable to make any complete audit of this account.

I shall be pleased to have the statements for sales and rents covering the balance of the fiscal year 1889–90 at as early a date as possible.

I am, Sir, your obedient servant,

The Dy. Minister of Militia. J. L. McDOUGALL, *A.G.*

MILITIA DEPT., OTTAWA, Nov. 25, 1890.

SIR.—Having reference to your letter of Oct. 3, asking for a statement of rental arrears in Military Properties due June 30 last and remaining unpaid Sept. 30, I have now the honour to inform you that a list of the tenants in arrear has been forwarded to the Department of Justice with instructions to take legal proceedings for the collection of the amounts due.

I am, Sir, your obedient servant,

The Auditor General. EUG. PANET, *D. M. M.*

AUDIT OFFICE, OTTAWA, Nov. 27, 1890.

SIR,—I am in receipt of your letter of the 25th inst in reference to the arrears due to your Department. A copy of the list should be forwarded to this office, notwithstanding that it has been sent to the Department of Justice for collection.

I am, Sir, your obedient servant,

The Dy. Minister of Militia. J. L. McDOUGALL, *A.G.*

Audit Office, Ottawa, March 7, 1890.

Sir,—During the fiscal year ended June 30 last, $211.52 was deposited to the credit of the Receiver General by John Crerar, Clerk of the Peace, Hamilton, for fines collected from 30th August, 1888, to 7th February, 1889, in pursuance of cap. 180, C. C. Law. A bank receipt for $61.24 deposited by the same officer, has lately come to hand from your Department, covering fines collected from 9th March to 29th October, 1889. No deposits for fines have been received from any other Clerk of the Peace, or other officer from the Province of Ontario; and only a few dollars each from the Clerks of the Peace of Quebec, Montreal and Three Rivers, and nothing whatever from any of the other Provinces.

Please inform me why deposits have not been made by the other Clerks of the Peace, and what regulations as to returns have been established by your Department.

I am, Sir, your obedient servant,

The Dy. Minister of Justice. J. L. McDOUGALL, *A.G.*

Justice Dept., Ottawa, March 12, 1890.

Sir,—I have the honour to acknowledge the receipt of your letter of the 7th inst., calling attention to the collection of fines payable to the Government of Canada under chapter 180, R.S.C., and asking to be informed why deposits have not been made by Clerks of the Peace other than John Crerar, and what regulations, &c., as to returns, have been established.

In reply, I beg to state that no regulations have been made by this Department having in view the collection of fines which may become payable to Canada under the provisions of any statute in that behalf. This Department has nothing whatever to do with the collection of the revenue, except in so far as it may be instructed to attend to particular cases by the various Departments.

I have no doubt but that there are in the hands of the different municipalities throughout Canada large sums of money which should have been paid in to the credit of the Receiver General.

I have called the attention of the Finance Department to the matter.

I am, Sir, your obedient servant,
ROBT. SEDGEWICK, *D.M.J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, March 15, 1890.

SIR,—I am enclosing herewith, for the information of the Treasury Board, a copy of correspondence with the Department of Justice, in reference to the collection and accounting for fines payable to the Government of Canada under chap. 180, C. C. Law. I have to request you to inform me of any action the Board may deem proper to take, with the view of having these fines deposited to the credit of the Receiver General, and the returns forwarded to this office.

I am, Sir, your obedient servant.
J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, Oct. 9, 1890.

SIR,—The revenue from Dorchester Penitentiary for the year 1889-90 was $4,640.64. Of this amount, $3,225.92 came to account as the revenue for the month of June. In the statement for that month there is entered "Woodenware to 14 firms, $3,095.86." I have to ask for statements of the transactions with these firms, showing the date and amount of each shipment or delivery of goods, and the date and amount of each payment.

I am, Sir, your obedient servant.
J. L. McDOUGALL, *A.G.*

The Dy. Minister of Justice.

JUSTICE DEPT., OTTAWA, Oct. 22, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th instant respecting the woodenware entered to 14 firms, in the revenue statement of Dorchester Penitentiary in June, 1890, amounting to $3,095.86. In reply, I beg to transmit to you, herewith, the statement asked for.

I am, Sir, your obedient servant,
ROBT. SEDGEWICK, *D. M. J.*

The Auditor General.

MEMORANDUM of Payments made in the month of June, 1890, for shipments of Woodenware from the Dorchester Penitentiary.

AUDIT OFFICE, OTTAWA, Oct. 24, 1890.

SIR,—I am in receipt of your letter of the 22nd inst., enclosing a statement of certain shipments of woodenware from the Dorchester Penitentiary during 1889-90. According to this statement, goods are furnished the firms referred to from time to time during the year, and payments therefor are not made till June,—in a number of cases on the last day of that month. This practice seems to me to be very objectionable, and increases the chance of losses to the Government. If there are not any special reasons for continuing it, would it not be advisable to direct the Warden to exact prompt payment for each shipment?

I am, Sir, your obedient servant,

The Dy. Minister of Justice. J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, Nov. 8, 1880.

SIR,—Having further reference to correspondence respecting the sale of woodenware at Dorchester Penitentiary during the financial year ended June 30, 1890, I beg to send you, herewith, an extract from a letter received from Warden Foster, dated Oct. 31: "Referring to a letter from the Auditor General to the Deputy Minister of Justice on the 24th inst., I would say that payments were made on account during the year in all cases but two—Messrs. Thorne and Simms—and these two in future will pay oftener. I make it a point that all accounts should be squared off at the end of the fiscal year, even though the goods were purchased during the last month. I do not think the Auditor General ought to complain because the payments were made on the 30th of June. Thorne & Co. took nearly all the woodenware manufactured, and were regularly appointed agents by the Department. They had to retail them through the country. I gave them a reasonable time to make payments, with the understanding that they should square up at the end of the fiscal year, which they have always done. I am not ignorant of business principles, and being on the ground and in immediate connection with the public, I ought to be allowed a little discretion. I will always guard the interests of the Government."

I am, Sir, your obedient servant,

The Auditor General. ROBT. SEDGEWICK, *D.M.J.*

AUDIT OFFICE, OTTAWA, Oct. 3, 1890.

SIR,—In connection with the examination and audit of the reveuue accounts of your Department, I have to ask you for the usual statements showing in detail the arrears due June 30 last, remaining unpaid Sept. 30: (1) by collectors or other Government officers; (2) by persons not collectors or Government officers.

I am, Sir, your obedient servant,

The Dy. Minister of Justice. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Nov. 22, 1890.

SIR,—I have to remind you that I have not yet received the statements of arrears due to your Department, asked for in my letter of the 3rd ultimo.

I am, Sir, your obedient servant,

The Dy. Minister of Justice. J. L. McDOUGALL, *A. G.*

	1,774 00

Dept. of State, Ottawa, Sept. 22, 1890.

Sir,—In terms of an Order in Council, passed Jan. 19, 1888, authorizing the refund of fees in cases where the proceedings for obtaining charters of incorporation are abandoned or refused, I have the honour to request the issue of a certificate in favour of Messrs. Cameron, Cleary & Sutherland, barristers-at-law, Windsor, Ont., for the sum of $200, being the Departmental fee deposited on or about May 16 last, in connection with an application from The Therapeutic Terrapoise Company for letters patent of incorporation, which the applicants have decided to withdraw for the present.

I am, Sir, your obedient servant,

The Auditor General. L. A. CATELLIER, *U.S.S.*

Audit Office, Ottawa, Sept. 25, 1890.

Sir,—I have received your application for a refund of $200, deposited in connection with an application from the Therapeutic Terrapoise Company, since withdrawn. I beg to point out that you have not made any deduction to cover Departmental expenses. The Order in Council of Jan. 19, 1888, which you quote as the authority for asking this refund, provides for the return of fees in certain cases, less *in each case* a deduction to cover Departmental expenses.

I am, Sir, your obedient servant,

The Under Secretary of State. J. L. McDOUGALL, *A.G.*

Dept. of State, Ottawa, Oct. 10, 1890.

Sir,—Adverting to your letter of the 25th ultimo, on the subject of the application of The Therapeutic Terrapoise Company, for the refund of the fee of $200, as stated in my letter of the 22nd idem, I have the honour to inform you that the law officers of the Crown, to whom the matter has been referred, report that in the event of their being no actual Departmental expenses or disbursements in connection with the present case, the fee may be returned to the applicant without any deduction,

which practice, they add, may be adopted in similar cases. As no Departmental expenses have been made as regards the application of the Therapeutic Terrapoise Company, I have the honour to request the issue of the certificate already applied for.

I am, Sir, your obedient servant,

The Auditor General. L. A. CATELLIER, *U.S.S.*

DEPT. OF STATE, OTTAWA, Nov. 25, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd instant, calling attention to the fact that you have not yet received the statement of arrears due this Department, asked for in your letter of the 3rd ultimo. May I suggest that as such arrears amount to but a small sum, are wholly for fees upon commissions to public officers and others, and include cases in which the question of liability for payment of a fee is still under consideration, it would perhaps be advisable that in the meantime no statement thereof should be furnished.

I am, Sir, your obedient servant,

The Auditor General. L. A. CATELLIER, *U.S.S.*

Audit Office, Ottawa, July 25, 1890.

Sir,—I beg to submit the following observations arising out of the examination and audit of the statements of Indian Fund Revenue for the months of July and August, 1889. The statements for September are the only others that have been furnished and with only a few of them are the counterfoils furnished.

The following books are not accounted for though I have been notified to whom books bearing larger numbers have been issued: Series B. 0801 to 1000, 2801 to 3000, 3001 to 3200, D. 5301 to 5600, 5701 to 6500, also receipt No. 2400, Series C., and receipt No. 3200, Series D.

The system of receipt books and counterfoils was inaugurated by your Department on the 1st July, 1888, but as I have previously written you, the counterfoils of the receipts issued during the fiscal year 1888-89 were not sent to this office. Consequently, in auditing the statements now furnished, I am obliged to assume that the numbers preceding those now appearing, have been accounted for by each agent.

The counterfoils of receipts issued during July, 1889, by the Department have not been furnished.

Cash Returns of Agents. As these returns form the basis of the audit made in this office, the certificate of Mr. McLean should be entered on them, though of course there can be no objection to entering the certificate on the Land Returns as he now does. The number of the receipts issued should in all cases be entered on the cash statement.

The rules and regulations approved by the Treasury Board, a copy of which has been sent you, provide that every officer or agent employed in the collection of public moneys, shall make a daily deposit if the receipts amount to $25, otherwise whenever that sum is on hand. When there is no bank at the place of residence of an agent he should remit the funds either to the Department or to the bank in accordance with these rules. I would ask for your particular attention to this matter of prompt deposit in accordance with the rules.

The Departmental summary as now furnished by you is made up to correspond exactly with the statement accompanying the bank receipts previously forwarded to the Receiver General. If the agents made their deposits and returns as promptly as they should the Department should be able to forward to the Receiver General on on or before the 15th of each month bank receipts covering all the collections of the previous month, and then the Departmental summary of the agents' returns for any month should exactly agree with the statement of bank receipts previously forwarded to the Receiver General. But whether all the bank receipts are furnished with the statement appertaining to any month, or with the statement for the following month, yet the Departmental summary should include, what it purports, viz., the agents' returns of collections during the month.

Deposits of $2,528.72 $5 and $84.40 were made by W. Van Abbott in August that were not included in any returns furnished and a deposit of $4 was made by B. W. Ross in August not included in his returns.

I am, Sir, your obedient servant,

The Dep. Supt. General of Indian Affairs. J. L. McDOUGALL, *A. G.*

INDIAN AFFAIRS, OTTAWA, Nov. 24, 1890.

SIR,—I have the honour to acknowledge the receipt of your letters of the 3rd ultimo and 22nd instant; and in compliance with the request therein made, I enclose a statement showing the arrears due this Department on the 30th June last by Messrs. C. B. Savage, late agent at Gore Bay, $3,542.11, and by A. P. Le Bel, late agent at Rivière du Loup, $444.29. I very much regret the delay which has occurred in forwarding you this statement, which was caused by an oversight.

I am, Sir, your obedient servant,

The Auditor General. L. VANKOUGHNET, *D. S. G.*

House of Commons.

AUDIT OFFICE, OTTAWA, June 11, 1890.

SIR,—I have received from the Accountant of the House of Commons a statement showing the fees collected under Rule 58 on Private Bills last Session, the expenditure made out of these fees and the disposition of the balance. I have also received the vouchers and cheques in support of the expenditure made.

I do not find that any fees were paid on the following Bills:—

No. 106, Great North-West Central Railway Company.
109, Board of Trade of the City of Toronto.
113, Toronto Savings' Bank Charitable Trust.

Rule 58 provides that the fee should be paid only in the House in which a Bill originates, but the cost of printing the same should be paid in each House. I do not find anything entered as having been collected for cost of printing Bills introduced in the Senate.

The account of the Manitoba *Gazette* for advertising special Rules, Session 1889, amounting to $278.40 was not paid till the Session of 1890. The account for 1890 was only $148.80, and that figure was ten times greater than the account of any of the other Provincial Gazettes. Full rates are charged for the whole 16 insertions.

In my letter of July 29, 1889, I asked that clippings from the Provincial Gazettes, showing the advertisements, should be furnished. This has been done only in one case—that of the Manitoba *Gazette* for 1889; consequently I am unable to make any comparison of the accounts.

I have again to state that the payment of $200 to the clerk who has charge of collecting these bills should, in my opinion, be charged to expenditure.

I would again call your attention to the requirements of Sections 25 and 27, Chap. 29, Revised Statutes of Canada, governing the deposit of all public moneys. In your letter of the 22nd November last you stated that you were considering my letter of the 4th September, with a view to meet the inconvenience that must ensue should it be necessary to carry out what that letter indicated. As I wrote to you on the 23rd November, 1889, I shall be glad to discuss the matter with you, to see whether I cannot assist in removing the inconvenience which you anticipate from adopting the practice indicated in my letters on this subject.

I am, Sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Clerk, House of Commons.

HOUSE OF COMMONS, OTTAWA, June 30, 1890.

SIR,—The Clerk of the House has handed me your letter of 11th inst., *re* Private Bill Fees and has directed me to reply to the same.

Fees were not paid in the House of Commons on the Bills respecting the Great North-West Central Railway Co., the Board of Trade of the City of Toronto and the Toronto Savings' Bank Charitable Trust, because the levying of fees by the House of Commons on Bills originating in the Senate would be contrary to the usage and practice of Parliament. The interpretation of the Rule you refer to is, that when a Private Bill originating in one House is re-printed in the other, then the necessary charge to cover the re-printing is levied and collected.

The account of the Manitoba *Gazette* for advertising Special Rules of the House of Commons for Session of 1889, was not paid until Session of 1890, because it was not received until after that Session's accounts had been closed and the balance of the fund deposited to the credit of the Receiver General, and there consequently was no fund out of which it could be defrayed until the ensuing Session. The account of that paper for 1890 was only half the amount of that of the previous year, because I, personally, condensed these rules so as to reduce the expense. As to this account being greater than the account of any of the other Provincial Gazettes, that is a matter we cannot regulate. This and all the other advertising accounts have, as you requested, been audited by the Queen's Printer, and payment thereof

was not made until he had first certified as to their correctness, and you must not overlook the fact that this paper prints this advertisement in both languages.

As regards supplying you with clippings showing the advertisements, this cannot be done, because such clippings have not been furnished us, except in the case you mentioned; but copies of these Gazettes are on fyle in the reading rooms of both Houses and your clerks can have access to them for the information.

The payment of $200 authorized to be made to the clerk who collects the Private Bill moneys is charged in the expenditure.

I have noted that portion of your letter calling attention to Sections 25 and 27, Cap. 29 of the Revised Statutes of Canada, governing the deposit of public moneys, and will call the attention of the Clerk of the House to the same on his return to Ottawa; but at the same time would point out to you that the present system is the authorized practice and has worked most satisfactorily, and in view of the funds being handled at a time when I am necessarily very much pressed with office business, the system should not be changed unless for very excellent reasons, for a very little friction during Session time usually causes an immense amount of inconvenience and frequent annoyance, and it is hardly wise to run the risk of causing one or the other to either officials or members of the House during a Session, especially when no practical benefit can result from the change you suggest.

I am, Sir, your obedient servant,

E. P. HARTNEY,

The Auditor General. *Examiner and Taxing Officer of Private Bills, H. of C.*

AUDIT OFFICE, OTTAWA, July 7, 1890.

SIR,—The charges of the Provincial Gazettes for advertising special Rules of the House of Commons, 1889–90, were as follows:—

Manitoba *Gazette*		$148 80
New Brunswick *Gazette*		14 80
Nova Scotia	do	9 50
P. E. Island	do	14 00
British Columbia	do	13 00

and for advertising Rules common to both Houses, were as follows:—

Manitoba *Gazette*		201 60
New Brunswick *Gazette*		21 24
Nova Scotia	do	14 26
P. E. Island	do	21 00
British Columbia	do	23 00
Quebec	do	55 08

I wrote to the Clerk of the House of Commons calling his attention to the disproportion between the charge of the Manitoba *Gazette* and the charges of the other Provincial Gazettes, and he replies as follows: "As to this account being greater than the amount of any of the other Provincial Gazettes, that is a matter we cannot regulate; this and all other advertising accounts have, as you requested, been audited by the Queen's Printer, and payment thereof was not made until he had first certified as to their correctness, and you must not overlook the fact that this paper prints this advertisement in both languages. As regards supplying you with clippings showing the advertisements—this cannot be done, because such clippings have not been furnished us, except in the case you mention."

I shall be glad to hear from you in reference to this subject, both as regards rates and the clippings, the latter appearing to be necessary for your examination.

I am, Sir, your obedient servant,

The Queen's Printer. J. L. McDOUGALL, *A. G.*

PRINTING AND STATIONERY DEPT., OTTAWA, July 9, 1890.

SIR,—It is a settled matter among all men dealing in advertising, that an order given to any publication, without a special limit, means that the advertisement ordered shall be inserted at rates advertised in the paper itself. If I mistake not, it has been judicially determined that the advertised rate and an unlimited order constitute a binding contract. Under this understanding of the law, I certified the account of the Manitoba *Gazette*, allowing for the two languages. We did not give the order and had no opportunity of limiting it. My certificate is strictly in accordance with advertised rates.

I am, Sir, your obedient servant,

The Auditor General. B. CHAMBERLIN, *Q.P. & C.S.*

PRINTING AND STATIONERY DEPT., OTTAWA, July 9, 1890.

SIR,—Let me add to what I have said in my previous communication to-day, about the account of the Manitoba *Gazette* for Parliamentary advertising, that I have measured the lines and found them correct; that for the same advertising in the two languages we should charge 20 cents per line for the first insertion, taking half price afterwards—which they do not, and that the Toronto *Mail* charges anywhere from 15 cents to 50 cents per line for insertion of like advertisements in one language. I enclose an account made up in this office strictly in accordance with their advertised rates.

I am, Sir, your obedient servant.

The Auditor General. B. CHAMBERLIN, *Q.P. & C.S.*

		861 30

Audit Office, Ottawa, Sept. 9, 1890.

Sir,—Referring to the statement of fees collected during last Session, forwarded with your letter of 13th ult., I beg to call your attention to the following observations :—

The last receipt entered on the return of last year was No. 49; the first receipt entered on the return of this year is No. 54. Please let me know how the following receipts are accounted for :—

No. 50. Richards, Brophy & Bradshaw..... 2 00
No. 51. Macdonald, Tupper, Phippen & Tupper.. ..... 2 50
No. 52. Thomas N. Harris. 1 50
No. 53. Canadian Pacific Railway..... 7 50

I have previously pointed out that expenses of certain commissions should be charged to expenditure. This subject has since been under consideration by the Treasury Board, by whom the general principle was held that only actual refunds should be made a charge against revenue. You have made the charges for advertising private Bills of last session in provincial *Gazettes* a charge against expenditure. To comply with the views of the Treasury Board, the amounts paid Holland Bros. for reporting should also be so treated. In the meantime, I have to ask for the vouchers in respect thereto.

I am returning herewith your book of receipt forms.

I am, Sir, your obedient servant,

The Clerk of the Senate. J. L. McDOUGALL, *A.G.*

The Senate, Ottawa, Sept. 15, 1890.

Sir,—Acknowledging receipt of your letter of the 10th inst., I may say that the amount mentioned, $13.50, collected in May, 1889, was deposited on the 10th June following to credit of the Receiver General.

With regard to the payments to Messrs. Holland Bros. for reporting evidence in divorce cases, reference to Rule H of the Senate, touching divorce, will show that the sum of $200 is paid by the petitioner, towards expenses incurred during the progress of the Bill. Therefore, under the rule, the payments referred to are properly chargeable against the sums received.

I am, Sir, your obedient servant,

The Auditor General. E. J. LANGEVIN, *Clerk of Senate.*
